Mr. Joe Desormeaux, Assistant Superintendent for Facilities, Wake County Public School System, said the request is for the partial construction funding of Willow Springs High, Apex High and program components in the Capital Improvement Plan (CIP). He shared a Facilities, Design, and Construction Fall 2017 Appropriation Summary chart. He said the \$9,388,111 Program Contingency Request and the Space Needs Analysis and Prioritization (SNAP) request of \$2,300,000 will be requested at a later date.

Commissioner Portman asked whether the \$1 Billion in CIP covered

anticipated school construction was within budget. Mr. Desormeaux said that staff could provide this information to the board.

Commissioner Holmes thanked Mr. Desormeaux for the format and explanation of funding. She said it is helpful to know what has been accomplished and align the appropriations with actuals.

Commissioner Burns asked if the seven year plan for the new capital plan has changed the planning for spending capital appropriations comparing 2013 to ongoing plans.

Mr. Desormeaux said this is a seven year plan allowed for a closer look at the cash flow and the best ways to appropriate the funding.

Chairman Hutchinson said that Wake County staff and Wake County Public Schools' staff meet regularly to discuss the plan. Mr. Desormeaux said that both staffs meet monthly.

Commissioner Portman asked when the yearly review occurs for the capital plan.

Ms. Johnna Rogers, Deputy County Manager, said the enrollment numbers will be received in October and a complete review will be made.

Commissioner Portman asked if the review will occur at the end of the fourth quarter of every year. Ms. Rogers said this is the second year of the seven year CIP.

Vice-Chair Calabria moved, seconded by Commissioner Burns, that the Board of Commissioners approve the following requests from the Board of Education for reallocations and appropriations in the WCPSS capital programs:

- 1. Appropriate \$2,435,856 in CIP 2013 for design for the Stough Elementary Renovation; and**

[Funding Agreement with UNC FY2016-17.pdf](#)

Ms. Glenn George, Senior Vice President and General Counsel, UNC Health Care System said that the funding agreement expired on June 30, 2017. The board is requested to approve an amendment to the funding agreement that will continue the terms of the prior agreement with an extension to June 30, 2018. The county's annual funding commitment for this agreement will be held constant at \$10,700,912. She said Wake County, UNC Health Care and Alliance Behavioral Healthcare began a joint commitment for the provision of services at the WakeBrook campus in 2013. Funding comes in a large amount from Wake County and Medicaid. She said UNC Healthcare made a commitment of \$40 million in 2012 to support behavioral health services in Wake County. She said that UNC Health Care operates crisis and assessment services, two 16-bed residential programs and a 28-bed inpatient program. Ms. George said UNC funded an expansion of WakeBrook last year at a cost of \$4 Million to add to the WakeBrook facility and to add an additional 12 beds to the existing 16 inpatient beds. She said that UNC Health Care provides medical care at WakeBrook. She said primary care and dental clinics are operated at WakeBrook for patients that do not have access to a primary care physician.

Commissioner Ford commended the partnership with UNC and Alliance Behavioral Healthcare. He said board members want to highlight the bridge between the existing two year contract and the amendment for the extension of the contract.

Ms. Beth Smerko, Senior Deputy County Attorney, said that she has worked with the UNC and Alliance Behavioral Health contract. She acknowledged Ms. Denise Foreman, Assistant County Manager, for working with the contracts. She said each year the contract is reviewed for auditing, reporting, defining source, and the use for funding. She said the amendment adds funding under the same terms and conditions as the previous contract.

Commissioner Ford asked about the interim funding for July since the agreement expired June 30, 2017. Ms. Smerko said there has been continuity of services and the agreement was necessary in order to sign the contract for payment to UNC.

Commissioner West asked about how follow up occurs and moving patients into the community and whether there is interface between patients

that have mental health issues and substance abuse issues for a seamless process.

Ms. George said WakeBrook is a model because of the range of services that it provides. She said that UNC also staffs an outpatient clinic with 500 patients and another facility called Horizons for substance abuse patients and expectant mothers.

Mr. Rob Robinson, President and CEO, Alliance Behavioral Healthcare, said staff will provide a report to the board on August 28, 2017 at the upcoming Work Session. He said there will be additional information provided to the board on opioid addiction.

Commissioner Portman said he served on the Board of Commissioners in 2011 when changes to the LME took place. He asked for quantitative information about how the care, cost, length of stay, and capacity have changed. He said that he has toured WakeMed and there is a department for mental health care that is at capacity. He asked for information about the real needs and cost for Wake County in the area of mental health. He asked for information about the shortfall each year, the plan beyond the one year extension, and how the continuous coverage plan and capacity issues will be handled.

Mr. Robinson said that he can provide information about how Alliance Behavioral Health was formed and how Wake County has benefited since that time.

Mr. Hartmann said he will ask staff to work with Human Services to compare the historical information and provide this information to the board.

Commissioner Portman said there is a capacity issue with mental health and it is important that those with mental health needs are being cared for.

Mr. Robinson said that since the Local Management Entity (LME) there has been increased population and shrinking resources. He said that comparison data can be made by staff.

Mr. Hartmann said the state has recently limited resources for opening of another crisis facility. He asked whether the \$26 Million for mental health that Wake County has provided is the highest in the state. Mr. Robinson said that Wake County leads other counties for contribution of services for mental health.

Commissioner Burns said that he is proud of the role that Wake County has given toward mental health over the years to provide services for

mental health demand and there is interference from the legislature for funding. He said that it is important to understand that there is a lack of control over the actions from the legislature.

Commissioner West said the ideal, actual and impossible constraints must be considered for mental health care.

Commissioner Portman said there are many needs for providing county services in Wake County competing for the same tax dollars. He said that if there is not clarity about the needs for mental health, they will not be met. He said the stewardship responsibility is the safety net for the citizens of Wake County. He asked about the full funding needs for mental health.

Mr. Robinson said \$366 Million a year is needed to be able to serve the uninsured/underinsured equal to the services available for individuals with Medicaid across the four county region.

Commissioner Burns said he would like information presented at the Work Session about what percentages of funding for future projects came from Wake County, state Medicaid funding, and the percentages that were withdrawn from the budget for future years. Mr. Robinson said he would provide this information to the board.

Commissioner Ford expressed his appreciation to Alliance Behavioral Health staff for presenting the item and providing additional information.

Chairman Hutchinson thanked Commissioner Ford for requesting this to be placed on the regular agenda. He asked about the \$40 Million that was committed from WakeBrook.

Ms. George said the \$40 Million is being used to subsidize operations and for the addition of the twelve beds. She said a quarterly report is provided and half of the \$40 Million is still available.

Chairman Hutchinson asked about the burn rate each year. Ms. George said the burn rate is being reviewed, and additional information can be provided to the Board of Commissioners.

Chairman Hutchinson said a sustainability plan is needed so the burn rate is under control. Ms. George said there are regular meetings with leaders from other hospital to improve services and extend resources. She said Wake County also hosts regular stakeholder meetings to provide updates.

Chairman Hutchinson said the cuts being proposed at the state level can be detrimental to Wake County and the Work Session on August 28 will highlight this information.

Commissioner Portman said reducing the burn rate may not solve the problems and solving the problem means providing care in a more cost effective manner with better outcomes.

Commissioner Ford said he is open to forwarding questions to Alliance Behavioral Healthcare in advance of the Work Session. He asked for discussion on the delays for the Adult Care Crisis Center and the Mental Health Behavioral Clinics at the Work Session.

Mr. Hartmann asked the board to forward the questions to Ms. Denise Foreman to ensure they are covered during the presentation.

Commissioner Ford moved, seconded by Commissioner Burns, that the Board of Commissioners authorize the County Manager to execute an amendment to the Funding Agreement with Alliance Behavioral Healthcare for UNC Health Care Behavioral Health Services at WakeBrook for fiscal year 2018, subject to terms and conditions acceptable to the County Attorney. The motion passed unanimously.

**WAKE COUNTY REVENUE DIRECTOR
REPORT ON PERSONS OWNING PERSONAL PROPERTY
AND THEIR 2016 TAXES REMAIN UNPAID**

This report is submitted as required by North Carolina General Statutes 105-373(a) (1) b.

This report is to certify that we have made diligent efforts to collect all unpaid personal property taxes and will continue to pursue collections on same. A file of persons owning personal property whose 2016 taxes remain unpaid may be obtained upon request.

Delinquent taxpayers' wages are garnished once we locate a place of employment, bank accounts are attached once we locate their banking establishment, and rental income is attached through delinquent taxpayers' tenants. Executions on delinquent taxpayers are issued daily to the Wake County Sheriff's Department. We pursue delinquent taxpayers owing Wake County and/or municipal taxes who move outside of North Carolina. We continue to collect a substantial amount of these taxes. If we learn a taxpayer has moved from Wake County into another county within North Carolina, we issue a tax certification to the tax collector of that county. As provided by North Carolina General Statute 105-364, the tax collector receiving the tax certification must attempt to collect the taxes by any means which he could lawfully employ to collect the taxes of his own taxing unit.

This report is filed for the record.

Witness my hand, this 25th day of July, 2017.

Tax Committee Recommendations for Value Adjustments, Late Filed Applications, Collections Refunds and Tax Collections

That the Board of Commissioners approves the attached recommendations by the Tax Committee

The Tax Committee follows the North Carolina General Statutes or previously established general guidelines in their recommendations of relief for assessed late list penalties (no relief, partial relief, full relief). The committee also considers late filed exemption and exclusion applications, and makes recommendations regarding requests for relief of interest.

Consideration of relief of late list penalties:

- If a taxpayer is new to North Carolina and fails to list the first year required, he may be granted one-time relief for late list penalties, partially or in full.
- If a taxpayer has property that should have been listed and is unaware of the tax laws, he may be granted one-time relief for late list penalties, partially or in full.
- If a taxpayer has listed timely in at least two consecutive years immediately prior to the year for which a penalty is assessed, the penalty may be relieved, partially or in full.
- If a taxpayer inadvertently omitted items from his timely listing, the penalty may be relieved, partially or in full.
- If a taxpayer was involved in military deployment and was unable to list timely, the penalty may be relieved, partially or in full.
- If a taxpayer was unable to list due to circumstances beyond their control (e.g. – hospitalization), the penalty may be relieved, partially or in full.
- Guidelines have been established for companies with penalties assessed as a result of audits. Relief may be granted partially or in full if it appears there was no willful attempt to understate value, if the taxpayer was cooperative and forthright during the audit and if there were no significant issues with their previous listings. The recommendation of the auditor is carefully considered in making this determination.

Consideration of late-filed applications for exemption or exclusion:

- The tax committee will recommend approval of late filed exemptions or exclusions as long as the request complies with the general statutes, or if case law exists that is clear and generally supports the request. Late filed applications must be hand-delivered by December 31 or postmarked by December 31 of the calendar year for which the exemption or exclusion is requested.
- The tax committee will recommend denying any applications received after December 31st of the calendar year for which the exemption or exclusion is requested. There is no statutory authority to exempt or exclude property if the application is made outside the calendar year for which the exemption is sought.

Consideration of requests for relief of interest:

- Once interest accrues, it is considered tax per NCGS 105-273(15). Tax cannot be compromised per NCGS 105-380. Therefore the tax committee typically recommends denial of requests for relief of interest. Should a situation arise in which the committee determines that interest should be relieved, the Assessor will request the item be removed from the consent agenda and considered separately by the Board of Commissioners.

Comments

I have recently retired and am excited about finding a new role where I can serve and contribute in the community. I have had visited a number of nursing homes and adult care facilities to visit friends and I would be honored to help make sure the facilities meet the standards and needs of the residents. In my leadership role with a regulatory agency I understand the importance of regulatory compliance balanced with an understanding of people's needs. I would appreciate the opportunity to talk with you further about how I can contribute. I have the time, skills, and commitment to serve.

ETHICS GUIDELINES FOR COUNTY ADVISORY BOARDS AND COMMISSIONS

ETHICS GUIDELINES FOR COUNTY ADVISORY BOARDS AND COMMISSIONS

By submitting this electronic application, I pledge that, if appointed I agree by my signature below that, if appointed, I pledge to comply with the following ethics guidelines for advisory boards and commissions as adopted by the Wake County Board of Commissioners.

I. Declaration of Policy

The proper operation of democratic government requires that public officials and employees be independent, impartial and responsible to the people; that governmental decisions and policy be made in proper channels of the governmental structure; that public office not be used for personal gain; and that the public have confidence in the integrity of its government.

In recognition of these goals, a Code of Ethics for County officials is hereby adopted. The purpose of this policy is to establish guidelines for ethical standards of conduct for all such officials by setting forth those acts or actions that are compatible with the best interests of the County.

II. Applicability of Ethics Policy

The provisions of this policy shall apply to all elected and appointed County officials, members of County boards and commissions appointed by the County commissioners, and other County employees.

II. Financial and Personal Disclosure

Any County official or employee who must officially consider any public matter involving his financial or personal interests, or those of his immediate family, shall first publicly disclose the nature and extent of such interest and shall abstain from acting thereon unless provisions of state law require otherwise.

III. Gifts and Favors

No official or employee shall knowingly accept any gift, whether in the form of money, thing, favor, loan or promise, when it could reasonably be inferred that the gift was intended to influence or reward an official action on his part. Gifts, meals, other favors of an incidental nature and of minor value, or legitimate political contributions shall not be included in this policy.

IV. Appointment, Employment, or Contract Award of Relatives or Business Partners

Public officials of the appointing authority must disclose on the public record any person of their immediate family related by blood or marriage, or business interest who is being considered for appointment, employment or contract award by that authority.

Immediate family related by blood and marriage are to include: spouse, child, parents, brothers, sisters, grandparents, grandchildren, step-, and in-law relationships for preceding categories.

Interests & Experiences

Why are you interested in serving on a Board or Commission?

I have served on a number of boards over the last twenty-two years including the Chamber of Commerce, Fuquay-Varina Downtown, Raleigh Professional Women's Forum, Duke Patient Advisory Board, North Carolina Association of Designers and Illustrators. I enjoy the team work and I think there is real value in listening to a wide range of opinion as decisions are made for citizens and members. My children grew up in Fuquay Varina and we used the park system throughout their childhoods. I am very interested in the expansion of our greenways and parks system and in the opportunity they provide residents of our county.

Work Experience

I have owned and operated a graphic design and brand consulting business for the past twenty-two years. In my earlier work career, I was a special education teacher.

Volunteer Experience

I have volunteered since junior high. I began as a Candy Striper at the local hospital. I've taught Sunday school, driven for Meals on Wheels, volunteered at Chamber and Downtown events for the past twenty-two years and volunteered with a variety of non-profits on charity events. I have volunteered for several political campaigns.

Interests & Experiences

Why are you interested in serving on a Board or Commission?

I became familiar with Wake County's open land program when my family sold a large tract to the Trust for Public Land in 2008. This is now owned by Wake County as Procter Farm Preserve. I managed the sale for the Procter family so came to meet Chris Snow in learning about Wake County's intended use. We are so pleased with the plan. Open lands is a great program.

Memorandum

To: Wake County Board of Commissioners

From: Lisa Jemison, Director of Company & University Engagement

Date: July 12, 2017

Re: Recommendations for Appointments to the Durham-Wake Counties Research and Production Service District Advisory Committee

The special tax district for the Research Triangle Park, known as the Durham-Wake Counties Research and Production Service District, was established in 1986 pursuant to G.S. 153A-310-316. The Service District is governed by an Advisory Committee which is charged with making recommendations to the respective Boards of County Commissioners for the additional tax rate to be applied to the District and with selecting the projects to be undertaken. The Advisory Committee is made up of 13 members which include: the Durham County Manager, the Wake County Manager, the President of the Research Triangle Foundation, and 10 members who are appointed by the Boards of Commissioners based on recommendations from the RTP Owners and Tenants Association. Terms are staggered so that 3 to 4 vacancies occur each year. The established procedure for appointments is that the RTP Owners and Tenants Association submits two names (a primary and a secondary) for each vacancy and both Boards of County Commissioners act on each appointment.

At their meeting on June 8, 2017, the Research Triangle Park Owners and Tenants Association approved the following recommendations for your consideration for appointments to the Advisory Committee of the Durham and Wake Counties Research and Production Service District for positions whose term expired June 30, 2017:

<u>Primary</u>	<u>Secondary</u>	<u>Term</u>
Karen Long Facilities Manager Dupont Electronics & Communications 14 TW Alexander Drive Research Triangle Park, NC 27709	Mike Curry Facilities Manager Bayer Crop Science 2 TW Alexander Drive Research Triangle Park, NC 27709	7/1/17 – 6/30/20
Chris Buchholtz VP & Assistant General Counsel RTI International 3040 Cornwallis Road Research Triangle Park, NC 27709	Dave Gouveia Director of Manufacturing Eisai Inc. 900 Davis Drive Research Triangle Park, NC 27709	7/1/17 – 6/30/20

Ginger Dosier
CEO
bioMASON
12 TW Alexander Drive
Building 200, Suite B
Research Triangle Park, NC 27709

William Bullock
Senior Vice President
NC Biotechnology Center
15 TW Alexander Drive
Research Triangle Park, NC 27709

7/1/17 –
6/30/20

In making its recommendations, the Owners and Tenants Association tries to assure balanced representation on the Committee from Durham and Wake County companies as well as inclusive representation of the RTP community. For these reasons, the RTP Owners and Tenants Association respectfully recommends that the primary candidate for each position be appointed.

If you need any additional information, please feel free to contact me at (919)549-8181.

Interests & Experiences

Why are you interested in serving on a Board or Commission?

I. I have lived in the watershed for Yates Mill Pond since 1992. Currently I am in walking distance of this amazing park. 2. I monitored the water quality of Steep Hill Creek with students from 1998 through 2005 and continue to walk the stream monitoring macroinvertebrates and other wildlife. I have seen first-hand the richness of its flora and fauna. 3. My position at the NC Museum of Natural Sciences involves supervising Summer Camp. Historic Yates Mill Pond has hosted weeks of Museum Summer Camp since at least the mid 1980's. They were a favorite program for my son and his friends. 4. My son caught his first Large Mouth Bass on the bridge. My parents thrilled at the sight of Red-headed Woodpeckers along the trails. My Husband, Alvin Braswell, and I have set turtle traps on the pond to demonstrate how research is done for the summer camp program. He and I often walk the trails looking for turtles, snakes and waterfowl. Bags of corn meal from the park are favorite holiday gift to relatives in Maryland. The park is part of our family heritage. 5. The park is a treasure for citizens of Wake County, I would be honored to help shape the future of the parks, so it can continue to be a treasure in the future. 5. I comprehend the difficulties and challenges of managing a park for historic, recreational and scientific endeavors. My mentor and former supervisor, Jesse Perry, and I have spent time at the park since 1992 and he has helped me have an understanding of the value of this park with its myriad of opportunities. I feel I could be an asset to the board. 6. The park is a treasure for citizens of Wake County, I would be honored to help shape the future of the parks, so it can continue to be a treasure in the future.
