Thanks, Toni.

Rebecca initially began this process in January 2025, completing the application and vetting process. She has completed all the other aspects of the program, which included 7 to 10 hours of independent study, 10 to 14 hours of facility visitations, and classroom hours, which totaled 16 to 20 hours.

Rebecca has also been attending the monthly meetings, which is another requirement for being a Volunteer, and is eager to become an official Community Advisory Committee Volunteer. When she completed her classroom training, the state required a “wet signature” attesting to completion. This particular program via the State does not have DocuSign, nor do they allow a typed signature.

Unfortunately, Rebecca was experiencing printer issues at home, which delayed her submission of the information to the State for approval of her completion, in turn delaying the submission of the documentation to the Board.

Please consider adding her to the Agenda for her appointment in the next Board meeting.

Respectfully,

Angela
