I. **Nomaco Park Improvements Update**

Eric Staehle, Facilities Design and Construction

In recent months, Wake County and the Town of Zebulon have announced new partnerships for using Namaco Park (formerly Five County Stadium). Stakeholders have agreed on park improvements to complete over the next year. These improvements will be jointly funded by the county, town, and Capitol Broadcasting Corporation, the park tenet. This briefing is for informational purposes; no Board decision is needed.

II. **Athens Drive Library Site Options**

Ashley Jacobs, County Manager's Office

The existing Athens Drive Library is located within Athens Drive High School. Wake County Public Schools will soon undertake a significant renovation of the school. For security and other reasons, the renovated school will not include a library within the physical building. This has led to consideration of alternatives for the existing library.

County staff have spent significant time and effort evaluating options to replace the library. This discussion is a follow-up to the March work session when the Board considered two primary location options, Tryon Road and Well Fed Garden. Staff will present new information gathered on each option and seek the Board's guidance on which site to pursue.

Should the Board provide definitive direction on a site to acquire, staff will place an agenda item on the June 15 regular meeting.
