Vitae

Ms. Brenda Boone Buchanon resides in Cary, NC.

EDUCATION

- Graduated from Clear Run High School in May, 1969 as co-salutatorian of her class and earned a full scholarship to attend Elizabeth City State University.
- Graduated from Sampson Community College, May, 21,2000, Clinton, NC

WORK EXPERIENCE

-Employed with Sampson County Mental Health from April, 1976 to 1985. Last position held was Medical Records Supervisor, Clinton, NC office. This position included supervision of two employees, maintaining accurate patient records, and confidentiality of all psychiatric medical information.

- Employed with Sampson County Schools from 1985 to 2001 in the payroll and personnel departments. My responsibilities in the payroll department included verification of school purchase orders, reconciling purchases and other duties as assigned by the Sampson County Schools' Finance Officer.

As the Personnel Department Assistant, I was in charge of all job applications, scheduling interviews and maintaining personnel records. The position duties included scheduling and hosting new teachers orientation day. Moving into the Benefits/Licensure Specialist position required installation and management of the Human Resource Management System. Also, new teachers certification and all other certified staff licenses were updated and revised as a portion of my duties. I also attended university job fairs seeking education graduates to hire for Sampson County Schools. I resigned in 2001 and returned to college full time.

I worked part-time and attended FSU full-time. I graduated from Fayetteville State University in May, 2003, Magna Cum Laude, with a B.A. degree in English Literature where I made the Dean's and President's list; honored as Student of the Year by the English Department and inducted into the English honor society.

- Employed with The Sampson Independent newspaper in 2004 as a reporter and lifestyles editor. I interviewed a variety of people, attended and reported on boards of commissioners meetings, boards of education, and attended special events to report and write articles for the newspaper.

-In 2008, I was employed by The Daily Record, Dunn, NC as business editor and reporter. Later moved into the position of assistant to the managing editor/reporter before retiring in 2010. Duties included interviews, attending and writing articles from Benson Board of Commissioners meeting, Johnston Board of Education, new businesses in the area and also completing the front of the Harnett County Newspaper (a sister newspaper).

I met a number of people while employed in the newspaper business, including: Senator Richard Burr; Congressman Mike McIntyre; Congresswoman Renee Elmer; MSNBC's Tamron Hall in Washington, DC during President Obama's first inauguration, just to name a few.

EDUCATION PURSUITS

- I plans to pursue admission to graduate school at North Carolina Central University, Durham, NC to complete a M.A. degree in English.

OTHER INTERESTS

Reading, writing, classical music, community theater, and playing golf. Under the auspices of AKA Sorority, Inc, Sigma Tau Omega Chapter, I am given the opportunity for volunteerism in MLK Day of Service . Cary Recreation and Parks (Lexie Park) clean-up and plantings, scholarships to students in need and academic students, collecting coats annually, among other projects to help mankind.

I am currently in the beginning stages of writing a fictional novel under the umbrella of my small business, BBG & Associate, Consulting

PROFESSIONAL SUMMARY

Results-focused professional offering 15 years of progressive leadership experience. Transforms high-potential staff into outstanding leaders who demonstrate the creativity and savvy that is critical to financial and operational success.

Domain experience in Health Care, Aerospace, Food & Beverage, Software, Higher Education, Staffing/Recruiting and Call Centers.

- Extensive customer service background
- Excellent organizational and communication skills
- Strong experience with full cycle recruiting process
- Exceptional people management skills
- Proficient with Microsoft Office (Word, Excel, Outlook, PowerPoint)
- Strong background in financial and statistical reporting
- Strong overall technical understanding

PROFESSIONAL EXPERIENCE

Artech Information Systems - Cary, NC

January 2015 to Present

Vendor Manager/Service Delivery Manager

- Negotiate with new vendors and work to align them with Artech.
- Using continuous improvement to cut down on the number of compliance issues
- Rolled out new Supplier Portal tool to help with ease of candidate submission by sub-tier vendors.
- Regularly work to resolve a number of vendor-related issues, complaints and escalations.
- Work with a global team (India/US) to resolve candidate and vendor timesheet and payment issues.
- Served as point of contact for multiple client contacts and provided direct recruiting support to them.

IBM, Dubuque, IA and Cary, NC

September 2009 to Jan 2015

First Line Manager/ Service Availability Manager

- Led an initiative to improve the hiring processes to allow the team to get resources added much quicker.
- Full cycle recruiting, sourcing, screening, interviewing, presenting, and placing direct hire and contract candidates in various positions.
- Setup a segmentation plan for staffing so the team was able to stay focused on all high priority work.
- Provided cross-functional team leadership of a global team (India/US) while working to institute a “one team” mindset.
- Provided leadership in the areas of integrated management and coordination of Incident Management, Problem Management, Change Management, Asset Management and Availability Management processes.
- Led the team to improve the focus on Security and Compliance work while eliminating overdue issues and adding a resource to provide better oversight and planning.
- Analysis of key metrics while providing input to executives has increased oversight and helped keep account penalty free.
- Regular use of value stream mapping for documenting team processes to pinpoint problem areas and to improve efficiency.
- Regularly drove teams to utilize process improvements and defect prevention initiatives to remove waste from day-to-day work streams

UNIVERSITY OF IOWA HEALTH CARE, Iowa City, IA
Manager

May 2003 to Sept 2009

- Full cycle recruiting, sourcing, screening, interviewing, presenting, and placing direct hire and contract candidates in various positions.
- Provided cross-functional team leadership for 35 to 40 consultants in the day-to-day IT support operations while working to improve customer satisfaction, team building and process improvement.
- Documented change and problem management processes for use within the organization. Change management was implemented to eliminate outages that were caused by a lack of coordination across teams.
- Provided leadership in the areas of integrated management and coordination of Incident Management, Problem Management, Change Management and Asset Management.
- Devised strategy to address 2000% increase in call volume during rollout of new Epic Patient Information System and Electronic Medical Record package. Team was able to provide 24x7 call coverage while answering 99% of calls received.
- Handled all aspects of HR management including the staff recruitment process, participation in conflict resolution and mediation and resolution of employee relations issues.

AEGON INSURANCE/TECHNISOURCE, Cedar Rapids, IA
Technical Support Analyst

2003

- Provided PC related phone support for all Aegon sites including Cedar Rapids, Kansas City, Los Angeles and St Petersburg, FL.

ROCKWELL COLLINS, Cedar Rapids, IA
Programmer/Analyst, 1997-2002

1997 to 2002

- Led initiative that brought ePolicy Orchestrator (ePO) into the company increasing efficiency of support resources while allowing for better management of antivirus policies and updates. This initiative saved the company over \$400,000 in year one while providing for additional long-term savings.

CHAD MICHAEL HUNTER

1210 Westview Lane, Apt. 205, Raleigh, NC 27605
704.564.2648 • chadmhunter@gmail.com
www.linkedin.com/in/chadmichaelhunter

SUMMARY

- Energetic molecular biologist and geneticist with 5+ years of experience including independent experimental design, execution, analysis and presentation of meaningful results.

WORK EXPERIENCE

Postdoctoral Research Associate 01/2016 – Current
North Carolina State University Raleigh, NC

- Continue developing and executing experiments to investigate the genetic determinants of recombination rate variation in *Drosophila melanogaster*

Graduate Research and Teaching Assistant 08/2011 – 12/2015
North Carolina State University Raleigh, NC

- Developed several independent projects to address the environmental and genetic determinants of recombination rate variation in the model organism, *Drosophila melanogaster*, leading to three high-quality publications.
- Supervised the training of nine undergraduates in the scientific process and assisted them in executing independent projects resulting in publications.
- Taught multiple sections of Introduction to Genetics recitation sessions.

Graduate Research and Teaching Assistant 08/2009 – 07/2011
East Carolina University Greenville, NC

- Investigated genome integrity of multiple DNA replication proteins in *D. melanogaster* using both *in vitro* and *in vivo* approaches.
- Taught multiple sections of Introduction to Biology laboratory sessions.

EDUCATION

Ph.D., Genetics 08/2011 – 12/2015
North Carolina State University Raleigh, NC

M.S., Cell Biology 08/2009 – 05/2011
East Carolina University Greenville, NC

B.S., Biological Sciences 08/2005 – 05/2009
North Carolina State University Raleigh, NC

RELEVANT SKILLS

- Expertise in multiple molecular biology techniques
- Excellent written and presentation communication skills
- Proficient in Microsoft Office
- Familiarity with R and SAS

LEADERSHIP

- Theta Chi Alumni Corporation Treasurer (2011-Current)
- NCSU Genetics Graduate Student Association Industry Liaison (2012-2014)
- ECU Biology Graduate Student Association President (2010-2011)

PUBLICATIONS

Hunter, C.M., W. Huang, T. F. C. Mackay, and N. D. Singh. The genetic architecture of natural variation in recombination rate in *Drosophila melanogaster*. *PLOS Genetics* In Press.

Hunter, C. M., M. C. Robinson, D. L. Aylor, and N. D. Singh. Genetic background, maternal age and interaction effects mediate rates of crossing over in *Drosophila melanogaster* females. *G3: Genes / Genomes / Genetics* In Press.

Hunter, C. M. and N. D. Singh. (2014) Do males matter? Testing the effects of male genetic background on female meiotic crossover rates in *Drosophila melanogaster*. *Evolution* **68**:2718-2726. doi: 10.1111/evo.12455

PRESENTATIONS

- Triangle Fly Symposium (Durham, NC), May 2015
- Genetics Society of America (GSA) 56th Annual Drosophila Research Conference (Chicago, IL), March 2015
- Society of Molecular Biology Annual Meeting, (San Juan, PR), June 2014
- Evolution Annual Meeting (Raleigh NC), June 2014
- GSA 54th Annual Drosophila Research Conference (Washington, DC), April 2013
- GSA 52nd Annual Drosophila Research Conference (San Diego, CA), April 2011
- GSA 51st Annual Drosophila Research Conference (Washington, DC), April 2010
- Sigma Xi Research Conference (Raleigh, NC), November 2010

TEACHING EXPERIENCE

- NCSU, GN 311P - Introduction to Genetics (~20 students)
- ECU, BIOL 1051 - Introductory Biology Lab (~45-50 students)

mailto:bmadiga@ncsu.edu

I am a(n) 24-year old Caucasian, Male. I am currently employed by NC State University as a(n) Student. My choices of boards on which to serve, in order of preference, are:

1. Wake Technical Community College Board of Trustees
2. Raleigh-Durham Airport Authority
3. Alcoholic Beverage Control Board
4. City of Raleigh Board of Adjustment
5. City of Raleigh Planning Commission
6. Capital Area Workforce Development Board

Township: Raleigh

Work Experience: While in college and graduate school, I have worked as a real estate broker, representing clients throughout the Triangle region.

Volunteer Experience: I enjoy being an active member of the community. I have previously served as a member of the Chapel Hill Public Housing Advisory Board.

Education: I am currently a student at North Carolina State University, studying for my Master of Accounting Degree. In 2015, I graduated with a degree in Public Policy from the University of North Carolina at Chapel Hill.

Other Comments: I think that I would bring passion and a unique perspective to any board that I would serve on.

Cary, NC 27518

407-234-4591

919-380-2774

District 4

mailto:dan.matthys@townofcary.org

I am a(n) 44-year old Caucasian, Male. I am currently employed by Town of Cary as a(n) Development Liaison. My choices of boards on which to serve, in order of preference, are:

1. Planning Board
2. WakeMed Hospital Board of Directors
3. City of Raleigh Planning Commission
4. Alcoholic Beverage Control Board
5. Raleigh-Durham Airport Authority
6. Alliance Behavioral Healthcare

Township: Cary

Work Experience: I have almost 20 years of Planning experience in both private and public sectors in Texas, Florida and North Carolina. I have spent the past 9 years as a Planner in Cary as a Planning Manager, Senior Planner and Development Liaison assisting developers and citizens through the complexities of planning and permitting in Cary.

Volunteer Experience: While in Florida, I served 3 years on the City of Ocoee Planning and Zoning Board and 2 years on the Lake County Planning and Zoning Commission. I also served 2 years as President of the Florida Planning and Zoning Association (Central Florida) and as a Board Member on the Florida Chapter of the American Planning Association (FAPA) Central Chapter Board. I am currently founder and chairman of Advancingtheheart.org a national 501(C)(3) organization dedicated to innovative cardiac research and therapies.

Education: Bachelors Degree in Urban and Regional Planning from Texas State University
Certified Public Manager (CPM) from Florida State University.
American Institute of Certified Planners (AICP)
American Society of Public Administrators (ASPA)

Other Comments: My family and I moved to Wake County from Central Florida 9 years ago. We love this area and are looking to give back to the local community. I have a unique Planning background, serving in all three realms (private and public sectors and advisory boards). I had the opportunity to help plan some nationally recognized communities such as Disney's town, Celebration. I also take strong interest in healthcare issues and am looking to give back to help make Wake County the best place to live in the U.S.

2000 Graduate of West Orange Leadership

Employment History:

Development Liaison, Town of Cary, North Carolina (2014 to Present)

- ◆ Developed program and served as Town's first Development Liaison in a new Division to provide hands-on service between the development community and the Town.
- ◆ Served as a liaison between businesses and the government for projects of all size.

Communications & Information Planner, Town of Cary, North Carolina (2007 to 2014)

- ◆ Developed and managed Cary's multi award-winning Virtual Interactive Planner (VIP) garnering national and international attention, publications, speaking engagements and winning awards in communications, planning, GIS and government innovation.
- ◆ Managed the Department's website and technology.
- ◆ Served as an ombudsman for developers and citizens.
- ◆ Assisted in all divisions of the planning department.
- ◆ Responsible for many special projects under the Department Director.

Planning Manager, Town of Cary, North Carolina (2006 to 2007)

- ◆ Accountable for the overall administration of a variety of current planning programs and processes including zoning, code enforcement, plan review and ordinance administration.
- ◆ Managed over 15 employees.
- ◆ Provided professional planning advice and expertise to elected and appointed officials.

Planning & Development Director, Seminole County, Florida (2005 to 2006)

- ◆ Accountable for the overall administration of a variety of County programs and processes including Current & Long Range Planning, Zoning, Development Review, GIS, Scanning, Addressing, Building & Permitting, State & Federal Housing grant programs (CDBG, SHIP, ESG & HHRG), Natural Lands, SCI-Net, Concurrency Management, et cetera.
- ◆ Managed over 140 employees including Division Managers, Program Coordinators, Engineers, Planners, Building & Engineering Inspectors, Technicians, and Administrative Assistants.
- ◆ Accountable for an annual Department budget exceeding \$22 million.
- ◆ Streamlined the County Agenda Review Process.
- ◆ Completed and Implemented Department Strategic Plan.
- ◆ Represented the County in a variety of speaking engagements.

Deputy Planning Director, Osceola County, Florida (2003 to 2005)

- ◆ Provided leadership on establishing and accomplishing Department goals.
- ◆ Assisted Director in administration of the Department, including staff recruitment.
- ◆ Served as ombudsman to troubleshoot a variety of County projects.
- ◆ Provided support to all section of the Planning and other County Departments.
- ◆ Directed a variety of projects for the Department.
- ◆ Conducted Performance Evaluations and Coaching for over 25 employees.
- ◆ Directed and designed team-building exercises for Department personnel.

Concurrency Manager, Osceola County, Florida (2000 to 2003)

- ◆ Designed and implemented the County's Concurrency Management System.
- ◆ Supervised employees within the Concurrency section of the Department.
- ◆ Developed training programs for new Planners.
- ◆ Managed the County's Vested Rights.
- ◆ Assisted in the preparation of several documents including the County's 5-year Capital Improvements Program, Transportation Impact Fee Ordinance, Commission and School Board Redistricting Map and EAR-based Plan Amendments.

Planner, Bowyer-Singleton & Associates, Inc. (September 1998 to 2000)

- ◆ Represented BSA regarding projects within Orange, Osceola, Seminole, Volusia, Broward, and Polk Counties and several incorporated jurisdictions within these counties.
- ◆ Prepared Due Diligence and other reports for various clients, including the Disney Development Company (Celebration), Centex Homes, Ford Properties, Paulucci Properties, Pizzuti Development, and others.

Planner II, Polk County, Florida (1996 to 1998)

- ◆ Organized, distributed and presented zoning cases to the Zoning Advisory Board and the Board of County Commissioners on a monthly basis.
- ◆ Reviewed residential and non-residential site plans.
- ◆ Managed the county's vested rights and concurrency files.
- ◆ Instrumental in the development of the County's Land Development Regulations.

Executive Summary: In my 23-years of experience in both the municipal and private sector, I have always sought innovative cost effective solutions to issues and focused on consistent customer service. I have worked for small and medium size municipal governments and worked on studies with large city organizations which have broadened my perspective and understanding of operational policies, long range planning, inter-governmental cooperation and agreements. I believe my experience in land development, municipal engineering and municipal operational management would be an asset to the right organization.

Employment History:

Town of Fuquay-Varina, July 2008 to Present

Title: Public Utilities Director

- Manage 15 person department with \$8 million annual budget which includes water distribution, sewage collection, and sewage treatment
- Acted as Owners Representative during construction of \$6 million Public Service Center
- Acting as Owner's representative during construction of \$34 million wastewater treatment plant construction project
- Acted as project manager for the design of the replacement of the Terrible Creek Wastewater Treatment Plant including alternative analysis, financial feasibility, bond ratings, regulatory review, and bidding.
- Prepare and annually update 5-year financial model of the department, including revenues and operations, capital equipment, capital improvements and debt service expenditures
- Implemented work order system and in process of implementing inventory control system to better track department tasks and develop database for labor and material cost of services
- Manage project to change meter reading system to automatic read system allowing for quicker reading of water distribution system, reducing meter reading labor force from 3 to 2 meter readers in addition to negating a need for a fourth meter reader if the Town had stayed with conventional system, and also provides better customer service through the use of data profiling
- Prepare study of alternatives for wastewater sludge disposal and implement wastewater treatment plant sludge disposal change from land application to thickening by rotary press with third party composting with a 6-year payback and became independent of weather conditions
- Seek and implement cost effective solutions to infrastructure re-habilitation, such as converting old can style pump stations to suction lift pump stations which saved the enterprise fund over \$100,000 per station on cost on building a new station; re-direction of sewage from one wastewater treatment plant to another to delay need for expansion of wastewater treatment plant
- Successfully coordinate, negotiate, and participate with other local governmental jurisdictions on utility related issues, such as water distribution/emergency inter-connections, wastewater collection and treatment,
- Work in conjunction with the Town's Human Resource Department on human resources issues including training, hiring, performance reviews and safety

- Continue many of the responsibilities held as the Town Engineer such as utility allocation, sewer treatment reconciliation, long range planning of the public utilities, and utility design along with construction management.

Town of Fuquay-Varina, September 2003 to July 2008

Title: Town Engineer

- First staff Town Engineer; oversaw the development of the Engineering Department to include construction inspections, GIS services, and in-house design.
- Responsible for the development of the Town's infrastructure through long range planning of water resources, wastewater treatment options, and transportation thoroughfares, which included Community Improvement Plan and Thoroughfare Plan updates
- Review of development plans for conformance with Town Standards and long range plans, including negotiations with developers developing Infrastructure Development Agreements for reimbursement for select infrastructure improvements ranging from a few thousand dollars up to \$500,000.
- Management of the modeling the Town's water system using WaterCAD, the sewer collection system using SewerCAD, and mapping the systems using ARCGIS.
- Managed project to update the Town's Standards which included input from multiple Town Departments
- Town's representative on regional sewer project with Harnett County that included 15 miles of large diameter sewer lines and wastewater treatment plant expansion (Fuquay-Varina's portion of the project was \$18 million)
- Project Manager for the design phase of the NE Judd Parkway which is part of the Town's thoroughfare loop along with a smaller section on the southeast side in conjunction with a development
- Prepared study for water, sewer, and thoroughfare bond issue
- Forced Annexation Study which included infrastructure master planning with opinions of project costs for multiple areas
- Prepared structural plans for the renovation of Town's 1930's era gym (floor replacement).
- Responsible for development and adherence to the Engineering Department's annual budget
- Make presentations and recommendations to the Town Board of Commissioners
- Participated on the former staff economic development committee.

Chas H Sells (Engineering Company), Cary, NC - April 2002 to September 2003

Title: Manager of Municipal Services

- Managed two design teams for various development projects along with marketing/business development responsibilities
- Project manager for sewer study for 3000+ acre basin which included design of regional pump station, force main and large diameter sewer lines (Amberly and Waterford Developments in Cary, NC)
- Roadway design for future NCDOT maintained thoroughfares as well as local collector roads
- Designed storm water collection systems including BMP's for multi-family, commercial and institutional projects
- Master sanitary sewer planning, existing system capacity analysis, and alternative study for increased system capacity for Town of Morrisville which included working with NCDOT to install casing pipes under I-540 for future use

CH2M Hill, Raleigh, NC - February 2002 to April 2002

Title: Project Manager

- Responsible for the feasibility study of the merging to the City of Raleigh and the Town of Knightdale's utility systems.
- Scope of work included updating Knightdale's utility system demands through 2020, updating utility system infrastructure through 2020, and assessing the utility system and its operation and maintenance

Town of Morrisville, Morrisville, NC - December 1998 to February 2002

Title: Town Engineer

- Responsible for the development of the Town's infrastructure through long range planning of water resources, wastewater treatment options, and transportation thoroughfares.
- Review of development plans for conformance with Town Standards and long range plans
- Responsible for modeling the Town's water system using WaterCAD
- Mapping of the Town's water and sanitary sewer systems
- Developed the Town's first standard utility drawings
- Developed method for organizing and archiving as-built drawings
- Responsible for development/amendments to Town policies and ordinances with respect to Town infrastructure and making presentations to the Town Board of Commissioners
- Responsible for development and adherence to the Engineering Department's annual budget
- Manage 4 person department

United States Army Reserve, 824th Quartermaster (Air Delivery), Fort Bragg, NC – May 1991 to April 2000

Title: Sergeant, Squad Leader

- Decorations included Army Achievement Medal, Overseas Duty Medal, Good Conduct Medal, Belgium Jump Wings, and German Jump Wings
- 824th QM Company and 362nd Army Reserve Battalion Soldier of the Year – 1996.
- Served as airborne qualified parachute rigger responsible for packing various personnel and cargo parachutes, rigging various loads for air delivery, and training/evaluation of squad soldiers
- Completed Primary Leadership Development Course (PLDC) and Airborne Jumpmaster School

Cisco Voice Engineer Specializing in IP Telephony Design and Implementation

Results-driven, team-oriented Cisco Voice over IP engineer with a foundation in network/VoIP design, deployment and systems administration. Respected for developing reliable and maintainable voice over IP solutions with a proven ability to troubleshoot while meeting deadlines and ensuring uninterrupted business operations. Seeking a position as a valuable member of a team that utilizes my unified communications and networking expertise while expanding my customer-facing and systems integration skills and provide a path to learn new technologies.

Professional Experience

Cisco Systems, Inc. TekSystems Vendor

February 2015 — Present

www.cisco.com

The World's Largest Manufacturer and Distributor of Networking and Communications products

Senior Collaboration Engineer Consultant

As a Senior Collaboration Engineer I am responsible with the building and delivery of Customer proof of concept pilots to showcase Cisco Unified Communication solutions. Using a cloud based solution built entirely in a virtualized environment including ESXi 5.x+, Hyper-V, and OpenStack and CSR 1000v. Offering the full scope of Cisco collaboration portfolio to include but not limited to; Cisco Unified Communications Manager, Unified Messaging, CUCDM, Prime Provisioning, VCS Collaboration Edge, TelePresence server, WebEX collaboration, Jabber, Video, Contact Center, Spark, etc.. Assist customers with integration between Cisco and their 3rd party PBX's such as Avaya, Oracle SBC, and Microsoft platforms.

MetLife

August 2014—November 2014

www.metlife.com

MetLife is one of the world's largest insurance providers.

Senior Voice Network Engineer – Network Engineering

As a Senior Voice Network Engineer I am responsible for the design, engineering, and optimization of current and emerging Voice technologies to support MetLife business in over 50 countries. This role requires expertise in Voice service architecture that is in a Hosted Unified Communications Service provider network and knowledge of business applications and service level offerings.

My primary roles include:

- Plan, Research, develop the Voice architecture for MetLife global business; Ensure technical solutions meet the needs of business such as speed, cost, performance, and security; Develop Voice network architectures and plan the direction of the platforms towards a 3-5 year technology horizon.
- Continuously identify, review, and recommend potential opportunities for enterprise cost-savings, service quality improvement, and operational efficiency; Develop operational strategies such as End of Life (EOL), applicable hardware/software product roadmaps, and vulnerability management processes.
- Manage 3-5 medium, or 2-3 large network engineering initiatives simultaneously; Liaise with internal technology partners and external vendors to ensure effective communication, collaboration, and stakeholder involvement.
- Provide 3rd level support to Network Operations team for project delivery and problem escalations.

Cisco Systems, Inc.

www.cisco.com

Oct 2006—August 2014

The World's Largest Manufacturer and Distributor of Networking and Communications products

Network Consulting Engineer – Cisco Advance Services

As a Network Consulting Engineer at Cisco I support a large financial customer in the capacity of being their trusted advisor, supporting voice network optimization, ongoing design support, proactive and reactive support, and change implementation within their Unified Communications deployments.

My primary roles include:

- Work closely with my customer to resolve issues with the Cisco Unified Communications solutions they have deployed.
- Provide design support for all new voip initiatives throughout the network.
- Participate on weekly bug scrub calls
- Participate on weekly change control review boards.
- Deliver training in lab environments to review configurations, and help the customer to understand new features and newly expected behaviors

IPCBU Technical Marketing Engineer

As a Technical Marketing Engineer at Cisco I was a Subject Matter Expert on a new Cisco offering called Hosted Collaboration Solutions. The hosted collaboration solution combines Cisco's Unified Communications portfolio with key technology elements to offer a comprehensive cloud solution for partners to offer UC as a service.

My Primary roles include the following:

- Engage all perspective customers and present technical elements of the solution as well as provide live demonstrations on the solution offering.
- Develop customer and field facing marketing materials and white paper documents.
- Proficient in the core Cisco Unified Communications Technologies (Cisco Unified Communications Manager, Unity Connection, Unified Presence, and Cisco Mobile Products).
- Work with Service Providers and Sales Account teams to provide High Level Design and Low level Designs for deployment into the Customers network.
- Create VM Ware instances of all UC applications for demo and training for sales, and support teams.
- Focused on CUCM provisioning utilizing VOSS.

Voice Technology Group EFT Engineer

As an Early Field Trial Engineer I executed Early Field Trials of Cisco Unified Communications (UC) Products and Solutions such as Cisco Unified Communications Manager, Cisco IP Phones, Cisco Unity Connection, Cisco Unified Presence, Cisco Meeting Place/WebEx, Voice Gateways, Video endpoints, etc. As a VTG EFT Engineer I had the following responsibilities and skills required for this position.

- Planning, co-ordination of EFT projects. Participate in cross-functional project team activities.
- Serve as a, EFT lead for System Releases; work closely with Product Marketing, Sales Teams, External Cisco Customers, and Development Managers.
- Manage front line and on a day-to-day support basis for EFT customers to ensure a successful completion of complex system level validation in a production environment.
- Provide customer feedback to the product management, documentation, development, test, solutions and executive team members.
- Participate in post project assessment to provide feedback on ways to improve future EFT projects.
- Hands on experience in installing, configuring and troubleshooting Cisco Unified Communications products including Cisco Unified Communications Manager, Cisco Voice Applications, Voice Gateways (H323, SIP, and MGCP), Cisco IP phones, video end points, etc.

Gregory A. Miglucci

RTI International, Inc.

www.rti.org

Leading independent non-profit research organization

June 2005—September 2006

Senior Systems Engineer II

Recruited to RTI International to be the Senior Systems Engineer and team lead responsible for the following accomplishments:

- Converted Fujitsu PBX environment to Cisco Voice over IP for main campus and five regional offices
- Replaced 3,300 telephones including handsets, conference phones and fax/modem lines
- Deployed Cisco Unity 4.0.5 in a fail-over configuration and Cisco Call Manager 4.1.3 with one Publisher and two Subscribers
- Administration and configuration of Cat 6K and Cat 4K switches, Cisco 2800 gateways and 3700, 3800 series routers to support the VOIP environment
- Upgraded the Call Center environment; Call Manager environment of 3.0.3(a) was upgraded to Call Manager 4.1.3 and was integrated into the Main Campus Unity voicemail cluster
- Upgraded Call Center environment from CAD 4.4.0 to IPCC Enterprise 6.0 with CTIOS
- Primary support contact for Call Center 6.0 environment and voice environment
- Team Lead for two voice engineers, two network engineers and one video engineer

Cisco Systems, Inc. STS INC. Vendor

www.cisco.com

The World's Largest Manufacturer and Distributor of Networking and Communications products

March 2004—June 2005

CCAT Operations Team Lead

Hired to provide advanced system administration on Cisco IPCC Enterprise products including Call Manager, IP IVR, ICM, CTI OS Agent Desktop and WebView reporting system for Cisco contact centers servicing internal and external Cisco customers at locations worldwide. Position required an advanced working knowledge of ICM call routing and design, announcement administration, Cisco IP Phone configuration, ICM and IPIVR application development and design, call flow design and documentation, network design and routing as well as hardware architecture and support for all contact center equipment. Primary role included:

- Provide senior level system administration and support for Cisco contact center systems worldwide
- Responsible for design, development, testing, implementation, and support of contact center routing logic in both a local and enterprise environment
- Provide advanced troubleshooting, diagnosis, and resolution of ACD, basic networking, and CTI applications
- Coordinate with customers and vendors in the development and deployment of new contact center applications
- Serve as Technical Team Lead managing 8 employees across multiple territories

Cisco Systems, Inc. TekSystems Vendor

September 2002—March 2004

AVVID Engineer Consultant

Hired to design, implement and administer several Cisco Voice over IP solutions throughout Cisco internal sites. Solution designs incorporated voice server software including Cisco Call Manager, Cisco Conference Connection, Cisco Personal Assistant and Cisco Unity Messaging. Remotely configured Cisco 3745 Access Routers, Cat 6000 and 3550 switches for central call processing. Provided Tier II support for all Showcase technology sites in the Americas Theater including upgrades, response to alarm conditions on devices, case tickets, client service requests and more.

Gregory A. Miglucci

Vector Tobacco

www.vectortobacco.com

Division of Publicly Held Tobacco Firm Vector Group

September 2001—September 2002

Network Engineer

Responsible for uptime and availability of Vector Tobacco's WAN and LAN infrastructure. Serviced Vector's VPN Access Server, firewall and Cisco routers & switches. Ensured the uptime of all servers including the Active Directory Server and all SQL, print and mail servers. Provided back-up and restore functionality company-wide through the application of Veritas Back-Up Exec. Delivered administrative support for all Vector Tobacco employees' desktop and laptop needs. Developed Vector Tobacco's first Help Desk Service Level Agreement and deployed a Welcome Aboard Package to bring new employees up-to-speed rapidly on the system.

Arsenal Digital Solutions

www.arsenaldigital.com

Privately Held Managed Storage Solution Provider

October 2000—March 2001

Internet Data Center Supervisor

Through the acquisition of filefrenzy, joined Arsenal Digital Solutions to become a member of the IT Organization. Was promoted to Internet Data Center Supervisor in December 2000. This center housed all of Arsenal's corporate operating systems and its intellectual capital. The site also served as a customer-facing data center, hosting Arsenal's managed storage solutions – Backup & Restore and Disk Utility. Serviced over .5 petabytes of data with a track record of 99.99% uptime. Responsible for security, redundancy and monitoring of Arsenal's most significant data center. Built and managed the network architecture which featured the following technologies and systems:

- Solaris 8
- Microsoft BackOffice
- Frame Relay Network design and implementation linking 15 data centers

Filefrenzy

Privately Held File Management Software Provider

March 2000—October 2000

Senior Network Engineer

Hired to design and maintain the network infrastructure on which Filefrenzy would operate and build its software solution. Selected Exodus as a host for both production and development environments. Partnered with Exodus to architect the production and development environments and developed a secure VPN tunnel between the two facilities. Built Filefrenzy's Help Desk function – from the design and development of Service Level Agreements to the rollout of 24 X 7 customer support. Supported Filefrenzy's staff and clientele with uninterrupted network services and solutions including the following:

Duke University Cancer and Leukemia Group

www-calgb.mc.duke.edu

Private University Medical Center

April 1999—March 2000

Network Engineer

Managed Duke's CALGB Local Area Network (LAN). The environment was comprised of web servers, exchange servers, development servers and application servers. Managed an NT network with disparate operating system functionality – including MacOS, Solaris and Windows. Selected and implemented an online data collaboration solution to share clinical trial data via the Internet. Held sole responsibility for Y2K migration, compliance and quality assurance. Serviced all user workstations and assured network functionality.

Gregory A. Miglucci

Citibank Universal Card Services, Jacksonville, FL

www.citibank.com

The World's Largest and Most Profitable Financial Services Company

October 1998—March 1999

Systems Administrator

Responsible for Windows NT Server 4.0 and Exchange 5.0 administration. Migrated Exchange Servers from version 5.0 to 5.5. Responsible for the monitoring of company data storage utilizing Quota Manager. Delivered end user account/user maintenance for over 750 Citibank users.

AT&T Broadband (Formerly MediaOne)

www.broadband.att.com

The nation's leader in broadband technology services

March 1998—October 1998

Systems Administrator

Responsible for all end user support on the following platforms: PC and Power Macs, 95 and NT 4.0 workstations. Also provided NT Server and Exchange Server 5.0 administration and performed daily ArcServe IT Tape backups. Leveraged Spectrum Element Manager for the network monitoring of over 500 cable modem nodes.

AT&T American Transtech

www.att.com

Leading Provider of Outsourced Customer- and Employee-Care Services.

July 1996—March 1998
