THE CINCINNATI ENQUIRER

September 1, 2002

Mentor a child, change the world

Robert K. Greenleaf's book *Servant Leadership* chronicled a Quaker who decided that he would single-handedly end the practice of slavery in America. This gentle man set out to take on a monumental and difficult task.

He traveled the countryside on his mule, going from farm to farm talking to slave owners and trying to convince them of slavery's inhumanity. Sometimes he would spend a week or two at a farmer's house, patiently arguing his case and eventually persuading the landowner to stop this practice.

From a practical standpoint, this man, despite his compassion, zeal and commitment to do what is right, could probably never have ended slavery in America.

At the height of the slave trade in 1860, there were almost 3 million slaves across the United States. It would have taken this man many lifetimes to accomplish what many believed then, and what many still today consider, a fool's task. Greenleaf's account is not about ending slavery as much as it is about one person taking a stand and starting at some place to change things. If this man was able to convince one slave owner

Lacy

to change his ways, he had made a significant change and had left the world in a much better state. Sometimes when examining a complex problem, we make the mistake of thinking

that it requires complex answers or solutions. For example, a large number of our African-American and Appalachian children, especially boys, will leave school before earning a high school diploma. Failure to possess even a basic high school diploma decreases the lifetime earnings of young men and women by almost a quarter million dollars.

The most effective dropout prevention program does not cost a dime. It does not flow from Washington, D.C., in the form of a block grant. It is the willingness of an adult to spend time with a young person as a mentor. Mentoring involves an adult who is willing to spend at least one hour a week with an elementary, middle-school or high school student, giving this child friendship, understanding

and sometimes just an opportunity to share his/her thoughts.

Like the Quaker who wanted to end slavery – a human tragedy far worse than a youngster dropping out of school – the solution is that it takes small, simple steps and individual commitments. As responsible adults, we have an obligation to help the next generation move toward a degree of self-sufficiency. This means taking responsibility to help our children by mentoring and tutoring.

The most effective catalyst for change is one that does something, like the Quaker who wanted to end slavery. It does not have to be enormous, but maybe if you set a goal to spend time tutoring or mentoring at least one young person during the year, you would have made a significant contribution to end the dropout problem. It was the English theologian Richard Hooker (1854-1900) who said "change is not made without inconvenience, even from worse to better."

Maybe it is time that we began to inconvenience ourselves.

Interests & Experiences

Why are you interested in serving on a Board or Commission?

I am primarily interested in serving on the Juvenile Crime Prevention Council and the Planning Commission. As a resident under 30, I think I can provide a unique perspective on issues facing young people in the Raleigh and county area. In regards to the Planning Commission, I have previously served as Vice-Chair of the Bicycle and Pedestrian Advisory Board for the Town of Chapel Hill in 2013-14, and was selected to serve on a special development board called the "Central West Steering Committee." I have experience in local boards, and also served in leadership financial roles at UNC Chapel Hill in 2010-12. I have lived in Raleigh (where I was originally born) now for over 3 years and have become familiar with the county and city challenges. In regards to the Juvenile Crime Prevention Council, I have served as a Wake County Guardian ad Litem since October of 2016. I have gotten to know the juvenile court system through that service and also through Campbell Law School Pro Bono services.

Work Experience

Currently, I work at the North Carolina Court of Appeals as a Judicial Law Clerk. I have previously interned at the NC Court of Appeals, 5th Judicial District Court, and United States Attorney's Office in the Department of Justice. Prior to school, I was a photographer, guest services staff and a UNC Chapel Hill employee.

Volunteer Experience

I currently am an active Guardian ad Litem Volunteer with Wake County for the past 15 months. I attend court several times a year, and make two home visits per month. I also was the Student Director of the Pro Bono Council at Campbell Law School, supervising the administration of over 12 pro bono projects. I served as Project Coordinator for the Child's Advocate Project in 2016.

Education

Campbell Law School, Juris Doctor, 2017 University of N. Carolina at Chapel Hill, B.A. (History), B.A. (Peace, War & Defense), 2012

Comments

I would be happy to expound on any portion of my submission for your consideration. I can be reached at any time at the email or phone number provided. I am not opposed to serving on more than one board or commission if the need for service is great due to vacancies.

Interests & Experiences

Why are you interested in serving on a Board or Commission?

I am interested in serving on the Juvenile Crime Prevention Council for several reasons. First, I was responsible for managing a JCPC-funded program in Durham, NC for the past 4 years. I am very familiar with the work of the JCPC and understand its importance to the community in which I reside. Second, I am very familiar with issues related to youth involvement in the juvenile justice system, risk factors that make youth more vulnerable to juvenile delinquency, and the types of programs that are effective in reducing delinquency. Last, I have spent the last 25 years working on juvenile justice and crime issues, and it is a passion for me. I would like to be involved with the work that the JCPC is doing in Wake County, as this is where I live.

Work Experience

I am currently a consultant who owns my own consulting company, and I work with local communities to help them conduct community gang assessments. I am currently working with the country of Belize and a community in Washington State. Prior to this position, I was the program manager for Project BUILD, a gang intervention program, and Bull City United, a violence intervention program, in Durham County from 2013 - 2018. Before moving to North Carolina, I worked for the National Gang Center in Tallahassee, Florida for 14 years (1999-2013) and provided technical assistance and training to local communities on implementing effective gang strategies and programs. From 1994 - 1999, I worked for the Salt Lake Area Gang Project and provided direct intervention services to gang-involved youth.

Volunteer Experience

To be quite honest, I have not been able to volunteer much in recent years because I have been so busy with work. However, that is why I am applying for this position on the JCPC. As a self-employed consultant, I have time to be involved, and would like to use my knowledge and experience to benefit my community.

Education

BA - English and Communication, William Jewell College, 1989 MS - Criminal Justice, Florida State University, in process
