To Whom it May Concern,

North State transports all patients regardless of their insurance or financial status. We contract with all available third-party payors including Medicare, Medicaid, and a variety of commercial insurance plans. Gross charges do not represent what we collect for our service, they are the *starting point* before third-party payor-specific discounts are applied. They are also gross of financial assistance that is applied on patient balances.

<u>SERVICE CODE</u>	<u>SERVICE DESCRIPTION</u>	<u>GROSS CHARGE</u>
