

**Roxanne Harris
Technician
Human Services**

Roxanne's first day of employment was June 14, 1989 as a full-time employee. Prior to that, Roxanne had been employed in a part-time capacity.

All of Roxanne's 31 years of service were spent at the Wake House Emergency Shelter. In the beginning, the shelter was open to both males and females. The shelter later transitioned to an all-male shelter.

Roxanne exemplified positive bonds with her co-workers and with the population she served during her tenure. She played a vital role in hundreds of youths lives here in Wake County. She helped provide for their needs such as transportation, cooking, cleaning and counseling sessions. Roxanne contributed to the enhancements of the Wake House facility over the years and for that she will be honored.

Roxanne retired on October 1. Her retirement plans include relaxing, travelling, staying connected with her Wake House family and enjoying life.

Please join me in congratulating Roxanne on her retirement.
