Interests & Experiences

Why are you interested in serving on a Board or Commission?

I currently work for the City of Raleigh's Department of Equity and Inclusion. I have a background in Criminal Justice with a concentration on Juveniles and the justice system. I have over 10 years of experience working for the State of NC Probation Parole right here in Wake County where I've had the opportunity to work with said population. In my current role, I work on projects that focus on community-based programming with a focus on youth programming. While I work to make a more equitable city, we must allow marginalized communities such as Juveniles the same opportunities as their peers.
