Hi Nancy,

I was recently made aware that I have been accepted as a new member on the Town of Cary's planning and zoning board. I have thoroughly enjoyed serving the last three years on the Water Partnership, but given my workload and this new appointment I think it is likely a good time to "pass the torch". Our Assistant Town Engineer, Leah Harrison, is well qualified and could take over as Garner's representation on the Wake County Water Partnership Board. Ms. Harrison has a strong stormwater background and is also a certified floodplain manager (CFM). She currently serves as a supervisor overseeing engineering plan review, managing capital projects, and the Town's stormwater program.

Please let me know what steps, if any, I/we need to take to allow Ms. Harrison this opportunity with the WCWP moving ahead.

Thanks.

Chris Johnson, PE, MPA
Town Engineer
