

Item Title: Wake County Juvenile Crime Prevention Council Annual Plan/
Certification for FY 2024-25

Specific Action Requested:

The Board of Commissioners adopts the Wake County Juvenile Crime Prevention Council Annual Plan for FY 2024-25 and affix signatures on the appropriate forms.

Item Summary:

Purpose: The local Juvenile Crime Prevention Council (JCPC) develops the annual plan, setting priorities for funding in the next year. The North Carolina Department of Public Safety (DPS) requires the Board of Commissioners in each County to approve the Council's annual plan before releasing DPS funds.

Background: JCPC funds are made available annually to Wake County from the North Carolina DPS Division of Juvenile Justice to provide community-based delinquency and gang prevention strategies and programs. State statute sets the intent and responsibilities for JCPCs. The statute requires representation from local government, local public and private agencies serving juveniles and their families, local business leaders, citizens with an interest in youth problems, and youth representatives to participate in plan development.

Wake County's JCPC uses the funds to provide services such as skill building programs for youth suspended from school, afterschool and weekend life-skills programs, literacy programs, emergency residential placement, restitution and community service programming, and parenting programs.

Strategic Plan: This action supports Safer Community Together Goal 3: By 2029, reduce the Wake County violent crime rate per 100,000 people in Wake County by 5%.

Fiscal Impact: The total state funding for the Wake County JCPC is \$1,849,659 and has been included as part of the FY 2025 annual budget. JCPC funds require a minimum 30% local match. The local match is provided by the funded programs and Wake County. The County's match of \$92,608 is the difference between the budgeted salary and benefits cost of a full-time JCPC Program Manager, less the state allowed \$15,500 of DPS funding for administrative costs.

Additional Information:

After considering the risks and needs of Wake County youth, the JCPC prioritized strengthening services for youth who may have been exposed to trauma or may be serious or violent offenders.

This includes but is not limited to services for gang-involved youth. The JCPC prioritized the following risk and protective factors to address programs in the FY 2024-25 Request for Proposals:

Risk Factors	Protective Factors
<ul style="list-style-type: none"> ▪ Aggressive/Assaultive behaviors ▪ Gang involvement/association ▪ Association with delinquent/gang involved peers ▪ Ineffective parental supervision and/or skills ▪ School behavior problems ▪ School suspensions ▪ Family member with criminal history or gang involvement 	<ul style="list-style-type: none"> ▪ Social competencies and problem- solving skills ▪ Healthy sense of self ▪ Positive expectations/optimism ▪ Appropriate family communication ▪ Effective parental supervision ▪ Opportunities for positive family, adult, and peer involvement ▪ Involvement in social, school and community activities ▪ School connectedness

For FY 2024-25, DPS allocated \$1,849,659 for Wake County. A 30% local match is required. The County has historically supported the match requirement by funding administrative support for the Council. Each agency is also responsible for helping to meet the match requirement. The FY 2024-25 JCPC funding commitment for specific programs is illustrated in the table below.
