Interests & Experiences

Why are you interested in serving on a Board or Commission?

I am passionate about my local community, in particular the planning for open space. I am an outdoors enthusiast and enjoy access to open space. I believe all citizens of Wake County should have open space options near them. I have watched land in rural Wake County rapidly be converted to subdivisions. I feel that not enough is being done to ensure that a sizable portion of all agricultural and natural lands remain. A healthy community is one that strikes a balance with nature, and I do not believe we have done so yet in Wake County. However, I do believe that we are blessed in Wake County to have a proactive board of commissioners and citizenry which have taken some steps to ensure some land is protected. I would like to help further the work they have done to create a better Wake County.

Leadership

- SNAP-ED Intern October 2021- Present

Working with Caren Malloy on various nutritional outreach programs such as “Steps to Health,” which is a program dedicated to providing nutrition education to underserved students in a salvation army after school program. Personal responsibilities in the Steps to Health program included, engaging the students in physical activities, and relaying nutrition curriculum. Currently working on the “Take Control” program which is designed to help convey nutrition information to adults. Recently began to assist with “The Galley,” which is a community grocery store in an underserved community in Raleigh. The goal of “The Galley” is to provide a place for residents to purchase healthy food options and to receive nutritional education pamphlets.

- Group Fitness Instructor January 2020- Present

Design 45-minute workout programs that cater to an audience mostly new to exercise.

Skills

- Leadership developed through years of experience of guiding people to their fitness goals.
- Strong communication skills and cultural awareness gained from reading, travel, and acceptance of others.
- Knowledge in health and fitness gained from 6 years of working out, training friends, and from taking the NASM Personal training course and becoming certified as a personal trainer.
- Adaptability to situations, for example when not meeting targets while running the mock company adjusting course and goals.
- Reliability developed through bearing responsibility for task deadlines and goals. For example, I helped one of my clients see their max bench weight double over a 2-month period as they desired.
- Strong communication skills because of engaging in work experiences such as my time working on children’s nutrition education programs with Caren Malloy and SNAP-ED.
