- 10. Research for new insights and innovative solutions to health problems.

III. Scope of Work and Deliverables:

These funds may be used for any public health program or purpose, any locally identified need or current health status indicator, and to support the delivery of the core functions of public health and 10 Essential Public Health Services. The Local Health Department must report at the end of the fiscal year how the funds were spent related to the 10 Essential Public Health Services and core public health functions to address priority health needs or health status indicators selected by each local health department. Use of these funds may NOT supplant current state, federal or local funding.

To qualify for these funds, the Local Health Department must have a Permanent or Interim Health Director per NC GS § 130A-40. In addition, if that Health Director has never served in that role in North Carolina previously, that Health Director must participate in the *Orientation for New Local Health Directors* coordinated by the North Carolina Association of Local Health Directors. Additionally, the Local Health Department must be currently accredited by the North Carolina Local Health Department Accreditation Board.

VI. Funding Guidelines or Restrictions:

- 1. Requirements for pass-through entities: In compliance with 2 CFR §200.331 *Requirements for pass-through entities*, the Division of Public Health provides Federal Award Reporting Supplements to the Local Health Department receiving federally funded Agreement Addenda.
 - a. Definition: A Supplement discloses the required elements of a single federal award. Supplements address elements of federal funding sources only; state funding elements will not be included in the Supplement. Agreement Addenda (AAs) funded by more than one federal award will receive a disclosure Supplement for each federal award.

- b. Frequency: Supplements will be generated as the Division of Public Health receives information for federal grants. Supplements will be issued to the Local Health Department throughout the state fiscal year. For federally funded AAs, Supplements will accompany the original AA. If AAs are revised and if the revision affects federal funds, the AA Revisions will include Supplements. Supplements can also be sent to the Local Health Department even if no change is needed to the AA. In those instances, the Supplements will be sent to provide newly received federal grant information for funds already allocated in the existing AA.
- 2. The Local Health Department is not required to seek prior approval to use the funds. The funds shall be used for the delivery of the 10 Essential Public Health Services per GS § 130A-1.1.³, the core functions of public health (Assessment, Policy Development, Assurance), or the specific health needs or health status indicators selected by each Local Health Department.
