RE : RDU Business Park – Phase 2 East
No Net Loss Certification
Wake County PIN 0757756465
Site #20-A Brier Creek Reservoir

I, David Hursey, PE, a licensed professional engineer in the State of North Carolina, with this certification state that there is no net loss of stormwater storage capacity within the Watershed Improvement Easement recorded at Deed Book 2647, Page 527, located on the property identified by Wake County PIN 0757756465, indicated on the construction drawings prepared by this office for the proposed business park use. After the construction of the roadway, the ground within the Watershed Improvement Easement is to be restored to preconstruction grades, seed and mulched. There is no cut nor fill proposed within the Watershed Improvement Easement, so a cut and fill analysis results in 0 cubic yards or cubic feet of material being placed or removed from within the Watershed Improvement Easement area. The construction drawings for the project form the basis for the mitigation plan for the roadway improvement.

David Hursey, PE
Kimley-Horn

The seal is circular with a dotted border. The top half contains the text "NORTH CAROLINA" and "PROFESSIONAL" stacked vertically. The bottom half contains "ENGINEER" and "DAVID L HURSEY" stacked vertically. In the center, it says "SEAL" above the number "053547". Below the seal, the date "2025-01-17" is handwritten.
