MEETING CALLED TO ORDER: Chair Susan Evans

I. Community Capital Competitive Process

Jason Horton, Strategic Initiatives Director

Wake County provides capital funding to nonprofit organizations through the Community Capital competitive grant process. These funds support facility construction, expansion, modernization, and the purchase of durable equipment. This program aims to partner with nonprofit organizations that address critical community needs and serve residents throughout the county.

At the June 2025 Work Session, Commissioners directed staff to initiate a competitive process for FY 2026 funding. That summer, the County requested proposals and received 24 eligible submissions from nonprofit organizations. A team of internal and external staff members reviewed the requests, ranking them based on criteria outlined in the request for proposals, including unmet needs, proposed solutions and/or capital assets, financial plans, funding sources, and the organization's background and ability to execute the project.

Staff will present the evaluation team's recommendations and answer questions. The Board will review and give final approval of the grant recommendations at a future regular meeting.
