I am asking that you vote against the re-zoning of 9101 FON Rd. That area is already by NC DEQ for contamination. Re-zoning/re-grading could affect well water in the area. There are also a large number of vacant commercial properties in the immediate vicinity of this area. Specifically directly across the street from this property. There is no need for more commercial space in this area. Traffic congestion is also incredibly bad in this area at all hours of the day, especially during rush hour.
