Questions from citizens

Are the commissioners still receiving their salaries? If so, will they continue to do so?

Why are the parks closed?

Are the commissioners going to suspend personal property and business taxes?

Why are the dog parks closed since animals are not known carriers of the virus?

What are the plans to protect those in assisted care facilities, nursing homes, prisons, and for freeing the vast majority of citizens?

Chairman Ford asked for county manager David Ellis to provide a response to the questions that have been asked by citizens.

A full version of the citizen comments are attached to this item. All board members received a copy of the full version.

That the Board of Commissioners receives comments from the general public. Comments will be summarized during the meeting by the Clerk and provided in full as part of the meeting minutes.

Ms. Lorena McDowell, Director of Housing Affordability and Community Revitalization.

She shared the House Wake slide.

House Wake: A Strategic Plan to Minimize the Effects of COVID-19 on Homeless and Precariously Housed Wake County Residents, While Maximizing Opportunities for Positive Long-term Outcomes

She shared the General Description.

This six to eight-month strategic plan utilizes and coordinates federal, state and local funding to address the COVID-19 crisis within our homeless and precariously housed population and aims to move the maximum number of individuals possible to housing stability. Population and to move them to housing stability.

She shared the Challenge

Wake County has been in the midst of a housing crisis for some time. COVID-19 will significantly exacerbate this issue. Since March 15, the state of North Carolina has seen a massive rise in unemployment with nearly 906,622 claims filed between March 15th and April 28th. The number of filings continues to grow. The high rate of unemployment is a warning of the coming wave of evictions and foreclosures that will soon be laid upon our already deficient system. This plan is the first step to addressing the coming need, but should not be seen as the final solution.

She shared information about looking ahead.

Wave I (current & ongoing): Households who cannot access unemployment insurance face a high risk of become housing insecure today (e.g. undocumented, borderline homeless, employed in the grey economy).

Wave II (June 1, 2020): When superior court and district court proceedings resume, households who are unable able to pay rent will be put at a higher risk of housing insecurity.

Wave III (July 31, 2020): Following the expiration of the Federal Pandemic Unemployment Compensation program on 07/31/2020, households who had been reliant on the additional \$600 in weekly unemployment benefits will face an increased risk of housing insecurity.

Wave IV (December 31, 2020): Following the expiration of the Pandemic Emergency Unemployment Compensation and Pandemic Unemployment Assistance on 12/31/2020, households still experiencing unemployment will face an increased risk of housing insecurity.

She shared information about Federal Programs and Funding.

The CARES Act provides additional flexible funding to state, local, tribal, and territorial governments, and public agencies, through familiar and new programs that can be used to address housing instability and homelessness.

She shared information about Wake County CARES Allocations.

Round one of CARES allocations has brought the following financial support to Wake County:

- Community Development Block Grant (CDBG): \$1,258,790
- Emergency Services Grants (ESG): \$626,800
- Housing Assistance for Persons with Aids (HOPWA): \$132,656

- Coronavirus Relief Fund (CRF): Up to \$193M

Other housing related funding in the CARES Act which Wake County may apply for:

- FEMA Public Assistance - which can be used to meet homeless services if a request is made to FEMA
- LIHEAP - additional funding to cover utility costs

She shared seven major components of House Wake.

There are seven distinct components of this plan, each important and required to properly address this crisis.

1. Healthy Hotels Initiative
2. Homelessness Prevention Expansion
3. Rapid Rehousing Permanent Placement Program
4. Housing Navigation & Landlord Engagement Program
5. Oak City Cares Hygiene Program
6. Housing Services Enhancement Program
7. Shelter & Street Outreach Enhancement Program

She shared information about Healthy Hotels.

Currently, the Emergency Operations Center (EOC) has contracted with two hotels for use of approximately 160 units to establish high-risk, healthy hotel sites for the population meeting criteria of homelessness and one or more high-risk category for the COVID-19 virus.

To access these units, resident must be referred from one of three locations:

- A shelter in Wake County to reduce shelter populations in order to allow for proper social distancing.
- Hospitals discharging a person from an in-hospital admission (excluding an emergency department visit) who met the above criteria for homelessness and high-risk category and would have otherwise been discharged to a Wake County shelter.
- A street outreach program working with the unsheltered population above 65 years old and/or above 55 years old with lung disease or the immunocompromised.

The Healthy Hotels Initiative transitions oversight of the healthy hotels to the Housing Department, allowing this initiative to run for the term of the COVID-19 relief funds availability, through December 31, 2020.

This transition allows Wake County and its community partners additional time to permanently house clients from these hotels and allows us to

connect hotels and clients to the broader strategic plan and expanded community services.

The Housing Department will contract with community service organizations to provide site and case management services for individual locations. The County will develop program details and manage contracts with the hotels, behavioral health and community service organizations as well as monitor their progress.

Treasury CRF funds will support this program.

She shared information on the Homelessness Prevention Expansion.

According to reports, in April one-fifth of market rate Raleigh renters were unable to pay their rent. This ratio does not include renters living in affordable housing, where a higher percentage of residents are struggling to continue to pay their bills. In order to begin to address the wave of evictions coming from renters, homeowners as well residents utilizing hotels as their primary residence, expansion in the following programs are required:

- Wake Prevent! Homelessness Prevention Program
- Wake Prevent! Hotel Families Assistance Program: Phase II

She shared information about Wake Prevent! Homelessness.

With the current moratorium on evictions expiring, it is expected there to be a surge in eviction filings. Wake Prevent!, being the largest homelessness prevention program in the county, will receive the majority of the calls for help. This plan supports nearly doubling the capacity of this program. While the expanded Wake Prevent! capacity will help, other means to quickly disseminate support, as it becomes available, to affected renters and homeowners should be considered.

Treasury CRF funds will support this program expansion.

The Wake Prevent! program was expanded to serve families living in Wake County hotels on April 6, 2020. This expansion allowed staff to utilize funding to cover the cost of hotel stays, allowing these families the opportunity to continue to shelter-in-place.

Phase II of this program will allow staff to accommodate families who have been screened, but not referred for services or aid due to lack of current capacity. Currently, more than 130 families, living in more than 42 different

hotels in Wake County have been approved for this program and are waiting in queue. Treasury CRF funds will support this program expansion.

She shared Rapid Rehousing Permanent Placement Program information.

Prospective agencies and affordable housing developers will have the opportunity to apply directly to Wake County for funding to support rapid rehousing efforts.

Expenses may include, but are not limited to:

- Security deposits
- Rental assistance
- Property damage
- Vacancy payments
- Program administration
- Affordable housing development and rehabilitation

CDBG & HOPWA funds will support this program.

She shared Housing Navigation and Landlord Engagement Program information.

The aftermath of COVID-19 breeds uncertainty for our developer and property management community, for the first time in a long time. This provides a unique opportunity for Wake County to work with our developers and property management companies to increase the stock of available affordable available in Wake County.

The Housing Navigation & Landlord Engagement Program will educate potential partners on the benefits of working with the county's programs as well as coordinate efforts to create and manage a database of Wake County vacant units and will work with service providers to support clients' rapid re-housing into them. Database developed should provide details about unit size, rent and availability date as well as who the owner is willing to accept in terms of a renter (criminal histories, poor credit, evictions, income, etc.).

She shared information about the Housing Services Enhancement Program.

The Housing Department will contract with a community partner to provide this extremely important service to our community through the end of the 2020 calendar year, as the funding allows.

The partnering agency should seek funding to support the continuation of

this program beyond the 2020 calendar year. Treasury CRF funds will support this program.

She shared Oak City Cares Hygiene Program information.

In the current environment, residents still unsheltered in Wake County do not have access to showers or laundry to tend to their personal hygiene needs. While Oak City Cares typically provides this service, due to COVID-19, the county's building floor plan does not allow this service to continue inside healthily.

Oak City Cares has offered to continue to provide this service by utilizing outdoor FEMA showers, washers & dryers, that can be properly sanitized and maintained according to current CDC recommendations. Treasury CRF funds will support this program.

She shared Shelter and Street Outreach Enhancement Program information.

Funding allocated to be used as a flexible funding source to compliment programs approved for CARES entitlement programs and to bridge gaps. Generally, these funds would be used for client supportive services while in one of the Hotel, Rapid Rehousing, or street outreach programs.

Expenses may include, but are not limited to:

- Food
- Personal Hygiene
- Household supplies
- Transportation (gas/bus cards)
- Green Chair fees to furnish permanent homes
- Basic technology needs for school age children to continue education

Treasury CRF funds will support this program.

Funding to support programmatic and physical shelter alterations that support social distancing as well as street outreach programs working to identify high-risk unsheltered residents.

- Expenses may include, but are not limited to:
- Physical shelter alterations and supplies
- Unsheltered engagement
- Case management
- Emergency health and mental health services
- Transportation

ESG & HOPWA funds will support this program.

She shared Opportunity in Catastrophe information.

It may sound farfetched, but if the county is smart, bold and brave, staff can use this crisis and the funding now being made available to address longstanding gaps and issues within our service system.

The House Wake Strategic Plan is a bold step in this direction.

Let us not allow the opportunity in this catastrophe to go to waste.

Chairman Ford thanked Ms. McDowell for the presentation. He thanked Commissioner Holmes and Commissioner West for their leadership on this issue. He said that these are challenging times and this is why Wake County invests in crucial areas and helps many people. He shared that he is concerned about the four waves mentioned in the presentation.

Commissioner Holmes thanked Vice-Chair Adamson for sharing of masks at Oak City Cares. She thanked County Manager Ellis for his leadership on this issue. She also thanked Ms. McDowell and said that the funds would support many residents.

Commissioner West echoed Commissioner Holmes' comments. He said that the leadership of a great community serves the least of them. He said that this initiative requires assistance from all parties. He said that the gap and the resources will pave the way for reformation. He asked the difference in disparity study and an analysis of impediment.

Ms. McDowell shared that the analysis of impediments is designed to look at all the elements in relation to affordable housing and the disparities are included in that.

Commissioner Hutchinson applauded Ms. McDowell on this initiative. He said that he favors the 7-point plan that will take place. He asked about the scalability of the seven items and \$193 million funds from the CARES ACT and how will efforts continue.

Ms. McDowell said that all components of the plan are scalable. She said the plan is to work with partners and to provide funding to ensure housing for the residents. She said that it is important the county do as much as it

can before December 2020. She said that it is important to continue to work with partners for future funding.

Commissioner Calabria echoed his appreciation for the housing department. He said that he wants to be sure the county are using these funds wisely and would like in the near future to see what sort of structure gets put together in terms of how these funds will be most effective.

Ms. McDowell said that it is important to hear from the community and their willingness to build based on capacity and a build up. She said that a budget matrix will be made available to partners. She said that the funds cover multiple projects. Once the partners can all communicate the level and areas of interest they have, they will be better to determine best usage.

Vice-Chair Adamson thanked Commissioner Holmes and her support for housing. She said that there are many comments from citizens based on the needs of citizens that are homeless or falling through the cracks.

Ms. McDowell shared the plan to assist with homelessness or unsheltered. She said that plan is to help all of the citizens that may have fallen through the gap.

Commissioner Holmes said that she is interested in the plan for the 55 year old population that don't have children.

Ms. McDowell said that the outreach and shelter program have worked on how to social distance themselves. She said that offering funding could allow programs to add more beds.

Commissioner Holmes thanked Oak City Cares, Triangle Family Services, Passage Home and all of the other housing partners that have participated.

Commissioner Hutchinson asked how quickly the programs would be implemented.

Ms. McDowell said that two programs have already been implemented, Oak City Cares Hygiene Program will begin on May 7, 2020 and the Phase

Il of Wake Prevent Hotel Family is already being funded. She said that the Letter Of Interest will be released tomorrow and the response is due back Friday. She said that the goal is to finalize contracts by May 15th.

Commissioner West said that he had a meeting that looked at social vitality and vulnerable communities. He said that Ms. McDowell shared the strategic plan and how citizens could be connected. He asked Ms. McDowell if the strategic plan is being implemented now a start date. Ms. McDowell said that this the strategic plan being presented today.

Vice-Chair Adamson asked how citizens could get connected to services that are in need. Ms. McDowell said that they can access Coordinated Entry. She said that there is an email and phone line set up to get assistance. Ms. McDowell said that the email and phone number are on the website.

Chairman Ford said that the CARES ACT fund are a return on tax dollars paid by Wake County residents. He asked Ms. McDowell to speak to accountability.

Ms. McDowell said that Wake County has to be smart with the funds. She said that contracts will be monitored robustly. Through the contract manager, every program will be monitored to ensure that funds are utilized accordingly.

Commissioner Holmes moved, seconded by Commissioner West, that the Board of Commissioners:

1. Accept and appropriate an additional allocation of \$2,018,246 in Federal grant funds for housing and related services to prevent, prepare for, and respond to the corona virus (COVID-19).

2. Authorize the Chair to sign documents necessary to submit to HUD. The motion passed unanimously.

 [Taxable IPA Wake County 2001965046.pdf](#)

Mr. Bill Greeves, Chief Information and Innovation Officer, shared the background for today's request.

- Today's requested Board action:
 - Approve an agreement for Microsoft licensing
 - Approve a payment plan for the initial term of the agreement
- Fiscal impact
 - No additional funding requested
 - Funding for this agreement is included in the Information Services FY20 and ongoing operating budget
 - Funding unaffected by proposed IS FY20 and FY21 cuts

He shared the proposed agreement details. He shared critical tools for Core Systems

- Consolidates and co-terminates two existing Microsoft licensing agreements and adds a third component
 - Existing: Server and SQL database licensing covered since 2006
 - Existing: O365 licensing since 2017
 - New: Windows desktop software
- Proposed agreement utilizes an aggressively-competed, pre-negotiated NCDIT statewide contract
 - Provides pricing at the highest discount level offered by Microsoft
 - SHI providing additional 18% discount off NCDIT discount level

He shared Significant Use Increase in O365 Collaboration Tools Due to COVID and Teleworking Policy

He shared Desktop Software Powers 6000+ PCs across the county

- Windows Enterprise Licensing Provides:
 - Extended support for major software updates
 - Enhanced security features for all users

- Provides exclusive access to enhanced Windows management tools for support of all users

He shared that this has the potential to replace two tools used today (Airwatch and LANDesk) which would save the county approximately 150K annually Windows Enterprise Licensing Provides:

Extended support for major software updates

Enhanced security features for all users

Provides exclusive access to enhanced Windows management tools for support of all users

He shared Considering Alternatives

- The 60 applications developed and supported by county staff use Microsoft tools, frameworks and operating systems
- No viable alternative that can run the hundreds of applications and services we use with the same flexibility, stability and security
- No free or cheaper alternative that can run the hundreds of applications we utilize on our desktops
- O365 includes legal compliance features critical to county records retention and public records requests

For example: the Tax Administration applications used for valuation, assessment and collection of real and personal property taxes are developed and supported by Wake County staff using Microsoft applications, frameworks and operating systems

- Due to the size and complexity of this applications, reengineering using open source frameworks and environments would require significant retraining of staff and a major, long-term, multi-year investment of resources from multiple teams across the IS department, as well as help from external resources.
- Additionally, the level of support, security and patching with open source frameworks would not be equivalent with what we have today.
- MS Office is by far the most common productivity suite available, making it easy to find software and share documents with partners, vendors, customers, etc.
- Tightly-connected tools such as Office 365, Microsoft Teams and Instant Messaging ensure that our workforce can continue to serve

customers even while working from home

- Changing from Microsoft would require significant retraining of staff county-wide and IT staff
- Sharing documents with partners could be problematic
- Most applications are built to be compatible and integrate with Microsoft out of the box. This was a major consideration for moving from Lotus Notes
- Unlikely to find a single open source tool that is compatible with all our applications

He shared Security Considerations.

- Our O365 environment meets FedRAMP, ISO, SOC, HIPAA, and PCI/DSS requirements
- Security Standards on “Free Products” are often less stringent and require additional funding for add-on security and compliance tools
- Microsoft gets us enhanced security features including Data Loss Prevention capabilities, the ability to retain and discover data across the organization (eDiscovery) and in-place archiving to be compliant with records retention regulations
- Microsoft gives us the added “insurance” of knowing that they have product roadmaps and support plans to ensure that when we have a problem, someone will be committed to fixing it with urgency

Security is critical in our operations. The county must have PCI compliance for credit card services. We must have HIPAA compliance for healthcare security and our public safety systems must adhere to CJIS compliance. None of these services are available for most open source tools out of the box.

- In fact, it's unlikely any of the true open source tools meet our security standards and requirements.
- The effort to maintain that level of compliance around open source tools would be extensive and expensive

He shared Licensing Quantities Right-Sized for the organization.

- Working with departments, we've reduced license counts and levels to provide the best tools to meet their needs, while avoiding “overkill”
 - Estimate this process saves us approximately \$140K annually

Staff needing the full Outlook/Office tools on devices are provisioned an E3

license, 3,576 licenses @ \$31/month

Staff that can use the web versions of Outlook/Office are provisioned a less costly E1 license, 1,505 licenses @ \$23/month

He shared Value Proposition Offered by Contracts

- For approximately \$1/day per employee, the organization benefits from:
 - Desktop operating software
 - Word, Excel, PowerPoint
 - Email
 - Enhanced security tools
 - Hundreds of custom-built and purchased business applications
 - Data visualizations and dashboards
 - Collaboration tools
 - Instant messaging

He shared Requested Board Action

- Approve a thirty-nine-month licensing agreement with SHI international Corporation for Microsoft Office 365, Windows Enterprise, Server, and SQL
- Approve a no-interest Installment Payment Plan with Key Government Finance for the initial fifteen-month term of the contract
- The request is to authorize the County Manager to execute contracts on behalf of Wake County for these agreements
Total \$6,058,057

Vice-Chair Adamson thanked Mr. Greeves for the information on the contract agreement and thanked him for the savings on the licensure. She asked Manager Ellis to look at savings on no bid contracts.

Manager Ellis said that he is reviewing the contracts and 30 percent of the savings will come from reduction of contract services. He said that Wake County negotiates bidding with contractors.

Commissioner Hutchinson thanked Mr. Greeves for his continued work in IT.

Commissioner Hutchinson moved, seconded by Vice-Chair Adamson, that the Board of Commissioners:

1. Approve a thirty-nine-month Enterprise Agreement with SHI

International Corporation to provide licensing for Microsoft Office 365, Windows Enterprise, Server, and SQL. The request is to authorize the county manager to execute a contract on behalf of Wake County for this agreement.

2. Approve a no-interest Installment Payment Plan with Key Government Finance for the initial fifteen-month term of the contract. The request is to authorize the county manager to execute a contract on behalf of Wake County for this agreement. The motion passed unanimously.

10. [Consideration of Small Business Assistance](#)

Attachments: [Item Summary - Small Business Assistance 5-4-20.docx](#)
[Small Business Support COVID Funding 05012020 egl.pdf](#)

Commissioner Calabria introduced the Consideration of Small Business Assistance.

Ms. Emily Lucas, Chief Financial Officer, shared the agenda.

- Highlight federal, state, and local relief programs available to Wake County businesses impacted by COVID-19
- Discuss status of Wake County's CARES Act funding and eligible purposes
- Discuss need and purpose of funding a County business relief program
- Determine next steps on a proposed County business relief program

She shared the Federal Support for Small Business via CARES Act

- Highlight federal, state, and local relief programs available to Wake County businesses impacted by COVID-19
- Discuss status of Wake County's CARES Act funding and eligible purposes
- Discuss need and purpose of funding a County business relief program
- Determine next steps on a proposed County business relief program

She shared State Support for Small Business via Golden Leaf

- Rapid Recovery Loan Program for small businesses and family

farms

- Original funding of \$15 million, with additional \$125 million approved 5/2
- Program managed through the NC Rural Center
- Loan Provisions
 - Up to \$50,000 (or two months of revenue)
 - .25 percent interest for six months, then 48 months of principal + 5.5 percent interest
 - No prepayment penalties

She shared Small Business Support throughout Wake County

City of Raleigh

Approved \$1 million, to be used by Carolina Small Business Development Fund and Wake Tech Community College.

Town of Holly Springs

Matching up to \$15,000 in donations made to the Holly Springs Chamber of Commerce, to support small businesses.

Town of Apex

Approved \$1 million for the NC Rural Center's loan program, for businesses in town limits or ETJ.

Others

Fuquay-Varina, Garner, Wake Forest, and Zebulon utilizing local chambers of commerce and other organizations to raise funds.

She shared Wake County CARES Act Funding-Eligible Uses

- Wake County received approximately \$194 million from the federal government to cover expenses related to local response efforts
 - Includes expenses to “directly respond to the emergency” AND
 - “Second-order effects” including “economic support to those suffering from employment or business disruption...”
- County's first priority is to ensure funding supports direct COVID response (public health and safety) for duration of event
- Funding can be used to provide support to small businesses to reimburse the costs of business interruption caused by business closures
- County has asked Congress to allow these funds to be used for recovery of revenue losses caused by COVID-19, *not currently*

eligible

She shared CARES Act-Small Business Support

- Small business is defined by the SBA, but the County can be more specific/restrictive
- The business does not have to be completely closed to qualify
- A change in business activity as a result of COVID qualifies, but must be able to substantiate loss

As with the American Recovery and Reinvestment Act of 2009, the County expects federal guidance will change moving forward.

She shared NC General Statutes

- NC General Statutes do not allow local governments to offer grants, regardless of federal provisions of the CARES Act
- Local governments in NC can provide emergency loans
 - Allows the business to maintain operations when cash flow is disrupted
- Flexible loan terms allowed, including:
 - Initial deferral period and interest only period
 - Lengthy amortization/repayment period
 - Market-appropriate interest rates

She shared Proposed Wake County Small Business Support Program-\$5 million Investment

For Small Businesses

Use \$4 million to provide loans for small businesses.

For Independent Contractors

Use \$1 million to provide loans for sole proprietors.

Geographic Location

Business is located in Wake County (not just unincorporated areas) and is locally and independently owned.

Basic Eligibility Criteria

Business does not have open tax liens or judgements and has not filed for bankruptcy.

She shared county would seek partner (s) to administer program

- County needs expertise of third parties who regularly administer small business loans
 - Ability and capacity to start program quickly
 - Familiarity with federal and state business assistance programs
 - Expertise in determining and evaluating eligibility requirements
 - Ability to market program to a wide and diverse audience
 - Ability to appropriately collect and retain documentation
- Staff have been in discussions with community partners who could potentially administer program
 - Administrative costs will be covered by CARES Act funding

She shared Next Steps:

TODAY:

- Board provides feedback on the broad policy guidance

BY MAY 18:

- Staff receives clarification around federal and state requirements
- Staff negotiates with vendor(s) to administer program
- Staff and vendor(s) finalize program requirements

Commissioner Calabria thanked staff and County Manager Ellis for their work on this item. He said that small business are hurting due to COVID19. He said that Wake County has an opportunity to assist and to ensure that needs are met. He said that residents need to have jobs still available to them after the pandemic. He said that there are agencies that are available that can administer the program. Staff will work out eligibility parameters and award sizes and will bring those back to the board. He said that this is a team effort from the commissioners. He said that Commissioner Holmes is responsible for \$1 million in efforts that will help independent contractors and sole proprietors who have been especially hard hit. He said there are logistics that will need to be worked out moving forward.

Commissioner Holmes echoed Commissioner Calabria's comments. She thanked the commissioners for their support. She shared the difference between a loan and a grant. She said that small businesses can not afford to pay back a loan. She asked staff to inquire with the General Assembly for feedback for small businesses. She asked the chair to send a letter on behalf of the board to the General Assembly to support the small businesses. She said that 246 owners of barbershops and salons have signed a petition because of their need for assistance. She asked that vendors be sensitive and funds that will be given to businesses with the

greatest needs.

Commissioner West shared a conversation that he had with a small business owner. He said that this is a barrier society. He said that there is a constitutional barrier and includes people who have been left behind. He asked that emphasis be based on the needs of businesses that need help the most. He asked the board to look at local and small businesses to assist with funding.

Chairman Ford asked if the commissioners were in favor of Commissioner West's request that local businesses staff the administration of any funds that are being dispersed for this program.

Mr. Chris Dillon, Assistant to County Manager, said that Wake County has been working with the Chamber of Commerce and Raleigh Launch. He said that the General Assembly will not change the law to allow the county to administer small grants. The State has put \$125 million in a fund for small businesses statewide. He said that Wake County funds will help the groups that are not represented. He said an example is for the least of these.

Commissioner Hutchinson thanked the board for their collective efforts. He said this is a great effort for small businesses that have not been reached especially the restaurants. He asked to fast track with hiring an administrator so that funds can be administered.

Commissioner Evans thanked Commissioner Calabria and Holmes for their efforts on this project. She shared that she supports the fast track of the project so that small businesses can receive financial support. She is excited and pleased that everyone is on the same page for supporting these businesses.

Vice-Chair Adamson made comments about funding the CARES project. She said that tourism is fueled by our small businesses and that underscores the importance of helping them.

Commissioner Calabria said that he is in support of favorable terms and echoed Vice-Chair Adamson's points about the tourism and its impact for workers.

Commissioner Holmes thanked Mr. Dillon and Ms. Lucas for their assistance on this information. She said that the loans should be favorable and that interest should be low, and Staff's preference is grants. She requested that an outreach plan be in place to include Mr. Danya Perry, Equitable Economic Development Manager, Greater Raleigh Chamber of Commerce, one community small business owner, and staff from the

Communications Department.

Commissioner West said that part of the target audience will need assistance getting through the process.

Commissioner Hutchinson moved, seconded by Vice-Chair Adamson, that the Board of Commissioners discuss small business assistance at the request of Commissioner Matt Calabria.

Manager's Report

25. [COVID-19 Update](#)

Attachments: [Item Summary - COVID-19 Update 5-4-20.docx](#)
 [David Ellis - FINAL BOC Meeting PPT - 5.4.20 .pdf](#)

Mr. David Ellis, County Manager, thanked the board for the opportunity to update them on the county's COVID-19 response efforts to date and share the steps we plan to take moving forward. He said Wake County has more than 900 positive cases of COVID-19 in Wake County right now and while

that sounds like a lot, for a county of more than 1-million people, it could be much worse.

He said the reason the county is not seeing cases in the thousands is because our residents respected and followed our Stay-At-Home order, and now, they are doing the same for the Governor's Stay-At-Home order. He said it's not easy or fun, but it's necessary. He said because of our incredible residents, Wake County is faring far better than other counties of our size across the country.

Mr. Ellis shared the mitigation strategy that is currently in effect. He said a few weeks prior to issuing our Stay-At-Home order, the county changed the COVID-19 response strategy from containment to mitigation, because we had community spread of the virus. He said we remain in the mitigation phase today. With mitigation, testing and contact tracing are more focused on outbreaks among at-risk populations like residents of nursing homes and prisons than in the broad-based containment approach we executed early in the outbreak.

Mr. Ellis shared some of the steps taken during this mitigation phase include:

- Issuing our initial Stay-At-Home order on March 26;
- Working with hospitals to suspend elective surgeries, increase I-C-U capacity and prepare for a potential surge of COVID-19 cases;
- Increasing capacity among private healthcare providers and private labs to test for the virus;
- Decompressing shelters for those experiencing homelessness; and
- Conducting testing at congregant care sites.

He said our mitigation efforts have helped successfully slow the spread of the virus and allowed us to care for all those who were seriously ill.

He shared the results the county is seeing due to the mitigation efforts. He said our hospitalization rates have been stable and we haven't seen the huge spikes in the number of patients with the virus that the county saw in places like New York.

Mr. Ellis said through smart planning, hospitals have been able to handle their COVID-19 caseloads without having to call in extra staff and bring in additional equipment.

He said another data point that shows the county's success in slowing the spread of the virus is our daily rate of positive cases. He said while there are a few spikes on the graph, those align with the outbreaks of COVID-19 the county has seen at several long-term care facilities and the women's prison. He said even with these outbreaks, the county has kept the curve below the healthcare capacity threshold.

He said the final data point is the doubling rate. He said it has consistently lengthened over the past two months. He said in early March, the number of COVID-19 cases doubled every 3-4 days. Mr. Ellis said after we put restrictions in place, the rate lengthened and is now at more than 18 days. He said that's a big shift, and I'm proud of how hard we've all worked to achieve this goal.

Mr. Ellis shared the next steps and the state mitigation efforts. He said together, the county slowed the spread of the virus, and that has enabled Wake County to let our stay-at-home order expire and, instead, follow the Governor's Stay-At-Home order.

He said Governor Cooper has very clearly laid out a three-phase plan for reopening North Carolina. The first phase would allow residents to leave home to shop at any stores that are open, not just for the essentials. He said it would also enable parks to reopen, but the limitations on gatherings of more than 10 people and the restrictions on nursing homes and long-term care facilities would remain in effect.

Mr. Ellis said the second phase of reopening would take place at least 2-3 weeks after Phase one. It would lift the stay-at-home order, while strongly urging at-risk populations to continue staying home. He said it would also allow bars, restaurants and fitness centers to open on a limited basis, let places of worship open at a reduced capacity, and reopen playgrounds. He said restrictions would remain in place for nursing homes and long-term care facilities.

Mr. Ellis shared information on the third phase. He said it would occur at least 4-6 weeks after Phase two. It would allow for increased capacity at restaurants, bars, religious centers and entertainment venues, and further increase the size of gatherings. He said nursing homes and long-term care facilities would still be subject to restrictions.

Mr. Ellis said the county understands that residents want to move through these phases as quickly as possible, so they can get back to some kind of

“normal”, but these are tough times we’re facing. He said in the interest of public health and safety, the governor will base the shift from phase to phase on data. He said there are four sets of criteria that the state will use to make these important decisions in the days and weeks ahead. The criteria will be measured 14-day periods.

Mr. Ellis shared the Governor’s trajectory of the criteria.

- Cases with COVID-like symptoms;
- Positive COVID-19 cases confirmed each day by a lab;
- The percentage of tests that were positive out of all tests administered; and
- The hospitalizations of COVID-19-positive patients.

Mr. Ellis said in each of these four areas, the state will not move from one phase to the next until it sees a 14-day downward trend or a sustained leveling off. The data the state will use in these measures represents a statewide picture.

Mr. Ellis said at this point, the county does not know when the state will shift to phase one. He said the county is waiting on concrete guidance from the Governor and his COVID-19 team. Mr. Ellis said the Governor mentioned during his press conference today that the shift to Phase one could happen as early as this weekend, but that is not set in stone yet.

Mr. Ellis shared the steps the county is taking to be prepared for reopening when the Governor gives the approval. He said while the state is monitoring those four data points for all 100 counties, we’ll be monitoring the same measures for just Wake County. He said this way, the county can detect any upward trends in our community, which would inform any corrective actions to be considered. Mr. Ellis said the county can always add *more* restrictions than the state, but we cannot be *less* restrictive. He said we use data to guide our decision-making process, so the county can do what’s best for the health and safety of our 1.1-million residents.

Mr. Ellis shared a chart of the the trajectory of cases in Wake County with COVID-like symptoms. He said we would like to see it continuing to trend downward as it has been from April 16-30 or at least leveling out for a long period of time.

He shared a graph of the trajectory of positive COVID-19 cases each day

in Wake County that are confirmed by a lab. From April 16-30, the yellow line is ascending. Mr. Ellis said it is important to flip that and see that trend decreasing over a 14-day window or leveling out substantially.

Mr. Ellis said out of all the tests given for the virus, the county is looking at the percentage that were positive. From April 16-30, the percentage has risen steadily in Wake County. We want that trend to reverse and instead, we'd like to see the yellow line track downwards.

Mr. Ellis said criteria #4 looks at the number of hospitalizations of COVID-19-positive patients in Wake County. Our trajectory from April 16 to April 30 shows a steady, flat trend. The county would like that to continue or even more preferable, decrease. He said It's important to remember that staff uses all these indicators to give us a fuller picture of the COVID-19 situation in our community. He said the county supplement these critical data points with additional information from outside sources to further inform the decisions we make.

Mr. Ellis said an example of that is our Emergency Operations Center and the monitoring they are doing. He said the EOC is monitoring a social distancing index provided by the Maryland Transportation Institute; EMS clinical impression data of flu-like illnesses; and Emergency calls coming into our 9-1-1 call center associated with the pandemic.

Mr. Ellis said as the county watches all these indicators, we can adjust the restrictions in place if we see big jumps in the wrong direction to control the spread of the virus and keep our community safe. He said the county is also working to meet several capacity requirements before we can shift from a mitigation strategy back to a containment strategy.

Mr. Ellis said before we could begin widespread testing, we must have the following needs met:

- The ability to test 3% of our population;
- The staff and training needed to conduct contact tracing; and
- A 30-day supply of P-P-E.

He shared information on the increased testing capacity. He said this is important, because as Governor Cooper talks about reopening North Carolina, he says it must include expanded testing for the virus and that rings true for Wake County, as well. He said the Emergency Operations Center has developed a COVID-19 testing capacity expansion plan. It says the EOC will work with 4 labs to achieve the recommended goal of testing more than 1,100 people per day or 3 percent of our population. He said the

four labs the EOC is using are NC State Public Health Lab, LabCorp, and two contractors - Vero Diagnostics and Aspirar Diagnostics - both of which are located here in Wake County.

Mr. Ellis said each one of these labs offers test kits for the county to use, and they add up to 2,600 per day, which is a big change from the beginning of the outbreak when the county had a tough time getting access to more than a *dozen* test kits a day. He said in addition to what the labs can offer, the county also has 4,000 test kits of its own, which were assembled and are holding at the Aspirar lab. He said from a test kit and processing perspective, the county is in good shape and have the capacity we need locally to get the recommended number of tests administered and processed daily. He said the county does not yet have the staff assigned to conduct those tests, but we're working on that process.

He shared information on the increased Tracing/Monitoring Capacity. He said before the county can start widespread testing, the county also has to make sure we have the staff available to do the contact tracing and monitoring of the residents who test positive for COVID-19. He said the EOC staff developed a plan for this, which lists the facility space, equipment and staff we will need to support this expanded effort. It also includes job descriptions for the positions that will oversee the contact tracing teams to make sure we fill those roles with people who have the right skills to get the job done.

Mr. Ellis said the EOC is also developing a training curriculum for the county employees and municipal partner volunteers who will conduct the contact tracing, so they'll know exactly what to do once they step into this role. He said initially, staff will train a minimum of 100 new contact tracers, but the county will have the ability to scale up from there if needed. He said our county librarians will fill those first 100 contact tracing roles. He said with the libraries closed right now, this is an excellent use of their skills, and appreciated.

Mr. Ellis shared information on the availability of Personal Protective Equipment (PPE). The EOC has worked hard since it activated in March to target purchasing a 6-month supply to prepare us for the worst-case scenario. He said to date, the county placed orders to hit that inventory goal, and shipments are starting to come in. For example, the county received all the face shields we ordered, and on Friday, 40,000 certified N-95 masks came in, which is great. He said the county is having problems getting isolation gowns and gloves, because the demand is high, and the supply is low but, we continue every day to try to close the inventory gap on these items. Mr. Ellis said as supplies come in, we provide them to Wake County first responders and our municipal partners, as needed.

Mr. Ellis said despite our success with increasing our stockpiles in most areas, the county still follow a strict conservation plan to ensure the county does not use supply too quickly. Since none of us knows how long this will last, it's prudent to be cautious and make every effort to preserve the PPE the county have in case we can't get more in the future. He said one of the innovative ways we're doing that is through a joint effort with Wake County Public Schools. They're letting us borrow the ultraviolet light cabinets from their middle and high school science labs, where they're used to sterilize students' safety goggles.

He said the county installed them in 42 locations, mainly EMS and fire stations across the county, so our first responders can easily use them to disinfect their masks. Mr. Ellis said this approach will extend the life of the N-95 masks by 5 uses.

Mr. Ellis said another innovative tactic the county has taken is in hiring a local business to sew new straps on thousands of old N-95 masks the county had in storage in our warehouse. The elastic would break when first responders tried to put them on, but with new straps, they're fully functional and ready to deploy. He said not only does this bolster the county's stock of masks, but it's also boosting the bottom line of a small Wake County business that originally thought it was going to have to lay-off employees. Now those employees have plenty of work and a steady income, a true win-win. He said with all these pieces coming together, we will be ready to ramp up testing to a much larger scale as we move into the phases of reopening the county.

He shared what is being done to provide shelter for people experiencing homelessness. He said the county is still learning a lot about COVID-19, but one thing that is known - you can't abide by a Stay-At-Home order if you don't have a home. He said we're keenly aware of the challenges our homeless community is facing during this difficult time, which is why we're taking special measures to help them. He shared the measures the EOC are taking.

- The EOC is operating 3 hotels that serve as alternative housing sites for people experiencing homelessness.
- One hotel is for those who test positive for COVID-19 or are awaiting test results.
 - 51 people have used it, since it opened.
 - 6 of them were positive for the virus.

- Only 3 people are housed there right now.

Mr. Ellis said the remaining 2 hotels are for homeless people who are not showing the common symptoms associated with the virus, but have significant health issues that put them at higher risk of serious illness if they contract COVID-19.

- 214 people have used these sites, since they opened.
- None of them was positive for the virus.
- 141 people are currently housed there.

He said the services that they're receiving include: access to nursing care and telemedicine, behavioral health resources from 6 different partner agencies, substance use services through Healing Transitions, and case management through WakeMed for those who don't already have a case manager. Mr. Ellis said the county has also identified 3 additional sites to house the high-risk population, if needed. Our approach to serving this population not only helps protect homeless residents from COVID-19, but it also helps prevent the virus from spreading through the community, which is good for all citizens.

Mr. Ellis said using hotels for short-term alternative housing works well, but it is not a sustainable, long-term solution for homeless residents impacted by the pandemic. Our Affordable Housing and Community Revitalization Department is finalizing a plan to address this need, using funding from the CARES ACT. He said once it's ready, we'll share this plan.

Mr. Ellis said information on effective communications and public Outreach. He said from what I've discussed this evening, there has been a lot to talk about lately with residents, stakeholders, and the media. This has kept the Communications Office very busy! He said just like the county uses data to measure the success of our COVID-19 response, the county also uses it to measure the effectiveness of our efforts to inform the public. Since the beginning of March, the communications team has sent 61 news releases about COVID-19 alone. That's roughly twice as many as would be sent normally.

Mr. Ellis said those news releases resulted in more than 1,900 stories in local, state and national media outlets, ranging from WRAL and the N&O to Nightline, The New York Times and The Huffington Post. Those stories reached 17.7 million people and had a combined paid media value of \$1.23 million dollars. In order to write those stories, reporters asked

questions and requested interviews, which our communications team handled. He said in March and April, they responded to more than 200 media inquiries related to COVID-19 - that's 4 times as many as usual.

Mr. Ellis said under their leadership, the county's main social media channels also saw historic gains in followership and engagement over the past two months. On Twitter, staff sent 740 tweets; added nearly 4,000 new followers and garnered nearly 3.7 million impressions. On Facebook, staff posted 171 messages; added nearly 4,700 new followers and reached almost 1 million people. He said they also used video to reach our residents in March and April. Nearly 34,000 people viewed our census profile videos and the "Story Time Any Time" videos, which offer the library's popular story time program to children and parents digitally.

Mr. Ellis said he is shooting a video this week with Human Services Director, Regina Petteway, targeting faith-based communities to help them prepare for the eventual easing of restrictions, so when the time comes to open their doors again, they'll be ready. Finally, in March alone, our website, wakegov.com, had more than 1.9 million pageviews. That's a 34 percent increase over the previous month. It's no surprise that our special COVID-19 webpage was the most popular page on the site. He said as you can see, we're effectively using all our channels to get messages out to our key audiences, and they're finding them valuable.

Mr. Ellis said to further enhance the communications strategy, the communications team is preparing to launch a multi-lingual public outreach effort to ensure our non-English speaking residents and minority communities are informed about our COVID-19 response. They've already translated the COVID-19 website into the 10 most commonly spoken languages in Wake County, which include Spanish, Hindi and Vietnamese. He said they're in the process of creating a tool kit to provide to organizations in these communities. It will include fact sheets, graphics and other resources translated into their native languages, so they can easily share the information in newsletters, on their websites or on social media. He said as part of this plan, our communications team will also do paid advertising in specialized media outlets like Que Pasa and The Carolinian to reach specific communities who may not get our messages through mainstream media. He said overall, it should be an effective and efficient way to empower these communities to share important health and safety information about COVID-19 amongst family and friends.

Mr. Ellis said in conclusion, our response to the global pandemic is deep and wide. Today marks our 62nd day of EOC activation, and the county does not know how many days are ahead before those operations can be ceased. What we do know is we continue to work very hard to put Wake County in the best position possible to respond to this COVID-19 crisis. He

said staff are developing good metrics to help the county monitor the situation and make the best decisions for the county. The county is adapting to the constant changes that come with this virus, responding to outbreaks accordingly, and planning ahead for a phased reopening. He said the county is committed to continuing to communicate with our residents, stakeholders and the media, as well as the board.

Mr. Ellis said because of the dedication of Team Wake and our partners, we will get through this together.

Chairman Ford thanked Manager Ellis and Team Wake for their hard work. He said that it is comforting to know that Wake County is being led by a professional person in Manager Ellis.

26. [2020 Census Update](#)

Attachments: [Item Summary.docx](#)
 [Census Update Presentation 5-4-20.pdf](#)

Mr. Tim Maloney, Planning, Development, and Inspections Director, shared the 2020 Census Update

He shared that Wake is now the largest county in NC with 1.1+ million people to be accounted for in the 2020 Census.

He shared the 2020 Census is Underway and shared several easy ways you can respond.

“It has never been easier to respond on your own, whether online, over the phone or by mail - all without having to meet a census taker”

1. Online at 2020census.gov
2. By mail with paper questionnaire
3. By phone at 844-330-2020 (English)
 - 16 phone lines in other languages
 - Spanish language 844-469-2020
 - Telephone Display Device (TDD) 844-467-2020

He shared Why the Census is important.

- Provides a basis for distributing more than \$675B in federal funds annually to states and local communities
- Impacts housing, education, transportation, employment, health care and public policy
- Determines congressional seats

He shared U.S Census Adjustments due to COVID-19.

- U.S. Census Adjustments due to COVID-19
- U.S. Census field activities have been suspended and will resume June 1, 2020
- Self response phase extended to October 31 previously was (July 31)
- Delivery of each state's population total to the President is now April 30, 2021 previously was (December 31)
- Redistricting counts to each state has been moved to July 31, 2021 previously was (April 1, 2021)

He shared Key Causes Message Amid COVID-19.

- As we respond to the spread of the coronavirus in our community, it becomes even *more* important to have a complete count in the 2020 Census
- It is thanks to past census data that we have the health infrastructure that is in place today
- North Carolina receives billions of dollars in federal funding each year for programs like Medicaid, Medicare, child health insurance, and nutrition assistance
- Census data will help us in the future as we work to recover from the impacts of this crisis

He shared Wake County's Efforts.

- Targeted social media pushes
- Produced "Faces of the Census" videos
- Using the Library's online "Storytime" to promote the census
- Sent a reminder postcard to over 70K households in typically hard to count census blocks
- Census Activity Resources for Youth at Meal Distribution Sites
- \$5,000 Census Rapid Response Grant
- Wake County response rate App

He shared Census Challenges.

- Encouraging response challenges among our municipal partners
- Instagram Challenge
- TJCOG Challenge between Wake, Durham and Orange counties

He shared Challenge from Mecklenburg County encouraging their citizens.

He shared a chart Response by Jurisdiction. He shared the Response Rate by Census Tract.

Chairman Ford thanked Mr. Maloney for the presentation. Commissioner Holmes thanked Vice-Chair Adamson for her work on the census.

Vice-Chair Adamson thanked staff for their work on the Census project. She said that goal is 82 percent, and that in the last census it had been 79 percent. She said that FEMA is based on the census count and the Census count brings money to Wake County.

No other business.

Closed Session

Attorney Scott Warren said the motion for closed session was to receive advice from the County Attorney regarding Industrial Commission file number 17-045766 pursuant to NCGS 143-318 11 (a) 3.

Commissioner Calabria moved, seconded by Vice-Chair Adamson, to go into closed session. The motion passed unanimously.

The meeting went into recess, then the meeting reconvened.

Commissioner Evans moved, seconded by Vice-Chair Adamson, that the board approve a settlement in Industrial Commission file number 17-045766 in the amount of \$125,000 subject to terms and conditions acceptable to the County Attorney. The motion passed unanimously.

Adjourn

Vice-Chair Adamson moved, seconded by Commissioner Calabria, to adjourn the meeting. The motion passed unanimously.

Respectfully submitted,

Yvonne Gilyard, NCCCC

Memorandum of Understanding with the Wake County Board of Education for Potential Co-Location of a Wake County EMS Station on the Timber Drive Elementary School Site in Garner, NC

That the Board of Commissioners authorizes the Chairman of the Wake County Board of Commissioners to execute a Memorandum of Understanding with the Wake County Board of Education to study the potential co-location of a Wake County EMS Station on the Timber Drive Elementary School site subject to conditions acceptable to the County Attorney.

Item Title: Memorandum of Understanding with the Wake County Board of Education for Potential Co-Location of a Wake County EMS Station on the Timber Drive Elementary School Site in Garner, NC

Specific Action Requested:

That the Board of Commissioners authorizes the Chairman of the Wake County Board of Commissioners to execute a Memorandum of Understanding with the Wake County Board of Education to study the potential co-location of a Wake County EMS Station on the Timber Drive Elementary School site subject to conditions acceptable to the County Attorney.

Item Summary:

Purpose	The Board of Commissioners must approve entering into a Memorandum of Understanding Agreement with the Wake County Board of Education.
Background	<p>Two factors require the County to study new EMS facilities in Garner. First, Garner Fire Department will eventually need to use the station space presently occupied by a Wake County EMS unit. And second, call volume trends show additional EMS units will be needed in Garner.</p> <p>In 2008, the Wake County Department of Emergency Medical Services ("EMS") established a Master Plan for EMS Stations that includes co-location of emergency response stations. Preliminary analysis and discussions with Town of Garner and WCPSS staff suggest locating an EMS station by Timber Drive Elementary could be an optimal long-term site. This Board action commits the County and school system to study locating an EMS station by the school.</p>
Board Goal	This action supports standard County operations.
Fiscal Impact	Funds are included in the current CIP for this study, and funding is proposed in the CIP for design and construction of the referenced EMS station in FY 2022 and FY 2023.

Additional Information:

Wake County EMS currently operates an EMS resource in Garner that is co-located within Garner Fire Station #1 at 501 W. Main Street in Garner. However, the Town of Garner has a need to expand the operations of Fire Station #1 into the space currently occupied by Wake County EMS. Increasing population and call volume necessitates the need to build a new EMS station to provide service for this part of Garner.

Based on call volumes and response time metrics, a site search concluded that the area around Timber Drive Elementary School in Garner would provide an ideal location for a

new EMS station. Following a preliminary site analysis and discussions with Wake County School System staff, it was discovered that the Timber Drive Elementary School campus does actually have space on its property for the development of a new EMS station.

This is a prime site for a new EMS station and would ensure Wake County EMS is well positioned to meet the established need for efficient delivery of EMS services to the community. This site is located at 1601 Timber Drive, Garner, NC 27529, Wake County PIN 1700-76-815.

In addition, this location has the required area to accommodate construction of a new Regional EMS prototype, which is being established not only as a base of operations for the units and personnel deployed there, but also to provide expanded medical storage, oxygen inventory and dedicated space for on-duty training. EMS units throughout the region will be able to use this station as a hub for many services and activities, rather than having to return to one centralized location, which is becoming problematic with continued population growth.

A feasibility study will be initiated by County staff, comprised of various investigative activities including surveying, site analysis studies, development of conceptual site and

architectural plans, preliminary site plan approval from the Town of Garner and other activities necessary to evaluate, plan and design the development of a portion of the property for the proposed EMS Station.

If the feasibility study confirms that the site is favorable for development of an EMS station and the Parties determine that it is feasible to jointly proceed with this co-location project, the County will then prepare a ground lease document that lists the terms and conditions for the County's proposed development and will identify the newly created leasehold parcel derived from the parent tract for the project. This ground lease will then be brought forward for approval and execution by each Board prior to the end of the term of this MOU. Approval of the ground lease will then allow for final project design and construction of an EMS Station on this site in the FY 2022-2023 timeframe.

Item Title: Approval of 2020-2025 Wake County Consolidated Plan, 2020-2025 Analysis of Impediments to Fair Housing Choice, and 2020 Citizen Participation Plan

Specific Action Requested:
That the Board of Commissioners:

- 1. Approves the 2020-2025 Wake County Consolidated Plan, 2020-2025 Analysis of Impediments to Fair Housing Choice, 2020 Citizen Participation Plan; and**
- 2. Authorizes the Chair to sign documents necessary to submit to HUD and to carry out activities described in the plans.**

Item Summary:

Purpose The Consolidated Plan, Analysis of Impediments to Fair Housing Choice, and Citizen Participation Plan are required by the U.S. Department of Housing and Urban Development (HUD) for Wake County to receive Federal grant funds.

Background The 2020-2025 Wake County Consolidated Plan (Plan) is a five-year plan identifying affordable housing, homeless services and community development needs of low- and moderate-income families in Wake County. The Consolidated Plan includes a 2020-2021 Action Plan describing the use of Federal funds to address the identified needs in the Plan, for the 2020-2021 program year (July 1, 2020 to June 30, 2021).

Two required HUD documents have been updated and amended in association with the Consolidated Plan, the Citizen Participation Plan and the Analysis of Impediments to Fair Housing Choice. The Citizen Participation Plan describes the process and methods by which citizen input is received, while the Analysis of Impediments identifies potential barriers to housing choice.

Board Goal This Board action supports housing affordability initiatives in the Social and Economic Vitality goal area.

Fiscal Impact Over the next five years, Wake County estimates total allocations of approximately \$2.5 million in Federal funds to assist with housing affordability and community development needs in the Special Revenue Fund for Housing. Federal grants will be leveraged by County funds to implement program activities described in the Consolidated Plan. The appropriation of these funds will occur through Wake County's annual budget process.

Additional Information:

Citizen participation is a requirement in the process of development of the Consolidated Plan. Public comments were received at two public hearings and during a 30-day draft comment period were considered as staff prepared the plan. Staff held several meetings with community groups and partner agencies and held four public meetings throughout Wake County to gather input from residents.

The 2020-2025 Wake County Consolidated Plan will be implemented by the Department of Housing Affordability and Community Revitalization (HACR) and community partners using a combination of federal and local funds. The Consolidated Plan, Analysis of Impediments and Citizen Participation Plan are intended to satisfy federal regulatory requirements and support overarching planning documents for the HACR Department. These documents do not regulate County funding for affordable housing; however, County funding is used to match funding, fill gaps in funding, and enhance programs described in plans.

In addition, these plans are not intended to be comprehensive lists of housing and homeless programs offered by the HACR Department; they only describe those programs funded through the four federal funding sources described below.

Community Development Block Grant (CDBG) – The CDBG program was created by HUD for the purposes of providing decent affordable housing, creating suitable living environments, and expanding economic opportunities for low and moderate-income households (households with total income of less than 80% of the area median income as defined by HUD). CDBG funds can be used for a wide range of housing and community development activities. These include acquisition for affordable housing, housing rehabilitation, homeownership activities, public infrastructure and facilities, and public services.

HOME Investment Partnerships Program (HOME) – The HOME Investment Partnerships Program (HOME) provides formula grants to States and localities that communities use - often in partnership with local nonprofit groups - to fund a wide range of activities including building, buying, and/or rehabilitating affordable housing for rent or homeownership or providing direct rental assistance to low-income people. HOME is the largest Federal block grant to state and local governments designed exclusively to create affordable housing for low-income households. The HOME grant requires a 25% matching contribution from a local funding source. Wake County's 2020-2021 match requirement is \$2,128,250.

Housing Opportunities for Persons with AIDS (HOPWA) – The HOPWA program is the only Federal program dedicated to addressing the specific needs of persons living with HIV/AIDS and their families by providing funds for housing, including short and long-term rental assistance, and a wide range of support services, including case management.

Emergency Solutions Grant (ESG) – The ESG program focuses on assisting people to quickly regain stability in permanent housing after experiencing a housing crisis and/or

homelessness. Wake County utilizes ESG funds to provide homelessness prevention services and direct assistance to stabilize someone at risk of losing housing.

The 2020-2025 Consolidated Plan and 2020-2021 Annual Action Plan are intended to satisfy the HUD public engagement and planning regulatory requirements to receive Federal grant funding.

Based on citizen participation and outreach, and data analysis, the following priority populations and goals have been identified:

Priority Populations

1. Households earning 50% or less of the area median income and/or vulnerable populations experiencing homelessness or at-risk of homelessness
2. Households earning 51-60% of the area median income and/or vulnerable populations not experiencing homelessness
3. Households earning 61-80% of the area median income

Priority Goals

1. Increase & Preserve Affordable Housing
2. Address Barriers to Housing Affordability
3. Support Vulnerable Populations & Communities

The 2020-2025 Consolidated Plan and 2020-2021 Annual Action Plan outline programs which utilize the anticipated Federal grant and local funding resources to support the priority populations and goals. The tables below illustrate the proposed programs, 1-year and 5-year budgets:

ESG Homelessness Prevention	181,772	908,860
Total	\$ 181,772	\$ 908,860

In addition, the amended 2020 Citizen Participation Plan will include modifications and waivers due to the COVID-19 crisis as allowed through the Coronavirus Aid, Relief, and Economic Security (CARES) Act. These modifications and waivers include virtual public hearings, reduced public comment periods, and expedited substantial amendment processes. These waivers made available by HUD, will allow Wake County to effectively and expeditiously respond to the community needs.

Executive Summary

ES-05 Executive Summary – 24 CFR 91.200(c), 91.220(b)

1. Introduction

Wake County Housing Affordability and Community Revitalization (HACR) Department's 2020-2025 Consolidated Plan will address HACR's goals including increasing and preserving affordable housing, addressing policy barriers to housing affordability, and supporting vulnerable populations and communities. The Priority populations were determined through our extensive Citizen Participation process, and are as follows:

Priority One

- Households earning 50% or less of the area median income
- Vulnerable populations experiencing homelessness or at-risk of homelessness

Priority Two

- Households earning 51-60% of the area median income
- Vulnerable populations not experiencing homelessness

Priority Three

- Households earning 61-80% of the area median income

Grants from the U.S. Department of Housing and Urban Development (HUD) include the HOME Investment Partnerships grant (HOME), the Community Development Block Grant (CDBG), Emergency Solutions Grant (ESG) and the Housing Opportunities for Persons with AIDS grant (HOPWA).

2. Summary of the objectives and outcomes identified in the Plan Needs Assessment Overview

Over the next five years, there are three main objectives in the Plan. The first is to increase and preserve affordable housing; the second is to reduce barriers to affordable housing; and the third is to provide support for vulnerable populations and communities.

Outcomes for the first goals are affordable housing development and preservation includes programs to assist low-to-moderate income households or developers targeting those households with home

construction, rehabilitation and purchase activities. It also includes programs to create new or preserve existing affordable housing.

Outcomes for the second goal are addressing policy, regulatory and market barriers to housing affordability through providing technical assistance to local municipalities and broader community to understand effect on housing affordability. This includes planning, administration and fair housing activities. May also include activities to assist special needs populations with barriers to economic opportunity or affordable housing such as employment training.

Outcomes for the third goal are to sustain and leverage support for vulnerable populations and communities through programs that prevent and assist those experiencing homelessness, provide neighborhood revitalization, and permanent supportive housing including supportive services.

3. Evaluation of past performance

Our past performance has shown success in meeting or surpassing our goals and being able to assist many low-moderate income households throughout Wake County. Thus, in choosing goals and projects for the next five years, we will implement a combination of the same types of projects and while introducing several new programs to address new needs.

We will continue projects such as affordable housing development, housing rehabilitation, public facilities and improvements, rental assistance, rental assistance for youth aging out of foster care, and a Multi-Services Center for the homeless and job training for homeless men.

In addition, new goals and projects reflect needs that were heard throughout the community during this Consolidated Plan cycle. These are a preservation warning system to provide data and advance warning of units needing continued affordability, an acquisition and preservation fund for increased power to acquire property for affordable housing, WakePrevent, a homelessness prevention program that helps households avoid entering homelessness.

4. Summary of citizen participation process and consultation process

28 stakeholder group meetings throughout the County and two public hearings were held in order to hear the needs of different citizens in all parts of Wake County. The County presented at meetings in partnership with the City of Raleigh, wherein the data is relevant and applicable to both jurisdictions. The results directly impacted goal-setting because the feedback revealed the most common and most pressing needs which then determined the priority populations to serve and the types of programs to implement with future Wake County funding.

5. Summary of public comments

The summary of public comments include feedback on various topics of need including:

- Wrap-around services: Health & Safety; Services; Case Management
- Policy Changes: Land Use, Housing, Regional
- Transportation and Infrastructure
- Housing Assistance
- More Affordable Units
- Increased Living Costs
- Agency Coordination and Capacity
- Landlords
- Job Training and Economic Opportunity
- Preservation and Rehabilitation
- Supportive Housing
- Fair Housing
- Homeownership
- Neighborhood Revitalization

Populations with high priority needs that were mentioned include:

- Homelessness
- Criminal Background
- Seniors/Elderly
- Households near homelessness
- People with disabilities
- Veterans
- Young Adults
- LGBTQ
- Immigrants

6. Summary of comments or views not accepted and the reasons for not accepting them

All comments were accepted.

7. Summary

The 2020-2025 Consolidated Plan is the culmination of an extensive meeting, public participation, and consultation process, and the evaluation of successful past programs. As discussed in the paragraphs above, the Goals and Objectives are a combination of previous project types and several new programs. Wake County Housing looks forward to addressing the needs of our low-moderate income citizens, with a housing focus on our priorities populations:

Priority One

- Individual/Families at or below 50% AMI
- Vulnerable populations experiencing or at-risk of homelessness

Priority Two

- Individual/Families at or between 51-60% AMI
- Vulnerable populations not experiencing homelessness

Priority Three

- Individual/Families at or between 61-80% AMI

1. Introduction

Many consultations were held in preparation of this Consolidated Plan, some in partnership with the City of Raleigh, wherein the data is relevant and applicable to both jurisdictions. The consultations are identified in the checklist below, and revealed data and needs about different populations.

Provide a concise summary of the jurisdiction's activities to enhance coordination between public and assisted housing providers and private and governmental health, mental health and service agencies (91.215(I)).

Wake County Housing Affordability and Community Revitalization staff coordinates efforts and aligns resources with the City of Raleigh, the Town of Cary and two Housing Authorities. For example, in the past year we formed a Consortium to prepare a Regional Analysis of Impediments to Fair Housing Choice document.

The County has partnered with the Raleigh Housing Authority to provide Ready to Rent classes. Applicants who partake in the class will receive points to be moved up the HCV waiting list and will have learned strategies to successfully maintain their housing and be a good tenant. Wake County is partnering with the Housing Authority of the County of Wake (HACW), the Veterans Administration, and community partners to effectively end veterans homelessness by 2021. Staff lead a veterans working group to align resources including HUD VASH, case management, rental assistance, and other community resources.

The Wake County Housing Affordability and Community Revitalization Department and Public Health Division of the Human Services Department coordinate efforts to work in tandem on the HOPWA grant. Public health Division case managers see clients that we assist with financial and other HOPWA eligible resources. In addition, we refer clients to Alliance Health, which manages care of mental health, intellectual and developmental disabilities, and substance use disorders for Wake County. These clients may be on Permanent Housing and Supportive Services (PHSS) vouchers through Wake County, or may be staying in funded units. PHSS clients also access their primary healthcare at Wakebrook. The WakeBrook Primary Care Office provides comprehensive longitudinal outpatient primary care to patients with serious mental illness. They work in an integrated way with the patients' behavioral health teams, community resources and sub-specialists to assure the highest quality care. They provide acute, chronic, and preventive health services to adolescents and adults and engage the patient, family, and/or significant others in treatment. Patients are referred to Wakebrook from behavioral health teams, from area hospitals, and from other community agencies.

We work with over thirty agencies in the Partnership to End Homelessness, a local collaborative applicant for the Continuum of Care, to coordinate housing and supportive services for all populations at risk of or experiencing homelessness in Wake County. We work directly with Oak

City Cares a services center that connects individuals and families at risk of, or currently experiencing, homelessness to coordinated services that help direct people to stable housing

Describe coordination with the Continuum of Care and efforts to address the needs of homeless persons (particularly chronically homeless individuals and families, families with children, veterans, and unaccompanied youth) and persons at risk of homelessness

The local CoC collaborative applicant holds full membership meetings bi-monthly and representatives from the County, City of Raleigh, Town of Cary, the two Housing Authorities, Public Schools, and over 30 agencies attend these meetings. To address the needs of homeless persons and persons at risk of homelessness, each entity shares updates, and committees discuss ways to enhance coordination, identify gaps in services, and work toward solutions. In addition, the Wake County Housing Director is on the Board of the CoC Lead Applicant. Both the City and the County provide operational funding to support and ensure coordination of services to address the needs of those experiencing homelessness.

The CoC implemented and is continuing to refine the coordinated entry process to improve the delivery of housing and crisis response services for people experiencing homelessness or at imminent risk of homelessness. A significant result of coordination with the CoC is the new Oak City Cares, which opened in April and is the main entrance point for people at risk or experiencing homelessness. Intake, assessment, services, and referrals are provided to those who present there and staff work to prioritize people according to need based on the assessment. There are also seven other access sites throughout the County where residents can receive the same services.

The CoC has set forth a standard that all permanent supportive housing programs will provide safe, affordable permanent housing that meets participants' needs in accordance with Coordinated Entry Policies and Procedures. PSH programs will pair permanent housing with intensive case management services to participants to ensure long-term housing stability. Programs will prioritize turnover beds for higher needs clients as described below:

- Agencies will hold turnover beds open for a period of 15 days while receiving a referral from the Coordinated Entry By Name List
- Search methods can include consulting existing waiting lists and coordinated assessment information, polling community partners and/or any other methods currently in practice Agencies will make efforts to help clients who are chronically homeless address program requirement barriers that might otherwise exclude them from qualifying
- If chronically homeless cannot be found within the 15-day time period, the turnover bed will be filled by the normal agency process

- Agencies are encouraged to use the sample form below for documentation until coordinated assessment implementation PSH beds will be filled in compliance with HUD Notice CPD-14-012 on Prioritizing Persons Experiencing Chronic Homelessness

To reduce veteran homelessness, Wake County, the City of Raleigh, and the Continuum of Care joined the Mayor's Challenge effort to end veteran homelessness. The task force aligns with a national movement to reach a point where there are no veterans sleeping on our streets and every veteran has access to permanent housing. Should veterans become homeless or be at risk of becoming homeless, our community will have the capacity to quickly connect them. Toward this effort, Wake County has:

- Established a preference for veterans at South Wilmington Street Center and use one of the dormitories to house all veterans;
- Adopted a services model that provides intensive case management services assigning staff at 1:20 ratio; moving away from the group/class instruction model currently used at South Wilmington Street Center
- Established and funded a Veteran Services Officer position assigned to provide leadership in the community-wide initiative as well as provide case management services in the SWSC Veterans dormitory; and
- Established 10 new Wake County Rental Assistance Vouchers to provide permanent supportive housing for veterans.

Describe consultation with the Continuum(s) of Care that serves the jurisdiction's area in determining how to allocate ESG funds, develop performance standards and evaluate outcomes, and develop funding, policies and procedures for the administration of HMIS

Wake County Housing Affordability and Community Revitalization staff consulted with the Continuum of Care (CoC) at one of its bi-monthly meetings to receive input for the Emergency Solutions Grant (ESG) received directly from HUD. The CoC, local homeless service agencies and the City of Raleigh were consulted on the proposed usage of ESG funds to create a comprehensive prevention program, targeting citizens who are at imminent risk of losing their housing and becoming homeless. Engagement and data from the Homeless Management Information System (HMIS) also identified homelessness prevention as a critical community need.

In addition, ESG funds also come to the region through an allocation to the City of Raleigh. The City of Raleigh partnered with Wake County to issue a joint request for proposals for Housing and Homeless Assistance funds. Both the City and the County work collaboratively to allocate funding based on agreed upon community priorities that have been endorsed by the CoC including Rapid Rehousing, Street Outreach, and Emergency Shelter. Wake County actively participated in the taskforce that developed performance standards for the CoC. Wake County participates in North Carolina's statewide implementation of HMIS and the local implementation of Coordinated Entry. The CoC adopted the System Performance Measures outlined by HUD.

Agencies of the COC can also apply directly for ESG funds allocated to the State of North Carolina.

2. Describe Agencies, groups, organizations and others who participated in the process and describe the jurisdictions consultations with housing, social service agencies and other entities

All agency types were consulted.

Other local/regional/state/federal planning efforts considered when preparing the Plan

Name of Plan	Lead Organization	How do the goals of your Strategic Plan overlap with the goals of each plan?
Continuum of Care	Partnership to End Homelessness	Our goals for ending homelessness were developed in conjunction with the Continuum of Care (CoC).
Wake County Affordable Housing Plan	Wake County Government and Affordable Housing Plan Steering Committee	The goals of our Strategic Plan are consistent with the goals of the Wake County Affordable Housing Plan. These goals include developing and preserving affordable housing, assisting people experiencing homelessness and prevention of homelessness, creating more permanent supportive housing, and working with our partner municipalities to further affordable housing development and community revitalization.
Town of Cary	Town of Cary	We have similar goals: The Town of Cary is part of our HOME entitlement, and we often partner on affordable housing development in the Town of Cary. Cary receives its own CDBG funding, which the Town uses to address the needs of low-moderate residents of Cary.
City of Raleigh	City of Raleigh	We have similar goals to Raleigh's regarding affordable housing development and preservation, and often partner on affordable housing development located within the City of Raleigh. In addition, like Wake County, Raleigh is interested in preserving and developing affordable housing near transit stops identified in the forthcoming transit plan. Finally, Raleigh is a significant partner in the new Oak City Center, the multi services and intake center that opened on April 8, 2019.
Community Health Needs Assessment	Wake County Human Services Public Health Division	This study identified addressing housing and homelessness as goals for the West Service Zone of the County. These areas lack affordable housing but are communities of opportunity, and the Department of Housing is looking to partner with the towns in this region to create more affordable housing. In addition, this study has prioritized Mental Health and Substance Abuse, and the Department of Housing discusses programs in this Action Plan that will provide housing stability and supportive services for people with behavioral health or substance use needs.

Name of Plan	Lead Organization	How do the goals of your Strategic Plan overlap with the goals of each plan?
Population Health Task Force	Created by the Wake County Board of Commissioners and is composed of a broad spectrum of members	This report recommends policies and strategies to support healthy communities, active lifestyles, and thriving residents. It broadens the definition of health to include affordable housing because housing has a direct impact on the health of residents. The report specifically mentions serving frequent users of health and social services with intense case management and coordination among agencies and partners who serve them. Housing is a big component in stabilizing these residents and aligns with the programs provided by the Housing Department's Division of Permanent Housing and Supportive Services and Division of Homeless and Prevention Services. In addition, the report calls for housing for vulnerable populations and new housing developments with a mix of affordability, which are also goals of the Housing Department and this Action Plan.
Wake County Transit Plan	CAMPO, GoTriangle, Wake County, City of Raleigh, and the Town of Cary	The goals overlap in two main areas. First, the Transit Plan is extending bus service hours and routes as well as adding new routes. The additional services will benefit many low-moderate income residents who rely on bus transit. A second overlapping goal is that of locating affordable housing around the planned bus-rapid transit routes and stations. New residential and mixed-use development will grow in these areas, and it is important that affordable housing will be included in the development mix.
Analysis of Impediments to Fair Housing Choice	Wake County Consortium (Includes City of Raleigh, Town of Cary, and two Housing Authorities)	The goals of the Analysis of Impediments to Fair Housing Choice (AI) overlap with the Action's Plan's goals of: providing/preserving affordable housing in communities of high opportunity, encouraging municipal zoning regulations to support affordable housing, and including housing for people with disabilities in our housing programs.

Table 3 – Other local / regional / federal planning efforts

Describe cooperation and coordination with other public entities, including the State and any adjacent units of general local government, in the implementation of the Consolidated Plan (91.215(I))

Wake County partnered with the City of Raleigh in public outreach efforts for the Consolidated Plan. The county partnered with the City of Raleigh, Town of Cary, Housing Authority of County of Wake, and the

Raleigh Housing Authority to complete the Analysis of Impediments to Fair Housing. • Consultation with Municipal planning directors, Metropolitan Planning Organization, and Council of Governments. Invitation to all Municipalities in Wake County to participate in Analysis of Impediments. Partnerships in implementing programs – NRP, AHDP, Rehab, ESG, HOPWA.

1. Summary of citizen participation process/Efforts made to broaden citizen participation Summarize citizen participation process and how it impacted goal-setting

Participation opportunities included:

- Stakeholder Meetings – Meetings with key community groups that provided focus input on homelessness, housing, and community revitalization topics
- Public Meetings – Five public meetings were provided focused on understanding fair housing topics around the County
- Public Hearings – Opportunity to provide an official record of public feedback to be submitted

The Process included two public hearings are held. The first meeting happens to gather understanding of community needs and the second meeting will show the public the proposed actions and budget based on public input and analysis of data. Wake County Housing conducts community needs assessment with the residents. Notices are placed to comply with Opportunities to Participate and Publication of Notices. Consultations are facilitated with existing and potential partners to identify strategies to address needs identified by residents. A draft of the Consolidated Plan will be made available thirty (30) days for review at the following locations:

- Department of Housing Affordability & Community Revitalization, Wake County Office Building, 336 Fayetteville Street, Suite 440, P.O. Box 550, Raleigh, NC 27602

Needs Assessment

NA-05 Overview

Needs Assessment Overview

The information on the following pages corroborates what was learned about community needs in the citizen participation process.

The tables reveal that the biggest housing problem is cost burden, indicating a need for more affordable housing. Information that was received from providers of Homeless Prevention funds reinforces this need.

The tables also indicate that substandard housing is a problem; rehabilitation of existing housing was an often heard need at the community input meetings.

Finally, there is great need for homeless assistance. This too, was heard in meetings, as described in the citizen participation section. Information on the following pages from Rapid Rehousing providers, as well as the Point in Time Count data shown later in the Consolidated Plan serve to illustrate the describe the extent of the need for help for homeless persons.

NA-10 Housing Needs Assessment - 24 CFR 91.405, 24 CFR 91.205 (a,b,c)

Summary of Housing Needs

According to the 2017 Wake County Affordable Housing Plan, Wake County's rental housing prices have increased 35% between 2006 and 2015 while overall Median Household Income has increased 16% over that same time period and 10% for people without a Bachelor's Degree (This data includes the City of Raleigh). Wages are not keeping pace with the rising cost of housing in Wake County. This disparity is also reflected in the Demographics table below. The population in Wake County increased by 15% between 2009 and 2015, While Median Household income increased around 5%. The Rental Vacancy Rate has dropped by nearly half between 2010 and 2017, from 8.6% to 5.5%.

The Number of Households table below shows 60,323 households who are eligible to receive assistance from HUD because they are below 80% Area Median Income. Our citizen participation process has determined that housing needs are greatest among low-income (30-50% AMI) and extremely-low income (Under 30% AMI) people of whom there are 31,603, according to the tables below. Of these, we heard calls to focus on alleviating cost-burden among residents with Low and Extremely Low Incomes. Solutions designed to alleviate cost burden include increasing legally binding affordable housing production, reducing the loss of and preserving existing legally binding and naturally occurring affordable housing, and implementing a comprehensive homelessness prevention program to reduce new entries into homelessness for individuals and families who are at risk of losing their home. While Cost-Burden is the most substantial Housing Problem for people with low to moderate incomes (as indicated in the tables below), substandard housing and overcrowding also disproportionately affect this population.

Approval of CARES Act Grant Funds for the Raleigh-Durham Airport Authority (RDU)
That the Board of Commissioners approves the RDU Authority's acceptance of the CARES Act funds of \$49,591,593.

Item Title: Approval of CCRS Act Grant Funds for the Raleigh-Durham Airport Authority RDU

Specific Action Requested:

That the Board of Commissioners approves the RDU Authority's acceptance of the CARES Act funds of \$49,591,593.

Item Summary:

Purpose The RDU Authority must receive approval from its four "sponsor" localities before accepting federal grants. The localities are the cities of Durham and Raleigh, and Counties of Durham and Wake.

Background The Coronavirus Aid, Relief, and Economic Security Act (CARES) provides \$10 billion in new funds for all airports that are considered part of the national airport system. RDU will receive \$9,591,593 in CARES Act funds, which accounts for approximately 17% of our total annual budget. The funds will be used to help pay for debt service and a small fraction of Authority employee salaries. Under the CARES program, airports must maintain 90 percent of their workforce after making adjustments for retirements or voluntary separations through the end of 2020.

Board Goal This action supports routine County operations.

Fiscal Impact This grant funding for RDU does not affect Wake County's budget or finances. With this action, the Board is approving RDU's receipt of the funds.

Tax Committee Recommendations for Value Adjustments, Penalty Waivers, Tax Relief Applications, Refund Requests and Various Reports

That the Board of Commissioners approves the attached recommendations by the Tax Committee.

Item Title: Tax Committee Recommendations for Value Adjustments, Penalties Waivers, Tax Relief Applications, Refund Requests and Various Reports

Specific Action Requested:

That the Board of Commissioners approves the attached recommendations by the Tax Committee.

Item Summary:

Purpose The Board of Commissioners approves all tax relief actions requested by taxpayers. On a monthly basis, the Tax Committee meets to consider taxpayer requests and makes recommendations to the Board.

Background If a taxpayer believes they have been billed incorrectly, wish to appeal a decision of the Tax Administration, seek relief of penalties or submit a late request for exemption, exclusion or deferment, they can request a hearing before the Tax Committee.

The Tax Committee meets monthly and makes recommendations to the Board of Commissioners. The Board approves all tax relief actions. The Tax Committee meets on the third Thursday of each month at 1 p.m. in the Tax Administration's Conference Room to review requests and make a recommendation to the Board of Commissioners. This meeting is publicized and open to the public.

The Tax Committee presents information to the Wake County Board of Commissioners each month for review, showing the name of the taxpayer, description of property, account number, tax year, relief sought, and recommended action.

Board Goal This item supports routine business of the County as required by North Carolina General Statutes and does not relate to a specific Board initiative.

Fiscal Impact The fiscal impact of this item varies from month to month based on requests but is generally negligible as a percent of the total County budget.

Additional Information:

The Tax Committee is comprised of Kim Lorbacher, Financial Services Manager with Wake County Finance; Natasha Baldwin, Finance Manager with the City of Raleigh and Jessica Murphy-Rhem, Accounting Supervisor with the Town of Cary. Marcus Kinrade, Wake County Tax Administrator, serves as the clerk to the Tax Committee.

Some reasons a property owner may request a hearing before the Tax Committee are:

- The owner was penalized for listing personal property after January 1.
- The owner takes exception to the value placed on their property and received notice of the value after the Board of Equalization and Review adjourned.
- Their personal property listing was audited and the owner is seeking relief of discovered value or applicable penalties.
- The owner filed a late application for an exemption, exclusion or deferment on a property.
- An application for exemption, exclusion or deferment was denied by the Tax Administration and the owner wishes to appeal that decision.
- A penalty was imposed for the late filing or late payment of a gross receipt tax and penalty relief is requested.
- A refund has been requested for a tax imposed through a clerical error, an illegal tax, or a tax levied for an illegal purpose.
- A refund exceeding the threshold the finance officer is authorized to issue has been requested.

The tax committee has adopted criteria that may provide partial or full relief of late list penalties applied to personal property discoveries if one of the following criteria is met:

1. The property owner is new to North Carolina.
2. The property owner inadvertently neglected to list equipment in the first year of ownership.
 - ☐ Prior year property listings were timely filed.
 - ☐ Items were inadvertently omitted from a listing filed timely.
5. The property owner was on military deployment or medically incapacitated.
6. The property owner self-reported assets that were not listed properly in prior years.
7. The property owner was cooperative with an audit and no property tax was lost due to being beyond the five-year audit period.

The Tax Committee follows the North Carolina General Statutes or previously established general guidelines in their recommendations of relief for assessed late list penalties (no relief, partial relief, full relief). The committee also considers late filed exemption and exclusion applications, and makes recommendations regarding requests for relief of interest.

Consideration of relief of late list penalties

- If a taxpayer is new to North Carolina and fails to list the first year required, he may be granted one-time relief for late list penalties, partially or in full.
- If a taxpayer has property that should have been listed and is unaware of the tax laws, he may be granted one-time relief for late list penalties, partially or in full.
- If a taxpayer has listed timely in at least two consecutive years immediately prior to the year for which a penalty is assessed, the penalty may be relieved, partially or in full.
- If a taxpayer inadvertently omitted items from his timely listing, the penalty may be relieved, partially or in full.
- If a taxpayer was involved in military deployment and was unable to list timely, the penalty may be relieved, partially or in full.
- If a taxpayer was unable to list due to circumstances beyond their control (e.g. – hospitalization), the penalty may be relieved, partially or in full.
- Guidelines have been established for companies with penalties assessed as a result of audits. Relief may be granted partially or in full if it appears there was no willful attempt to understate value, if the taxpayer was cooperative and forthright during the audit and if there were no significant issues with their previous listings. The recommendation of the auditor is carefully considered in making this determination.

Consideration of late-filed applications for exemption or exclusion

- The tax committee will recommend approval of late filed exemptions or exclusions as long as the request complies with the general statutes, or if case law exists that is clear and generally supports the request. Late filed applications must be hand-delivered by December 31 or postmarked by December 31 of the calendar year for which the exemption or exclusion is requested.
- The tax committee will recommend denying any applications received after December 31st of the calendar year for which the exemption or exclusion is requested. There is no statutory authority to exempt or exclude property if the application is made outside the calendar year for which the exemption is sought.

Consideration of requests for relief of interest

- Once interest accrues, it is considered tax per NCGS 105-27-15. Tax cannot be compromised per NCGS 105-80. Therefore the tax committee typically recommends denial of requests for relief of interest. Should a situation arise in which the committee determines that interest should be relieved, the assessor will request the item be removed from the consent agenda and considered separately by the Board of Commissioners.

My name is Alan Reberg; I am with Raleigh Mennonite Church, a member of ONE Wake. I am a home owner in Cary.

I am writing in support of:

- The House Wake Strategic Plan;
 - The allocation of \$5 million to Wake Prevent! as a starting point to help tenants with their May rent and utility bills (as recently proposed by the Triangle Apartment Association, ONE Wake, and other partners).
- I understand that there are federal stimulus funds available for such programming, which we urge you to utilize to support the residents who have been most impacted by the COVID-19 crisis – especially those below 30% AMI.
- Thank you for supporting those with the fewest resources during this deadly pandemic.

Dear Wake County Commissioners:

My name is John Luecke, a Wake County resident and member of the Unitarian Universalist Fellowship of Raleigh. UUFR participates in ONE Wake, a coalition of 36 dues paying religious and civic organizations.

I have encountered homelessness during my visits to Seattle and Portland. In Portland, the homeless shelter in tents outside the train and bus terminals and on downtown sidewalks. In Seattle they set up camps along the expressways. In both cases, it's difficult for me to understand how a community cannot be more proactive in dealing with this problem. I hope Wake County can do a better job in preventing homelessness.

I am writing to publicly support the House Wake Strategic Plan as well as the allocation of \$5 million to Wake Prevent! as a starting point to help tenants with their May rent and utility bills.

It is our understanding that there are federal stimulus funds available for such programming, which we urge you to utilize to support the residents who have been most impacted by the COVID-19 crisis.

ONE Wake leaders will contact you shortly to schedule a conversation about how Wake County can further allocate federal stimulus funds to address the top concerns and priorities in our communities.

ONE Wake's member institutions represent close to 50,000 households in Wake County. One Wake's agenda has been formed through face to face conversations with over 3,500 residents to learn about their most pressing concerns.

I urge you to take action to help many of the most vulnerable members of our community,

Sincerely,

John Luecke

My name is Aleta McClenney, and I attend St. Paul's Episcopal Church in Cary, which is a participating member of ONE Wake.

I am writing in support of the following initiatives:

- 1) The House Wake Strategic Plan;
- 2) The allocation of \$5 million to Wake Prevent! as a starting point to help tenants with their May rent and utility bills (as recently proposed by the Triangle Apartment Association, ONE Wake, and other partners).

It is our understanding that there are federal stimulus funds available for such programming, which we urge you to utilize to support the residents who have been most impacted by the COVID-19 crisis.

ONE Wake is a newly formed, broad-based power organization in Wake County currently composed of 36 dues paying member institutions (religious congregations, non-profits, and civic organizations) across the county. Combined, our member institutions represent close to 50,000 households in Wake County.

Over the last year, ONE Wake has engaged over 3,500 Wake County residents in face to face conversations. We were able to efficiently hear the needs of large numbers of Wake County's diverse populations which is essential in this current, fluid situation.

Thank you for your consideration. ONE Wake leaders will contact you shortly to schedule an introductory conversation.

My name is Elizabeth Wagner and as a resident of Wake County, I thank you for ending the excessive county stay-at-home order. Unfortunately, as we are still under the jurisdiction of the State order I ask you to issue guidance for the Wake County Sheriff's office and for municipal law enforcement that specifically discourages arresting and fining small business owners that choose to begin opening. As the fear of COVID-19 wanes, we see our health care system is far from overburdened. The risk to our health care system no longer outweighs the continued destruction of the lives and families that depend on our vibrant local economy. I implore you not to make criminals of our business owners and small enterprises and hope you will issue a statement of leniency immediately. Allowing our businesses to decide for themselves when it is safe to open will also lead to a naturally gradual reopening which will have an immense public health benefit.

Respectfully,
Elizabeth Wagner

My name is Lesley Dinwiddie and I attend St Paul's Episcopal Church Cary which is a participating member of ONE Wake.

I am writing in support of the following initiatives:

1) The House Wake Strategic Plan;

2) The allocation of \$5 million to Wake Prevent! as a starting point to help tenants with their May rent and utility bills (as recently proposed by the Triangle Apartment Association, ONE Wake, and other partners).

It is our understanding that there are federal stimulus funds available for such programming, which we urge you to utilize to support the residents who have been most impacted by the COVID-19 crisis.

ONE Wake is a newly formed, broad-based power organization in Wake County currently composed of 36 dues paying member institutions (religious congregations, non-profits, and civic organizations) across the county. Combined, our member institutions represent close to 50,000 households in Wake County.

Over the last year, ONE Wake has engaged over 3,500 Wake County residents in face to face conversations. We were able to efficiently hear the needs of large numbers of Wake County's diverse populations which is essential in this current, fluid situation.

Thank you for your consideration. ONE Wake leaders will contact you shortly to schedule an introductory conversation.

The Board of County Commissioners has shown exceptional leadership during the current crisis, and we commend you for your continued leadership during this difficult time. As we move to the next phase of this crisis, we trust you will make the necessary decisions to keep our residents safe and help our communities recover and thrive.

As you know, the pandemic has impacted every aspect of our society, but one of the hardest hit segments of our community are our renters, many of whom find themselves in difficult financial positions as a result of closures that are negatively affecting the economy. Given these financial hardships, many renters are unable to pay their rent and other basic necessities. We believe local government is uniquely positioned to step in and help provide direct rental assistance which will help to keep those adversely affected in their homes and in their communities.

Specifically, we would ask that the Board of Commissioners allocate five million dollars to supplement the budget of Wake Prevent! as a starting point to help renters with their May rent bills. The Wake Prevent! program has been hugely successful in helping renters avoid eviction and stay in their homes. We are certain with this additional funding, the program can help thousands more during the current crisis. It is our understanding there are federal dollars available for such programming. We urge you to utilize this short-term funding stream for this program, which will provide a massive boost for some of our most vulnerable residents.

As you continue working to protect Wake County residents, we hope you will consider our suggestion to supplement funding for Wake Prevent! In doing so, you have an opportunity to continue the commitment you have made to fighting for affordable housing and can help thousands of Wake County residents to weather the current crisis. Please do everything you can to support our county's most vulnerable residents in these days.

Gratefully,
Rev. Cathy Tamsberg

Dear Wake County Commissioners:

My name is Jim Yocom and I reside on Stacy Street.

I write to support the House Wake Strategic Plan and the allocation of \$5 million to Wake Prevent! to help tenants with their May rent and utility bills. I understand that federal stimulus funds are available for such support, and I urge you to use it to assist those residents who have been most impacted by the COVID-19 crisis.

I lived in Multnomah County, Oregon, between 2008 and 2017, and affirm from personal experience the human and political devastation that happens when local government fails to direct sufficient funds to prevent people on the margins sliding into homelessness. We CANNOT afford the public health problems, the human suffering, the social problems, and the political acrimony that inevitably comes with a surge in homelessness. It is immoral. And it will overwhelm our services, blow holes in budgets, hobble businesses and property values, and make cities ungovernable.

I attend the Unitarian Universalist Fellowship of Raleigh, which participates in ONE Wake, a coalition of 36 dues paying religious and civic organizations. ONE Wake leaders will contact you shortly to schedule a conversation about how Wake County can further allocate federal stimulus funds to address the top concerns and priorities in our communities.

Please act to help many of the most vulnerable members of our community.

Sincerely,

Jim Yocom

Q2 Please submit your comments via the form below (500 words or less). The clerk will document your comments as part of the formal minutes of today's meeting.

My name is Brenda Plassman, and I attend Christ the King Lutheran Church in Cary, NC, which is a participating member of ONE Wake, a newly formed, broad-based power organization composed of 36 dues paying member institutions (religious congregations, nonprofits, and civic organizations) across Wake County.

I write to support the following initiatives being proposed to the Board of Commissioners:

1) The House Wake Strategic Plan.

2) The allocation of \$5 million to supplement the budget of Wake Prevent! as a starting point to help tenants with their May rent and utility bills (as recently proposed by the Triangle Apartment Association, ONE Wake, and other partners).

It is my understanding that there are federal stimulus funds available for such programs. As permitted, we urge you to utilize funds from those programs to support the residents who have been most impacted by the COVID-19 crisis.

Over the last year, ONE Wake has engaged over 3,500 Wake County residents in face-to-face conversations, and we heard the housing and other needs of large numbers of Wake County's diverse population. These needs have become greater and more urgent due to the consequences of the COVID-19 crisis. It is essential to provide immediate relief for the housing needs in this current, fluid situation.

Thank you for your consideration.

I support The House Wake Strategic Plan for the homeless. Although this plan is very good and addresses many of the concerns for the homeless, there are some concerns that should be considered in this plan.

These are some areas of concern:

1. Individuals without families who have lost jobs.
2. People with disabilities experiencing homelessness
3. People experiencing domestic violence.
4. Women from ages 35 on up or who are elderly and experiencing homelessness or couch surfing.
5. Those who have been homeless sleeping in woods under tents and on the streets.
6. A need to provide more consistent and effective ways of accessing services such as:
 - A. Accessibility after 5 PM on weekdays and on weekends
 - B. Shorten the length of time to get services when the need is immediate

Thank you for solving the above concerns in your plans.

- 1) The House Wake Strategic Plan;
- 2) The allocation of \$5 million to Wake Prevent! as a starting point to help tenants with their May rent and utility bills (as recently proposed by the Triangle Apartment Association, ONE Wake, and other partners).

It is our understanding that there are federal stimulus funds available for such programming, which we urge you to utilize to support the residents who have been most impacted by the COVID-19 crisis.

ONE Wake is a newly formed, broad-based power organization in Wake County currently composed of 36 dues paying member institutions (religious congregations, non-profits, and civic organizations) across the county. Combined, our member institutions represent close to 50,000 households in Wake County.

Over the last year, ONE Wake has engaged over 3,500 Wake County residents in face to face conversations. We were able to efficiently hear the needs of large numbers of Wake County's diverse populations which is essential in this current, fluid situation.

Thank you for your consideration. ONE Wake leaders will contact you shortly to schedule an introductory conversation.

Wake County Board of Commissioners

PO Box 550 Raleigh, NC 27602

RE: Request for Funding for Emergency Rental Assistance

Dear Commissioners,

The Board of County Commissioners has shown exceptional leadership during the current crisis, and we commend you for your continued leadership during this difficult time. As we move to the next phase of this crisis, we trust you will make the necessary decisions to keep our residents safe and help our communities recover and thrive.

As you know, the pandemic has impacted every aspect of our society, but one of the hardest hit segments of our community are our renters, many of whom find themselves in difficult financial positions as a result of closures that are negatively affecting the economy. Given these financial hardships, many renters are unable to pay their rent and other basic necessities. We believe local government is uniquely positioned to step in and help provide direct rental assistance which will help to keep those adversely affected in their homes and in their communities.

Specifically, we would ask that the Board of Commissioners allocate five million dollars to supplement the budget of Wake Prevent! as a starting point to help renters with their May rent bills. The Wake Prevent! program has been hugely successful in helping renters avoid eviction and stay in their homes. We are certain with this additional funding, the program can help thousands more during the current crisis. It is our understanding there are federal dollars available for such programming. We urge you to utilize this short-term funding stream for this program, which will provide a massive boost for some of our most vulnerable residents.

As you continue working to protect Wake County residents, we hope you will consider our suggestion to supplement funding for Wake Prevent! In doing so, you have an opportunity to continue the commitment you have made to fighting for affordable housing and can help thousands of Wake County residents to weather the current crisis. Thank you for your consideration of this request

. Sincerely,

Mr. Daniel O'Neal

Please allocate funding to Black and Brown urban communities based on zip codes/districts.

Dear Wake County Commissioners: May 4, 2020

My name is Sheila Higgins and I attend the Unitarian Universalist Fellowship of Raleigh, which participates in ONE Wake, a coalition of 36 dues paying religious and civic organizations.

I am writing to publicly support the House Wake Strategic Plan as well as the allocation of \$5 million to Wake Prevent! as a starting point to help tenants with their May rent and utility bills.

It is our understanding that there are federal stimulus funds available for such programming, which we urge you to utilize to support the residents who have been most impacted by the COVID-19 crisis.

ONE Wake leaders will contact you shortly to schedule a conversation about how Wake County can further allocate federal stimulus funds to address the top concerns and priorities in our communities.

ONE Wake's member institutions represent close to 50,000 households in Wake County. One Wake's agenda has been formed through face to face conversations with over 3,500 residents to learn about their most pressing concerns.

I urge you to take action to help many of the most vulnerable members of our community and Thank You.

Sincerely,
Sheila Higgins

Wake County Board of Commissioners

RE: Request for Funding for Emergency Rental Assistance

Dear Commissioners,

I commend you for your continued leadership during this difficult time. As we move to the next phase of this crisis, I trust you will make the necessary decisions to keep Wake county residents safe and help our communities recover and thrive.

As you know, the pandemic has impacted every aspect of our society, but one of the hardest hit segments of our community are our renters, many of whom find themselves in difficult financial positions as a result of closures that are negatively affecting the economy. Given these financial hardships, many renters are unable to pay their rent and other basic necessities.

I believe local government is uniquely positioned to step in and help provide direct rental assistance which will help to keep those adversely affected in their homes and in their communities. Specifically, I would ask that the Board of Commissioners allocate five million dollars to supplement the budget of Wake Prevent! as a starting point to help renters with their May rent bills.

The Wake Prevent! program has been hugely successful in helping renters avoid eviction and stay in their homes. I am certain with this additional funding, the program can help thousands more during the current crisis. It is my understanding there are federal dollars available for such programming. I urge you to utilize this short-term funding stream for this program, which will provide a massive boost for some of our most vulnerable residents. As you continue working to protect Wake County residents, I hope you will consider this suggestion to supplement funding for Wake Prevent! In doing so, you have an opportunity to continue the commitment you have made to fighting for affordable housing and helping thousands of Wake County residents to weather the current crisis. Thank you for your consideration of this request.

Sincerely,

Tom Attaway

Phone Number	9198187160

Q2 Please submit your comments via the form below (500 words or less). The clerk will document your comments as part of the formal minutes of today's meeting.

My name is Lois Sauer and I attend St. John's Episcopal Church in Wake Forest which is a participating member of ONE Wake. I am writing in support of the following initiatives:

- 1) The House Wake Strategic Plan;
- 2) The allocation of \$5 million to Wake Prevent! as a starting point to help tenants with their May rent and utility bills (as recently proposed by the Triangle Apartment Association, ONE Wake, and other partners).

It is our understanding that there are federal stimulus funds available for such programming, which we urge you to utilize to support the residents who have been most impacted by the COVID-19 crisis.

ONE Wake is a newly formed, broad-based power organization in Wake County currently composed of 36 dues paying member institutions (religious congregations, non-profits, and civic organizations) across the county. Combined, our member institutions represent close to 50,000 households in Wake County.

Over the last year, ONE Wake has engaged over 3,500 Wake County residents in face to face conversations. We were able to efficiently hear the needs of large numbers of Wake County's diverse populations which is essential in this current, fluid situation. Thank you for your consideration. ONE Wake leaders will contact you shortly to schedule an introductory conversation.

Good morning. As a counselor at Enloe High School, I work with students and their families directly affected by housing insecurity, and I heartily support whatever the county can do to help stabilize these families' futures.

I am asking you to support the housing initiatives promoted by ONE Wake:

- 1) The House Wake Strategic Plan;
- 2) The allocation of \$5 million to Wake Prevent! as a starting point to help tenants with their May rent and utility bills (as recently proposed by the Triangle Apartment Association, ONE Wake, and other partners).

It is ONE Wake's understanding that there are federal stimulus funds available for such programming, which we urge you to use to support the residents who have been most impacted by the COVID-19 crisis.

ONE Wake is composed of 36 religious congregations, nonprofits, and civic organizations across the county, representing about 50,000 Wake County households. In the past year, ONE Wake has engaged more than 3,500 Wake residents in conversation, to hear the needs of large numbers of Wake's diverse populations, essential in this current situation.

Thank you for your consideration.

I am very concerned about the stay at home order. I do not like the fact that people take photos of others and post it on various facebook pages and tag the police over.

I also want you to be aware that people call the police to claim that "people are not social distancing" to try and switch custody.

Commissioner of Labor District 3, Jessica Holmes I realize you are running for the Dept of Labor office. How could you reasonably rationalize such devastating job losses in this state by keeping us closed? Especially since there are so many empty beds. Why don't you donate your salary for being on a board making decisions that can lead to such devastating job loss.

Also commisioner Greg Ford. For all due respect, people will have differences of opinion from you. We do not want you to babysit us anymore. People can make decisions for themselves.

My name is Amy Smith and as a resident of Wake County, I thank you for ending the excessive county stay-at-home order. Unfortunately, as we are still under the jurisdiction of the State order I ask you to issue guidance for the Wake County Sheriff's office and for municipal law enforcement that specifically discourages arresting and fining small business owners that choose to begin opening. As the fear of COVID-19 wanes, we see our health care system is far from overburdened. In fact, my sister, a local nurse, has been put on call several times over the past weeks because the numbers at the hospital were so low, she wasn't needed! The risk to our health care system no longer outweighs the continued destruction of the lives and families that depend on our vibrant local economy. I implore you not to make criminals of our business owners and small enterprises and hope you will issue a statement of leniency immediately. Allowing our businesses to decide for themselves when it is safe to open will also lead to a naturally gradual reopening which will have an immense public health benefit.

Respectfully,
Amy Smith

ONE Wake is a newly formed, broad-based power organization in Wake County currently composed of 36 dues paying member institutions (religious congregations, non-profits, and civic organizations) across the county. Combined, our member institutions represent close to 50,000 households in Wake County.

Over the last year, ONE Wake has engaged over 3,500 Wake County residents in face to face conversations. We were able to efficiently hear the needs of large numbers of Wake County's diverse populations which is essential in this current, fluid situation. Thank you for your consideration. ONE Wake leaders will contact you shortly to schedule an introductory conversation.

Dear Wake County Commissioners,

COVID-19 has been known to spread by persons who have either mild or no symptoms and are not aware they are infected with this disease. The best tool we have to prevent asymptomatic spread is face coverings. These face coverings can be anything that slows large droplets being expelled from a person and prevent surfaces from being contaminated. They do not need to be medical grade nor do they need to be expensive. Dust masks, bandannas, old t-shirts, anything that stops our coughs, sneezes and breath from going forth will work.

In order to slow the spread and reopen our county, please consider requiring face coverings in public during this time of emergency. My face covering protects you and your face covering protects me.

Thank you,
Jeffrey Price

Statement regarding Agenda Item: Accept Additional 2019-2020 Federal Fund Allocations under the Coronavirus Aid, Relief, and Economic Security Act (CARES Act) for Housing Related Services

My name is Philip Telfer, and I attend Christ the King Lutheran Church in Cary, NC, which is a participating member of ONE Wake, a newly formed, broad-based power organization composed of 36 dues paying member institutions (religious congregations, nonprofits, and civic organizations) across Wake County.

I write to support the following initiatives being proposed to the Board of Commissioners:

- 1) The House Wake Strategic Plan allocating \$2,018,246 in Federal grant funds for housing and related purposes.
- 2) The allocation of \$5 million from Federal relief funds to supplement the budget of Wake Prevent! as a starting point to help tenants with their May rent and utility bills (as recently proposed by the Triangle Apartment Association, ONE Wake, and other partners).

It is our understanding that there are federal stimulus funds available for such programs. As permitted, we urge you to utilize funds from those programs as first steps to support residents who have been most impacted by the COVID-19 crisis.

Over the last year, ONE Wake has engaged over 3,500 Wake County residents in face-to-face conversations, and we heard the housing and other needs of large numbers of Wake County's diverse population. It is essential to provide immediate relief for the housing needs in this current, fluid situation.

Thank you for your consideration.

I have lived in NC for 14 years. The growth in Wake County has been amazing. Unfortunately, Governor Cooper is destroying the state. We are in the news, and not in a positive light. I am amazed that local government is standing by, silent, and allowing local businesses to be hurt. The numbers of deaths in Wake County do not warrant the closures to these businesses. People are not stupid, if we can navigate our way through all of these large "essential businesses " then we should be able to do the same in smaller businesses. Home Depot in Wake Forest on a normal pre Covid19 day, has sales of \$140,000. During this pandemic, it has doubled its sales daily. Yet, our small businesses are dying. That is shameful and the people all around the country realize it. Government officials are causing this destruction and all the progress Wake County has made in last few years will, unfortunately, diminish.

As a long time member of Congregations for Social Justice. I applaud the work you are doing to extend help to those adversely affected by the shut down and stay in place orders. I need to emphasis, what I have experienced, that very low wage workers are essential, and have always been essential, to all our health and well being. The pandemic is only re-enforcing how true this is. I want the commissioners to know that these are the people that should be receiving the most support from you at this time. I have amply support available to take care of me and mine. Most of the low wage essential workers do not. Focus on them!

ONE Wake's member institutions represent close to 50,000 households in Wake County. One Wake's agenda has been formed through face to face conversations with over 3,500 residents to learn about their most pressing concerns.

I urge you to take action to help many of the most vulnerable members of our community,

Sincerely,

Robert Butler

I am a resident of Wake County and a law abiding citizen. I am greatly concerned about the excessive overreach of the state and county government to set aside rights granted to me by the Constitution of the United States. As it has become apparant that models have been wrong and the hospital system is very far from being overwhelmed it's time to declare this is NOT an emergency any longer. These harmful policies need to be rescinded and the population needs to be able to thrive again. It has reached the point that these measures are causing significant harm to Wake County.

As a Christian I support the programs of ONE Wake.

I am writing in support of the following initiatives:

1) The House Wake Strategic Plan.

2) The allocation of \$5 million to Wake Prevent as a starting point to help tenants with their May rent and utility bills (as recently proposed by the Triangle Apartment Association, ONE Wake, and other partners).

It is our understanding that there are federal stimulus funds available for such programming, which we urge you to utilize to support the residents who have been most impacted by the COVID-19 crisis.

ONE Wake is a newly formed, broad-based power organization in Wake County currently composed of 36 dues paying member institutions (religious congregations, non-profits, and civic organizations) across the county. Combined, our member institutions represent close to 50,000 households in Wake County.

Over the last year, ONE Wake has engaged over 3,500 Wake County residents in face to face conversations. We were able to efficiently hear the needs of large numbers of Wake County's diverse populations which is essential in this current, fluid situation.

Thank you for your consideration. ONE Wake leaders will contact you shortly to schedule an introductory conversation.

Dear Wake County Commissioners:

My name is William Smith, a Navy veteran living here in Raleigh, and I am writing you regarding the House Wake plan to be considered at the May 4, 2020 meeting. The lack of affordable housing has been a serious issue in Wake Co. for some time. Due to the impact of Covid-19 and the availability of funding through the Cares Act, I am writing you to publicly support the House Wake plan as well as to fully provide Wake Prevent the funds that it needs to support the people of Wake Co. who have been impacted by the COVID-19 crisis. I also attend the Unitarian Universalist Fellowship of Raleigh, which participates in ONE Wake, a coalition of 36 dues paying religious and civic organizations. ONE Wake's member institutions represent close to 50,000 households in Wake County with an agenda that has been formed through face to face conversations with over 3,500 residents to learn about their most pressing concerns. I urge you to take action to help the members of our community in need (especially those who are the most vulnerable).

Sincerely,
William Smith

Please completely open up Wake County. My freedom should not end, where other people's fear begin. My body is not the governments! I can decide if I should shelter in place. If I get sick, I will. This is horrible for our small businesses and it's ruining the economy.

My name is Leslie Pekrul and as a resident of Wake County, I thank you for ending the excessive county stay-at-home order. Unfortunately, as we are still under the jurisdiction of the State order I ask you to issue guidance for the Wake County Sheriff's office and for municipal law enforcement that specifically discourages arresting and fining small business owners that choose to begin opening. As the fear of COVID-19 wanes, we see our health care system is far from overburdened. The risk to our health care system no longer outweighs the continued destruction of the lives and families that depend on our vibrant local economy. I implore you not to make criminals of our business owners and small enterprises and hope you will issue a statement of leniency immediately. Allowing our businesses to decide for themselves when it is safe to open will also lead to a naturally gradual reopening which will have an immense public health benefit.

Respectfully,
Leslie Pekrul

ONE Wake Public Comment Letter

My name is Kathleen Shiring and I attend St. Francis of Assisi Catholic Church, which is a participating member of ONE Wake.

I am writing in support of the following initiatives:

- 1) The House Wake Strategic Plan;
- 2) The allocation of \$5 million to Wake Prevent! as a starting point to help tenants with their May rent and utility bills (as recently proposed by the Triangle Apartment Association, ONE Wake, and other partners).

It is our understanding that there are federal stimulus funds available for such programming, which we urge you to utilize to support the residents who have been most impacted by the COVID-19 crisis.

1) The House Wake Strategic Plan;

2) The allocation of \$5 million to Wake Prevent! as a starting point to help tenants with their May rent and utility bills (as recently proposed by the Triangle Apartment Association, ONE Wake, and other partners).

It is my understanding that there are federal stimulus funds available for such programming, which we urge you to utilize to support the residents who have been most impacted by the COVID-19 crisis.

I am also affiliated with ROAR, a member of One Wake.

ONE Wake is a newly formed, broad-based power organization in Wake County currently composed of 36 dues paying member institutions (religious congregations, non-profits, and civic organizations) across the county. Combined, our member institutions represent close to 50,000 households in Wake County.

Over the last year, ONE Wake has engaged over 3,500 Wake County residents in face -to-face conversations. We were able to efficiently hear the needs of large numbers of Wake County's diverse populations which is essential in this current, fluid situation.

Thank you for your consideration of this action which will positively benefit some of Raleigh's most marginalized residents!

Dear Commisioners,

Thank you Fr your public service. We have been renters in our apartment complex for 14 years. Our neighbors are hard working people. My wife and I are retired, living near our daughter's family.

We ask you to give additional support to the"House Wake Strategic Plan" and to allocate \$5 million to Wake Prevention for Renters plan, to help with the Covid 19 pandemic.

Please also expand Medicaid since the medical treatment of the most vulnerable protects the health of us all. Meat packing plants, nursing homes and prisons need help urgently. Please reply to Steinmeisterhammerhammer@gmail.com.

Gratefully, Richard and Alma Hammer

- 2) The allocation of \$5 million to Wake Prevent! as a starting point to help tenants with their May rent and utility bills (as recently proposed by the Triangle Apartment Association, ONE Wake, and other partners).

It is our understanding that there are federal stimulus funds available for such programming, which we urge you to utilize to support the residents who have been most impacted by the COVID-19 crisis.

ONE Wake is a newly formed, broad-based power organization in Wake County currently composed of 36 dues paying member institutions (religious congregations, non-profits, and civic organizations) across the county. Combined, our member institutions represent close to 50,000 households in Wake County.

Over the last year, ONE Wake has engaged over 3,500 Wake County residents in face to face conversations. We were able to efficiently hear the needs of large numbers of Wake County's diverse populations which is essential in this current, fluid situation.

Until we all can feel some sense of stability in this time of crisis, none of us should feel content. This is one way we can help our most marginalized neighbors.

Thank you for your consideration. ONE Wake leaders will contact you shortly to schedule an introductory conversation.

Sincerely,

Kathy Boyer

My name is Mike Gaglione and as a resident of Wake County, I thank you for ending the excessive stay-at-home order. Unfortunately, as we are still under the jurisdiction of the State order I ask you to issue guidance for the Wake County Sheriff's office and for municipal law enforcement that specifically discourages arresting and fining small business owners that choose to begin opening. Wake County is on the decline in COVID cases and our health care system is far from overburdened. The risk to our health care system no longer outweighs the continued destruction of the lives and families that depend on our vibrant local economy. I implore you not to make criminals of our business owners and small enterprises and hope you will issue a statement of leniency immediately. Allowing our businesses to decide for themselves when it is safe to open will also lead to a naturally gradual reopening which will have an immense public health benefit.

Respectfully,

Mike Gaglione

ONE Wake Sample Public Comment Letter

My name is Megan Nerz, and I attend St Francis of Assisi Catholic Church, which is a participating member of ONE Wake.

I am writing in support of the following initiatives:

- 1) The House Wake Strategic Plan;
- 2) The allocation of \$5 million to Wake Prevent! as a starting point to help tenants with their May rent and utility bills (as recently proposed by the Triangle Apartment Association, ONE Wake, and other partners).

It is our understanding that there are federal stimulus funds available for such programming, which we urge you to utilize to support the residents who have been most impacted by the COVID-19 crisis.

ONE Wake is a newly formed, broad-based power organization in Wake County currently composed of 36 dues paying member institutions (religious congregations, non-profits, and civic organizations) across the county. Combined, our member institutions represent close to 50,000 households in Wake County.

Over the last year, ONE Wake has engaged over 3,500 Wake County residents in face to face conversations. We were able to efficiently hear the needs of large numbers of Wake County's diverse populations which is essential in this current, fluid situation.

Thank you for your consideration. ONE Wake leaders will contact you shortly to schedule an introductory conversation.

The actual data on Covid-19 shows numbers similar to the flu. People are hurting and dying due to the draconian actions of the government. Stop destroying the lives and livelihoods of the citizens of Wake County with the bad models that have been proven wrong. Also, masks are not effective (worn wrong, breeding bacteria, more face touching) so do not push that agenda.

Dear Wake County Commissioners:

My name is Julie Angerman, and I attend the Unitarian Universalist Fellowship of Raleigh, which participates in ONE Wake, a coalition of 36 dues paying religious and civic organizations.

I am writing to publicly support the House Wake Strategic Plan as well as the allocation of \$5 million to Wake Prevent! as a starting point to help tenants with their May rent and utility bills.

It is our understanding that there are federal stimulus funds available for such programming, which we urge you to utilize to support the residents who have been most impacted by the COVID-19 crisis.

ONE Wake leaders will contact you shortly to schedule a conversation about how Wake County can further allocate federal stimulus funds to address the top concerns and priorities in our communities.

ONE Wake's member institutions represent close to 50,000 households in Wake County. One Wake's agenda has been formed through face to face conversations with over 3,500 residents to learn about their most pressing concerns.

I urge you to take action to help many of the most vulnerable members of our community,

Sincerely,

Julie Angerman

I would like to express my support for seeking the large grant for affordable housing. During this crisis especially people, our friends and neighbors, need help with rent. Having a living space is one of the basic human needs. A large grant like the 7 million dollars would have a significant impact on our desperate need for stable secure living availability in Wake County.

I understand there are federal COVID19 funds available for such programming, which I would like my commissioners to support. Funds should be available to support both families and INDIVIDUALS. There are many individuals that are "couch surfing". These individuals need a stable place to stay so they may be able to rebuild their lives.

Affordable housing is one of the top three issues facing Wake County and the RTP area. This funding would in able us to start putting our plan in motion.

Thank you for your consideration.

My name is Justin Smith and as a resident of Wake County, I thank you for ending the excessive county stay-at-home order. Unfortunately, as we are still under the jurisdiction of the State order I ask you to issue guidance for the Wake County Sheriff's office and for municipal law enforcement that specifically discourages arresting and fining small business owners that choose to begin opening. As the fear of COVID-19 wanes, we see our health care system is far from overburdened. The risk to our health care system no longer outweighs the continued destruction of the lives and families that depend on our vibrant local economy. I implore you not to make criminals of our business owners and small enterprises and hope you will issue a statement of leniency immediately. Allowing our businesses to decide for themselves when it is safe to open will also lead to a naturally gradual reopening which will have an immense public health benefit.

Respectfully,
Justin Smith

Dear Wake County Commissioners:

My name is Jennifer Lewis, and I attend the Unitarian Universalist Fellowship of Raleigh, which participates in ONE Wake, a coalition of 36 dues paying religious and civic organizations.

I am writing to publicly support the House Wake Strategic Plan as well as the allocation of \$5 million to Wake Prevent! as a starting point to help tenants with their May rent and utility bills.

It is our understanding that there are federal stimulus funds available for such programming, which we urge you to utilize to support the residents who have been most impacted by the COVID-19 crisis.

ONE Wake leaders will contact you shortly to schedule a conversation about how Wake County can further allocate federal stimulus funds to address the top concerns and priorities in our communities.

ONE Wake's member institutions represent close to 50,000 households in Wake County. One Wake's agenda has been formed through face to face conversations with over 3,500 residents to learn about their most pressing concerns.

I urge you to take action to help many of the most vulnerable members of our community,

Sincerely,

Jennifer Lewis

Dear ONE Wake,

I am acutely aware that a significant portion of our county's tenants have been unable to pay their rents for April due to the current viral pandemic. Landlords depend on rent receipts obviously, but in this time of collective crisis there must be efforts to reconcile financial and social exigencies so that those most burdened are not placed in a desperate, even hopeless state.

I am encouraged that more than 150 ONE Wake leaders across our county have ratified a proposal developed by the Affordable Housing Team and Steering Team to address this crisis. This letter is an expression of my own support.

The proposal pledges an immediate allocation of over \$7 million in federal funds to two housing initiatives that are both compassionate and practical:

- 1) The House Wake Strategic Plan;
- 2) The allocation of \$5 million to Wake Prevent! which will begin to help tenants with their May rent and utility bills (as recently proposed by the Triangle Apartment Association, ONE Wake, and other partners).

Public reactions to these proposals have been overwhelmingly positive. I am informed that already there are 1,061 public expressions of support. I hope that ONE Wake pursues the federal funds now available for these initiatives for the benefit of those most critically affected by the COVID-19 crisis.

Thank you for your efforts to address this situation, and for all your good work.

RE: Request for Funding for Emergency Rental Assistance

Dear Wake County Commissioners:

I attend the Unitarian Universalist Fellowship of Raleigh, which participates in ONE Wake, a coalition of 36 dues-paying religious and civic organizations. I am deeply concerned about residents of Wake County who may be evicted and become homeless in the midst of our current COVID-19 crisis.

I am writing to publicly support the House Wake Strategic Plan, as well as the allocation of five million dollars to Wake Prevent! as a starting point to help tenants with their May rent and utility bills.

It is our understanding that there are federal stimulus funds available for such programming, which we urge you to utilize to support the residents who have been most impacted by the COVID-19 crisis.

I write from the Center for Community Engagement at Cary Academy. Our school, and especially our Center within the school, are committed to being engaged citizens, mindful of the needs of our neighbors and acting where we can to support them. Because of these commitments, we are working in concert with the group ONE Wake.

I am writing to publicly support the House Wake Strategic Plan as well as the allocation of \$5 million to Wake Prevent! in order to help tenants with their May rent and utility bills.

We and the other institutions who work with ONE Wake understand that there are federal stimulus funds available to support our neighbors who face difficulty with their housing in the midst of this unprecedented health and economic crisis. We urge you to use the federal monies to help those most negatively impacted by the COVID-19 pandemic.

ONE Wake leaders will contact you shortly to schedule a conversation about how Wake County can further allocate federal stimulus funds to address the top concerns in our communities, all over the County.

If you are unaware of ONE Wake, please know that we are a newly-formed, broad-based organization in Wake County, comprised of 36 dues-paying member institutions (including religious congregations, non-profits, and civic organizations). We are located in every part of the County, and still growing. Combined, our member institutions represent close to 50,000 households in the County. RE: Request for Funding for Emergency Rental Assistance

Dear Wake County Commissioners:

I attend the Unitarian Universalist Fellowship of Raleigh, which participates in ONE Wake, a coalition of 36 dues-paying religious and civic organizations. I am deeply concerned about residents of Wake County who may be evicted and become homeless in the midst of our current COVID-19 crisis.

I am writing to publicly support the House Wake Strategic Plan, as well as the allocation of five million dollars to Wake Prevent! as a starting point to help tenants with their May rent and utility bills.

It is our understanding that there are federal stimulus funds available for such programming, which we urge you to utilize to support the residents who have been most impacted by the COVID-19 crisis.

ONE Wake leaders will contact you shortly to schedule a conversation about how Wake County can further allocate federal stimulus funds to address the top concerns and priorities in our communities.

ONE Wake's member institutions represent close to 50,000 households in Wake County. One Wake's agenda has been formed through face-to-face conversations with over 3,500 residents to learn about their most pressing concerns.

I urge you to take action to help many of the most vulnerable members of our community.

Sincerely,
David Ranii

I am a resident of Wake County, and I oppose the current North Carolina stay at home order. Please direct our local law enforcement to cease arresting or fining any small businesses who are opening up to simply provide for their families. They can't wait any longer.

It is time to begin to re-open our state and our county with common sense mitigation guidelines in place. We must find a balance between public health and allowing citizens to provide for their families and address their individual and family health needs.

We will not lockdown this virus away. We will only delay the inevitable spread. We have to learn how to live with it and prepare for it.

Our healthcare system is not currently burdened by COVID 19 patients. We can continue to keep our healthcare system prepared, ensure that healthcare workers are themselves protected, and we can continue to make sure that those in our community who need care can get it. Vulnerable populations can remain home and take precautions for their safety. The majority of our community should resume working, while taking precautions to slow the spread as much as possible. With the majority of deaths in NC being in congregate living facilities, extra precautions and efforts to mitigate spread can be focused there.

The current lockdown creates more problems for our community than the virus itself. Unemployment, hunger, pending homelessness, domestic abuse, child abuse, mental illness, and more. Why are these other issues not being considered? Why is the health of the larger population being ignored?

It is time for your help to get our county and state moving forward.

Respectfully,
Jessica Theiss

The time has come for you to listen to the citizens you represent. The weeks of data we now have has proven that alot of people will not die from this virus, alot of people will recover at home and do not need hospitalization. With continued shutdowns and restrictions we are causing more suicides, more addictions, more child/spouse abuse. All this concern for virus (that most will survive) and no concern for the negative effects this shutdown is causing. Family owned businesses that have been here 10-20 years now gone, and for what? We have lived for hundreds of years with viruses, epidemics and pandemics. Not once have we destroyed so many lives to save a few. Enough is enough!!! Reopen NC now.

Dear Wake County Commissioners:

My name is Jill Denning, and I attend the Unitarian Universalist Fellowship of Raleigh, which participates in ONE Wake, a coalition of 36 dues paying religious and civic organizations.

I am writing to publicly support the House Wake Strategic Plan as well as the allocation of \$5 million to Wake Prevent! as a starting point to help tenants with their May rent and utility bills.

It is our understanding that there are federal stimulus funds available for such programming, which we urge you to utilize to support the residents who have been most impacted by the COVID-19 crisis.

ONE Wake leaders will contact you shortly to schedule a conversation about how Wake County can further allocate federal stimulus funds to address the top concerns and priorities in our communities.

ONE Wake's member institutions represent close to 50,000 households in Wake County. One Wake's agenda has been formed through face to face conversations with over 3,500 residents to learn about their most pressing concerns.

I urge you to take action to help many of the most vulnerable members of our community,

Sincerely,
Jill Denning

My name is Hazel Slocumb and I attend Christ the King Lutheran Church in Cary, NC, which is a participating member of ONE Wake, a newly formed, broad-based power organization composed of 36 dues paying member institutions (religious congregations, nonprofits and civic organizations) across Wake County.

Over the last year, ONE Wake has engaged over 3,500 Wake County residents in face-to-face conversations and we heard about housing and other needs of a large number of Wake County's diverse population. Indeed, Wake County is facing a deepening housing crisis made even more significantly perilous by the COVID-19 pandemic.

I'm writing to support the following initiatives being proposed to the Board of Commissioners:

- 1) The House Wake Strategic Plan allocating \$2,018,246 in Federal grant funds for housing and related purposes.
- 2) The allocation of \$5 million from Federal relief funds to supplement the budget of Wake Prevent! as a starting point to help tenants with their May rent and utility bills (as recently proposed by the Triangle Apartment Association, ONE Wake, and other partners).

It is my understanding that there are federal stimulus funds available for such programs. As permitted, I urge you to utilize funds from those programs to support the residents who have been most impacted by the COVID-19 crisis.

Thank you for your consideration.

I strongly support Wake ONEs position on using stimulus money for affordable housing and assistance for renters to pay rent and utility bills during the current shutdown this supports the House Strategic Plan allocating \$5million to help tenants. Greenwood Forest Baptist Church also supports this import plan. Please consider this request.

Wake County Board of Commissioners PO Box 550

Raleigh, NC 27602

RE: Request for Funding for Emergency Rental Assistance

Dear Commissioners,

The Board of County Commissioners has shown exceptional leadership during the current crisis, and we commend you for your continued leadership during this difficult time. As we move to the next phase of this crisis, we trust you will make the necessary decisions to keep our residents safe and help our communities recover and thrive.

As you know, the pandemic has impacted every aspect of our society, but one of the hardest hit segments of our community are our renters, many of whom find themselves in difficult financial positions as a result of closures that are negatively affecting the economy. Given these financial hardships, many renters are unable to pay their rent and other basic necessities. We believe local government is uniquely positioned to step in and help provide direct rental assistance which will help to keep those adversely affected in their homes and in their communities.

Specifically, we would ask that the Board of Commissioners allocate five million dollars to supplement the budget of Wake Prevent! as a starting point to help renters with their May rent bills. The Wake Prevent! program has been hugely successful in helping renters avoid eviction and stay in their homes. We are certain with this additional funding, the program can help thousands more during the current crisis. It is our understanding there are federal dollars available for such programming. We urge you to utilize this short-term funding stream for this program, which will provide a massive boost for some of our most vulnerable residents.

As you continue working to protect Wake County residents, we hope you will consider our suggestion to supplement funding for Wake Prevent! In doing so, you have an opportunity to continue the commitment you have made to fighting for affordable housing and can help thousands of Wake County residents to weather the current crisis.

Thank you for your consideration of this request. Sincerely,
Janet Fields

Dear Wake County Commissioners:

My name is Holly Thomasson, and I attend the Unitarian Universalist Fellowship of Raleigh, which participates in ONE Wake, a coalition of 36 dues paying religious and civic organizations.

I am writing to publicly support the House Wake Strategic Plan as well as the allocation of \$5 million to Wake Prevent! as a starting point to help tenants with their May rent and utility bills.

It is our understanding that there are federal stimulus funds available for such programming, which we urge you to utilize to support the residents who have been most impacted by the COVID-19 crisis.

ONE Wake leaders will contact you shortly to schedule a conversation about how Wake County can further allocate federal stimulus funds to address the top concerns and priorities in our communities.

ONE Wake's member institutions represent close to 50,000 households in Wake County. One Wake's agenda has been formed through face to face conversations with over 3,500 residents to learn about their most pressing concerns.

I urge you to take action to help many of the most vulnerable members of our community,

Sincerely,
Holly Thomasson

My name is Becky and as a resident of Wake County, I thank you for ending the excessive stay-at-home order. Unfortunately, as we are still under the jurisdiction of the State order I ask you to issue guidance for the Wake County Sheriff's office and for municipal law enforcement that specifically discourages arresting and fining small business owners that choose to begin opening. Wake County is on the decline in COVID cases and our health care system is far from overburdened. The risk to our health care system no longer outweighs the continued destruction of the lives and families that depend on our vibrant local economy. I implore you not to make criminals of our business owners and small enterprises and hope you will issue a statement of leniency immediately. Allowing our businesses to decide for themselves when it is safe to open will also lead to a naturally gradual reopening which will have an immense public health benefit.

Respectfully,

Becky Lew-Hobbs

Q2 Please submit your comments via the form below (500 words or less). The clerk will document your comments as part of the formal minutes of today's meeting.

My name is Tom Karches and I attend Unitarian Universalist Fellowship of Raleigh, which is a participating member of ONE Wake.

I am writing to publicly support the House Wake Strategic Plan, as well as the allocation of \$5 million to Wake Prevent! as a starting point to help tenants with their May rent and utility bills.

It is our understanding that there are federal stimulus funds available for such programming, which we urge you to utilize to support the residents who have been most impacted by the COVID-19 crisis.

ONE Wake leaders will contact you shortly to schedule a conversation about how Wake County can further allocate federal stimulus funds to address the top concerns and priorities in our communities.

Mi nombre es Miriam Apodaca y asisto a la Iglesia Catolica San Miguel en la ciudad de Cary, NC. Que es un miembro participante de One Wake. Estoy escribiendo en apoyo de las siguientes iniciativas:

- 1) El Plan Estratégico de Casa en Wake; House Wake Strategic Plan
- 2) ¡La asignación de \$ 5 millones a Wake Prevent! como punto de partida para ayudar a los inquilinos con sus facturas de alquiler y servicios publicos de mayo (como se propuso recientemente por la Asociación de Apartamentos Triangle, ONE Wake y otros socios). Entendemos que hay fondos federales de estímulo disponibles para dicha programación, que le instamos a utilizar para apoyar el residentes que han sido más afectados por la crisis COVID-19.

ONE Wake es una organización de poder comunitario de nueva creación y amplia base en el condado de Wake que actualmente está compuesta por 36 miembros institucionales que pagan cuotas (congregaciones religiosas, sin fines de lucro y organizaciones cívicas) en todo el condado. Combinadas, nuestras instituciones de membresía representan cerca de 50,000 hogares en el condado.

Durante el último año, ONE Wake ha involucrado a más de 3,500 residentes en conversaciones cara-a-cara en el condado de Wake. Pudimos eficientemente escuchar las necesidades de un gran número de diversas poblaciones del condado lo cual es esencial en esta situación actual y fluida.

Gracias por su consideración. Los líderes de ONE Wake se comunicarán con usted en breve para programar una conversación introductoria.

Estoy escribiendo en apoyo de las siguientes iniciativas:

- 1) El Plan Estratégico de Casa en Wake; House Wake Strategic Plan
- 2) ¡La asignación de \$ 5 millones a Wake Prevent! como punto de partida para ayudar a los inquilinos con sus facturas de alquiler y servicios publicos de mayo (como se propuso recientemente por la Asociación de Apartamentos Triangle, ONE Wake y otros socios). Entendemos que hay fondos federales de estímulo disponibles para dicha programación, que le instamos a utilizar para apoyar el residentes que han sido más afectados por la crisis COVID-19.

ONE Wake es una organización de poder comunitario de nueva creación y amplia base en el condado de Wake que actualmente está compuesta por 36 miembros institucionales que pagan cuotas (congregaciones religiosas, sin fines de lucro y organizaciones cívicas) en todo el condado. Combinadas, nuestras instituciones de membresía representan cerca de 50,000 hogares en el condado.

Durante el último año, ONE Wake ha involucrado a más de 3,500 residentes en conversaciones cara-a-cara en el condado de Wake. Pudimos eficientemente escuchar las necesidades de un gran número de diversas poblaciones del condado lo cual es esencial en esta situación actual y fluida.

Gracias por su consideración. Los líderes de ONE Wake se comunicarán con usted en breve para programar una conversación introductoria.

Dear Wake County Commissioners:

My name is Gary Chvatal, and I attend the Unitarian Universalist Fellowship of Raleigh, which participates in ONE Wake, a coalition of 36 dues paying religious and civic organizations.

I am writing to publicly support the House Wake Strategic Plan as well as the allocation of \$5 million to Wake Prevent! as a starting point to help tenants with their May rent and utility bills.

It is our understanding that there are federal stimulus funds available for such programming, which we urge you to utilize to support the residents who have been most impacted by the COVID-19 crisis.

ONE Wake leaders will contact you shortly to schedule a conversation about how Wake County can further allocate federal stimulus funds to address the top concerns and priorities in our communities.

ONE Wake's member institutions represent close to 50,000 households in Wake County. One Wake's agenda has been formed through face to face conversations with over 3,500 residents to learn about their most pressing concerns.

I urge you to take action to help many of the most vulnerable members of our community,
Sincerely,

Gary Chvatal

ReOpen NC! This is getting ridiculous. Livelihoods are at stake. People need to get back to work. There's not one single small business owner I know that wants this to continue. It's breaking our economy.

My name is Becky Harper. I'm writing to support the allocation of \$5 Million to Wake Prevent! to assist renters during these critical times. Keeping renters in their homes will mitigate a difficult situation by avoiding homelessness and disruption when families have very few places to go during an epidemic. The program will also help landlords, many of whom are small businesses that are also squeezed during this pandemic. It would be great if there was a way to make sure the money goes only to tenant who have actually lost their jobs or had their hours cut.

I serve on the Bd of Directors for the Raleigh Regional Assn of Realtors, and my church congregation is also a member of One Wake. It is a rare event when the Realtors and my church are on the same side of a public policy issue, and that certainly indicates the importance of this initiative!

Thanks for your leadership and all that you are doing during these critical times!

My name is Lisa Chappell and as a resident of Wake County, I thank you for ending the excessive stay-at-home order. Unfortunately, as we are still under the jurisdiction of the State order I ask you to issue guidance for the Wake County Sheriff's office and for municipal law enforcement that specifically discourages arresting and fining small business owners that choose to begin opening. Wake County is on the decline in COVID cases and our health care system is far from overburdened. The risk to our health care system no longer outweighs the continued destruction of the lives and families that depend on our vibrant local economy. I implore you not to make criminals of our business owners and small enterprises and hope you will issue a statement of leniency immediately. Allowing our businesses to decide for themselves when it is safe to open will also lead to a naturally gradual reopening which will have an immense public health benefit.

Respectfully,
Lisa Chappell

Dear Wake County Commissioners:

My name is Shelley Eason, and I attend the Unitarian Universalist Fellowship of Raleigh, which participates in ONE Wake, a coalition of 36 dues paying religious and civic organizations.

I am writing to publicly support the House Wake Strategic Plan as well as the allocation of \$5 million to Wake Prevent! as a starting point to help tenants with their May rent and utility bills.

It is our understanding that there are federal stimulus funds available for such programming, which we urge you to utilize to support the residents who have been most impacted by the COVID-19 crisis.

ONE Wake leaders will contact you shortly to schedule a conversation about how Wake County can further allocate federal stimulus funds to address the top concerns and priorities in our communities.

ONE Wake's member institutions represent close to 50,000 households in Wake County. One Wake's agenda has been formed through face to face conversations with over 3,500 residents to learn about their most pressing concerns.

I urge you to take action to help many of the most vulnerable members of our community,

Sincerely,

Please consider using stimulus funds to assist wake county elderly and/or low income who may find themselves homeless due to the current events we have faced over the past two months. Many elderly and at risk people on fixed incomes have had to pay fees to have food delivered thus using precious income. Low income people have been out of work and may have used every penny of savings to feed their families. Please take steps to not put these families on the street if they fail to make rent or mortgage payments. Don't let Wake County down.

As the news rolls in that the Covid counts are being inflated dramatically, that outside of about 3 cities, the problem is extremely limited, as we find out that the vast majority of people recover with little or no symptoms, and as we see insane inconsistencies (closing beaches but opening liquor stores), we know it is time to move on with real life again.

We live with risk everyday, it's part of life and always has been. One thing we know is that economic depressions create massive death and disease and always have throughout world history. While the vast majority of Covid positive people have little or no symptoms, the same cannot be said of unemployment, bankruptcy, foreclosure, depression, heart attack, stroke, domestic abuse, and every other risk factor that has been exponentially multiplied by these draconian measures.

The people so blithely shutting down the world for two months...all are fully paid, fully pensioned, and fully oblivious to the carnage - health carnage - they have caused. You cannot shut down the world for two months without catastrophic consequences. We've done enough damage. Time to reverse course.

My name is Hans Christian Linnartz, and I live at 516 East Jones Street in Raleigh. I'm also a member of Raleigh Mennonite Church. I am writing in support of the following initiatives:

- 1) The House Wake Strategic Plan;
- 2) The allocation of \$5 million to Wake Prevent! as a starting point to help tenants with their May rent and utility bills (as recently proposed by the Triangle Apartment Association, ONE Wake, and other partners).

I understand that federal stimulus money is available for such programming, and I consider these two initiatives particularly well designed to help residents of the county who are most severely affected by the pandemic and its shutdown and economic fallout. Thank you for your service to the community and thoughtful consideration of how wisely to use the funds available.

Mi nombre es Maria Olvera_____, y asisto a la iglesia ceistiana de cary_____, que es un miembro participante de ONE Wake. Estoy escribiendo en apoyo de las siguientes iniciativas:

- 1) El Plan Estratégico de Casa en Wake; House Wake Strategic Plan
- 2) ¡La asignación de \$ 5 millones a Wake Prevent! como punto de partida para ayudar a los inquilinos con sus facturas de alquiler y servicios publicos de mayo (como se propuso recientemente por la Asociación de Apartamentos Triangle, ONE Wake y otros socios). Entendemos que hay fondos federales de estímulo disponibles para dicha programación, que le instamos a utilizar para apoyar el residentes que han sido más afectados por la crisis COVID-19.

ONE Wake es una organización de poder comunitario de nueva creación y amplia base en el condado de Wake que actualmente está compuesta por 36 miembros institucionales que pagan cuotas (congregaciones religiosas, sin fines de lucro y organizaciones cívicas) en todo el condado. Combinadas, nuestras instituciones de membresía representan cerca de 50,000 hogares en el condado.

Durante el último año, ONE Wake ha involucrado a más de 3,500 residentes en conversaciones cara-a-cara en el condado de Wake. Pudimos eficientemente escuchar las necesidades de un gran número de diversas poblaciones del condado lo cual es esencial en esta situación actual y fluida.

Gracias por su consideración. Los líderes de ONE Wake se comunicarán con usted en breve para programar una conversación introductoria.

I would hope that the Board looks strongly at the NCDHHS page under congregate living and sees that it shows congregate vs non-congregate in the footnote. Congregate population are people rarely out in public, excluding employees. Non-congregate (general population) numbers are EXTREMELY LOW.

I am writing to you as a member of ONE WAKE. I urge you to allocate at least \$7 million in Federal Funds to help tenants pay their monthly rent and to help the homeless find a safe place to live. During the era of covid-19 we, people of faith, must commit ourselves to protect the most vulnerable among us. Food and shelt are the most basic needs. Please find it in your heart to protect and prevent people from being evicted because they no longer have the means to pay rent and to find housing for homeless, who are particularly vulnerable to getting the virus. If not for their sake, then for ours. I will be watching how you decided to spend the Federal stimulus money.

Federal funds provided to assist our neighbors in Wake County who live without proper shelter or are on the edge of being evicted due to inability to pay their rent should be utilized. With the nearly invisible presence of a virus that threatens peoples' lives, this is definitely the worst time to not allow people to shelter themselves from the viral threat. Please help the homeless and those who will certainly be homeless if evicted to be able to keep their social distancing that is needed to avoid infection. I believe that at this time this is the best proven method we all have to prevent more deaths among the vulnerable members of our society.

Church in the Woods works to build health, alleviate suffering, prevent death and the spread of disease. To do this we operate in the streets and homeless camps doing search and rescue and regular visits to where they are, giving food, clothes, vitamins, sanitation supplies, transportation, and temporary shelter in camping style and hotel stays. We sorely need funds to resupply and continue serving greatly increasing numbers of those in need. We refer to many other ministries so they can continue to find permanent housing. However, we strongly urge you to include the important first step in this process with your funding - engagement and emergency help to save lives now in this health compromised population. How do we apply? Our email address is thechurchinthewoods@gmail.com. Thank you for your help!

Unfortunately, as we are still under the jurisdiction of the State order I ask you to issue guidance for the Wake County Sheriff's office and for municipal law enforcement that specifically discourages arresting and fining small business owners that choose to begin opening. Wake County is on the decline in COVID cases and our health care system is far from overburdened. The risk to our health care system no longer outweighs the continued destruction of the lives and families that depend on our vibrant local economy. I implore you not to make criminals of our business owners and small enterprises and hope you will issue a statement of leniency immediately. Allowing our businesses to decide for themselves when it is safe to open will also lead to a naturally gradual reopening which will have an immense public health benefit.

Respectfully,
Allison Pace

Email Address	bethligouri@yahoo.com
Phone Number	8477223329

Q2 Please submit your comments via the form below (500 words or less). The clerk will document your comments as part of the formal minutes of today's meeting.

Dear Wake County Commissioners:

My name is Beth Ligouri, and I attend the Unitarian Universalist Fellowship of Raleigh, which participates in ONE Wake, a coalition of 36 dues paying religious and civic organizations.

I am writing to publicly support the House Wake Strategic Plan as well as the allocation of \$5 million to Wake Prevent! as a starting point to help tenants with their May rent and utility bills.

It is our understanding that there are federal stimulus funds available for such programming, which we urge you to utilize to support the residents who have been most impacted by the COVID-19 crisis.

ONE Wake leaders will contact you shortly to schedule a conversation about how Wake County can further allocate federal stimulus funds to address the top concerns and priorities in our communities.

ONE Wake's member institutions represent close to 50,000 households in Wake County. One Wake's agenda has been formed through face to face conversations with over 3,500 residents to learn about their most pressing concerns.

I urge you to take action to help many of the most vulnerable members of our community,

Sincerely,

Beth Ligouri

ONE Wake is a newly formed, broad-based power organization in Wake County currently composed of 36 dues paying member institutions (religious congregations, non-profits, and civic organizations) across the county. Combined, our member institutions represent close to 50,000 households in Wake County.

Over the last year, ONE Wake has engaged over 3,500 Wake County residents in face to face conversations. We were able to efficiently hear the needs of large numbers of Wake County's diverse populations which is essential in this current, fluid situation. Affordable housing is a top concern, which has become more critical during this public health and economic crisis. Approving funding for these two initiatives will help keep people housed during this unprecedented time.

Thank you for your consideration. ONE Wake leaders will contact you shortly to schedule an introductory conversation.

My name is Andy Kraft and as a resident of Wake County, I thank you for ending the excessive county stay-at-home order. Unfortunately, as we are still under the jurisdiction of the State order I ask you to issue guidance for the Wake County Sheriff's office and for municipal law enforcement that specifically discourages arresting and fining small business owners that choose to begin opening. As the fear of COVID-19 wanes, we see our health care system is far from overburdened. The risk to our health care system no longer outweighs the continued destruction of the lives and families that depend on our vibrant local economy. I implore you not to make criminals of our business owners and small enterprises and hope you will issue a statement of leniency immediately. Allowing our businesses to decide for themselves when it is safe to open will also lead to a naturally gradual reopening which will have an immense public health benefit.

Respectfully,
Andy Kraft

Mi nombre es Paula Tito Hernández, y asisto a La iglesia SAN Miguel de arcangel en cary, que es un miembro participante de ONE Wake.

Estoy escribiendo en apoyo de las siguientes iniciativas:

- 1) El Plan Estratégico de Casa en Wake; House Wake Strategic Plan
- 2) ¡La asignación de \$ 5 millones a Wake Prevent! como punto de partida para ayudar a los inquilinos con sus facturas de alquiler y servicios publicos de mayo (como se propuso recientemente por la Asociación de Apartamentos Triangle, ONE Wake y otros socios). Entendemos que hay fondos federales de estímulo disponibles para dicha programación, que le instamos a utilizar para apoyar el residentes que han sido más afectados por la crisis COVID-19.

ONE Wake es una organización de poder comunitario de nueva creación y amplia base en el condado de Wake que actualmente está compuesta por 36 miembros institucionales que pagan cuotas (congregaciones religiosas, sin fines de lucro y organizaciones cívicas) en todo el condado. Combinadas, nuestras instituciones de membresía representan cerca de 50,000 hogares en el condado.

Durante el último año, ONE Wake ha involucrado a más de 3,500 residentes en conversaciones cara-a-cara en el condado de Wake. Pudimos eficientemente escuchar las necesidades de un gran número de diversas poblaciones del condado lo cual es esencial en esta situación actual y fluida.

My name is Keith McMurray, and I attend St. John's Episcopal Church in Wake Forest, which is a participating member of ONE Wake. I am writing in support of the following initiatives:

- 1) The House Wake Strategic Plan;
- 2) The allocation of \$5 million to Wake Prevent! as a starting point to help tenants with their May rent and utility bills (as recently proposed by the Triangle Apartment Association, ONE Wake, and other partners).

It is our understanding that there are federal stimulus funds available for such programming, which we urge you to utilize to support the residents who have been most impacted by the COVID-19 crisis.

ONE Wake is a newly formed, broad-based power organization in Wake County currently composed of 36 dues paying member institutions (religious congregations, non-profits, and civic organizations) across the county. Combined, our member institutions represent close to 50,000 households in Wake County.

Over the last year, ONE Wake has engaged over 3,500 Wake County residents in face to face conversations. We were able to efficiently hear the needs of large numbers of Wake County's diverse populations which is essential in this current, fluid situation. Thank you for your consideration. ONE Wake leaders will contact you shortly to schedule an introductory conversation.

First, thank you for ending the excessive stay-at-home order. Unfortunately, as we are still under the jurisdiction of the State order I ask you to issue guidance for the Wake County Sheriff's office and for municipal law enforcement that specifically discourages arresting and fining small business owners that choose to begin opening. Wake County is on the decline in COVID cases and our health care system is far from overburdened. The risk to our health care system no longer outweighs the continued destruction of the lives and families that depend on our vibrant local economy. I implore you not to make criminals of our business owners and small enterprises and hope you will issue a statement of leniency immediately. Allowing our businesses to decide for themselves when it is safe to open will also lead to a naturally gradual reopening which will have an immense public health benefit.

The governor's order is obviously unconstitutional and lawsuits are undoubtedly coming. I believe you would not like to be defending yourselves in judicial proceedings for such government overreach. Be American and do the right thing. Remember, your job is not to protect us from ourselves but merely to defend our property rights as enshrined in the constitution.

Respectfully,

Q2 Please submit your comments via the form below (500 words or less). The clerk will document your comments as part of the formal minutes of today's meeting.

My name is Scott Shackleton, and I attend Common Thread Church, which is a participating member of ONE Wake.

I am writing in support of the following initiatives:

- 1) The House Wake Strategic Plan;
- 2) The allocation of \$5 million to Wake Prevent! as a starting point to help tenants with their May rent and utility bills (as recently proposed by the Triangle Apartment Association, ONE Wake, and other partners).

It is our understanding that there are federal stimulus funds available for such programming, which we urge you to utilize to support the residents who have been most impacted by the COVID-19 crisis.

ONE Wake is a newly formed, broad-based power organization in Wake County currently composed of 36 dues paying member institutions (religious congregations, non-profits, and civic organizations) across the county. Combined, our member institutions represent close to 50,000 households in Wake County.

Over the last year, ONE Wake has engaged over 3,500 Wake County residents in face to face conversations. We were able to efficiently hear the needs of large numbers of Wake County's diverse populations which is essential in this current, fluid situation.

Thank you for your consideration. ONE Wake leaders will contact you shortly to schedule an introductory conversation.

RE: Request for Funding for Emergency Rental Assistance

Dear Commissioners,

The Board of County Commissioners has shown exceptional leadership during the current crisis, and we commend you for your continued leadership during this difficult time. As we move to the next phase of this crisis, we trust you will make the necessary decisions to keep our residents safe and help our communities recover and thrive. As you know, the pandemic has impacted every aspect of our society, but one of the hardest hit segments of our community are our renters, many of whom find themselves in difficult financial positions as a result of closures that are negatively affecting the economy.

Given these financial hardships, many renters are unable to pay their rent and other basic necessities. We believe local government is uniquely positioned to step in and help provide direct rental assistance which will help to keep those adversely affected in their homes and in their communities.

Respectfully, I'm in support of the allocation of five million dollars to supplement the budget of Wake Prevent! as a starting point to help renters with their May rent bills. The Wake Prevent! program has been hugely successful in helping renters avoid eviction and stay in their homes. We are certain with this additional funding, the program can help thousands more during the current crisis. It is our understanding there are federal dollars available for such programming.

We urge you to utilize this short-term funding stream for this program, which will provide a massive boost for some of our most vulnerable residents. As you continue working to protect Wake County residents, we hope you will consider our suggestion to supplement funding for Wake Prevent! In doing so, you have an opportunity to continue the commitment you have made to fighting for affordable housing and can help thousands of Wake County residents to weather the current crisis.

Thank you for your consideration of this request.

Good afternoon Commissioners,

Let me start by saying thank you. Thank you for the work you are putting in to help protect the citizens of Wake County during COVID-19. Your willingness to serve is very much appreciated, today and every day! As a Wendell Town Commissioner, I understand many of the questions and concerns of the people of eastern Wake County.

ONE Wake is a newly formed organization in Wake County currently composed of thirty-six member institutions (religious congregations, non-profits, and civic organizations) across Wake County. A group of concerned citizens and community leaders have been meeting here in Wendell to discuss the needs and struggles that face many of the residents here. These are real life issues that may be overlooked at times here in eastern Wake County. There are limited resources for public transportation, affordable housing, and educational programs - to name a few - major things that many other folks are able to rely on in other parts of the county.

As you know, COVID-19 has only compounded these struggles for many. Luckily, there are now opportunities available that otherwise wouldn't be with regards to financial support. Please take those opportunities to utilize the federal funds available, supporting the folks of eastern Wake County most impacted (and all of Wake) in multiple ways:

1) Support the House Wake Strategic Plan

2) The allocation of funds to Wake Prevent!, as a starting point to help tenants with their May rent and utility bills. This was recently proposed by the Raleigh Regional Association of REALTORS®, Triangle Apartment Association, Habitat for Humanity of Wake County, ONE Wake, and other partners.

Let's take this opportunity to help stabilize the housing situation for our residents. Being proactive now will help minimize many of the issues that are burdening those already struggling with housing insecurity.

Again, thank you for your time, your talent, and your service to Wake County.

Regards,

Joe DeLoach

Commissioner, Town of Wendell

Please protect our homeless; also, please protect others who are struggling right now with the current crisis. As the service industry has fallen due to the quarantine, people are struggling. It is important to help them not only weather the storm but also to help them find other employment. This country is a democracy, and we protect each other. It is not the wild west. One European country has put a hiatus on all fees such as rent and bills until the quarantine passes. Have you studied this model? Please do. With great respect, Jenny.

I work as a shelter case manager at the Salvation Army. The strategic plan for housing is great and I commend you. However it is only a short term plan. A long term plan to end homelessness must include long term rental assistance for very low income people. In particular we need an increase in house choice vouchers (HCV). Research shows it is the most effective solution to addressing homelessness. Only 1 in 4 people who are eligible for vouchers receive them. Many cities and counties augment HUD vouchers with their own long term rental assistance program. This should be considered. Finally the proposed Housing Navigation & Landlord Engagement Program should also work to increase the number of landlords/property managers that accept housing choice vouchers. We know that very low income people cannot afford rent in many parts of Wake County. More long term rental assistance must be part of the solution.

I am in favor of the house wake strategic plan. Anything we can do to help those who are in greater need should be done. I consider myself a very lucky person; a roof over my head and food in my refrigerator and clothes on my back. I only wish this for all of my neighbors in the greater community. Please do what you can to support this effort.

Dear Wake County Commissioners:

My name is Art Lieberman and I attend the Unitarian Universalist Fellowship of Raleigh, which participates in ONE Wake, a coalition of 36 dues paying religious and civic organizations.

I am writing to publicly support the House Wake Strategic Plan as well as the allocation of \$5 million to Wake Prevent! as a starting point to help tenants with their May rent and utility bills.

It is our understanding that there are federal stimulus funds available for such programming, which we urge you to utilize to support the residents who have been most impacted by the COVID-19 crisis.

ONE Wake leaders will contact you shortly to schedule a conversation about how Wake County can further allocate federal stimulus funds to address the top concerns and priorities in our communities.

ONE Wake's member institutions represent close to 50,000 households in Wake County. One Wake's agenda has been formed through face to face conversations with over 3,500 residents to learn about their most pressing concerns.

I urge you to take action to help many of the most vulnerable members of our community,

Sincerely,
Art Lieberman

Please, your viewpoint on the latest CDC posting on the COVID19 effects on NC. You can scroll to table #2 to see the CDC's numbers by state. NC has ZERO deaths attributed solely to COVID19. It is only present with co-morbidity patients. These data are taken directly from death certificates. It makes no sense to quarantine the population of healthy, especially younger people. Let them go now. Thank you. <https://www.cdc.gov/nchs/nvss/vsrr/covid19/index.htm>

Wake County Board of Commissioners PO Box 550

Raleigh, NC 27602

RE: Request for Funding for Emergency Rental Assistance

Dear Commissioners,

The Board of County Commissioners has shown exceptional leadership during the current crisis, and we commend you for your continued leadership during this difficult time. As we move to the next phase of this crisis, we trust you will make the necessary decisions to keep our residents safe and help our communities recover and thrive.

As you know, the pandemic has impacted every aspect of our society, but one of the hardest hit segments of our community are our renters, many of whom find themselves in difficult financial positions as a result of closures that are negatively affecting the economy. Given these financial hardships, many renters are unable to pay their rent and other basic necessities. We believe local government is uniquely positioned to step in and help provide direct rental assistance which will help to keep those adversely affected in their homes and in their communities.

Specifically, we would ask that the Board of Commissioners allocate five million dollars to supplement the budget of Wake Prevent! as a starting point to help renters with their May rent bills. The Wake Prevent! program has been hugely successful in helping renters avoid eviction and stay in their homes. We are certain with this additional funding, the program can help thousands more during the current crisis. It is our understanding there are federal dollars available for such programming. We urge you to utilize this short-term funding stream for this program, which will provide a massive boost for some of our most vulnerable residents.

As you continue working to protect Wake County residents, we hope you will consider our suggestion to supplement funding for Wake Prevent! In doing so, you have an opportunity to continue the commitment you have made to fighting for affordable housing and can help thousands of Wake County residents to weather the current crisis.

Thank you for your consideration.

Carol Majors

Raleigh Resident of 50 years.

Hi, I'm Jacob House, a nearly 20-year citizen in District 7. I'd like to voice my support of the House Wake Strategic Plan as well as the allocation of \$5M to Wake Prevent! I believe that housing stability must be one of our top priorities during this difficult time. I am motivated by my faith, and will make my point to you using science. Abraham Maslow's hierarchy of needs is relevant to the decision-making of any public servant always, but should be top-of-mind during COVID-19. According to Maslow, an individual's physiological needs, including shelter, are the foundation of all other needs.

If they are not met, a long list of secondary problems result that can take a very long time and a lot of money to correct. Public health (especially mental health) and public safety will be the next areas to catch fire if we don't first put out the fire we have in securing our residents' basic need for shelter during this time.

I'm hopeful that the Commissioners' commitment to the strategic priority of Affordable Housing remains as strong as ever and that you will unanimously point your hoses at the fire burning in our foundation before the floors catch fire. Thank you all for your service to our County.

- 3) Additionally, I encourage you to pay special attention to the most vulnerable of the vulnerable:

Individuals without families who have lost jobs;

People with disabilities experiencing homelessness;

People experiencing domestic violence;

Women from ages 35 on up or who are elderly and experiencing homelessness or couch surfing;

Provide more consistent and effective way of accessing services;

Look through the lens of racial equity at communities of color which have been disproportionately affected by COVID-19 due to historical and systemic factors.

It is our understanding that there are federal stimulus funds available for such programming, which we urge you to utilize to support the residents who have been most impacted by the COVID-19 crisis.

My name is Diane McPherson and I am a member of Good Shepherd United Church of Christ in Cary, N C, which is a participating member of One Wake in Raleigh.NC.

I am writing in support of the following initiatives:

- 1) The House Wake Strategic Plan;
- 2) The allocation of \$5 million to Wake Prevent! as a starting point to help tenants with their May rent and utility bills (as recently proposed by the Triangle Apartment Association, ONE Wake, and other partners).

It is our understanding that there are federal stimulus funds available for such programming, which we urge you to utilize to support the residents who have been most impacted by the COVID-19 crisis.

ONE Wake is a newly formed, broad-based power organization in Wake County currently composed of 36 dues paying member institutions (religious congregations, non-profits, and civic organizations) across the county. Combined, our member institutions represent close to 50,000 households in Wake County.

Over the last year, ONE Wake has engaged over 3,500 Wake County residents in face to face conversations. We were able to efficiently hear the needs of large numbers of Wake County's diverse populations which is essential in this current, fluid situation.

Thank you for your consideration. ONE Wake leaders will contact you shortly to schedule an introductory conversation.

RE: Request for Funding for Emergency Rental Assistance

Dear Commissioners,

The Board of County Commissioners has shown exceptional leadership during the current crisis, and we commend you for your continued leadership during this difficult time. As we move to the next phase of this crisis, we trust you will make the necessary decisions to keep our residents safe and help our communities recover and thrive.

As you know, the pandemic has impacted every aspect of our society, but one of the hardest hit segments of our community are our renters, many of whom find themselves in difficult financial positions as a result of closures that are negatively affecting the economy. Given these financial hardships, many renters are unable to pay their rent and other basic necessities. We believe local government is uniquely positioned to step in and help provide direct rental assistance which will help to keep those adversely affected in their homes and in their communities.

Specifically, we would ask that the Board of Commissioners allocate five million dollars to supplement the budget of Wake Prevent! as a starting point to help renters with their May rent bills. The Wake Prevent! program has been hugely successful in helping renters avoid eviction and stay in their homes. We are certain with this additional funding, the program can help thousands more during the current crisis. It is our understanding there are federal dollars available for such programming. We urge you to utilize this short-term funding stream for this program, which will provide a massive boost for some of our most vulnerable residents.

As you continue working to protect Wake County residents, we hope you will consider our suggestion to supplement funding for Wake Prevent! In doing so, you have an opportunity to continue the commitment you have made to fighting for affordable housing and can help thousands of Wake County residents to weather the current crisis.

Thank you for your consideration of this request.

Sincerely,
Matthew Bate, LCSW, School Social Worker at PAVE SE Raleigh

I have lived in Wake County for three decades. It grieves me to think about the damage that is being done to the people of North Carolina. I strongly believe it is time to end the stay-at-home orders for our state, to inform the public on recommendations for ways to protect themselves and others and how to prevent the spread of COVID-19, and then leave it up to individuals on how to act on those recommendations, which I hope will be backed with data and reliable scientific research. It is my desire that the Wake County Sheriff's office will be guided to refrain from enforcing the overreaching State order to arrest and fine those who choose to reopen businesses and to provide for their families. We are not in the peril that was predicted, and to criminalize small businesses for opening and supporting our communities is unwarranted. I trust you will do the right thing for Wake County.

Respectfully,
Liza Coutu

Please immediately lift all restrictions on the operating of businesses (and on those who own and operate them), hospitals (and the lifting of restrictions on the doctors and practitioners operating within them, also). I would also add that you publicly recognize our right to free assembly. The people of this county and state do and can live responsible, productive, and caring lives, without the undue stress of government intrusion in the running of their everyday lives.

Last year ONE Wake (formerly Wake County Sponsors) learned through listening sessions that affordable housing is one of the top concerns for Wake County residents. The economic crisis caused by the pandemic shutdown has made the housing crisis more precarious. On Monday the Wake County Commissioners will be considering a proposal to allocate approximately \$7 million of federal COVID-19 relief funds for two housing-related purposes: the House Wake Strategic Plan, which supports homeless families currently living in hotels/motels; and emergency support for renters unable to afford May rent and utilities. ONE Wake leaders voted to take its first public action in support of this housing funding through a campaign of public comments to the Wake Co Commissioners. ONE Wake has a goal of at least 500 comments from people around Wake County. Please consider participating in this action to support neighbors who are caught in the housing crisis.

- 1) El Plan Estratégico de Casa en Wake; House Wake Strategic Plan
- 2) ¡La asignación de \$ 5 millones a Wake Prevent! como punto de partida para ayudar a los inquilinos con sus facturas de alquiler y servicios publicos de mayo (como se propuso recientemente por la Asociación de Apartamentos Triangle, ONE Wake y otros socios). Entendemos que hay fondos federales de estímulo disponibles para dicha programación, que le instamos a utilizar para apoyar el residentes que han sido más afectados por la crisis COVID-19.

ONE Wake es una organización de poder comunitario de nueva creación y amplia base en el condado de Wake que actualmente está compuesta por 36 miembros institucionales que pagan cuotas (congregaciones religiosas, sin fines de lucro y organizaciones cívicas) en todo el condado. Combinadas, nuestras instituciones de membresía representan cerca de 50,000 hogares en el condado.

Durante el último año, ONE Wake ha involucrado a más de 3,500 residentes en conversaciones cara-a-cara en el condado de Wake. Pudimos eficientemente escuchar las necesidades de un gran número de diversas poblaciones del condado lo cual es esencial en esta situación actual y fluida.

Gracias por su consideración. Los líderes de ONE Wake se comunicarán con usted en breve para programar una conversación introductoria.

My name is Laura Goodman and I am a student at NC State University.

I am writing in support of the following initiatives:

- 1) The House Wake Strategic Plan;
- 2) The allocation of \$5 million to Wake Prevent! as a starting point to help tenants with their May rent and utility bills (as recently proposed by the Triangle Apartment Association, ONE Wake, and other partners).

Even before the pandemic, there were a lot of people here who experience housing insecurity. I have known dozens of people who didn't have housing once the dorms closed and before their summer programs started, so they would sleep on couches for weeks or sneak into building lounges to sleep. Since NC State has closed prematurely, the buildings are all closed, and nearly all summer programs that would usually provide housing have cancelled, there are a lot more people trying to figure out where to stay that is affordable. Additionally, so many people are working on decreased wages, or no longer have income sources at all making housing a challenge to pay for. In my case, I don't know what the situation will be a couple months from now and thus am struggling to plan for where I should live at that point in time and whether I should extend my lease or find somewhere new. I know there are a lot of people out there facing the same worry for the future as I am. Thanks so much for doing your part in alleviating some of that worry and giving hope and a way to plan for the future.

Best,
Laura Goodman

My name is _JoAnn Wootten, and I attend Nativity Episcopal Church, which is a participating member of ONE Wake.

I am writing in support of the following initiatives:

- 1) The House Wake Strategic Plan;
- 2) The allocation of \$5 million to Wake Prevent! as a starting point to help tenants with their May rent and utility bills (as recently proposed by the Triangle Apartment Association, ONE Wake, and other partners).

It is our understanding that there are federal stimulus funds available for such programming, which we urge you to utilize to support the residents who have been most impacted by the COVID-19 crisis.

ONE Wake is a newly formed, broad-based power organization in Wake County currently composed of 36 dues paying member institutions (religious congregations, non-profits, and civic organizations) across the county. Combined, our member institutions represent close to 50,000 households in Wake County.

Over the last year, ONE Wake has engaged over 3,500 Wake County residents in face to face conversations. We were able to efficiently hear the needs of large numbers of Wake County's diverse populations which is essential in this current, fluid situation.

Thank you for your consideration. ONE Wake leaders will contact you shortly to schedule an introductory conversation.

I am a vice-president of our St. Vincent de Paul group. Our group funds short term financial help for individuals in certain zip code. We have many times worked with a family that was close to eviction. Our small contribution has often helped a family avoid eviction. It is worthwhile to fund individuals. I would like to be sure a prevention fund is available to hard-working individuals who have suffered a small set-back and need help.

Wake County Board of Commissioners

PO Box 550

Raleigh, NC 27602

RE: Request for Funding for Emergency Rental Assistance

Dear Commissioners,

The Board of County Commissioners has shown exceptional leadership during the current crisis, and we commend you for your continued leadership during this difficult time. As we move to the next phase of this crisis, we trust you will make the necessary decisions to keep our residents safe and help our communities recover and thrive.

As you know, the pandemic has impacted every aspect of our society, but one of the hardest hit segments of our community are our renters, many of whom find themselves in difficult financial positions as a result of closures that are negatively affecting the economy. Given these financial hardships, many renters are unable to pay their rent and other basic necessities. We believe local government is uniquely positioned to step in and help provide direct rental assistance which will help to keep those adversely affected in their homes and in their communities.

Specifically, we would ask that the Board of Commissioners allocate five million dollars to supplement the budget of Wake Prevent! as a starting point to help renters with their May rent bills. The Wake Prevent! program has been hugely successful in helping renters avoid eviction and stay in their homes. We are certain with this additional funding, the program can help thousands more during the current crisis. It is our understanding there are federal dollars available for such programming. We urge you to utilize this short-term funding stream for this program, which will provide a massive boost for some of our most vulnerable residents.

As you continue working to protect Wake County residents, we hope you will consider our suggestion to supplement funding for Wake Prevent! In doing so, you have an opportunity to continue the commitment you have made to fighting for affordable housing and can help thousands of Wake County residents to weather the current crisis.

Thank you for your consideration of this request.

Sincerely,

Ronald L. Newell

St. Francis of Assisi Catholic Church, Raleigh NC

I support One Wake County and the Housing Raleigh strategic plan to address the issue of homeless and housing insecure people who will lose access to funds allotted during the COVID - 19 social distancing orders. Many have lived in shelters that could not accommodate social distancing. Some have lost employment and have no way to pay past due rental payments. Housing Raleigh provides solutions to the potential onslaught of mass evictions and will provide support to community agencies and faith communities supporting people in need of housing.

May 4, 2020

Dear Commissioners:

My name is William J. Pate, and I attend Christ the King Lutheran Church in Cary, NC, which is a participating member of ONE Wake, a newly formed, broad-based power organization composed of 36 dues paying member institutions (religious congregations, nonprofits, and civic organizations) across Wake County.

I write to support the following initiatives being proposed to the Board of Commissioners:

- 1) The House Wake Strategic Plan allocating \$2,018,246 in Federal grant funds for housing and related purposes.
- 2) The allocation of \$5 million from Federal relief funds to supplement the budget of Wake Prevent! as a starting point to help tenants with their May rent and utility bills (as recently proposed by the Triangle Apartment Association, ONE Wake, and other partners).

It is our understanding that there are federal stimulus funds available for such programs. As permitted, we urge you to utilize funds from those programs to support the residents who have been most impacted by the COVID-19 crisis.

Please do not allow the Wake County Sheriff's office to enforce the overreaching State order by arresting and/or fining those who choose to reopen businesses and provide for their families. We are not in the danger that was predicted, and to criminalize small businesses for opening and supporting our communities is unconstitutional.

Dear Wake County Commissioners:

My name is Linda Watson, and I attend the Unitarian Universalist Fellowship of Raleigh, which participates in ONE Wake, a coalition of 36 dues paying religious and civic organizations.

I am writing to publicly support the House Wake Strategic Plan as well as the allocation of \$5 million to Wake Prevent! as a starting point to help tenants with their May rent and utility bills.

It is our understanding that there are federal stimulus funds available for such programming, which we urge you to utilize to support the residents who have been most impacted by the COVID-19 crisis.

ONE Wake leaders will contact you shortly to schedule a conversation about how Wake County can further allocate federal stimulus funds to address the top concerns and priorities in our communities.

ONE Wake's member institutions represent close to 50,000 households in Wake County. One Wake's agenda has been formed through face to face conversations with over 3,500 residents to learn about their most pressing concerns.

I urge you to take action to help many of the most vulnerable members of our community,

Sincerely,

Linda Watson

Greetings,

I serve on staff in a non-profit organization called With Love From Jesus Ministries. During this Pandemic, we have offered food items to individuals and families. We have on average helped up to 500 each week. Before the "stay home order" we also helped needy families with clothing and household items seeing 700 to 800 each week. The items we offer to our guests, they receive free of charge. The demographics are varying from un employed to homeless.

As you know there is a great need during this Pandemic with many not able to work and still having bills to pay. I would love to see some of the available funding help families cover their bills. It would be great if there was a way to help the homeless get on their feet as long as there is some form of accountability. Throwing money at people without any accountability is a waste of money, especially when we are talking about taxpayer's hard-earned money.

Thank you for your service and time listening to my requests.

- 1) El Plan Estratégico de Casa en Wake; House Wake Strategic Plan
- 2) ¡La asignación de \$ 5 millones a Wake Prevent! como punto de partida para ayudar a los inquilinos con sus facturas de alquiler y servicios publicos de mayo (como se propuso recientemente por la Asociación de Apartamentos Triangle, ONE Wake y otros socios). Entendemos que hay fondos federales de estímulo disponibles para dicha programación, que le instamos a utilizar para apoyar el residentes que han sido más afectados por la crisis COVID-19.

ONE Wake es una organización de poder comunitario de nueva creación y amplia base en el condado de Wake que actualmente está compuesta por 36 miembros institucionales que pagan cuotas (congregaciones religiosas, sin fines de lucro y organizaciones cívicas) en todo el condado. Combinadas, nuestras instituciones de membresía representan cerca de 50,000 hogares en el condado.

Durante el último año, ONE Wake ha involucrado a más de 3,500 residentes en conversaciones cara-a-cara en el condado de Wake. Pudimos eficientemente escuchar las necesidades de un gran número de diversas poblaciones del condado lo cual es esencial en esta situación actual y fluida.

May 4, 2020

Dear Commissioners:

My name is Rosemary Pate, and I attend Christ the King Lutheran Church in Cary, NC, which is a participating member of ONE Wake, a newly formed, broad-based power organization composed of 36 dues paying member institutions (religious congregations, nonprofits, and civic organizations) across Wake County.

I write to support the following initiatives being proposed to the Board of Commissioners:

- 1) The House Wake Strategic Plan allocating \$2,018,246 in Federal grant funds for housing and related purposes.
- 2) The allocation of \$5 million from Federal relief funds to supplement the budget of Wake Prevent! as a starting point to help tenants with their May rent and utility bills (as recently proposed by the Triangle Apartment Association, ONE Wake, and other partners).

It is our understanding that there are federal stimulus funds available for such programs. As permitted, we urge you to utilize funds from those programs to support the residents who have been most impacted by the COVID-19 crisis.

Over the last year, ONE Wake has engaged over 3,500 Wake County residents in face-to-face conversations, and we heard the housing and other needs of large numbers of Wake County's diverse population. It is essential to provide immediate relief for the housing needs in this current, fluid situation.

Thank you for your consideration.

Good morning,

Please reopen all businesses now, as the data since mid-April DOES NOT support continued quarantine. Those with health issues and the elderly can continue to lockdown as they see fit, but the rest of us need to get back to work ASAP with masks if needed and proper protection measures. Thank you.

ONE Wake Sample Public Comment Letter

My name is Alvin H. Quarles, and I attend Baptist Grove Church, which is a participating member of ONE Wake.

I am writing in support of the following initiatives:

- 1) The House Wake Strategic Plan;
- 2) The allocation of \$5 million to Wake Prevent! as a starting point to help tenants with their May rent and utility bills (as recently proposed by the Triangle Apartment Association, ONE Wake, and other partners).

It is our understanding that there are federal stimulus funds available for such programming, which we urge you to utilize to support the residents who have been most impacted by the COVID-19 crisis.

ONE Wake is a newly formed, broad-based power organization in Wake County currently composed of 36 dues paying member institutions (religious congregations, non-profits, and civic organizations) across the county. Combined, our member institutions represent close to 50,000 households in Wake County.

Over the last year, ONE Wake has engaged over 3,500 Wake County residents in face to face conversations. We were able to efficiently hear the needs of large numbers of Wake County's diverse populations which is essential in this current, fluid situation. Thank you for your consideration. ONE Wake leaders will contact you shortly to schedule an introductory conversation.

My name is Melanie Murphy and I am a member of St. John's Episcopal Church in Wake Forest which is part of ONEWake. I hope you will support: 1) the House Wake Strategic Plan, and 2) the allocation of \$5 million to Wake Prevent!

I understand there are federal stimulus funds available for this program and urge you to use these funds to support residents of our county who have been most impacted by the Covid-19 virus. Housing security is critical for these vulnerable residents and the money will be well-spent to help them in this time of great need.

Thank you for your time and attention.

Mi nombre es Daysy Bahena, y asisto a Hope Community Church. Estoy escribiendo en apoyo de las siguientes iniciativas:

- 1) El Plan Estratégico de Casa en Wake; House Wake Strategic Plan
- 2) ¡La asignación de \$ 5 millones a Wake Prevent! como punto de partida para ayudar a los inquilinos con sus facturas de alquiler y servicios publicos de mayo (como se propuso recientemente por la Asociación de Apartamentos Triangle, ONE Wake y otros socios). Entendemos que hay fondos federales de estímulo disponibles para dicha programación, que le instamos a utilizar para apoyar el residentes que han sido más afectados por la crisis COVID-19.

ONE Wake es una organización de poder comunitario de nueva creación y amplia base en el condado de Wake que actualmente está compuesta por 36 miembros institucionales que pagan cuotas (congregaciones religiosas, sin fines de lucro y organizaciones cívicas) en todo el condado. Combinadas, nuestras instituciones de membresía representan cerca de 50,000 hogares en el condado.

Durante el último año, ONE Wake ha involucrado a más de 3,500 residentes en conversaciones cara-a-cara en el condado de Wake. Pudimos eficientemente escuchar las necesidades de un gran número de diversas poblaciones del condado lo cual es esencial en esta situación actual y fluida.

Gracias por su consideración. Los líderes de ONE Wake se comunicarán con usted en breve para programar una conversación introductoria.

Q2 Please submit your comments via the form below (500 words or less). The clerk will document your comments as part of the formal minutes of today's meeting.

Hello, Thank you for your service to the people of Wake County. My name is Dani Moore, and I attend Common Thread Church, which is a participating member of ONE Wake.

I am writing in support of the following initiatives:

- 1) The House Wake Strategic Plan;
- 2) The allocation of \$5 million to Wake Prevent! as a starting point to help tenants with their May rent and utility bills (as recently proposed by the Triangle Apartment Association, ONE Wake, and other partners).

It is our understanding that there are federal stimulus funds available for such programming, which we urge you to utilize to support the residents who have been most impacted by the COVID-19 crisis.

ONE Wake is a newly formed, broad-based organization in Wake County currently composed of 36 dues paying member institutions (religious congregations, non-profits, and civic organizations) across the county. Combined, our member institutions represent close to 50,000 households in Wake County.

Over the last year, ONE Wake has engaged over 3,500 Wake County residents in face to face conversations. We were able to efficiently hear the needs of large numbers of Wake County's diverse populations which is essential in this current, fluid situation.

Thank you for your consideration. ONE Wake leaders will contact you shortly to schedule an introductory conversation. I would like to receive a reply to this message at danimooore919@gmail.com. Thank you.

To Wake County Commissioners:

My name is Kim Breivogel, and I am a member of UUFR, a church that participates in ONE Wake, a group of religious and civic organizations that care deeply about our community.

My comments are in support of the House Wake Strategic Plan as well as the allocation of \$5 million to Wake Prevent! as a starting point to help tenants with their May rent and utility bills in the face of the COVID-19 pandemic. I am aware that there are federal stimulus funds available for programming such as this, which we urge you to use to support community members who have been most impacted.

I am hopeful that a about how Wake County can further allocate federal stimulus funds to address the top concerns and priorities in our communities can take place soon with ONE Wake leadership. ONE Wake's members come from around 50,000 households in Wake County and the ONE Wake agenda has been shaped through conversations with over 3,500 community members about their most important concerns,

I urge you to please take action now to help many of the most vulnerable members of our community!

Sincerely, Kim Breivogel

My name is mary rodriguez____[Your Name]____, and I attend St Paul's Episcopal Church in Cary____[Your Institution]____, which is a participating member of ONE Wake. I have worked as a critical care nurse for over 45 years. Having had this work experience of caring for many of our minority people, I am horrified by the impact that this pandemic has had, especially on the disenfranchised members of our society. Therefore I submit this letter to you as their voice:

I am writing in support of the following initiatives:

- 1) The House Wake Strategic Plan;
 - 2) The allocation of \$5 million to Wake Prevent! as a starting point to help tenants with their May rent and utility bills (as recently proposed by the Triangle Apartment Association, ONE Wake, and other partners).
- It is our understanding that there are federal stimulus funds available for such programming, which we urge you to utilize to support the residents who have been most impacted by the COVID-19 crisis.

ONE Wake is a newly formed, broad-based power organization in Wake County currently composed of 36 dues paying member institutions (religious congregations, non-profits, and civic organizations) across the county. Combined, our member institutions represent close to 50,000 households in Wake County.

Over the last year, ONE Wake has engaged over 3,500 Wake County residents in face to face conversations. We were able to efficiently hear the needs of large numbers of Wake County's diverse populations which is essential in this current, fluid situation. Thank you for your consideration. ONE Wake leaders will contact you shortly to schedule an introductory conversation.

Dear Wake County Commissioners:

My name is Jennifer Stascak, and I attend the Unitarian Universalist Fellowship of Raleigh, which participates in ONE Wake, a coalition of 36 dues paying religious and civic organizations.

I am writing to publicly support the House Wake Strategic Plan as well as the allocation of \$5 million to Wake Prevent! as a starting point to help tenants with their May rent and utility bills.

It is our understanding that there are federal stimulus funds available for such programming, which we urge you to utilize to support the residents who have been most impacted by the COVID-19 crisis.

ONE Wake leaders will contact you shortly to schedule a conversation about how Wake County can further allocate federal stimulus funds to address the top concerns and priorities in our communities.

ONE Wake's member institutions represent close to 50,000 households in Wake County. One Wake's agenda has been formed through face to face conversations with over 3,500 residents to learn about their most pressing concerns.

I urge you to take action to help many of the most vulnerable members of our community,

Sincerely,

Jennifer Stascak

RE: Request for Funding for Emergency Rental Assistance

Dear Commissioners:

I strongly support and encourage the Wake County Board of Commissioners to allocate more than \$5 million dollars to supplement the budget of Wake Prevent!. The allocation would be a beginning to help many renters across Wake County with their May 2020 rent bills. It is my understanding that Wake Prevent! has been very successful in helping many Wake County residents avoid eviction and maintain security and shelter. Again, I encourage you to secure and use any federal appropriations to North Carolina and Wake County to fund this program.

Thank you for your consideration of this request.

Sincerely,

Tim Lee

Wake County Board of Commissioners

RE: Request for Funding for Emergency Rental Assistance

Commissioners:

Now is the time to provide short term funding for Wake Prevent.

Around me I am now witnessing too many Wake County citizens, because of the pandemic economic effects, facing extreme financial hardships. At Dorcas Ministries, I have worked 51 years with our Cary and Morrisville citizens , since 2001 as a crisis counselor working directly with some of our vulnerable citizens. Now even with the Dorcas Ministries assets, I realize this financially secure nonprofit simply can not meet these coming needs without short term Wake County government financial help.

I ask that the Board of Commissioners allocate five million dollars to supplement the budget of Wake Prevent! as a starting point to help renters with their May rentbills. This short term bill will help our vulnerable citizens get through this crisis.

I will do my part by supporting, through Dorcas Ministries, these vulnerable citizens as the crisis abates.

Sincerely,

Nancy McNitt

My name is James, and I attend Pullen Memorial Baptist Church, which is a participating member of Congregations for Social Justice. I am writing in support of the following initiatives:

- 1) The House Wake Strategic Plan;
 - 2) The allocation of \$5 million to Wake Prevent! as a starting point to help tenants with their May rent and utility bills (as recently proposed by the Triangle Apartment Association, ONE Wake, and other partners).
- This money should be used to bridge housing costs for low income Wake residents during the pandemic so they are not put out on the street.

I believe that the actions taken place by the house wake are Essential and should continue to work to help people, especialy those who are affected and diagnosed positive with covid-19. Many in the community, including Myself have gained small amounts of money due to little hours of work.

With this to say, i think that the money that the allocations are providing, should be used to help pay rent as many are disemployed and cannot pay rent.

In addition, i think that those who are homeless, or have the virus should get additional help. As to say, it can be by giving some amount of money to pay their medical bills or money to help them buy food for their homes, as they should be in isolation and Buy be in public as they recover.

I ask the Commissioners to take a deep look at the requested funds for Wake County Public Schools. Anytime, our public school budget is unmet, it represents needs of students that are unmet. I know first hand what teacher turnover in special education and lack of resources mean to a boy who has all the potential in the world, but falls short when our schools fall short. When it comes to special education make no mistake the public has failed him at the federal level, the state, and sometimes the county. You have an obligation to not just my child, but every child under your jurisdiction to do your duty to provide a world class education. In fact, I'd settle for a sound basic education.

All of us know and fear the word recession, but if you are to make an investment, please make sure the neediest of our citizens are taken care of. Our schools are the heart, soul, and mind of our community. They provide services to families that can't be duplicated. We've seen this at play during Covid19. Those of us who were around during our last financial crisis know what devastation it brought to our school systems. Recovering from Covid19 will be a costly but worthy endeavor. We can't find cost savings by skimping on cleaning. Our students need mental health services now more than ever. Our state is actually requiring more reporting not less, so our already devastated administration will have their hands full.

I ask that the Wake County Commissioners do their job, and fund the Wake County Schools at the level requested by our Superintendent. Our children, especially those in poverty, will need all the help and support they can get from our elected officials as we meander ourselves out of this crisis. Please support our schools.

Dear Wake County Commissioners:

I have been a resident of Wake County for almost 15 years. I attend the Unitarian Universalist Fellowship of Raleigh, which participates in ONE Wake, a coalition of 36 dues paying religious and civic organizations.

I am writing to express my support for the House Wake, Wake County COVID-19 Strategic Plan for Housing.

I also support the proposed allocation of \$5 million to Wake County's Housing and Community Revitalization Department's Wake Prevent!, the new initiative under the Division of Homelessness and Prevention Services. These funds will address the May rent and utility bills of tenants whose lives have been impacted by COVID 19. It is my understanding that there are federal stimulus funds available for such programming.

Our ONE Wake leaders will contact you shortly to schedule a conversation about how Wake County can further allocate federal stimulus funds to address the top concerns and priorities in our communities.

Q2 Please submit your comments via the form below (500 words or less). The clerk will document your comments as part of the formal minutes of today's meeting.

My name is Kendall Breivogel, and I attend the Unitarian Universalist Fellowship of Raleigh, which participates in ONE Wake, a coalition of 36 dues paying religious and civic organizations.

I am writing to publicly support the House Wake Strategic Plan as well as the allocation of \$5 million to Wake Prevent! as a starting point to help tenants with their May rent and utility bills.

It is our understanding that there are federal stimulus funds available for such programming, which we urge you to utilize to support the residents who have been most impacted by the COVID-19 crisis.

ONE Wake leaders will contact you shortly to schedule a conversation about how Wake County can further allocate federal stimulus funds to address the top concerns and priorities in our communities.

ONE Wake's member institutions represent close to 50,000 households in Wake County. One Wake's agenda has been formed through face to face conversations with over 3,500 residents to learn about their most pressing concerns.

I urge you to take action to help many of the most vulnerable members of our community,

Sincerely,
Kendall Breivogel

My name is Stan North Martin and I attend Raleigh Mennonite Church, which is a participating member of ONE Wake.

I am writing to publicly support the House Wake Strategic Plan, as well as the allocation of \$5 million to Wake Prevent! as a *starting point* to help tenants with their May rent and utility bills.

It is our understanding that there are federal stimulus funds available for such programming, which we urge you to use to support the residents who have been most impacted by the COVID-19 crisis.

As you have no doubt heard already, ONE Wake leaders will contact you shortly to schedule a conversation about how Wake County can further allocate federal stimulus funds to address the top concerns and priorities in our communities.

ONE Wake is a newly formed, broad-based power organization in Wake County currently composed of 36 dues paying member institutions (religious congregations, non-profits, and civic organizations) across the county. Combined, our member institutions represent close to 50,000 households in Wake County. ONE Wake's agenda has been formed through face to face conversations with over 3,500 residents to learn about their most pressing concerns.

Thank you for considering first those in our community who are most directly and severely impacted by this pandemic.

Stan North Martin

Wake County Board of Commissioners	Post Office Box 550
Raleigh, North Carolina 27602	

Dear Commissioners,

My name is Jeanne B. Ford. I am a Cary resident and member of Christ the King Lutheran Church in Cary. My church is participating in ONE Wake, a newly formed, broad-based, and non-partisan public interest organization composed of nearly forty non-profit organizations, congregations, and civic organizations across Wake County.

I am writing to ask your support of the following two proposals under your consideration that will provide immediate financial assistance to Wake County residents in the ever-expanding housing crisis resulting from the COVID-19 pandemic:

1. The allocation of \$2,018,246 in federal grant funds for housing and related needs; and
2. The allocation of five million dollars in federal relief funds to Wake Prevent! to help tenants across Wake County make their rent and utility bill payments this month.

The economic impact of this pandemic is profound and long term. These two proposals offer needful Wake County residents vital, immediate financial assistance in the short term to meet their housing needs.

Thank you for your support.

Sincerely,
Jeanne B. Ford

I support all seven major components of the House Wake proposals to address the dire housing needs of many in our county. Finding affordable housing was a major issue for many county residents before coronavirus and now the virus has exacerbated conditions. We MUST help people have safe, affordable housing now and in the future.

We attend Common Thread Church which is part of ONE Wake. With this pandemic the housing problem in our county will be further damaged. Please work with One Wake to address immediate needs such as rent & utility assistance. Please access any available federal funding to help those most vulnerable. This is an immediate problem that needs immediate attention.

The County should dedicate most of the federal Covid-a9 funds to eviction resolution. Landlords' and tenants' interests are so intertwined right now. Tenants have not had the income to pay rent and there is a moratorium on evictions, and rightfully so, until June 1. There could be a tsunami of evictions after June 1 unless an aggressive effort is made with LLs and service providers to resolve these rent defaults.

May 4, 2020

Dear Wake County Commissioners;

My name is Patricia Galloway, and I attend St. Teresa of Calcutta Catholic Church. I am a friend of Nathan Wagner who is a supporter of ONE Wake, a broad-based power organization in Wake County composed of 36 dues paying member institutions and representing close to 50,000 households in Wake County.

Prior to COVID-19, our county was facing a significant housing shortage and had committed to providing more affordable housing going forward. I am writing to advocate for those people in the Wake County community who cannot pay their rent due to loss of employment, illness or preexisting housing instability. Between March 18, 2020 and April 28, Wake County has experienced massive unemployment resulting in 906,627 unemployment claims being filed. It is inevitable that this will lead to increased homelessness!

I am writing to urge you to support the two following initiatives:

1) The House Wake Strategic Plan

2) The allocation of \$5 million to Wake Prevent! as a starting point to help tenants with their May rent and utility bills (as recently proposed by the Triangle Apartment Association, ONE Wake, and other partners).

This pandemic presents Wake leaders with an opportunity to take BOLD steps towards providing housing stability for a maximum number of residents! The House Wake Strategic Plan utilizes and coordinates federal stimulus money plus state and local funds to address the COVID-19 crisis within the housing compromised population. A coordinated effort that uses the funding afforded to The House Wake Strategic Plan and to Wake Prevent! can result in improving housing in Wake County. CARPE DIEM!

Thank you for your consideration.

Sincerely,
Patricia Galloway

A second comment from me personally: in all your deliberations please remember that though not everyone believes in the Christian faith, almost everyone believes the teachings of Jesus concerning helping the poor, the physically challenged (lame in the King James bible), widows, orphans, refugees, and the downtrodden of any variety. Humankind functions best when we put our humanity first. Love is probably the most important teaching of all of the world's major religions, and certainly it is the most important in Christianity (though we, as others, may not have always walked the walk). Lead with love in your hearts. We will all be better off for it.

My name is Minda Sportsman and as a resident of Wake County, I thank you for ending the excessive stay-at-home order. Unfortunately, as we are still under the jurisdiction of the State order.

I ask you to issue guidance for the Wake County Sheriff's office and for municipal law enforcement that specifically discourages (arresting and fining small business owners) that choose to begin opening.

Wake County is on the decline & (99% RECOVERABLE) in COVID cases and our health care system is far from overburdened. The risk to our health care system NO LONGER outweighs the continued destruction of the lives and families that depend on our vibrant local economy.

YOU ARE BURNING DOWN THE VILLAGE TO SAVE THE PEOPLE. I implore you not to make criminals of our business owners and small enterprises and hope you will issue a statement of leniency immediately. WE WILL OPEN AND WE WILL NOT CONTINUE TO BE TOLD WHAT YOU DEEM IS ESSENTIAL OR NON ESSENTIAL!

Allowing our businesses to decide for themselves when it is safe to open will also lead to a naturally gradual reopening which will have an immense public health benefit.

Respectfully,

Minda Sportsman

I am writing to make the Wake County Board of Commissioners aware of the unique needs during the COVID-19 crisis of an especially vulnerable population in our community: victims and survivors of domestic and sexual violence and their families.

The current pandemic is a perfect storm for victims of domestic and sexual violence. The most dangerous place for a woman is often right in her own home (World Health Organization). While the coronavirus pandemic introduces many additional challenges for all community members, increased isolation and being quarantined at home with an abusive partner pose significant safety risks to victims and their children. We are all deeply concerned about those in our community who are at the highest risk. InterAct wants to remind you that, in addition to the risks posed by age and/or underlying medical conditions, domestic and sexual violence place people from every imaginable walk of life at tremendous risk – in “ordinary” times, and especially now.

InterAct is the only comprehensive provider of services for domestic and sexual violence in Wake County. We serve over 9,000 direct victims every year. InterAct's most comprehensive service is our 42-bed emergency shelter. When the shelter is full, InterAct helps place individuals or families in a domestic violence shelter in another location within North Carolina or out of state. However, we are finding it increasingly difficult if not impossible to find shelter in other areas.

At this time, InterAct has three options for survivors:

- Place survivors in our 42-bed emergency shelter program (which is currently operating at full capacity)
- Refer to the Wake County “healthy hotel” for victims and survivors who meet the established criteria
- Place survivors and their families in an area hotel while coordinating a longer-term solution

Our shelter is currently operating at full capacity. And, because many individuals and families we serve do not meet the current established criteria for Wake County's “healthy hotel,” InterAct is providing, at significant cost, placement in a hotel for those who are in need of shelter. In addition to the cost of hotel placement, InterAct is providing all of the services in the hotel setting that are available in our congregate shelter – all while responding to hundreds of survivors who are experiencing abuse.

We know that what prior to the pandemic was our short-term solution – placing an individual/family in an emergency hotel room for several nights – will need to become a longer-term solution during this challenging time. We ask Wake County to help InterAct provide life-saving services for our most vulnerable individuals and families – those who are fleeing high risk, highly lethal situations - by setting aside five rooms in the Wake County “healthy hotel” or in another non-congregate setting. InterAct would continue to provide comprehensive case management, crisis counseling, and meet any other needs that the families may have.

Domestic and sexual violence are critical public health and safety issues. We are grateful for Wake County's partnership, and InterAct stands ready to continue and even strengthen our partnership during this public health crisis.

My name is Arianna Keil and I attend Good Shepherd United Church of Christ, which is a participating member of ONE Wake.

I am writing in support of the following initiatives:

- 1) The House Wake Strategic Plan;
- 2) The allocation of \$5 million to Wake Prevent! as a starting point to help tenants with their May rent and utility bills (as recently proposed by the Triangle Apartment Association, ONE Wake, and other partners).

It is our understanding that there are federal stimulus funds available for such programming, which we urge you to utilize to support the residents who have been most impacted by the COVID-19 crisis.

ONE Wake is a newly formed, broad-based power organization in Wake County currently composed of 36 dues paying member institutions (religious congregations, non-profits, and civic organizations) across the county. Combined, our member institutions represent close to 50,000 households in Wake County.

I'm grateful for the lifting of Wake County's shelter-in-place order. However, the citizens of NC are still being held as prisoners to the Governor's order. Many families cannot wait any longer to be deemed essential and allowed back to work. They must violate Cooper's draconian, unnecessary order and get back to work. We in Wake County should support this. The Sheriff, mayors, commissioners, etc... need to commit to helping businesses who choose to open—not make unlawful arrests like the one in Apex. C'mon WaKe County Commissioners, support—don't harm— your people.

My husband and I as residents of Wake County want to thank you for ending the excessive county stay-at-home order. Unfortunately, as we are still under the jurisdiction of the State order I ask you to issue guidance for the Wake County Sheriff's office and for municipal law enforcement that specifically discourages arresting and fining small business owners that choose to begin opening. As the fear of COVID-19 wanes, we see our health care system is far from overburdened. The risk to our health care system no longer outweighs the continued destruction of the lives and families that depend on our vibrant local economy. I implore you not to make criminals of our business owners and small enterprises and hope you will issue a statement of leniency immediately. Allowing our businesses to decide for themselves when it is safe to open will also lead to a naturally gradual reopening which will have an immense public health benefit.

Respectfully,
Cindy Green

Our names are Scott and Kathleen Ramage, and we attend St. Michael the Archangel Catholic Church in Cary. As members of ONE Wake, we are writing in support of the initiatives that will be before you for consideration at your meeting on May 4, 2020, as Agenda Item #7. In particular, we wish to express our support for:

1. The House Wake Strategic Plan for Housing; and
2. The proposed budget revisions to the FY 2020 Adopted Budget, to apply federal Covid-19 funds to help address economic and housing impacts, homelessness, rental assistance, and other family support services; and
3. The allocation of \$5 million to Wake Prevent! as a starting point to help tenants with their May rent and utility bills (as recently proposed by the Triangle Apartment Association, ONE Wake, and other partners).

I am very appreciative of all the steps that you as a Board have taken during the pandemic and therefore have confidence you will continue to show strong leadership as we move forward.

During this period of "stay at home", it is critical in my opinion that there be a stable home. This isn't just for shelter but as the focal point now of work, school and family. I strong urge you to to allocate \$5,000,000 to Wake Prevent! to help Wake County renters to stay in their homes and avoid eviction. At times like these it is our responsibility to help the vulnerable and not add to their burden and stress.

Thank you very much for your consideration, and hopefully implementation, of this request.

Sincerely,

Ann E Carlson

Dear Wake County Commissioners:

My name is Lucy Bradley and I am supporting ONE Wake, a coalition of 36 dues paying religious and civic organizations, in their support of the House Wake Strategic Plan as well as the allocation of \$5 million to Wake Prevent! as a starting point to help tenants with their May rent and utility bills.

It is our understanding that there are federal stimulus funds available for such programming, which we urge you to utilize to support the residents who have been most impacted by the COVID-19 crisis.

ONE Wake leaders will contact you shortly to schedule a conversation about how Wake County can further allocate federal stimulus funds to address the top concerns and priorities in our communities.

ONE Wake's member institutions represent close to 50,000 households in Wake County. One Wake's agenda has been formed through face to face conversations with over 3,500 residents to learn about their most pressing concerns.

I urge you to take action to help many of the most vulnerable members of our community,

Sincerely

Lucy Bradley

Kaylie Halbrook, Cary

I thank you for ending Wake County's stay-at-home order. I believe it is time to end the state's order. There is mounting evidence of widespread asymptomatic infection, leading to a much lower mortality rate than first feared. WHO is now citing Sweden as a model of how to handle the virus. As we know, Sweden never locked down. We see our health care system is nowhere close to being overwhelmed. Yet we continue the destruction of the livelihoods of families across the state. I ask you to issue guidance for the Wake County Sheriff's office and for municipal law enforcement that specifically discourages arresting and fining small business owners that choose to begin opening.

I am also concerned about the legality of Mr. Cooper's stay at home order. As I understand it, he is required under NCGS 166A-19 to receive the consent of the Council of State to exercise the powers enumerated in 166A-19.30 (b). He did not obtain the consent required, and instead is citing other statutes which do not require the consent. However, he is using the powers specifically listed under 166A-19.30 (b), which do require consent. I ask you, are we under the rule of law in North Carolina, or do we serve at the governor's personal whims?

As a resident of Wake County, I thank you for ending the excessive stay-at-home order. Unfortunately, as we are still under the jurisdiction of the State order.

I ask you to issue guidance for the Wake County Sheriff's office and for municipal law enforcement that specifically discourages (arresting and fining small business owners) that choose to begin opening.

Wake County is on the decline & (99% RECOVERABLE) in COVID cases and our health care system is far from overburdened. The risk to our health care system NO LONGER outweighs the continued destruction of the lives and families that depend on our vibrant local economy.

YOU ARE BURNING DOWN THE VILLAGE TO SAVE THE PEOPLE. I implore you not to make criminals of our business owners and small enterprises and hope you will issue a statement of leniency immediately. WE WILL OPEN AND WE WILL NOT CONTINUE TO BE TOLD WHAT YOU DEEM IS ESSENTIAL OR NON ESSENTIAL!

Allowing our businesses to decide for themselves when it is safe to open will also lead to a naturally gradual reopening which will have an immense public health benefit.

Respectfully,
Valerie Clade

- 2) ¡La asignación de \$ 5 millones a Wake Prevent! como punto de partida para ayudar a los inquilinos con sus facturas de alquiler y servicios públicos de mayo (como se propuso recientemente por la Asociación de Apartamentos Triangle, ONE Wake y otros socios). Entendemos que hay fondos federales de estímulo disponibles para dicha programación, que le instamos a utilizar para apoyar el residentes que han sido más afectados por la crisis COVID-19.

ONE Wake es una organización de poder comunitario de nueva creación y amplia base en el condado de Wake que actualmente está compuesta por 36 miembros institucionales que pagan cuotas (congregaciones religiosas, sin fines de lucro y organizaciones cívicas) en todo el condado. Combinadas, nuestras instituciones de membresía representan cerca de 50,000 hogares en el condado.

Durante el último año, ONE Wake ha involucrado a más de 3,500 residentes en conversaciones cara-a-cara en el condado de Wake. Pudimos eficientemente escuchar las necesidades de un gran número de diversas poblaciones del condado lo cual es esencial en esta situación actual

Q2 Please submit your comments via the form below (500 words or less). The clerk will document your comments as part of the formal minutes of today's meeting.

Dear Commissioners,

I write from the Center for Community Engagement at Cary Academy. Our school, and especially our Center within the school, are committed to being engaged citizens, mindful of the needs of our neighbors and acting where we can to support them. Because of these commitments, we are working in concert with the group ONE Wake.

I am writing to publicly support the House Wake Strategic Plan as well as the allocation of \$5 million to Wake Prevent! in order to help tenants with their May rent and utility bills.

We and the other institutions who work with ONE Wake understand that there are federal stimulus funds available to support our neighbors who face difficulty with their housing in the midst of this unprecedented health and economic crisis. We urge you to use the federal monies to help those most negatively impacted by the COVID-19 pandemic.

ONE Wake leaders will contact you shortly to schedule a conversation about how Wake County can further allocate federal stimulus funds to address the top concerns in our communities, all over the County.

If you are unaware of ONE Wake, please know that we are a newly-formed, broad-based organization in Wake County, comprised of 36 dues-paying member institutions (including religious congregations, non-profits, and civic organizations). We are located in every part of the County, and still growing. Combined, our member institutions represent close to 50,000 households in the County. ONE Wake's agenda has been formed through face-to-face conversations with over 3500 residents to learn about their most pressing concerns.

Thanks for your time and consideration.

Phone Number	919-368-5891

Q2 Please submit your comments via the form below (500 words or less). The clerk will document your comments as part of the formal minutes of today's meeting.

My name is Patricia McNeil, and I reside in the Bazzel Creek Missionary Baptist church community, which is a participating member of ONE Wake.

I am writing in support of the following initiatives:

- 1) The House Wake Strategic Plan;
- 2) The allocation of \$5 million to Wake Prevent! as a starting point to help tenants with their May rent and utility bills (as recently proposed by the Triangle Apartment Association, ONE Wake, and other partners).

It is our understanding that there are federal stimulus funds available for such programming, which we urge you to utilize to support the residents who have been most impacted by the COVID-19 crisis.

ONE Wake is a newly formed, broad-based power organization in Wake County currently composed of 36 dues paying member institutions (religious congregations, non-profits, and civic organizations) across the county. Combined, our member institutions represent close to 50,000 households in Wake County.

Over the last year, ONE Wake has engaged over 3,500 Wake County residents in face to face conversations. We were able to efficiently hear the needs of large numbers of Wake County's diverse populations which is essential in this current, fluid situation.

Thank you for your consideration. ONE Wake leaders will contact you shortly to schedule an introductory conversation.

Dear Commissioners, as a resident of Wake County since 1985 I am deeply concerned about the ongoing response to the recent COVID-19 pandemic. I understand that a cautious and restrictive approach was warranted in the early stages without sufficient data to rely upon, but now that weeks of real data have shown that the severity of cases was not nearly what was feared it is my hope that you will move forward at once with completely reopening this county. In comparing what we now know about the numbers related to this virus in NC, the outcomes appear to be of similar severity to the 2017-2018 influenza season where more than 12,300 positive cases were confirmed and total deaths were 391 with most of those deaths occurring in the same age groups (NC DHHS, NC Weekly Influenza Surveillance Summary 2017-2018 - Final). The Statewide response then was to do nothing to our day-to-day lives. It is time to end these overly restrictive measures without additional phases. Respectfully, Mr. Coutu.

Dear Wake County Commissioners:

My name is Dayang Chen, and I attend the Unitarian Universalist Fellowship of Raleigh, which participates in ONE Wake, a coalition of 36 dues paying religious and civic organizations.

I am writing to publicly support the House Wake Strategic Plan as well as the allocation of \$5 million to Wake Prevent! as a starting point to help tenants with their May rent and utility bills.

It is our understanding that there are federal stimulus funds available for such programming, which we urge you to utilize to support the residents who have been most impacted by the COVID-19 crisis.

ONE Wake leaders will contact you shortly to schedule a conversation about how Wake County can further allocate federal stimulus funds to address the top concerns and priorities in our communities.

ONE Wake's member institutions represent close to 50,000 households in Wake County. One Wake's agenda has been formed through face to face conversations with over 3,500 residents to learn about their most pressing concerns.

I urge you to take action to help many of the most vulnerable members of our community,

Sincerely,

Dr. Dayang Chen

I am asking the Board of Commissioners to approve the bold and well-written House Wake Strategic Plan. This plan is comprehensive and includes meeting the needs of not only our most vulnerable homeless individuals, but also works to prevent increased homelessness by providing rental & utility assistance to those at risk of being evicted. This plan builds on the homeless services infrastructure that the Housing Department and the non-profit homeless services community has been building for years. Please approve this critically important plan. Thank you, Rick Miller-Haraway, retired Director of Catholic Charities Raleigh Regional Office.

Wake County Commissioners. I am writing today to ensure that you are all VERY clear, that the citizens of Wake County do NOT want any further interference from your board in relationship to the current illegal government shutdown of our state. Last week you allowed your ridiculous, unlawful, and extreme shutdown orders to expire. Keep it that way! Stay out of this issue. We, the citizens of Wake County do NOT want any further illegal shutdown edicts from you all. NONE!

Wake County Board of Commissioners

PO Box 550

Raleigh, NC 27602

RE: Request for Funding for Emergency Rental Assistance

Dear Commissioners,

The Board of County Commissioners has shown exceptional leadership during the current crisis, and we commend you for your continued leadership during this difficult time. As we move to the next phase of this crisis, we trust you will make the necessary decisions to keep our residents safe and help our communities recover and thrive.

As you know, the pandemic has impacted every aspect of our society, but one of the hardest hit segments of our community are our renters, many of whom find themselves in difficult financial positions as a result of closures that are negatively affecting the economy. Given these financial hardships, many renters are unable to pay their rent and other basic necessities. We believe local government is uniquely positioned to step in and help provide direct rental assistance which will help to keep those adversely affected in their homes and in their communities.

Specifically, we would ask that the Board of Commissioners allocate five million dollars to supplement the budget of Wake Prevent! as a starting point to help renters with their May rent bills. The Wake Prevent! program has been hugely successful in helping renters avoid eviction and stay in their homes. We are certain with this additional funding, the program can help thousands more during the current crisis. It is our understanding there are federal dollars available for such programming. We urge you to utilize this short-term funding stream for this program, which will provide a massive boost for some of our most vulnerable residents.

As you continue working to protect Wake County residents, we hope you will consider our suggestion to supplement funding for Wake Prevent! In doing so, you have an opportunity to continue the commitment you have made to fighting for affordable housing and can help thousands of Wake County residents to weather the current crisis.

Sincerely,

Rev. Daniel Pugh Jr.

Christ the King Lutheran Church, Cary NC

Dear Wake County Commissioners:

My name is John Mattocks, and I attend the Unitarian Universalist Fellowship of Raleigh, which participates in ONE Wake, a coalition of 36 dues paying religious and civic organizations.

I am writing to publicly support the House Wake Strategic Plan as well as the allocation of \$5 million to Wake Prevent! as a starting point to help tenants with their May rent and utility bills.

It is our understanding that there are federal stimulus funds available for such programming, which we urge you to utilize to support the residents who have been most impacted by the COVID-19 crisis.

ONE Wake leaders will contact you shortly to schedule a conversation about how Wake County can further allocate federal stimulus funds to address the top concerns and priorities in our communities.

ONE Wake's member institutions represent close to 50,000 households in Wake County. One Wake's agenda has been formed through face to face conversations with over 3,500 residents to learn about their most pressing concerns.

I urge you to take action to help many of the most vulnerable members of our community,

Sincerely,
John Mattocks

My name is Angela Trogdon, and as a resident of Wake County, I thank you for ending the excessive stay-at-home order. As we are still unfortunately under the jurisdiction of the State order, I ask you to issue guidance for the Wake County Sheriff's office and for municipal law enforcement that specifically discourages arresting and fining small business owners that choose to begin opening. The purpose of the stay-at-home order was for hospitals to have time to prepare. They have done that. Wake County is on the decline in Covid-19 cases and our health care system is far from overburdened. The risk to our health care system no longer outweighs the continued destruction of the lives and families that depend on our vibrant local economy. I implore you not to make criminals of our business owners and small enterprises and hope you will issue a statement of leniency immediately. Allowing our businesses to decide for themselves when it is safe to open will also lead to a naturally gradual reopening which will have an immense public health benefit, not to mention the mental health benefit, as well.

Respectfully,

Mi nombre es Gloria Lainez, y asisto a st Michael Church, que es un miembro participante de ONE Wake.
Estoy escribiendo en apoyo de las siguientes iniciativas:

- 1) El Plan Estratégico de Casa en Wake; House Wake Strategic Plan
- 2) ¡La asignación de \$ 5 millones a Wake Prevent! como punto de partida para ayudar a los inquilinos con sus facturas de alquiler y servicios publicos de mayo (como se propuso recientemente por la Asociación de Apartamentos Triangle, ONE Wake y otros socios). Entendemos que hay fondos federales de estímulo disponibles para dicha programación, que le instamos a utilizar para apoyar el residentes que han sido más afectados por la crisis COVID-19.

ONE Wake es una organización de poder comunitario de nueva creación y amplia base en el condado de Wake que actualmente está compuesta por 36 miembros institucionales que pagan cuotas (congregaciones religiosas, sin fines de lucro y organizaciones cívicas) en todo el condado. Combinadas, nuestras instituciones de membresía representan cerca de 50,000 hogares en el condado.

Durante el último año, ONE Wake ha involucrado a más de 3,500 residentes en conversaciones cara-a-cara en el condado de Wake. Pudimos eficientemente escuchar las necesidades de un gran número de diversas poblaciones del condado lo cual es esencial en esta situación actual y fluida.

Gracias por su consideración. Los líderes de ONE Wake se comunicarán con usted en breve para programar una conversación introductoria.

Dear Commissioners:

Sending Love, Respect, and Thanksgiving for you constant work to address homelessness and all of the other social ills that come with it. Thank you so much for including rental assistance in the plan to assist those who cannot pay the large lump sums at the designated time. many are being evicted from rental housing. Those in hotels are being harassed for payment causing even more stress.

I would like to thank you for what you're doing and ask you to consider the following areas where Gaps exist.

People with developmental disabilities, diagnosed or undiagnosed, people running from Domestic Violence, Individuals who do not have children, I realize the difficult task of appropriating funding to where it there are also needs. I ask that you find it in your hearts to try as much as much as you can. Please allocate funding so that the people falling in theses categories are able to receive assistance. Thank you in advance for considering my request. I chose not to speak for people when they can speak for themselves. However when the people are at such a low that few hear their voices that really care to act. Peace to you all.

My name is Dave Engstrom, and as a resident of Wake County, I thank you for ending the excessive stay-at-home order. Unfortunately, as we are still under the jurisdiction of the State order I ask you to issue guidance for the Wake County Sheriff's office and for municipal law enforcement that specifically discourages arresting and fining small business owners that choose to begin opening. Wake County is on the decline in COVID cases and our health care system is far from overburdened. The risk to our health care system no longer outweighs the continued destruction of the lives and families that depend on our vibrant local economy. I implore you not to make criminals of our business owners and small enterprises and hope you will issue a statement of leniency immediately. Allowing our businesses to decide for themselves when it is safe to open will also lead to a naturally gradual reopening which will have an immense public health benefit.

Respectfully,
Dave Engstrom

Wake County is facing a deepening housing crisis made significantly more perilous by the COVID-19 epidemic. Residents experiencing homelessness find themselves in even more precarious situations. One in five tenants missed their rent payment in April, suggesting a potential wave of evictions when the courts reopen in June. I'm asking the Board of Commissioners to allocate five million dollars to supplement the budget of Wake Prevent to help renters with their May rent bills. It is my understanding that there are federal dollars available that could be used. I urge you to use this short term funding stream for this program. Thank you for your consideration.

ONE Wake Sample Public Comment Letter

My name is Julianne Klein, and I attend Beth Shalom, which is a participating member of ONE Wake.

I am writing in support of the following initiatives:

- 1) The House Wake Strategic Plan;
- 2) The allocation of \$5 million to Wake Prevent! as a starting point to help tenants with their May rent and utility bills (as recently proposed by the Triangle Apartment Association, ONE Wake, and other partners).

It is our understanding that there are federal stimulus funds available for such programming, which we urge you to utilize to support the residents who have been most impacted by the COVID-19 crisis.

ONE Wake is a newly formed, broad-based power organization in Wake County currently composed of 36 dues paying member institutions (religious congregations, non-profits, and civic organizations) across the county. Combined, our member institutions represent close to 50,000 households in Wake County.

Over the last year, ONE Wake has engaged over 3,500 Wake County residents in face to face conversations. We were able to efficiently hear the needs of large numbers of Wake County's diverse populations which is essential in this current, fluid situation.

Thank you for your consideration. ONE Wake leaders will contact you shortly to schedule an introductory conversation.

Dear Wake County Commissioners:

My name is Catherine Murphy and I'm a member of the Unitarian Universalist Fellowship of Raleigh, which participates in ONE Wake, a coalition of 36 dues paying religious and civic organizations. And I've lived in Wake County for 31.5 years.

I am writing to publicly support the House Wake Strategic Plan as well as the allocation of \$5 million to Wake Prevent! as a starting point to help tenants with their May rent and utility bills.

It is our understanding that there are federal stimulus funds available for such programming, which we urge you to utilize to support the residents who have been most impacted by the COVID-19 crisis.

ONE Wake leaders will contact you shortly to schedule a conversation about how Wake County can further allocate federal stimulus funds to address the top concerns and priorities in our communities.

ONE Wake's member institutions represent close to 50,000 households in Wake County. One Wake's agenda has been formed through face to face conversations with over 3,500 residents to learn about their most pressing concerns.

I urge you to take action to help many of the most vulnerable members of our community. This is the worst time to evict people and create more homelessness. This is the best time to keep as many as possible safe within their homes.

Sincerely,

Catherine Murphy

Chairman Greg Ford & County Commissioners
Wake County Commissioners

Re: Continued Affordable Housing Support

Dear Chairman Ford & County Commissioners,

I am writing to you today to thank you and the rest of the Wake County Commissioners for your work and ask that you continue to protect our residents during this unprecedented time.

The House Wake Strategic Plan plan will protect our most vulnerable residents and allow the county to take valuable action on a crisis that started long before COVID-19. On behalf of WakeUP Wake County, I ask that you accept funding and support this well thought out plan that will take meaningful steps to ensure those who are homeless or at risk of becoming homeless can have a roof over their heads.

We also ask that you support the allocation of \$5 million to Wake Prevent! as a starting point to help tenants with their May rent and utility bills. It is our understanding that there are federal stimulus funds available for such programming, which we urge you to utilize to support the residents who have been most impacted by the COVID-19 crisis.

I also wanted to take a moment to thank you for the seriousness that you have taken these efforts even before this public health crisis. Your approval today of the 2020-2025 Wake County Consolidated Plan, 2020-2025 Analysis of Impediments to Fair Housing Choice, and 2020 Citizen Participation Plan is a result of months of work by staff compiling data and seeking public input.

We are encouraged that Housing Wake is a priority that has been brought into the PlanWake Comprehensive Planning Process as well as new Live Well Wake initiatives. As new waves of need arise as a result of this pandemic, we encourage the Board to continue discussions that focus on small business assistance, educating our children, workforce training, transportation options, and other wraparound services for residents.

Thank you again for your continued work for Wake County,

Heather Keefer
Executive Director
WakeUP Wake County

Dear Wake County Commissioners:

My name is Beth Flanagan, and I attend the Unitarian Universalist Fellowship of Raleigh, which participates in ONE Wake, a coalition of 36 dues paying religious and civic organizations.

I am writing to publicly support the House Wake Strategic Plan as well as the allocation of \$5 million to Wake Prevent! as a starting point to help tenants with their May rent and utility bills.

It is our understanding that there are federal stimulus funds available for such programming, which we urge you to utilize to support the residents who have been most impacted by the COVID-19 crisis.

ONE Wake leaders will contact you shortly to schedule a conversation about how Wake County can further allocate federal stimulus funds to address the top concerns and priorities in our communities.

ONE Wake's member institutions represent close to 50,000 households in Wake County. One Wake's agenda has been formed through face to face conversations with over 3,500 residents to learn about their most pressing concerns.

I urge you to take action to help many of the most vulnerable members of our community,

Sincerely,

Beth Flanagan

Many families are hurting financially due to job-loss or business closings. Their lives matter just as much as those suffering from the virus. Please choose the path of leadership which honors ALL citizens equally by providing the facts about the disease, the best personal measures and protective precautions to take to avoid it (or to reduce the severity of symptoms), and then simply allow the people to make their own individual choice on how to move forward based on what is best for them and their family. Please keep America's ideals and freedoms in place and put an end to the government overreach currently occurring which serves to move us closer and closer toward tyranny. Thanks for listening.

Sincerely,
Carolyn Langdon

This is a great opportunity to offer support and prevent families from losing housing. I would like to see financial education wrapped into the financial service provided to ensure we are continuing to educate individuals on financial responsibility in general, in a crisis, in terms of saving for a future crisis and in being wise with spending the added unemployment benefits and stimulus disbursements.

I am all for careful guidelines for social distancing however inhibiting businesses from operating is absolutely wrong. The business needs to open and operate responsibly and if I as a customer wants to patronize a business that is my progative. Legislating when I can actually go to a business or not is wrong. Question how many actual cases of COVID was caused by going to BJ's Costco or any supermarket these past seven weeks. Also what I understand from friends who work at hospitals that most bad cases are elderly and compromised health issues. Those people need to stay home. Stop limiting our rights and in turn wrecking our economy and local businesses.

RE: Request for Funding for Emergency Rental Assistance

Dear Commissioners,

The Board of County Commissioners has shown exceptional leadership during the current crisis, and we commend you for your continued leadership during this difficult time. As we move to the next phase of this crisis, we trust you will make the necessary decisions to keep our residents safe and help our communities recover and thrive.

As you know, the pandemic has impacted every aspect of our society, but one of the hardest hit segments of our community are our renters, many of whom find themselves in difficult financial positions as a result of closures that are negatively affecting the economy. Given these financial hardships, many renters are unable to pay their rent and other basic necessities. We believe local government is uniquely positioned to step in and help provide direct rental assistance which will help to keep those adversely affected in their homes and in their communities.

Specifically, we would ask that the Board of Commissioners allocate five million dollars to supplement the budget of Wake Prevent! as a starting point to help renters with their May rent bills. The Wake Prevent! program has been hugely successful in helping renters avoid eviction and stay in their homes. We are certain with this additional funding, the program can help thousands more during the current crisis. It is our understanding there are federal dollars available for such programming. We urge you to utilize this short-term funding stream for this program, which will provide a massive boost for some of our most vulnerable residents.

As you continue working to protect Wake County residents, we hope you will consider our suggestion to supplement funding for Wake Prevent! In doing so, you have an opportunity to continue the commitment you have made to fighting for affordable housing and can help thousands of Wake County residents to weather the current crisis.

Thank you for your consideration of this request.

Sincerely

Estoy escribiendo en apoyo de las siguientes iniciativas:

- 1) El Plan Estratégico de Casa en Wake; House Wake Strategic Plan
- 2) ¡La asignación de \$ 5 millones a Wake Prevent! como punto de partida para ayudar a los inquilinos con sus facturas de alquiler y servicios publicos de mayo (como se propuso recientemente por la Asociación de Apartamentos Triangle, ONE Wake y otros socios). Entendemos que hay fondos federales de estímulo disponibles para dicha programación, que le instamos a utilizar para apoyar el residentes que han sido más afectados por la crisis COVID-19.

ONE Wake es una organización de poder comunitario de nueva creación y amplia base en el condado de Wake que actualmente está compuesta por 36 miembros institucionales que pagan cuotas (congregaciones religiosas, sin fines de lucro y organizaciones cívicas) en todo el condado. Combinadas, nuestras instituciones de membresía representan cerca de 50,000 hogares en el condado.

Durante el último año, ONE Wake ha involucrado a más de 3,500 residentes en conversaciones cara-a-cara en el condado de Wake. Pudimos eficientemente escuchar las necesidades de un gran número de diversas poblaciones del condado lo cual es esencial en esta situación actual y fluida.

On Monday the Wake County Commissioners are due to vote on plans to extend help to the homeless population here Wake County. Although this plan is very good and addresses many of the concerns for the homeless, there are some concerns that should be considered in this plan.

These are some areas of concern:

Individuals without families who have lost jobs.

Those who have been homeless sleeping in woods under tents and on the streets.

Women from ages 35 on up or who are elderly and experiencing homelessness or couch surfing.

People with disabilities experiencing homelessness

People experiencing domestic violence.

A need to provide more consistent and effective ways of accessing services such as:

Accessibility after 5 PM on weekdays and on weekends

Shorten the length of time to get services when the need is immediate.

Thank you for considering these critical issues:

The last two months have made it incredibly clear that our schools are not just institutions of academic instruction. We serve a purpose far greater in our community. Public schools, and the staff within them, offer care, food, support, counsel, safety, healthy living, and the list goes on and on. Commissioners, in order to maintain your commitment to the multi-year plans presented to and agreed upon by the joint boards, flat funding for our schools would be unacceptable. Flat local funding would actually result in a negatively funded budget for WCPSS because the school system is not able to flat fund the charter schools they are mandated by law to write checks to each month. I am very much aware that the County is preparing for a recession, but it is important to remind this Board that public school funding never was pulled out of recession level funding from 2008. We have been moving in the right direction, but we certainly haven't broken free from the austere budgeting practices of that period. I noticed in the budget presentation that there were departments not required to submit the same 7% cuts to their budget because the proposed cuts were "unacceptable." You need to know the cuts to the school budget caused by flat funding are unacceptable. Just as other essential services are doing, the system is utilizing all staff and tools available to serve our community, and we are going to need them to be able to continue to do so over the next year. I look forward to inviting you to speak with educators and hear firsthand the heightened needs we anticipate as we plan for the reopening of school buildings.

Q2 Please submit your comments via the form below (500 words or less). The clerk will document your comments as part of the formal minutes of today's meeting.

My name is Nick Hall and I attend St. Francis of Assissi, which is a participating member of ONE Wake.

I am writing in support of the following initiatives:

- 1) The House Wake Strategic Plan;
- 2) The allocation of \$5 million to Wake Prevent! as a starting point to help tenants with their May rent and utility bills (as recently proposed by the Triangle Apartment Association, ONE Wake, and other partners).

It is our understanding that there are federal stimulus funds available for such programming, which we urge you to utilize to support the residents who have been most impacted by the COVID-19 crisis.

ONE Wake is a newly formed, broad-based power organization in Wake County currently composed of 36 dues paying member institutions (religious congregations, non-profits, and civic organizations) across the county. Combined, our member institutions represent close to 50,000 households in Wake County.

Over the last year, ONE Wake has engaged over 3,500 Wake County residents in face to face conversations. We were able to efficiently hear the needs of large numbers of Wake County's diverse populations which is essential in this current, fluid situation.

Thank you for your consideration. ONE Wake leaders will contact you shortly to schedule an introductory conversation.

We as a county (and a country) must make intelligent decisions about what to do about the coronavirus.

After 911, we were told that there were weapons of mass destruction. Very few people including our media and most of our federal legislators asked questions of the military industrial complex. They took reports at face value, and sent us to a needless war and strapped us with the Patriot Act.

We now have a new national emergency. This time we must ask questions and have reasonable skepticism about what we are being told by the medical industrial complex who are profiting handsomely off of this situation.

For example, many reports are out that covid-19 is much, much milder than originally predicted. I have attached a statement from a professor from the University of Pennsylvania as an example of the information that is available about covid-19 that is not widely reported.

Accept Additional 2019-2020 Federal Fund Allocations under the Coronavirus Aid, Relief, and Economic Security Act (CARES Act) for Housing Related Services

That the Board of Commissioners:

- 1. Accepts and appropriates an additional allocation of \$2,018,246 in Federal grant funds for housing and related services to prevent, prepare for, and respond to the coronavirus (COVID-19).**
- 2. Authorizes the Chair to sign documents necessary to submit to HUD.**

Title: Accept additional 2019-2020 Federal Fund allocations under the Coronavirus Aid, Relief, and Economic Security Act (CARES Act) for Housing Related Services

Specific Action Requested:
That the Board of Commissioners:

- 1. Accepts and appropriates an additional allocation of \$2,018,246 in Federal grant funds for housing and related services to prevent, prepare for, and respond to the coronavirus (COVID-19).**
- 2. Authorizes the Chair to sign documents necessary to submit to the U.S. Department of Housing and Urban Development (HUD).**

Item Summary:

Purpose	The Board of Commissioners accepts all grant funds allocated from the Federal Government.
Background	The U.S. Congress has appropriated funds to help state and local governments respond to the COVID-19 impacts. With this appropriation, HUD announced in early April its first round of special allocations under the Coronavirus Aid, Relief, and Economic Security Act (CARES Act) to respond to the growing effects of the historic public health crisis. Funds are allocated to housing and related services to prevent, prepare for, and respond to the coronavirus (COVID-19).
Board Goal	This Board action complements housing affordability initiatives in the Social and Economic Vitality goal area.
Fiscal Impact	The County will receive an additional \$2,018,246 in Federal grant funds from HUD under the Coronavirus Aid, Relief, and Economic Security Act (CARES Act). The funds will be budgeted in the Housing Affordability and Community Revitalization Special Revenue Fund. HUD has waived the matching requirement for these funds.

Additional Information:

The FY 2019-2020 Action Plan was approved on June 1, 2019 by the Board of Commissioners. The Annual Action Plans describes the way Wake County Housing Affordability and Community Revitalization will use funds from HUD to help meet the housing and community development needs of low-moderate income families.

Three-Year Agreement with SHI International Corporation for Microsoft Licensing
That the Board of Commissioners:

- 1. Approves a thirty-nine-month Enterprise Agreement with SHI International Corporation to provide licensing for Microsoft Office 365, Windows Enterprise, Server, and SQL. The request is to authorize the County Manager to execute a contract on behalf of Wake County for this agreement.**
- 2. Approves a no-interest Installment Payment Plan with Key Government Finance for the initial fifteen-month term of the contract. The request is to authorize the County Manager to execute a contract on behalf of Wake County for this agreement.**

Item Title: Three-Year Agreement with SHI International Corporation for Microsoft Licensing

Specific Action Requested:
That the Board of Commissioners:

- 1. Approves a thirty-nine-month Enterprise Agreement with SHI International Corporation to provide licensing for Microsoft Office 365, Windows Enterprise, Server, and SQL. The request is to authorize the County Manager to execute a contract on behalf of Wake County for this agreement.**
- 2. Approves a no-interest Installment Payment Plan with Key Government Finance for the initial fifteen-month term of the contract. The request is to authorize the County Manager to execute a contract on behalf of Wake County for this agreement.**

Item Summary:

Purpose	The Board of Commissioners must approve all multi-year contracts entered by the County.
Background	The County uses Microsoft software for end user computers, office productivity tools, as well as backend servers and databases. The new Enterprise Licensing Agreement will combine all Microsoft components into a single coterminous contract with a thirty-nine-month term.
Board Goal	This action supports standard County operations and does not relate to a specific Board initiative.
Fiscal Impact	This agreement provides the County volume-level pricing utilizing the State of North Carolina's purchasing contract 208C for Microsoft licensing which is pre-negotiated by the State for use by State and Local Governments. That contract vehicle continues to be the most cost-effective procurement source for the specific set of Microsoft products Wake County requires. Funding is included in Information Services Operating budget. The total of the thirty-nine-month agreement is \$6,058,057.

Additional Information:

The Information Services (IS) Department is responsible for ensuring that licenses for all computer system components are properly maintained and upgraded as required by specific vendor agreements and to maintain proper network security.

The County uses Microsoft operating systems for personal computers as well as the majority of servers in the County data center. The County also uses Microsoft Office 365 for cloud-based productivity applications including Exchange Online for email, SharePoint Online for collaboration, Teams for unified communications, as well as access to the online and desktop Microsoft Office software suite. The current licenses are maintained under a combination of Enterprise and Select Licensing agreements. The new Enterprise agreement will add Windows Enterprise licensing which allows the County to maintain current versions of the Windows Operating System. This is particularly important with the increased cadence of major Windows updates and shortened lifecycles. The new agreement will also consolidate all Microsoft licensing to a single agreement and align renewal dates. In order to align licensing dates and add Windows Enterprise licensing, the first term of the agreement needs to be for a 15-month period. To accommodate the increased cost of the 15-month term, a no-interest Installment Payment Plan with Keokee Government Finance will spread the cost over FY 20 and FY 21. The payments fit within the existing IS Operating budget for Microsoft Licensing.

This agreement provides the County volume-level pricing for purchasing licenses and “software assurance”, a support add-on for the specified products that also provides the ability to upgrade to the latest software version without repurchasing the newer product. In order to continue access to volume pricing and allow the County to continue software assurance on the licenses purchased under the previous agreements, the County wishes to enter into a new thirty-nine-month agreement with Microsoft. This will preserve entitlement to the latest software versions, which is very important both from an operational standpoint and from the standpoint of maintaining network security.

The new consolidated Microsoft purchasing agreement, as well as the previous agreements utilized the State of North Carolina’s purchasing contract 208C for Microsoft licensing which is pre-negotiated by the State for use by State and Local Governments. That contract vehicle continues to be the most cost-effective procurement source for the specific set of Microsoft products Wake County requires. SHI, Inc. is the current servicing agent of that contract and has quoted the needed items, per the State contract pricing. The total thirty-nine-month cost of \$6,058,057 is spread across the agreement period of June 1, 2020 through August 31, 2022 as follows:

Payment Due Date	Term	Amount
6/1/20	15 months	\$2,000,000 spread over 3 payments to Keokee Finance
8/1/21	12 months	\$1,864,014.80
8/1/22	12 months	\$1,864,014.80

The agreement covers all current Microsoft licensing. Additional licenses can be procured as needed at the contract rate.

That the Board of Commissioners receives information regarding the status of the 2020 Census.

Item Title: 2020 Census Update

Specific Action Requested:

That the Board of Commissioners receives information regarding the status of the 2020 Census.

Item Summary:

In early March, households across the United States began receiving their letter asking that they participate in the 2020 U.S. Census. Participation in the census is extremely important as it determines the amount of federal funds that are directed to local jurisdictions, and congressional representation in the U.S. House of Representatives.

At the same time the census was rolling out, the unfortunate situation of COVID-19 presented itself. Because of this, the U.S. Census had to adjust its efforts and schedule.

Although the pandemic has presented many challenges, the County and the U.S. Census Bureau continues to promote participation. Today's update to the Board will include the Census Bureau's adjusted schedule, the efforts the County is able to conduct during this trying time, and our most recent census participation rates.
