Interests & Experiences

Why are you interested in serving on a Board or Commission?

I want to participate in our local democratic process, ensuring that our community is governed in a manner that reflects our values and priorities - including affordable housing, equitable access to services and amenities, and environmental stewardship. More and more people are moving to Wake County every day, including many younger citizens, and I want to ensure I represent their voices. For a long time, young people have been underrepresented in volunteer boards and commissions, which serve as crucial paths to influence elected and appointed leaders into making better decisions for us all. We're interested in the same things as most Wake County residents, education, housing, land use, arts, culture, public health, etc., but offer a different and important perspective on each of these issues.

Work Experience

JUNE 2022 – PRESENT COMMUNITY RELATIONS ANALYST, CITY OF RALEIGH • Shift the City of Raleigh from a single-occupant vehicle (SOV) dominant transportation system towards more alternative modes of transportation (i.e., bus, bike, walk) by engaging in long-term relationship building with in-need users and choice users • Develop and execute strategies for creating stronger relationships with communities in the City of Raleigh, strongly focused on communities facing immediate needs based on race/ethnicity, income, vehicle availability, or other DEI status • Support the internal City of Raleigh strategic initiatives focused on establishing external programs developing long-term users of alternative modes of transportation • Manage, produce, and support events to promote the message of Commute Smart Raleigh and the key importance of shifting away from SOVs to other environmentally and financially sustainable modes of transportation • Develop relevant social media and newsletter copy

AUGUST 2021 – JUNE 2022 COMMUNICATIONS AND PROJECT COORDINATOR, FOUNTAINWORKS • Created strategic development plans to guide public-sector organizations in improving the alignment of organizational missions and initiatives • Developed communications materials, including social media posts, branding guides, business development materials, etc. • Coordinated project management activities to facilitate scheduling, task completion, and client communication • Facilitated meetings with organizations and their stakeholders to elicit information and feedback to help organizations meet stakeholder needs

JANUARY 2019 – AUGUST 2021 MUSEUM AND RECREATIONAL PROGRAMMER, CITY OF RICHMOND, KY • Performed an analysis of city assets using National Recreation Parks Association (NRPA) benchmarks to determine unaddressed issues and opportunities • Developed new initiatives, such as solar energy production at facilities and grants to promote community health • Managed and directed events ranging from 200-10,000 guests, with budgets ranging from \$300-\$50,000. • Developed, strengthened, and maintained relationships with community leaders and organizations, creating programs, initiatives, and events that show community-wide support and buy-in. • Served as the department's press liaison to conduct several TV and newspaper interviews for each event, press releases, and public communications on department activities. • Managed website and digital media with over 10,000+ followers across Facebook, Twitter, and Instagram, generating an organic follower increase of 42%

Interests & Experiences

Why are you interested in serving on a Board or Commission?

I know that I was born to serve. I have always attempted to serve the public and others at every level of personal or professional development. I believe that serving your community, your neighbors, and your state is both an enormous and selfless sacrifice but is one of the most rewarding experiences anyone could have. I want to be able to work on behalf of our city and state and make it a better place than when I first found it way back in 2006. I believe that the ultimate way to impact others and become a catalyst in our community is to dedicate time, volunteer ideas, and put forth efforts to be able to create change through service on local Boards and Commissions. I want to serve the county and cities that host my loved ones, my friends, and make it the best place to be as I look to continue to reside here for many years to come.

Work Experience

I currently work as a Government Affairs Associate and Consultant at Kairos Government Affairs in downtown Raleigh. I have had the honor of working for numerous public officials, being able to gather knowledge of government functions and roles, and have been able to influence policy decisions that included impacts in Wake County as well as state-wide implications also. This has included working in the North Carolina Senate, U.S. Congress, the North Carolina Supreme Court, The North Carolina District and Superior Court, and the State Bureau of Investigation. I have had the privilege of working on policies that included the North Carolina State Budget, The North Carolina Farm Act for state-wide agriculture, and many other complicated issues concerning state-wide appellate issues. Additionally, I have been thankful to use some of this practical experience to sharpen and enhance my leadership skills by completing numerous fellowships and other career-building programs including the North Carolina Institute of Political Leadership Program and the E..A. Morris Fellowship.

Volunteer Experience

I began volunteering my time as early as I can remember. This began as a volunteer as a campus tour guide and has evolved over time into multiple professional opportunities as an advocate for state-wide and local policy initiatives. While an undergraduate student, I volunteered as a tour guide for students with learning disabilities and other groups including student-athletes. Then, I took over the NC State Mock Trial Team as a sophomore and managed students and the program until I graduated in 2018. After graduating, I began working as a Youth Strength and Conditioning Coach and Instructor at MWC Sports Complex in Youngsville, NC. Additionally, I work as a volunteer coach for the Centennial Campus Magnet Middle School at the Friday Institute at NC State, working as a Mock Trial Coach for middle school students. I work as a volunteer at Saving Grace a dog rescue in Wake Forest alongside my mother, helping underserved and neglected dogs find new homes across the Wake County area. Currently, as a third-year law student, I serve the student body as a 3L Student Bar Association Representative, where I work on behalf of students formulating rules and policies while also appropriating dollars for student life and managing our board's budget.

Education

As I mentioned above, I am currently a third-year law student at Campbell Law School. After working as a full-time Legislative Staffer for over two years and also attending Law School as a FLEX student, I believe that I will be able to sufficiently and enthusiastically serve on these boards and commissions without any time management issues. I will be graduating in May of next year and plan to remain in Raleigh and the Wake County area for the near future. Before attending Campbell, I graduated from NC State with a Bachelor's degree in Political Science and a minor in Chinese Studies in 2018. I graduated from Wakefield High School in Raleigh in 2014.

Comments

I greatly appreciate these fantastic opportunities and look forward to hearing from the Board soon. Please let me know if I can answer any questions or address any concerns. I can make myself available at any time. Thank you.
