June 14, 2016

Mr. Tom Wester
Wake County Finance – Procurement Services
Wake County Justice Centre – 2nd Flr, Ste 2900
301 S. McDowell Street
Raleigh, NC 27601

Dear Mr. Wester,

The Wake Forest Renaissance Centre for the Arts is pleased to submit the attached proposal in response for the FY 2016 Major Facilities Capital Projects Funding RFP #16-045 and agree to all of the general terms and conditions included in Section 3 of the RFP packet.

This proposal offers an organized and well developed four phase project that builds on the cultural and business enhancing work that began in November 2013 in regards to the community's increased demand for a cultural and entertainment center in downtown Wake Forest.

The project will be guided by a strong management team with a focused desire to serve as a premier tourism and conference site that will draw quality artists and the general public from throughout the region and State.

The Renaissance Centre has already proved to be an economic and jobs generator, and should it be funded, will increase its ability to support the generation of room nights and food and beverages purchases. We are also tremendously proud of the impact on the quality of life that the Centre has already made in the lives of attendees throughout the State.

We believe that our response meets the requirements as outlined in the Wake County Solicitation #16-045. Should you have any questions regarding our proposal, my contact information is provided below.

On behalf of the Town of Wake Forest and the Renaissance Centre for the Arts, thank you for giving us the opportunity to respond to this RFP and we look forward to continuing a mutually rewarding partnership.

Sincerely,

Catherine Gouge
Manager, Wake Forest Renaissance Centre for the Arts

1.0 Executive Summary

The Wake Forest Renaissance Centre for the Arts submits this RFP response with the intention of using the 2016 Major Facilities Capital Funding to renovate, repair and enhance its current facilities to better reflect the Centre's goal of being the premier arts and conference center in Northern Wake County. The funding will aid in elevating the buildings to a more advanced, professional, and functional level so that the Centre can accommodate a broader range of conferences, business meetings, and private celebrations. These changes will also allow for better artistic performances which will incite arts patrons and cultural tourists.

In response to the growing population and the community's demand for increased cultural programming and entertainment, the Town of Wake Forest purchased two properties located in the heart of its downtown Renaissance District for the purpose of developing a cultural arts and conference facility.

The first property was purchased in July of 2013. This building is a two story, 10,000 square foot building offering 4,700 square feet of usable meeting and event space which includes a 535 square foot stage. Essential renovations were quickly completed on the first floor only in order to have a Grand Opening of the Wake Forest Renaissance Centre for the Arts. The doors officially opened and cultural programming started on November 14, 2013. The second story of this building has remained untouched and is not currently being used as certain rooms have sustained water damage.

The second building (Arts Annex) is adjacent to the first and was purchased in June of 2014. It is a one-story building that consists of 5 open classrooms, 2 administrative offices, a small copy room and 2 bathrooms. No renovations have taken place in this building and the two buildings remain unconnected.

The Renaissance Centre for the Arts has a good downtown location with strong public visibility. It has ample parking for those visiting the Centre for business and artistic events, site rentals and cultural educational classes.

This RFP response for funding reflects the delicate balance between the Town's financial constraints and Wake County's ongoing efforts to improve the local economy through expansion and enhancement of existing facilities.

In order to fully meet its mission which is to inspire, engage and educate the community through a wide and diverse variety of cultural arts programs, the Wake Forest Renaissance Centre for the Arts is asking Wake County for \$348,530 in capital funding to be used for the renovations and repairs of critical interior, exterior and technical elements of the two buildings.

The Town itself has developed a four-phase renovation and unification plan and upon approval, is committed to investing \$647,270 over the next four years from its Capital Improvement budget.

The total cost of the proposed project is \$995,800

The team overseeing this project consists of:

1. Kip Padgett (Town Manager)

Responsibilities: Monitors overall project and reviews project team performance.

2. Aileen Staples (Finance Director)

Responsibilities: Oversees all financial aspects of the project and expending of the grant funds in accordance with the prescribed procedures and agreement.

3. Mickey Rochelle (Facilities Manager)

Responsibilities: Manages and oversees the planning, design, improvement and construction of all facilities and capital projects

4. Catherine Gouge (Renaissance Centre Manager & Project Liaison)

Responsibilities: Oversees the operational and programming plans for the Centre.

Participates in the grant writing, fundraising, sales, marketing and public relations efforts of the Centre.

In summary, studies continually show that communities that offer an abundance of arts and cultural opportunities are more successful in attracting desired businesses, working professionals and increased tourism. The *Arts & Economic Prosperity IV* study by Americans for the Arts found that creativity and innovation, the fuels that drives our global economy, flourish when the arts thrive.

The Renaissance Centre now plays a critical role in Wake County's transformation into a creative, prosperous and attractive place to live, work and raise a family and the Centre's dedicated and hard-working staff is tremendously proud of the quality of life impact that the Centre has made in the lives of all of our visitors. Our business and programming goals are very focused on supporting the Town's strategic goals as well as the Wake County Board of Commissioner Goals. Should this project be funded, the ALL NEW Wake Forest Renaissance Centre for the Arts will quickly further its growing impact on the generation of room nights, food and beverages purchases, and will continue to be an effective economic and jobs generator.

2.0 Scope of Project

Wake Forest's current population is 39,012, making it the 4th largest community in Wake County and the 28th largest in North Carolina. Wake Forest is projected to grow steadily over the next 15 years, to a population of 47,770 by the year 2025, based on approved projects, potential undeveloped land, and recent population growth trends. Between the 2000 and 2010 Census, Wake Forest population increased 132%. According to recent Census data, Wake Forest's population increased by 151% between 2000 and 2013.

Due to this continuing explosion in population, in 2012 the Wake Forest Board of Commissioners met, discussed and agreed that a civic/performing arts center would be a great asset and contributor to the town's economy and cultural footprint. They placed a high priority on this project and had intentions of conducting a feasibility study the following fiscal year; however, a rough estimate of the project was approximately 12 million dollars.

In May of 2013 the town was unexpectedly offered the opportunity to buy two buildings that were located in the heart of the Town's downtown Renaissance District. The main building served as a dance club and bar called Tuxedo Junction. It was a two story, 10,000 square foot building offering 4,700 square feet of open usable space and it also had a 535 square foot stage. The second building served as a small private school and consisted of one floor with 5 open classrooms, 2 administrative offices, a small copy room and 2 bathrooms.

Sadly, the owner of the two buildings passed away suddenly and his family, not wanting to run the business and school, decided to sell the buildings. They approached the Town first knowing the Board of Commissioners desire for a civic/performing arts center. The Town jumped on this opportunity and bought the buildings for \$1.2 million dollars. The entire amount was borrowed and will be fully paid off in March, 2018.

The Town then decided to take \$250,000 from its general fund in order to make the essential renovations needed to the first floor of the main building so that immediate programming could begin. No repairs or renovations have been made to the second floor of the main building or the second building. The intent was to use the Town's capital funding (CIP) to pay for the rest of the necessary changes over the next few years.

A sound fiscal plan has been implemented to ensure that the Centre's annual operating needs are met; however, the total capital funds needed to fully renovate and restore the two buildings have surpassed the Town's ability to raise both the required capital funds. Funding assistance from Wake County will help meet the capital funding needs and will allow the Renaissance Centre, to grow and economically strengthen the Town and County.

The Wake Forest Parks, Recreation and Cultural Resources department engaged in a Master Planning effort in May of 2015, which included the Renaissance Centre for the Arts. The plan was guided by the Parks and Recreation staff, the Renaissance Centre Staff, the Parks and Recreation Advisory Board, the Cultural Resource Advisory Board, and the Town Board of Commissioners. This team provided input to the GreenPlay, LLC Consulting Team throughout the planning process. A collaborative approach created a plan that fully utilized the consultant's

expertise and incorporated the local knowledge and history that only community members could provide.

Community Engagement included:

- Review of previous planning efforts, Town historical information
- Extensive community involvement effort including focus groups, meetings with key stakeholders, and a community-wide public meeting
- Statistically-valid community interest and opinion survey
- Online community engagement website – *MindMixer*

The purpose of the plan was to help identify and help meet the needs of current and future residents by positioning Wake Forest to build on the community's unique parks, recreation and cultural assets and identify new opportunities. The citizen driven plan establishes a clear direction and guide to the Town staff, advisory boards and elected officials in their effort to enhance the Town's services and facilities.

Results from this plan relating to the Renaissance Centre:

Wake Forest Population Projections*

US Census (2000 and 2010) and ESRI Projections	
2000 Population	15,864
2010 Population	30,117
2014 Population	37,046
2019 Population	40,498
2024 Population	46,682

Source: 2000 and 2010 Census and ESRI Business Information Solutions 2014 Demographic and Income Profile and the Town of Wake Forest Planning Dept.

*GreenPlay LLC, calculated projected populations for 2024 based on ESRI growth multiplier of 3.18% for Wake Forest. The U.S. Census does not create projections for 2014, 2019 and 2024.

Location: Renaissance Centre for the Arts

2014 population within one-mile – 5999

2014 population within 1/3 mile – 900

2019 population within one-mile – 6767

2019 population within 1/3 mile – 967

The following Goals, Objectives and Action Items for recommendation that relate directly to the Renaissance Centre, were drawn up from the public input, inventory, level of service analysis, findings feedback and all information gathered during the master planning process with a primary focus on maintaining, sustaining and improving the Town's parks, open space and cultural facilities.

The timeframe to complete was designated as:

Short-term (up to 3 years)

Long-term (7-10 years)

TBD or Ongoing

Goal 2: Improve Financial Situations
Objective 2.2: Pursue grant opportunities
Action 2.2.a – Continue to research, submit and track federal, regional, state and local grants (Short-term)

Goal 3: Improve Programs and Service Delivery
Objective 3.1: Increase programming for families, seniors and teens
Action 3.1.a – Expand program opportunities for teens, families and seniors in all locations (Short-term)
Objective 3.2: Increase programs in wellness/fitness, cultural, and special needs
Action 3.2.a – Expand wellness/fitness, cultural and special needs programming opportunities (Short-term)
Action 3.2.b – As new facilities are developed or constructed include appropriate spaces for wellness/fitness, cultural, special needs, and aquatic opportunities. (Short to Mid-term)
Objective 3.3: Increase number of special events and festivals
Action 3.3.a – Expand neighborhood and community special event and festival opportunities at a variety of locations community wide with an emphasis in the downtown area. (Short-term)
Objective 3.4: Create greater awareness for and increase participation at the Renaissance Centre
Action 3.4.a – Create a 3-5 year strategic plan that focuses on creating awareness and increasing programming, and develop an marketing strategy.

Goal 4: Improve Facilities and Amenities
Objective 4.1: Maintain and improve existing facilities
Action 4.1.a – Continue to implement maintenance strategies that both sustain and make improvements to existing facilities. (Ongoing)

The Town of Wake Forest desires to follow through on the recommendations in the Master Plan in order to meet the needs and desires of its residents.

The Main building is located at 405 S. Brooks Street, Wake Forest, NC

The Arts Annex Building is adjacent and located at 407 S. Brooks Street, Wake Forest, NC

Please refer to **Attachments 2.0 (A-E)** which are the blueprints of the already constructed buildings.

A - Existing Floor Plan for Entire Main Building

B - Existing Ground Floor Plan of Main Building

C - Existing 2nd Floor Plan of Main Building

D - Existing Floor Plan of Annex Building

E - Close up Floor Plan of Annex Building

The following photos depict areas of the buildings that are in need of repair, reconstruction or enhancement. The “sample” pictures give an idea of what the area will look like upon completion.

Main Building – First Floor:

Current stage. The vision for this “Grand Hall” room is to remove the entire drop ceiling and the stage proscenium as well as extending the stage out a few feet.

Sample of proposed new Grand Hall and stage design.

Main Building – First Floor

Backstage bathrooms. There are two of these adjacent to each other.

Sample of proposed new backstage bathroom. The plan is to connect and open the two bathrooms in order to make a bathroom/dressing room that meets ADA requirements as well as will serve as a family/nursing room.

First Floor – Backstage stairway to 2nd floor Dressing Rooms.

Sample of new backstage stairway with handrails.

Main Building - Second floor – current dressing rooms (one large, two small)

Main building - Second floor – proposed sample of new dressing rooms

Arts Annex - 2nd Building – Current classroom (Studios A & B). None of the classrooms have plumbing/sinks/cabinets. They all currently have four walls and torn carpet. Studios A & B are connected by a door as are Studios C & D.

Current condition of the carpets in all classrooms

Arts Annex Building - 2nd Building – vision for adjoining classrooms (Studios A & B) and (Studios C&D) Retractable walls and tile flooring and/or carpeting. The renovations will allow these classrooms to better serve as break-out rooms for conferences and larger meeting rooms for rentals. Cabinets and sinks are needed for art classes.

Front of Main Building. Signs are temporary banners. Lighted boxes with posters need to be replaced as they are not weatherproof. Proscenium is splintered and wood is rotted.

**Sample of possible new lighted sign design for front of building.
(SEE ATTACHMENTS 2.1 A, B & C)**

In addition to its cultural events and educational programming, the Centre is available for rentals. Marketing efforts have taken effect, there has been a tremendous increase this year in rentals for weddings, business meetings and trainings, graduation ceremonies and private parties. The Centre has been able to track the number of visitors for arts related performances, business meetings and private celebrations since its opening in November 2013. Due to the fact that the 2013 year only had two months of data the chart below starts with the full year in 2014

The Centre has only been able to track a portion of room stays from two of the local hotels (Hampton Inn of Wake Forest and Candlewood Suites) as well as Food and Beverage Purchase numbers provided from meeting and conference organizers using the Centre. We have already begun working with area hotels to develop a room stays tracking system moving forward.

The data below clearly shows a healthy increase in every category.

Calendar Year:	# of Visitors:	Ticketed Arts Events:	Business Meetings/ Conferences:	Rentals Private Events:
2014	3500	51	10	11
2015	4949	77	13	15
2016 (Jan-May)	7193*	40*	18**	25**

*During the first 5 months of 2016.

**Includes YTD and events booked with paid deposits through December 31, 2016.

The Wake Forest Renaissance Centre is the only existing cultural and performing arts center in the Town of Wake Forest and its surrounding communities. It has been effective in addressing the need and request from the community for a performing and cultural arts center.

In the short time that the Renaissance Centre has been in operation, it is now a place known for its active, collaborative, and community driven programming that offers a unique experience for the community and County at large.

The Centre has cultivated numerous partnerships with various non-profit and business organizations. These organizations have a strong interest in the Centre's success and expansion and there is an ongoing flow of collaboration to achieve lasting community change. In some instances, the Centre is vital to the economic success and expansion of these organizations.

The Renaissance Centre is pleased to be in partnership with the following non-profit and business organizations:

Raleigh Little Theatre

The business partnership with Raleigh Little Theatre (RLT) began in the summer of 2015. Exciting discussions began taking place as the two parties felt that it was a great opportunity to start and expand theatre programming together. Raleigh Little Theatre is now established at the

Renaissance Centre as a northern site for their classes and workshops. We share the mission of Raleigh Little Theatre to be a “welcoming community using theatre to enrich, educate, entertain and engage volunteers, students, and audiences of all ages.” The need for theater classes quickly became apparent when developing the cultural class programming. Since the first class registrations in September, 2015, together we have had 116 students register for classes and camps. Camps for the summer 2016 quickly filled up and demand for more is a daily conversation with parents and others from all over Wake County and beyond.

North Eastern Regional Business Alliance (NERBA)

The North Eastern Regional Business Alliance is a group of community business members that come together to support middle and high schools in Northern Eastern Wake County. The Renaissance Centre has been in partnership with NERBA for the past 2 years. Middle and high school-based business alliances, are partnerships between business leaders and educators to help every student make responsible, productive career choices by assisting with activities at school and in the workplace. Business Alliances help to plan and participate in career fairs, discussions about business ethics, field trips, site tours, internships, students practicing for job interviews, guest speaking and résumé reviews to mention a few. NERBA, the Renaissance Centre staff, and our local school career and technical teachers have developed several projects for career prep opportunities, student leadership conferences, and internships. We are proud to have started the North Star Certificate of Recognition program this year and awarded our first group honorees. These business leaders are aware of the opportunities the arts bring to learning and future employees and are committed to helping the next generation not only prepare for their career but also by creating advocates for their quality of life.

North Carolina Symphony

The Renaissance Centre, Centre Specialist, has served on the NC Symphony Education Committee since 2012. Contributing experience to the development process of the NC Symphony’s Strategy 2017. From those opportunities we built partnership events like hosting one of the largest statewide sites for the “Grow Up Great” preschool music education program. More than 200 kids, parents and educators visited with us in November, 2015 for that event. Our continued service to the NC Symphony Education Committee affords us the opportunity to be part of the conversations leading to achieving their goal of excellence “to design relevant music education programs for educators and students.” Our shared commitment to “explore and evaluate concepts to maximize geographical impact” creates further opportunities for the Renaissance Centre to be a statewide site for the NC Symphony. We welcome visitors and our residents to come and enjoy attending education and performance events with the NC Symphony.

Wake County Public School System

Renaissance Centre administrators have existing and new relationships with educators and

school leaders. We are building on those relationships by offering art integration professional development for educators, programs that are correlated to the NC Standard Course of Study for instruction and opportunities for youth leadership. Over the last 2 years our arts in education programming has provided art experiences for school students in the Renaissance Centre. This past year we offered 8 performances with an age reach of preschool to high school. Our specialized programming for students with learning disabilities offered a sensory friendly magic show and movies. The school system wants students to have opportunities to gain valuable life skills and leadership confidence. The Renaissance Centre collaborated with our local middle and high school career and technical instructors to host the new Youth Connect conference held in March of 2016. Students wrote, directed, and presented a play that showed other students, business owners, and Town leaders the importance of the arts as an economic development tool and a positive contributor to our quality of life. In 2017 we are presenting our first student showcase of all forms of art in a two-day celebration that will include students from all our middle and high schools. The Renaissance Centre, the Town of Wake Forest and the Wake County Public School System leaders know the importance of this collaboration and are committed to the investment we are making in student success.

Wake Forest ARTS

The dedicated members of this organization have been the founders and leaders of art advocacy in our town for more than 25 years. Their support to rally around the very idea of a performing arts venue in Wake Forest helped to make this dream come alive. Renaissance Centre administrators serve on their Board and work together to plan programming. This past year we partnered to present the Neck of the Woods variety performance series that will be a recurring event throughout the years to come. The governing members helped to support the start of our new Wake Forest Children's Choir. Together we are now planning events that include the artist guild. We will be hosting the first artist showcase on November 6th in our Arts Annex Studios. We share a mission "to support and enhance a strong, vibrant community through the development, promotion and coordination of arts and cultural activities.

Forest Moon Theater (Wake Forest's Community Theater)

Forest Moon Theater was founded in 2012 and emerged out of a need for a community theater in Wake Forest. A number of different groups in past years had tried to start a theater but had failed to make anything stick. This young theater has a dedicated volunteer Board and is well supported by the people and businesses of Wake Forest and surrounding Wake County communities. We are now the proud home of this community theater and share their vision of "wanting to enrich the cultural experience and promote theatrical arts in Wake Forest and surrounding communities in the County". The theater draws on community talent from youth to active senior adults. The addition of these live theater performances is a source of pride for our town. Watching the youngest of actors learn skills and confidence on the stage and watching our seasoned actors perform to the delight of our theater guests is a grand collaboration.

Wake Forest Farmer's Market

Our local artist, farmers, bakers, dairy and meat vendors have been a tradition on Saturdays at the Renaissance Centre for many seasons. Local musicians entertain shoppers from near and far. Our collaborations over time has now brought us together to plan the first holiday market to be held this December. Talented craftsman and artist from all across the state will be showing their work to shoppers from all over the region just in time for the holiday buying season. Student groups will be sponsoring “make it and take it” booths for the smallest of budding artist to enjoy. Our hope is to make this a much anticipated annual holiday event at the Wake Forest Renaissance Centre.

Wake Forest Downtown Business Alliance

The vitality of a city's downtown area is an important element in a community's economic development strategy. Goals such as promoting the revitalization of downtown to create a vital commercial core as the center of the community, or to revitalize and increase the economic vitality of downtown, are frequently articulated in city and town strategic plans. The Wake Forest Downtown Business Alliance is a group of downtown business merchants that represent the collaborative interest of the Wake Forest business owners to promote the health and vitality of the downtown Wake Forest area. They meet monthly at the Renaissance Centre to share challenges, solutions, and discuss plans for future growth. The ultimate goal of the alliance is for the downtown Renaissance District to be a destination for shoppers, diners, and entertainment seekers. The merchants are advocates for the programming at the Centre and we in turn, promote their businesses with our guests. Performance ticket holders can enjoy great food, drinks with friends, or an overnight stay all within walking distance or a short drive from the Renaissance Centre.

The Renaissance Centre's business and programming goals are very focused on supporting the Town's strategic goals as well as the Wake County Board of Commissioner Goals. The chart below shows the alignment of goals among the three organizations.

Renaissance Centre - Business and Programming Goals:	Town of Wake Forest Strategic Goals	Wake County BOC Goals
Economic Strength and Development: Continue to contribute to a downtown business environment that increases a growing tourist market Continue the collaborative relationship established with the Hampton Inn of	Goal 1: Stimulate Economic Development Objective A: Retain and foster businesses that create a diverse mixture of jobs Objective B: Promote business in the Renaissance	Economic Strength Goal: Create a business friendly environment to attract, retain and grow business, diversify the economic base and create job opportunities for all citizens

Continue the established business partnership with Raleigh Little Theatre (RLT) to offer theater education classes at the Renaissance Centre		
--	--	--

3.0 Project Budget and Funding Sources

Funding for the proposed project will be provided by the Town of Wake Forest as identified in the CIP plan and annual operating budget.

Cost estimates for construction, repairs, technical equipment and furniture were conducted by the Town of Wake Forest Staff: Mickey Rochelle, Facilities Manager and Catherine Gouge, Renaissance Centre Manager. The cost estimates include a 20% inflation factor.

The two buildings are pre-existing so the renovations plans will not cause an impact on existing infrastructure, such as roads or water and sewer facilities.

Schedule of Expenditures

Anticipated Time Line

Phases 1-4 of Restorative and Refurbishment Plan

20% inflation factor included in cost estimates

PHASE 1

FY 2016/17

Project Name:	Price:	Start Date:	Completion Date:
Upgrade of sound system	\$39,000	19-Dec-16	12-May-17
Connection of Arts Annex to Main Building	12,000		
Annex classrooms re-carpet, tile, sink and cabinets	42,000		
Movable walls in classrooms - Studios A-D	60,000		
Art hanging system in Arts Annex	3,000		
Assistive listening devices	10,800		
Add new secure alcohol beverage closet	2,400		
Snap-lock dance floor	4,200		
Second floor HVAC unit	10,500		
New lighted sign on front of building	45,000		
Re-leveling of sidewalk in front of Arts Annex	2,400		
Security cameras and alarms	34,000		
PHASE 1 TOTAL EXPENSE :	\$265,300		
Town of Wake Forest portion - 65%	\$172,445		
Wake County portion - 35%	92,855		

PHASE 2

FY 2017/18

Raise ceiling in Grand Hall	\$360,000	12-Dec-17	16-May-18
Remove proscenium, add theatre lighting package, extend stage	198,000		

PHASE 2 TOTAL EXPENSE :

\$558,000

Town of Wake Forest portion - 65%	\$362,700
Wake County portion - 35%	195,300

PHASE 3

FY 2018/19

Second floor Green Room & Dressing rooms (2) - repair ceiling & walls, add counter tops and lighted mirrors, repaint rooms and hallway	\$25,200	17-Dec-18	10-May-19

5.0 Project Operating Plan

Wake Forest Renaissance Centre Actual/Projected ten- year operating budget

*Annual Financial Report (Audit) – Please refer to Attachment 5.0A

*Management Letter – Please refer to Attachment 5.0B

24

The Renaissance Centre currently sustains 2 full-time positions and 14 part-time positions. In July 2016 there will be two more full-time positions added. The Centre also stimulates the County's economy by attracting visitors who dine, shop and stay overnight.

Attachment 4: Visitor Estimates and Return on Investment							
Updated 5/20/2016 - Please use this version with the RFP submittal							
Definitions:							
Visitors -							
a. Wake County resident - visitor from within Wake County							
b. Day Visitor - Visitor from outside of Wake County that doesn't spend the night							
c. Overnight Visitor - Visitor from outside 50 mile radius of proposed project that spend the night (include total number of nights if visitor will stay multiple nights)							
Room Rate = \$95/per night							
Meal Rate = \$50/per day							
Visitor Estimates, Economic Impact and Taxes Collected							
1. Estimated Wake County residential visitors (annual) =							
				72,765			
Estimated Food and Beverage Spending and Taxes Collected							
	Number of Visitors			Meal Rate		Meal Spending	
2. Estimated Day Visitors (annual) =	107,500		X	\$50		=	\$ 5,375,000.00
3. Estimated Overnight Visitors (annual) =	24,323		X	\$50		=	\$ 1,216,150.00
		4. Total Meal Spending =		\$ 6,591,150.00		X 1% Food & Bev Tax =	\$ 65,911.50
Estimated Hotel/Motel Spending and Taxes Collected							
	Number of Rooms			Room Rate		Room Spending	
5. Estimated Overnight Rooms (annual) =	14,082		X	\$95		=	\$ 1,337,790.00
		6. Total Room Spending =		\$ 1,337,790.00		X 6% Occupancy tax =	\$ 80,267.40
7. Return on Investment based on taxes collected (County funding/total taxes collected) =							
						2.38	(in years)

7.0 Organizational Information

Operations and Management summary

The Wake Forest Renaissance Centre for the Arts has been in operation for 2 ½ years. It opened in November of 2013.

The current staff consists of:

Full-Time Employees (2):

Centre Manager
Centre Specialist

Part-Time Employees (14):

Administrative Assistant (1)
Audio/Visual Technicians (2)
Event Staff (11)

Part-Time Contracted Teaching Instructors: 10

Added Full-Time positions effective July 1, 2016:

Technical Operations Specialist (new position)
Administrative Assistant (the P/T Admin position will be changed to a F/T position)

In November of 2014, the Wake Forest Board of Commissioners approved the initialization of a Cultural Resource Advisory Board. The Board consists of nine community members who were appointed through an open application process and each member serves a 3-year term. This diverse Board meets once a month with the Renaissance Centre management staff, other Town staff and one Ex-Officio Commissioner. The Advisory Board provides non-binding but informed guidance to the Board of Commissioners and Town Staff on initiatives, programs and services related to the Town's cultural arts programming and serve as a tremendous ally in the quest for superior cultural programming for the Renaissance Centre.

2016/17 Cultural Recourse Advisory Board Members:

Cynthia Davis (Chair)
Mary Petretich (Vice-Chair)
Anthony Hardison
Irene Burke
Jennifer Davis
Pamela Boudah
Diane Laws
Teelezyne Anderson
Sloane Walkup
Greg Harrington (Ex-Officio)

As of June 13, 2016, no litigation, governmental or regulatory action is pending against The Renaissance Centre for the Arts. There are also no contractual relationships with other organizations that would be a conflict of interest or appearance of conflicts of interest in partnering with Wake County to deliver the capital project.

Proposer Team:

The following Town of Wake Forest and Renaissance Centre staff will be responsible for the organization and execution of the proposed project.

Kip Padgett (Town Manger)

Responsibilities: Monitors overall project and reviews project team performance.

Aileen Staples (Finance Director)

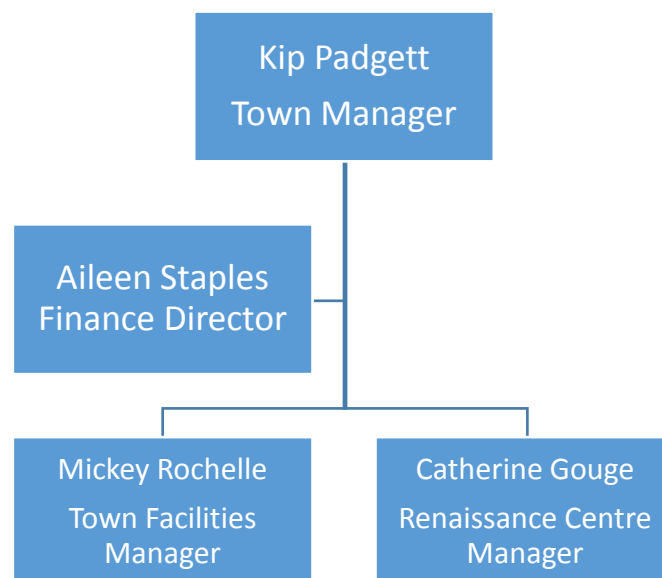

Responsibilities: Oversees all financial aspects of the project and expending of the grant funds in accordance with the prescribed procedures and agreement.

Mickey Rochelle (Facilities Manager)

Responsibilities: Manages and oversees the planning, design, improvement and construction of all facilities and capital projects

Catherine Gouge (Renaissance Centre Manager & Project Liaison)

Responsibilities: Oversees the operational and programming plans for the Centre. Participates in the grant writing, fundraising, sales, marketing and public relations efforts of the Centre.

Several construction projects have been managed by the Town's Public Facilities Department under the guidance of the Facilities Manager, Mickey Rochelle and his staff.

- Town Hall Building - located at 301 S. Brooks Street, Wake Forest - completed in 2010
- Public Facilities Building – 317 Brooks Street, Wake Forest - completed in 2015
- Main Police Department Building – 225 S. Taylor Street, Wake Forest - completed in 2013
- Police Station#4 – 502 S. White Street, Wake Forest – completed in 2015
- Alston/Massenburg Community Center - 416 N. Taylor Street, Wake Forest - completed in 2012
- Renaissance Centre (main building, first floor) - 405 S. Brooks Street, Wake Forest – completed in 2013
- Holding Park Community House Locker Rooms - 113 West Owen Street, Wake Forest, NC – completed in 2014

TOWN *of* WAKE FOREST

November 2, 2015

**Honorable Mayor Vivian A. Jones
Members of the Governing Board
and Citizens of the Town of Wake
Forest:**

The Comprehensive Annual Financial Report (CAFR) of the Town of Wake Forest (the “Town”), as of and for the fiscal year ended June 30, 2015, is submitted herewith by the Finance Department in compliance with North Carolina General Statute 159-34. The organization, form and contents of this report plus the accompanying financial statements and statistical tables are formulated in accordance with the principles prescribed by the Governmental Accounting Standards Board, the American Institute of Certified Public Accountants, the State of North Carolina, Town Ordinances and the Government Finance Officers Association.

This report is the official comprehensive publication of the Town’s financial position at June 30, 2015, and results of operations for the fiscal year then ended for all funds for the Town. Responsibility for both the accuracy of the presented data and the completeness and the fairness of the presentation, including all disclosures, rests with the Town. We believe the data and presentation are fair and accurate and that you will find everything necessary in this document to gain an understanding of the Town’s financial activities over the past fiscal year.

Management’s Discussion and Analysis (MD&A) immediately follows the independent auditor’s report and provides a narrative introduction, overview and analysis of the basic financial statements. This letter of transmittal is written to complement the MD&A.

Profile of the Town

Incorporated in 1909, Wake Forest offers a unique blend of small-town charm, coupled with a vibrant and growing business community. The Town is located in Northern Wake County and is contiguous to the City of Raleigh. In addition to a focus on business and industry, Wake Forest also has a strong commitment to environmental stewardship, pursuing many sustainable green building and development practices. Residents enjoy 946 acres of open space, natural land and trails, excellent schools and access to higher education, all in close proximity to Research Triangle Park and Raleigh-Durham International Airport (“RDU”).

The Town holds various community events and activities designed to draw citizens together and to local businesses. Wake Forest is proud of our “Art After Hours” - a monthly downtown gathering of artistic expression; “Meet in the Street” - a music and art festival held each spring; an extremely popular annual Christmas parade; “Six Sundays in Spring” - a free outdoor concert series, and a host of other family-oriented community-centered events. Located in the heart of downtown is the Wake Forest Renaissance Centre. The Centre, which formally opened in 2013 is a multi-purpose facility providing visual and performing arts programming for people of all ages, while also serving as a popular venue for a variety of community events.

The Town operates under the council-manager form of government. The governing body is comprised of a Mayor and a five-member Board of Commissioners, elected on a nonpartisan, at-large basis for staggered four-year terms in odd-numbered years. The Board of Commissioners appoints members of various Town boards and commissions, the Town Manager and the Town Attorney. The Board of Commissioners enacts all general and technical ordinances including budgetary appropriations within a balanced budget, establishes a tax rate for supported Town programs and originates general management policies as recommended by the Town Manager. The Town Manager directs Wake Forest's daily operations through department heads he appoints.

301 S. Brooks Street • Wake Forest, NC 27587 • (919) 435-9400 • www.wakeforestnc.gov

The Town provides its citizens with a full range of services, including police, leisure and recreational opportunities, land use development administration and management, solid waste collection and disposal, construction and maintenance of streets, curbs, gutters, sidewalks and other infrastructure. In addition, as a Public Power community, the Town operates Wake Forest Power, an electric utility providing residential and commercial service. Fire protection is provided through a contract with the Wake Forest Fire Department, a private non-profit entity. This report includes all the Town's activities in delivering and administering these services.

The Wake Forest Board of Commissioners is required to adopt an annual operating budget by July 1 each year. The Town is empowered to levy a property tax on both real and personal property located within its boundaries. The Town's budget ordinance creates a legal limit on spending authorizations and serves as the foundation for financial planning and control. The Town Manager is authorized by the budget ordinance to make transfers within funds to facilitate budget execution consistent with the Board of Commissioner's intent.

Economic Condition & Outlook

By creating a unique, safe and affordable community environment, friendly to commerce and industry, the Town has positioned itself as a magnet for businesses, both large and small. Because of this, and our geographic proximity to Raleigh, Durham, the Research Technology Park, and RDU International Airport, Wake Forest is increasingly considered one of the most desirable places to live and work in the eastern United States.

Southeastern Baptist Theological Seminary was founded in 1950 on the former campus of Wake Forest College with a mandate to educate ministers on the East Coast. The school is located on 300 acres in the downtown area. Over 3,400 students study in 40 different undergraduate, graduate and post-graduate degree programs. Enrollment has increased over 30% in the past ten years.

Wake Forest is home to The Wireless Research Center of NC (WRCNC), a non-profit 501(c)(3) research organization focused on economic growth supporting research, development, testing and regulatory assistance for current and next generation wireless antenna technologies. As the only facility of its kind in the state, the WRCNC is an international destination for customers and partners who require specialized facilities coupled with applied and theoretical expertise, such as telecommunications, government/defense and medical industries. Current customers include mobile device companies, antenna design companies, defense contractors and universities/researchers.

The center serves as a hub for job creation, retention and expansion around the growing field of wireless and antenna technology for communications, medical and government use. It also serves as a catalyst for university research initiatives in wireless and antenna technology by providing cost-effective ready access to test laboratories and expertise that will make area universities more competitive when seeking government and commercial research grants and in the commercialization of technology.

As of June 30, 2015, the Town's estimated population was 37,046 - an increase of 4% over the previous fiscal year. Total growth has been 63% since 2006. Wake Forest's tax base has grown from \$1.7 billion in 2006 to \$4.3 billion in 2015. The Town's tax base is approximately 20% commercial/industrial and 80% residential for fiscal year 2014 -15.

The Town recognized a 14.6% *increase* in commercial permits and 33.9% *increase* in residential permits issued from the previous fiscal year. Total value of permits issued *increased* over 29%.

Development continues in Heritage which is the single largest subdivision in Wake Forest and is located in the heart of Wake Forest. It is less than one (1) mile from Capital Boulevard and consists of 1,350 acres which includes a golf course and a clubhouse, swim and tennis club, three (3) public schools, an industrial and business park, shopping and commercial opportunities, neighborhood business and office opportunities and over 2,250 residential homes. Heritage Lake Road connects Heritage to the 98 Bypass. This thoroughfare connects Heritage to downtown Wake Forest. It is anticipated that the build out will be complete by 2017.

Construction continues in Traditions which is a single and multi-family development that runs along the Wake

Forest Reservoir and located one (1) mile from downtown Wake Forest. The residents of this neighborhood have access to a pristine lake that is simply perfect for an afternoon canoe ride or a stroll along the paved walking paths. Traditions consist of over 100 acres of natural preservation areas, community resort-style pool, clubhouse, pavilion with grilling and picnic areas, and amphitheater and fire pit among many other amenities.

Development for Phase I of Holding Village commenced during 2014. Located on NC 98 Bypass and Franklin street, this traditional neighborhood will connect Heritage to downtown Wake Forest. Holding Village is on the site of a former dairy farm owned by the Holding family, who were instrumental in the establishment of the town of Wake Forest between 1880-1920. The master plan calls 1,350 residential units to be completed.

Wake Forest Crossing II introduces Ross, TJ Maxx, Michael's, Kirkland's and Petco and was completed in mid 2015. Wake Forest Crossing is located on the regional highway, US 1, and is the first retail offering for all traffic approaching the Raleigh MSA from the north.

In January 2014 approval was granted for a 139,000-square-foot Sam's Club which will be located at the Shoppes at Caveness located just off of Capital Boulevard. The land purchase was recently completed and construction is expected to begin in late 2015 or early 2016.

In addition to the above there are a wide variety of projects completed or under construction, including residential subdivisions, apartments, townhomes, senior living facilities, auto repair and supply, several new restaurants, and other initiatives.

Major Initiatives

The following events and projects are highlights of fiscal year 2014-15. These projects reflect the Town's continued commitment to quality of life while maintaining its unique personality.

Five (5) new positions were added as follows: Communications specialist; two Park Maintenance specialists; Public Facilities specialist and a Transportation planner. Due to the tremendous amount of growth we have experienced over the years, we recognize that we have to maintain what we have. With that said, these positions were critical in maintaining and enhancing the level of service our citizens expect.

The tax rate was increased from \$.51 to \$.52. This additional \$.01 was allocated to the Wake Forest Fire Department. Station 4 is currently under construction on Jenkins Road and will be paid for using fire impact fees. The additional tax monies will fund the operating costs of Station 4. It is anticipated that station 4 will be completed by early 2016.

In November 2014, voters approved a \$25.1 million bond referendum. The three ballot questions were for the following improvements:

- 1) Streets & Sidewalks - \$6.3 million
- 2) Parks & Recreation Facilities - \$14.2 million
- 3) Greenway Improvements - \$4.6 million

The above mentioned is slated to fund projects totaling \$55 million with the difference being leveraged with matching grants. The property tax impact could be up to \$.02 (per \$100 of assessed property value), however the increase may not be necessary if revenues continue to increase at the current pace. The projects and respective debt issuance have been strategically planned and spread out over the next seven years which will also mitigate any possible tax rate increases.

In December 2014, nine years after the merger of the water and sewer system with the City of Raleigh, the costs related to the July 2005 merger were paid off and Wake Forest customers were switched to City of Raleigh's rates. Residential water and sewer customers recognized a reduction in their monthly bills from \$8 to \$15.

The biennial Christmas Historic Home tour presented by Historic Preservation Commission and the Wake Forest Woman's club was held on December 6, 2014. It was the most successful tour to date and over 1,800 tickets were sold.

The Town is committed to the rehabilitation of the Ailey Young House. The Historic Preservation Commission has proceeded with patching of the roof, shoring up the first floor and removal of debris. The Town has received a grant from Preservation North Carolina towards stabilizing the structure over the next year. Additional grant monies are being pursued to continue the preservation efforts.

The Police Department was awarded a N.C. Governor's Highway Safety Program grant in the amount of \$85,000 to establish a new motorcycle unit. Two (2) 2015 BMW motorcycles, mobile data terminals and uniforms for motorcycle patrol officers were purchased. The Wake Forest Police Department Motor Unit focuses its traffic enforcement efforts in local subdivisions and on secondary roads. In addition, the unit will work to raise public awareness by participating in community events that help promote highway safety and motorcycle safety.

During the past year, the Parks, Recreation and Cultural Resources Master Plan was updated and completed. It is intended to help meet the needs of current and future residents by positioning ourselves to build on the community's unique parks and recreation assets and identify new opportunities. The citizen-driven plan establishes a clear direction to staff, advisory boards and the Board of Commissioners in their efforts to enhance our Parks and Recreation services and facilities.

The Electric System Improvements project continues which includes rebuilding the existing substation (JB Cole) located on Cedar Street, along with replacing the transformer currently leased from Duke Energy Progress. The North Main Street sidewalk replacement and streetlight installation project commenced in January 2015 and is nearing completion. Existing high pressure sodium (HPS) fixtures were replaced with light emitting diode (LED) fixtures. Implementation of new lighting system will cost less than \$325,000 and provide a superior quality of street lighting.

After over 30 years of service to the Town of Wake Forest, Mark Williams retired on May 1, 2015. He served as Town Manager since January 1993. With this event, the Board of Commissioners was charged with selecting a new manager for the first time in over 20 years. An outside firm was retained to lead a nationwide search, public input was gathered and a thorough recruitment process was conducted. Kipling D. Padgett was unanimously appointed as town manager in May 2015 and assumed duties in July 2015.

The Board continues to conduct annual and semi-annual planning retreats in the winter and summer to discuss current issues and long range goals for the Town. These planning sessions provide staff with the tools to carry out the policies and goals. Each year during the annual budget process, those goals become a reality and are incorporated into a spending plan.

Internal Control

In developing and maintaining the Town's accounting system, consideration is given to the adequacy of internal accounting controls. Internal controls are designed to provide reasonable, but not absolute, assurance regarding (1) the safeguarding of assets against loss from unauthorized use or disposition; (2) the reliability of financial records for preparing financial statements in conformity with generally accepted accounting principals and maintaining accountability of assets; (3) the effectiveness and efficiency of operations and (4) compliance with applicable laws and regulations related to federal and state financial assistance programs. The concept of reasonable assurance recognizes that the cost of control should not exceed the benefits to be derived, and the evaluation of costs and benefits requires estimates and judgments by management. All internal control evaluations occur within the above framework. We believe that the Town's internal accounting controls adequately safeguard assets and provide reasonable assurance of proper recording of financial transactions. To further enhance management's position, a formal Internal Control Policy was adopted by the Board of Commissioners in October 2008. As part of the Town's updated strategic plan, this policy is scheduled to be updated in January 2016.

Independent Audit

The General Statutes of North Carolina require an annual independent financial audit of all local government units in the state. Cherry Bekaert LLP, a firm of independent certified public accountants, has examined the financial records of the Town and their opinion has been included in this report. Their examination was made in accordance with auditing standards and, accordingly, included such tests of the accounting records and such other auditing procedures, as they considered necessary in the circumstances. The auditor's report on the basic financial statements and combining and individual fund statements and schedules is included in the financial section of this report. The auditor's reports related specifically to the single audit are included in the compliance section.

Awards

The Government Finance Officers Association (GFOA) awarded a Certificate of Achievement for Excellence in

Financial Reporting to the government for its comprehensive annual financial report for the fiscal year ended June 30, 2014. This was the 25th consecutive year in which the Town has received this recognition. To be awarded a Certificate of Achievement, the government published an easily readable and efficiently organized Comprehensive Annual Financial Report. This report satisfied both generally accepted accounting principles and applicable legal requirements. The GFOA award is valid for a period of one year.

Acknowledgments

We appreciate the assistance and dedication of the Finance Department staff throughout the year. The preparation of this comprehensive annual financial report was made possible by the dedicated service and cooperation of Cherry Bekaert LLP. The cooperation of each department is appreciated as we work together to conduct the Town's financial operations. In addition, we would also like to thank the Mayor and Board of Commissioners for their continued support, guidance and advice in planning and conducting the financial activities of the Town in a responsible and progressive manner.

Respectfully submitted,

Kipling D. Padgett

Executive Director/CEO

History of the Town of Wake Forest

The Town of Wake Forest grew up around a college founded by North Carolina Baptists in 1834. After purchasing a plantation, which originally belonged to Dr. Calvin Jones, the North Carolina Baptist Convention opened the doors of the college on February 3, 1834. Lots were sold around the campus until gradually a town developed. The first Town Charter was obtained in 1880 for the Town of Wake Forest College. It was not until February 20, 1909 – 29 years later – that the Town of Wake Forest was chartered.

When the college made plans to relocate in the 1950s, the campus was sold to the Southern Baptist Convention for use as a seminary, which opened in 1951. For the next five years Southeastern Baptist Seminary and Wake Forest College existed on the same campus. These dates – 1834, 1909, 1951 – are significant to the Town and consequently are represented on the town seal.

Wake Forest remained a quiet village throughout the 1960s and 70s. Along with most other Wake County towns, however, it began to experience significant growth in the 80s and 90s.

Tremendous progress and development continue today as easy access to Raleigh and the Research Triangle area, combined with the many amenities of small-town living, make Wake Forest a desirable destination for residential and commercial development. An emphasis on planned growth and professional management continue to ensure that the Town's unique personality is maintained and enhanced by the changes currently in progress.

Responsibilities of Town Government By Department and Division

Legislative

The Legislative Department consists of the Board of Commissioners which is comprised of the Mayor and five Board members. All are elected by the registered voters of the Town of Wake Forest.

Administration

Responsible for the general management of all municipal functions, this department includes the Town Manager, Deputy Town Manager, and Town Clerk.

Downtown Development

Responsible for public relations, business development, and marketing and promotion of the Downtown Renaissance area for the purpose of assisting Downtown Wake Forest in achieving its economic and cultural potential.

Communications

The Public Information officer oversees and directs the communications, marketing and public relations functions of the Town.

Human Resources

Responsible for directing and overseeing the personnel system, risk management and safety programs for the Town.

Finance

Responsible for financial management through the areas of billings and collections, customer service, cash management, payroll, purchasing and inventory control, accounts payable, financial reporting, debt management and of the operating and capital budgets.

Management Information Systems

Responsible for maintaining and administering the Town's centralized computer system. Staff is responsible for assisting departments with computer and network needs.

Planning and Inspections

Responsible for the development and maintenance of all land management documents and the review and inspection of proposed construction and development, department also includes building inspections and code enforcement. Provides staff support to the Planning and Zoning Board, the Board of Adjustment, the Urban Forestry Board, and the Historic Preservation Commission.

Engineering

Responsible for plan review, design work and construction inspection.

Parks and Recreation

Responsible for the maintenance of all Town parks and open space and for the provision and supervision of programs and activities designed to serve the population of the Wake Forest community. Town's parks include Holding Park, Forrest Park, H. L. Miller Park, Ailey M. Young Park, Alston-Massenburg Center Park, Flaherty Park, Joyner Park, Taylor Street Park, assorted school facilities, and the operation of a swimming pool. Staff support is also provided to the Recreation Advisory Board and Youth Advisory Board.

Public Facilities

Responsible for maintenance and housekeeping for the following Town buildings: Town Hall, the Community House, Alston-Massenburg Center, Police Station, Public Works Operations Center, and Senior Center.

Public Safety

The Public Safety Department is comprised of Police, Fire and Rescue Services and is responsible for the protection of life and property, traffic control, enforcement of state statutes and local ordinances, and crime prevention.

Public Works and Utilities Department

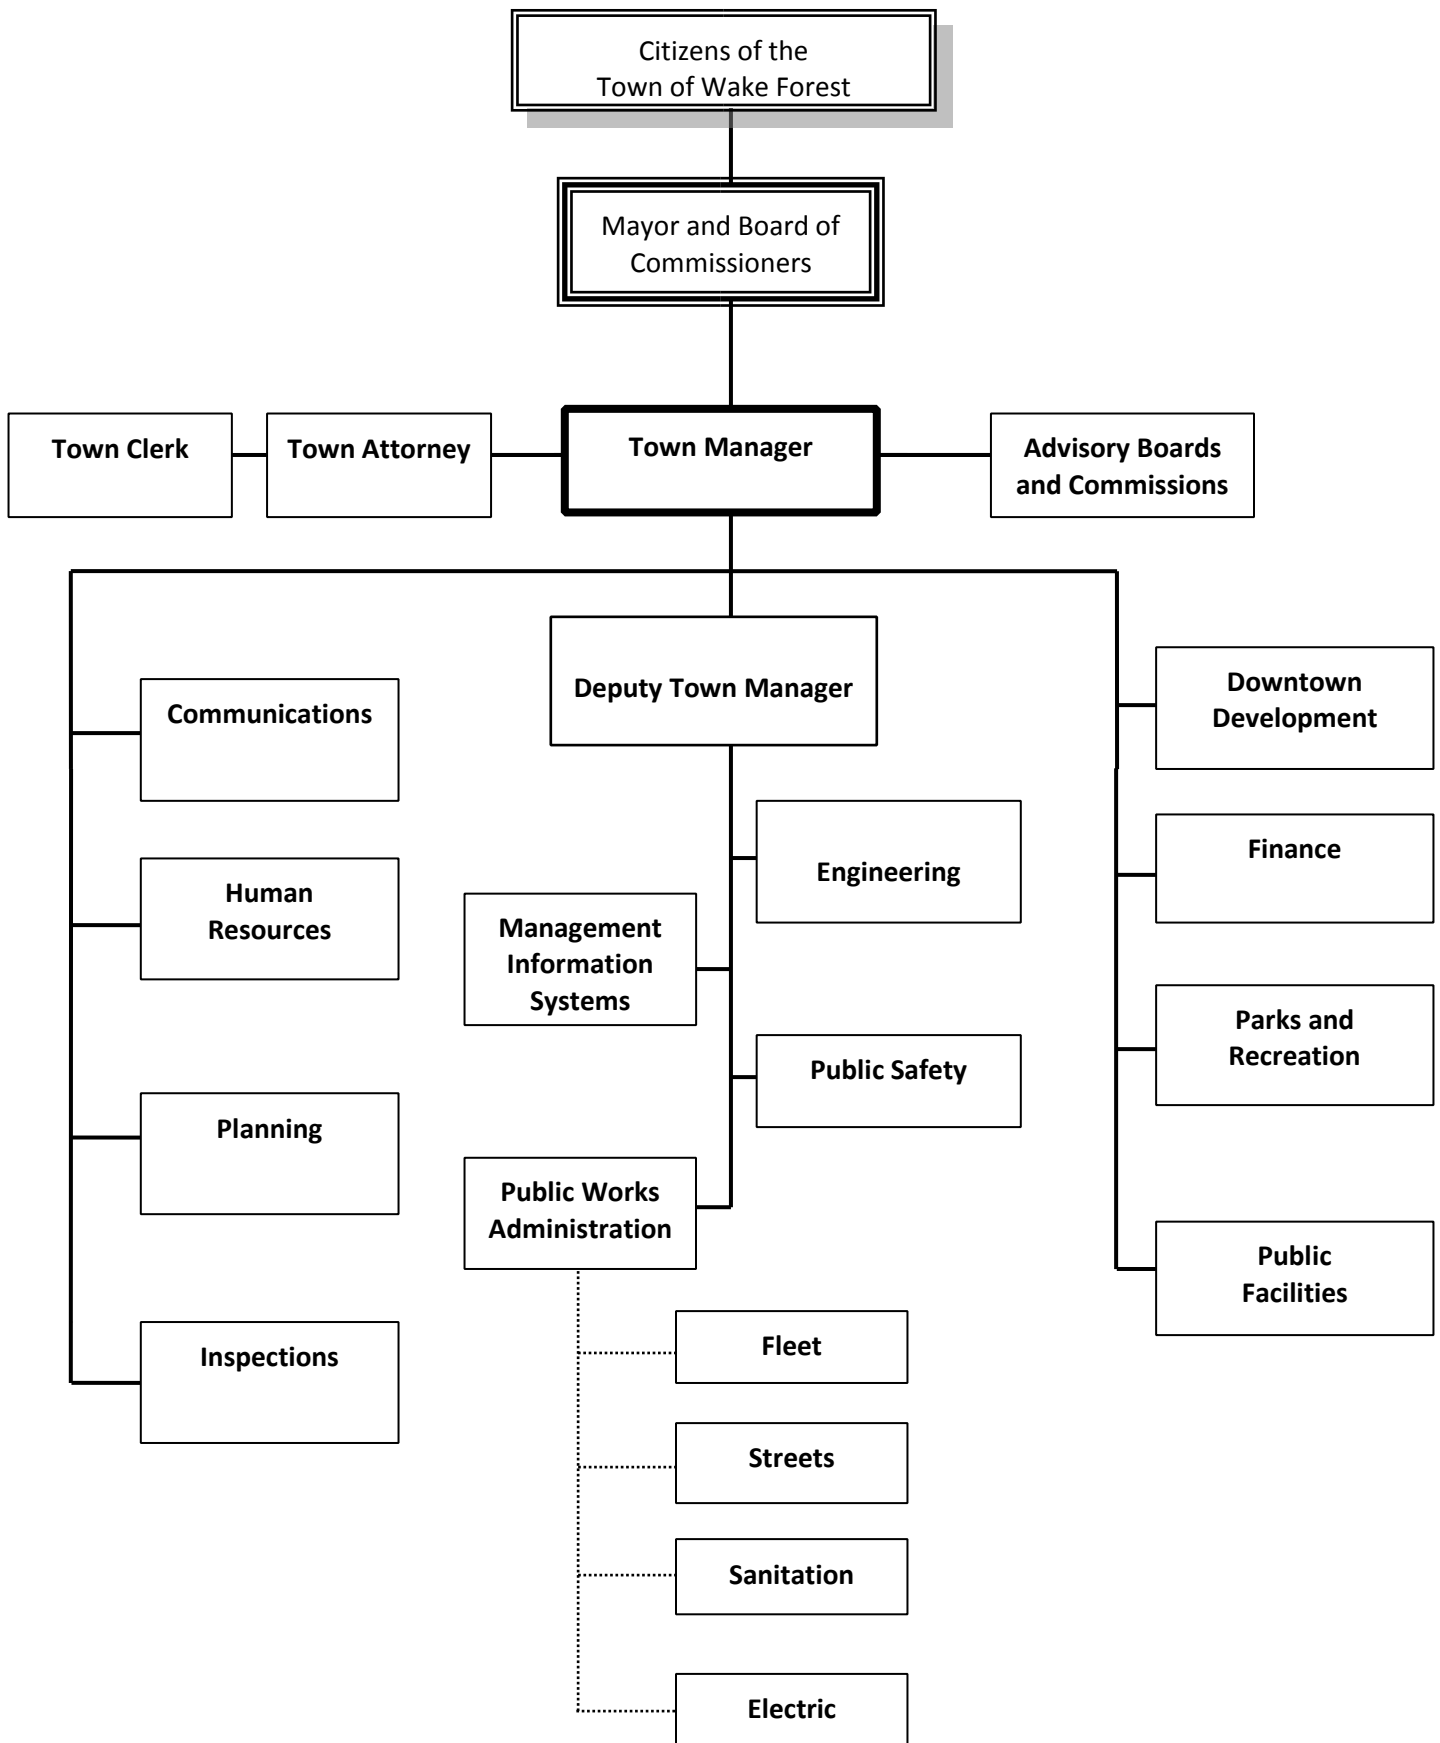

Administration The Director, Assistant Director and Office Assistant are responsible for the day to day operations of all divisions in Public Works and Electric.

Electric Operations Division This division is charged with constructing, operating and maintaining the Town's electric distribution system, including power lines, substations and other equipment. Division is also responsible for tree trimming, system additions and conversions.

Sanitation Division Responsible for the collection and disposal of commercial and residential garbage and yard waste. A private contractor provides recyclable collection service.

Streets Division Charged with the construction, maintenance and repair of municipally owned streets. Also responsible for the maintenance and repair of the Town's three cemeteries located on North White Street, North Taylor Street and East Walnut Avenue which includes maintenance of the roadways in the cemetery on an as-needed basis.

Town of wake forest Organizational chart

Report of Independent Auditor

To the Honorable Mayor and
Members of the Board of Commissioners
Town of Wake Forest, North Carolina

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Town of Wake Forest, North Carolina (the "Town") as of and for the year ended June 30, 2015, and the related notes to the financial statements, which collectively comprise the Town's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these basic financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these basic financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Town's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Town's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the basic financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Town, as of June 30, 2015, and the respective changes in financial position, and, where applicable, cash flows thereof and the respective budgetary comparison for the General Fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As discussed in Note 18 to the basic financial statements, the Town adopted Governmental Accounting Standards Board Statement No. 68, *Accounting and Financial Reporting for Pensions – an Amendment of GASB Statement No. 27*, and Statement No. 71, *Pension Transition for Contributions made Subsequent to the Measurement Date – an Amendment of GASB Statement No. 68*. As a result, net position as of June 30, 2015 has been restated. Our opinion is not modified with respect to these matters.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and required supplementary information, as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consist of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary and Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Town's basic financial statements. The introductory section, individual fund statements and schedules, other schedules, and statistical section as listed in the table of contents as well as the schedule of expenditures of federal and state awards as required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and the State Single Audit Implementation Act are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The individual fund statements and schedules and other schedules for the years ended June 30, 2015 and 2014 and the schedule of expenditures of federal and state awards for the year ended June 30, 2015 is the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated November 2, 2015 on our consideration of the Town's internal control over financial reporting and on our tests of its compliance with

certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Town's internal control over financial reporting and compliance.

Channing R. Ricketts LLP

Raleigh, North Carolina

Management's Discussion and Analysis

As management of the Town of Wake Forest (the "Town"), we offer readers of the Town's financial statements this narrative overview and analysis of the financial activities of the Town for the fiscal year ended June 30, 2015. We encourage readers to read the information presented here in conjunction with additional information that we have furnished in the Town's financial statements, which follow this narrative.

Financial Highlights

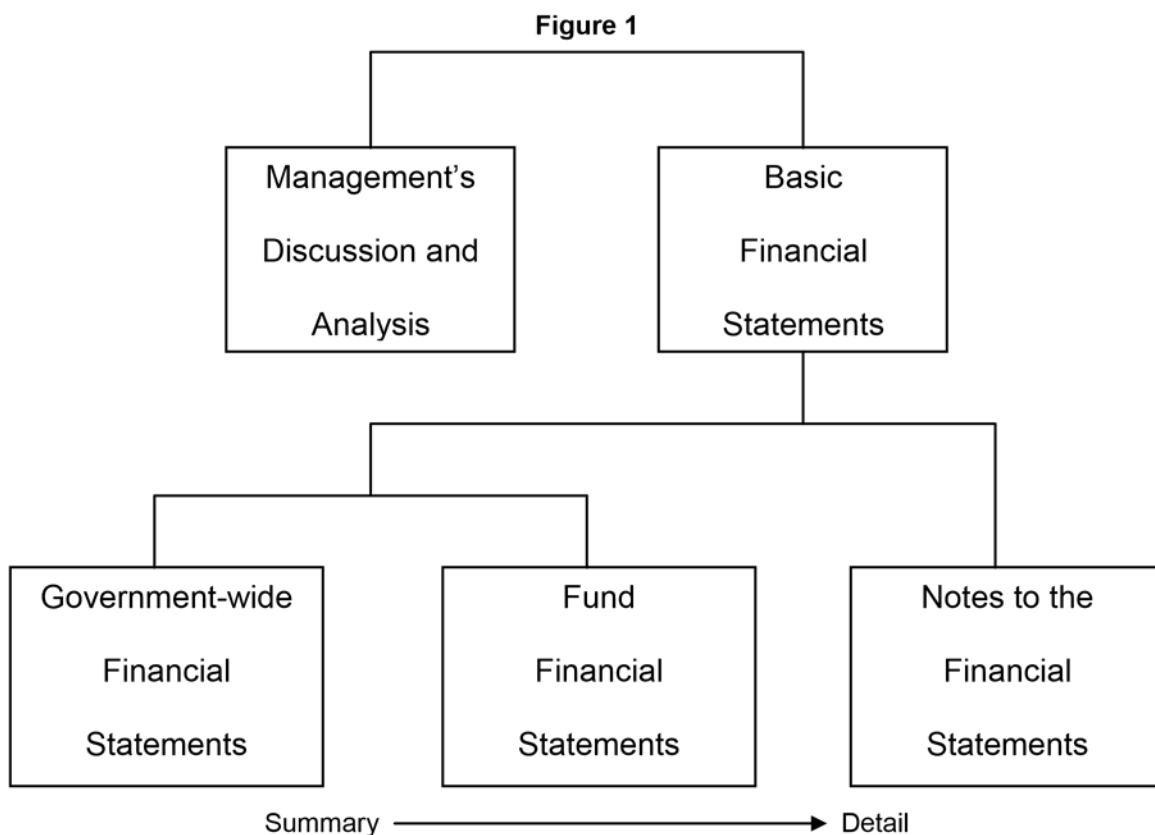

- In November 2014, voters approved a \$25,100,000 bond referendum for the following improvements:
 - Streets and Sidewalks \$ 6,300,000
 - Parks and Recreation Facilities 14,200,000
 - Greenways 4,600,000
- The assets of the Town exceeded its liabilities and deferred inflows of resources at the close of the fiscal year by \$164,403,787 (*net position*).
- The Town's total net position increased by \$17,408,888, primarily due to approximately eight (8) miles of streets through developer contributions being added to Town's system as a result of an uptick in residential growth over the last few years.
- As of the close of the current fiscal year, the Town's governmental funds reported combined ending fund balances of \$22,285,071. Approximately 34.3% percent of this total amount, or \$7,633,804, is unassigned.
- In September 2014, the Town reached a settlement in an ongoing lawsuit relative to the design and construction of the new town hall in 2009. The Town recognized a special item in other financing sources totaling \$507,768.
- The Town's total debt *increased* by \$289,330 (.09%) during the current fiscal year. New debt included the issuance of \$4,330,000 in public improvement General Obligation Bonds in March 2015 for greenways, streets and sidewalks. Patrol vehicles along with other rolling stock and equipment were acquired through an installment purchase agreement for \$792,750 in February 2015. The Town retired \$4,833,420 in debt during the fiscal year.

- In conjunction with the above mentioned bonds, two of the three major credit rating agencies affirmed the Town's bond ratings in February 2015 as follows:
 - Standard & Poor's - AAA
 - Moody's – Aa1

Overview of the Financial Statements

This discussion and analysis are intended to serve as an introduction to the Town's basic financial statements. The Town's basic financial statements consist of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. The basic financial statements present two (2) different views of the Town through the use of government-wide statements and fund financial statements. In addition to the basic financial statements, this report contains other supplemental information that will enhance the reader's understanding of the financial condition of the Town.

Required Components of Annual Financial Report

Basic Financial Statements

The first two statements (Exhibits 1 and 2) in the basic financial statements are the Government-wide Financial Statements. They provide both short and long-term information about the Town's financial status, using the full accrual basis of accounting, in a manner similar to a private-sector business.

The next statements (Exhibits 3 through 8) are Fund Financial Statements. These statements focus on the activities of the individual parts of the Town's government. They provide more detail than the government-wide statements. There are three parts to the Fund Financial Statements: 1) the governmental funds statements; 2) the budgetary comparison statements; 3) the proprietary fund statements.

The next section of the basic financial statements is the notes. The notes to the financial statements explain in detail some of the data contained in those statements. After the notes, supplemental information is provided to show details about the Town's individual funds. Budgetary information required by the General Statutes also can be found in this part of the statements.

Government-Wide Financial Statements

The government-wide financial statements are designed to provide the reader with a broad overview of the Town's finances. The government-wide statements provide short and long-term information about the Town's overall financial status.

The two government-wide statements report the Town's net position and how it has changed. Net position is the difference between the Town's total assets and deferred outflows of resources if applicable, and total liabilities and deferred inflows of resources. Measuring net position is one way to gauge the Town's financial condition.

The government-wide statements are divided into two categories: 1) governmental activities; 2) business-type activities. The governmental activities include most of the Town's basic services such as general government, public safety, public works, environmental protection and cultural and recreation. Property taxes and intergovernmental revenues finance most of these activities. The business-type activities are those that the Town charges customers to provide which include the electric services offered by the Town.

In accordance with the Governmental Accounting Standards Board criteria for inclusion in the reporting entity, the Town has no component units that must be included in this report.

The government-wide financial statements are on Exhibits 1 and 2 of this report.

Fund Financial Statements

The fund financial statements provide a more detailed look at the Town's most significant activities. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Town, like all other governmental entities in North Carolina, uses fund accounting to ensure and reflect compliance (or non-compliance) with finance-related legal requirements, such as the General Statutes or the Town's budget ordinance. All of the funds of the Town can be divided into two categories: governmental funds and proprietary funds.

Governmental Funds – Governmental funds are used to account for those functions reported as governmental activities in the government-wide financial statements. Most of the Town's basic services are accounted for in governmental funds. These funds focus on how assets can readily be converted into cash flow in and out, and what monies are left at year-end that will be available for spending in the next year. Governmental funds are reported using an accounting method called *modified accrual accounting* which provides a short-term spending focus. As a result, the governmental fund financial statements give the reader a detailed short-term view that helps him or her determine if there are more or less financial resources available to finance the Town's programs. The relationship between government activities (reported in the Statement of Net Position and the Statement of Activities) and governmental funds is described in a reconciliation that is a part of the fund financial statements.

The Town adopts an annual appropriated budget for its General Fund, as required by the General Statutes. The budget is a legally adopted document that incorporates input from the citizens of the Town, the management of the Town, and the decisions of the Board about which services to provide and how to pay for them. It also authorizes the Town to obtain funds from identified sources to finance these current period activities. The budgetary statement provided for the General Fund demonstrates how well the Town complied with the budget ordinance and whether or not the Town succeeded in providing the services as planned when the budget was adopted. The budgetary comparison statement uses the budgetary basis of accounting and is presented using

the same format, language, and classifications as the legal budget document. The statement shows four columns: 1) the original budget as adopted by the board; 2) the final budget as amended by the board; 3) the actual resources, charges to appropriations, and ending balances in the General Fund; and 4) the difference or variance between the final budget and the actual resources and charges.

The basic governmental fund financial statements can be found on Exhibits 3 through 5. Governmental funds considered to be non-major are presented as a single column in these statements.

Proprietary Funds – Proprietary funds provide the same type of information as the entity-wide financial statements, only in more detail. The Town of Wake Forest uses enterprise funds to account for its electric services. The Electric Fund is classified as a major fund.

The basic proprietary fund financial statements can be found on Exhibits 6 through 8 of this report.

Notes to the Financial Statements – The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements are included in the financial section of this report.

Other Information – In addition to the basic financial statements and accompanying notes, this report includes certain required supplementary information concerning the Town's progress in funding its obligation to provide pension benefits to its employees. Required supplementary information can be found behind the notes to the financial statements and just before the individual fund statements in this report.

Government-Wide Financial Analysis

Net position over time may serve as one useful indicator of the Town's financial condition. At the end of the current fiscal year, the Town is able to report positive balances in both categories of net position, for the Town as a whole, as well as for its separate governmental and business-type activities.

Unrestricted						
Total net position						

As noted earlier, net position may serve over time as one useful indicator of a government's financial condition. The Town's assets exceeded liabilities and deferred inflows by \$164,403,787 as of June 30, 2015. However, the largest portion (88.9%) reflects the Town's net investment in capital assets (e.g. land, buildings, machinery and equipment); less any related debt still outstanding that was issued to acquire those assets. The Town uses these capital assets to provide services to the citizens; consequently, these assets are not available for future spending. Although the Town's net investment in its capital assets is reported net of the outstanding related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets cannot be used to liquidate these liabilities. The remaining balance of unrestricted net position (\$11,067,112) may be used to meet the Town's ongoing obligations to citizens and creditors.

Also, the Town implemented GASB 68 this year. With this new reporting change, the Town is allocated its proportionate share of the Local Government Employees' Retirement System's net pension asset, deferred outflows of resources, deferred inflows of resources and pension expense. A restatement to record the effects of the new reporting guidance decreased beginning net position by \$1,836,797. Decisions regarding the allocations are made by the administrators of the pension plan, not by town management.

99.0% of the total growth in	\$ 146,704,725	\$ 131,045,959	\$ 17,699,062	\$ 17,785,737	\$ 164,403,787	\$ 148,831,696

the net position of the Town. Key elements of this increase are as follows:

- Capital grants and contributions increased 277.7% from previous fiscal year due to infrastructure contributions from development activity. This includes adding almost eight (8) miles of streets to town's system.
- Ad valorem taxes made up 42.8% of governmental activity revenue and continue to be a significant revenue source for funding local government operations. Current year ad valorem taxes increased 5.2% over the previous fiscal year.
- Utility franchise tax increased \$704,781(42.4%) from previous year
- Local option sales tax increased \$518,700 (9.1%) over prior fiscal year.

- Total governmental activity revenue *increased* 37.9% while expenses *increased* 3.5% from the previous fiscal year.

Business-type activities. Business-type activities increased the Town of Wake Forest's net position by \$166,697. Key elements of this increase are as follows:

- Charges for services from the Sale of Power *increased* \$1,433,012 (7.9%) in fiscal year ended June 30, 2015 from fiscal year ended June 30, 2014.
- Total business-type expenses *increased* \$1,523,224 (8.5%). This was primarily due to change in sales tax charged on electricity that increased to 7% from 3% effective July 1, 2014.

Financial Analysis of the Town's Funds

As noted earlier, the Town uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds. The focus of the Town's governmental funds is to provide information on near-term inflows, outflows, and balances of usable resources. Such information is useful in assessing the Town's financing requirements.

The general fund is the chief operating fund of the Town. At the end of the current fiscal year, fund balance available in the General Fund was \$7,633,804 while total fund balance was \$13,028,596. As a measure of the General Fund's liquidity, it may be useful to compare both unassigned (available) fund balance and total fund balance to total general fund expenditures. Unassigned fund balance represents 21.3% of the total General Fund expenditures, while total fund balance represents 36.4% of that same amount.

The General Fund balance has enabled the Town to sustain its sound fiscal position during the recession utilizing fund balance for one time capital items. The percentage of available fund balance *increased* from 15.8% in 20132014 to 20.7% in 2014-2015.

At June 30, 2015, the governmental funds of the Town reported a combined fund balance of \$22,285,071 with a net increase in fund balance of \$6,209,344. The General Fund, special revenue funds, capital project funds and future capital reserve funds are included in this combined amount.

General Fund Budgetary Highlights. During the fiscal year, the Town revised the budget on several occasions. Generally, budget amendments fall into one of three categories: 1) amendments made to adjust the estimates that are used to prepare the original budget ordinance once exact information is available; 2) amendments made to recognize new funding amounts from external sources, such as Federal and State grants; and 3) increases in appropriations that become necessary to maintain services. Some differences between the original budget and the final amended budget are as follows:

- Ad valorem taxes received exceeded original budget estimates by \$647,648 (3.0% increase) due to conservative budgeting regarding the collection rate along with growth in the tax base.
- Unrestricted intergovernmental revenues exceeded original estimates by \$972,775 (12.5% increase). This is attributed to growth in sales tax revenues and utility franchise tax revenues.

Revenues were more than the budgeted amounts primarily because the Town did not expect to receive some of the unrestricted intergovernmental funds that became available. Expenditures were held in check to comply with its budgetary requirements.

The original budget planned to use \$1,383,860 of appropriated fund balance and was amended during the year to \$1,330,935 for one time capital items. However, fund balance actually *increased* \$1,327,551 for fiscal year

2014/2015. This is attributed to revenues exceeding original budgeted expectations, litigation settlement from the town hall construction, and other financing sources along with conservative spending.

Proprietary Funds. The Town's proprietary funds provide the same type of information found in the governmentwide statements but in more detail. Unrestricted net position of the Electric Fund at the end of the fiscal year amounted to \$3,973,151 and the total ending net position were \$17,699,062.

The Electric Fund's net position increased \$164,307 while the total proprietary fund's net position increased \$166,697 during this past fiscal year. Operating expenses *increased 11.8%* while sale of power revenues *increased 6.3%*.

The Proprietary Funds are discussed further in the business-type activities section.

Capital Asset and Debt Administration

Capital assets. The Town's investment in capital assets for its governmental and business-type activities as of June 30, 2015 totaled \$178,158,978 (net of accumulated depreciation). This represents an 8.6% increase from June 30, 2014. These assets include buildings, streets and sidewalks, land, machinery and equipment including vehicles, park facilities and electric system. Major capital asset transactions during the year include the following:

- Police vehicle additions and replacements, motorcycles and ATVs - \$539,450
- Equipment and vehicles for Streets, Environmental services and Parks & Recreation - \$443,872
- Streets, sidewalks and right of way additions - \$15,293,797
- Construction in progress includes the following projects: 2014 Electric system improvements including N. Main Street lighting and John B. Cole substation rebuild; several greenway and pedestrian access projects relative to the issuance of the 2015 bonds.

See Note 5 of this report for additional information regarding the Town's capital assets.	\$ 160,051,313	\$ 147,426,837	\$ 18,107,665	\$ 16,675,228	\$ 178,158,978	\$ 164,102,065

Long-term Debt. As of June 30, 2015, the Town had total bonded debt outstanding of \$16,085,000 and installment purchase related debt of \$12,912,741. The Town issued \$4,330,000 of general obligation bonds in March 2015 for greenways, streets and sidewalks. The outstanding revenue bond debt totals \$3,140,053 which represents the balance owed on the electric substation constructed in 2007 along with the John B. Cole substation improvements currently underway as of June 30, 2014. The remaining \$413,333 installment note along with the \$765,011 in N.C. Water Pollution Control Revolving Loan and Bond funds are being repaid from utility

system revenues. As part of the merger agreement, the City of Raleigh is required to pay to the Town amounts equal to the debt service on the Town's water and sewer obligations.

North Carolina general statutes limit the amount of general obligation debt that a unit of government can issue to eight (8%) percent of the total assessed value of taxable property located within that government's boundaries. The legal debt margin for the Town is \$293,586,917. Practically, these statutory limits exceed the Town's realistic debt capacity.

As of June 30, 2015, the Town has \$20,770,000 in authorized and unissued bonds remaining from the November 2015 bond referendum.

Additional information regarding the Town of Wake Forest's long-term debt can be found in Note 10 of this report.

Budget Highlights for the Fiscal Year Ending June 30, 2016

Governmental Activities: The 2015-2016 Adopted Budget increased 4.2% over the 2014-2015 Amended Budget. The Board adopted an updated strategic plan which sets the roadmap for all decisions over the next few years. The budget endeavors to achieve the four key goals in the strategic plan by maintaining current service levels, enhancing infrastructure and providing for employees. Performance pay (merit), market adjustments and career ladder funds for eligible departments were included. Efforts were focused on taking care of and maintaining what we have therefore, no new positions were added for the upcoming fiscal year.

The Town's tax rate remained unchanged at \$.52 for the coming fiscal year. This equates to a breakdown of \$.41 for town operations and debt service and \$.11 for fire services. The final budget for the General Fund totaled \$38.1 million. Despite the appearance of renewed fiscal growth and other positive changes in economic conditions, the Town will continue to focus on financial sustainability. Emphasis will continue to be on leveraging existing assets, services and programs while limiting new initiatives. Decision making will still require much care and prudence as we continue to focus on providing the core services our citizens expect. Prioritizing how our resources are utilized is critical as we make long term plans for capital investments.

Business-type Activities: Utility rates were unchanged in the Electric Fund. The total budget was \$20.9 million for the Electric Fund. The NC Eastern Municipal Power Agency and its participants, including the Town, sold their generation assets to Duke Energy Progress, Inc. which will be effective July 1, 2015. This transaction is expected to result in a net reduction in power costs to all participants, including the Town, and make the Town more competitive on the retail side with regard to its electric rates. Included in the budget are funds to complete an

electric utility rate design and cost allocation study. Upon completion of the study, any proposed rate amendments will be considered in 2016.

Effective July 1, 2005 the City of Raleigh operates the water and wastewater systems.

Requests for Information

This report is designed to provide an overview of the Town's finances for those with an interest in this area. Questions concerning any of the information found in this report or requests for additional information should be directed to the Finance Director, Town of Wake Forest, 301 S. Brooks Street Wake Forest, North Carolina 27587; (919) 435-9461 or astaples@wakeforestnc.gov.

TOWN OF WAKE FOREST, NORTH CAROLINA

**STATEMENTS OF
REVENUES, EXPENDITURES,**

AND CHANGES IN FUND BALANCE GOVERNMENTAL FUNDS

FOR THE YEAR ENDED JUNE 30, 2015

Amounts reported for governmental activities in the statement of activities are different because:

Net change in fund balances - total governmental funds \$
6,209,344

Governmental funds report capital outlays as expenditures. However, in the Statement of Activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense.

Expenditures for capital assets	\$ 2,532,617
Less current year depreciation	(5,174,589)
Asset disposition gain/loss	(27,348)
	(2,669,320)

Contributions to the pension plan in the current fiscal year are not included on the Statement of Activities

813,934

Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds.

Developer's contributed capital	15,293,797
Change in unavailable revenue for tax and sanitation revenues	(102,427)

The issuance of debt provides current financial resources to governmental funds, while the repayment of principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction has any effect on net position. This amount is the net effect of these differences in the treatment of long-term debt and related items.

Amortization of bond premiums	16,783
Premium received on debt issuance	(47,482)
Issuance of debt	(5,122,750)
Principal payments	3,795,093
	(1,358,356)

The accompanying notes are an integral part of these financial statements.

Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.

Compensated absences	(2,208)
Pension Expense	(79,430)
Net pension obligation - LEO	(138,114)
Other postemployment benefits	(720,533)
Change in accrued interest payable	<u>(4,496)</u>

Total changes in net position of governmental activities

TOWN OF WAKE FOREST, NORTH CAROLINA NOTES TO THE FINANCIAL STATEMENTS

JUNE 30, 2015

Note 1—

Summary of significant accounting policies

The financial statements of the Town of Wake Forest (the “Town”) have been prepared in conformity with generally accepted accounting principles as applied to government units. The following is a summary of the more significant accounting policies:

(a) Reporting Entity - The Town, a political subdivision of Wake County, is a municipal corporation governed by an elected mayor and a five-member Town Board. There are no component units which are required to be included in these financial statements.

(b) Basis of Presentation

Government-wide Statements - The statement of net position and the statement of activities include the financial activities of the Town. These statements distinguish between the governmental and business-type activities of the Town. Governmental activities generally are financed through taxes, intergovernmental revenues, and other non-exchange transactions. Business-type activities are financed in whole or in part by fees charged to external parties.

The statement of activities presents a comparison between direct expenses and program revenues for the different business-type activities of the Town and for each function of the Town's governmental activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. Program revenues include (a) fees and charges paid by the recipients of goods or services offered by the programs and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues.

Fund Financial Statements - The fund financial statements provide information about the Town's funds. Separate statements for each fund category-governmental and proprietary-are presented. The emphasis of fund financial statements is on major governmental and enterprise funds, each displayed in a separate column. All remaining governmental and enterprise funds are aggregated and reported as nonmajor funds.

Proprietary fund operating revenues, such as charges for services, result from exchange transactions associated with the principal activity of the fund. Exchange transactions are those in which each party receives and gives up essentially equal values. Nonoperating revenues, such as subsidies result from nonexchange transactions. Other non-operating revenues are ancillary activities such as investment earnings.

The government reports the following major governmental fund:

General Fund - The General Fund is the general operating fund of the Town. It is used to account for all financial resources except those required to be accounted for in another fund. The primary revenue sources are ad valorem taxes and state-shared revenues. The primary expenditures are for public safety, streets, sanitation, parks and recreation, and general governmental services. Additionally, the Town has legally adopted a Downtown District Special Tax Fund, Wake Forest Renaissance Centre, and a Police Department Special Fund. Under GASB 54 guidance these three funds are consolidated in the General Fund. The

TOWN OF WAKE FOREST, NORTH CAROLINA NOTES TO THE FINANCIAL STATEMENTS

JUNE 30, 2015

Note 1—Summary of significant accounting policies (continued)

budgetary comparisons for the Downtown District Special Tax Fund, Police Department Special Fund, and Wake Forest Renaissance Centre Fund have been included in the supplemental information.

General Capital Reserve Fund - The General Capital Reserve Fund is used to account for the receipt of fire impact fees along with other funds for future general capital improvements.

Note 1—Summary of significant accounting policies (continued)

Greenways Transportation & Pedestrian Access Project Fund - The Greenway Transportation & Pedestrian Access Project Fund is used to account for design, construction and improvements to greenways, trails, bike paths and pedestrian accesses throughout town.

The government reports the following major proprietary funds:

Electric Fund - The Electric Fund is used to account for electric operations (a) that are financed and operated in a manner similar to private business enterprises where the intent of the governing body is that the costs (expenses, including depreciation) of providing goods and services to the general public on a continuing basis be financed or recovered primarily through user charges; or (b) where the governing body has decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability, or other purposes. The Electric Fund is composed of three sub-funds: Electric Operations, Substation and Street Lighting, and Electric Capital Reserve, which are consolidated for financial reporting purposes.

Water and Sewer Fund - The Water and Sewer Utility System of the Town was transferred to the City of Raleigh effective July 1, 2005; however this fund remains open to collect availability fees and other fees on behalf of the City of Raleigh and to pay long-term debt and interest on long term debt as it becomes due.

The Town reports the following nonmajor governmental funds:

Special Revenue Funds - Special Revenue funds are used to account for resources set aside for specific purposes. The Town has one special revenue fund: the Futures Fund which is used to account for resources set aside for economic development.

Capital Project Funds - Capital project funds are used to account for financial resources to be used for the acquisition or construction of major facilities (other than those financed by proprietary funds). The Town has four (4) non-major capital project funds: Recreation Capital Reserve, Cemetery Capital Reserve, Street Improvements and Holding Park Pool Renovations.

(c) Measurement Focus, Basis of Accounting and Financial Statement Presentation

In accordance with North Carolina General Statutes, all funds of the Town are maintained during the year using the modified accrual basis of accounting.

TOWN OF WAKE FOREST, NORTH CAROLINA NOTES TO THE FINANCIAL STATEMENTS

JUNE 30, 2015

Government-wide and Proprietary Fund Financial Statements - The government-wide and proprietary fund financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place. Nonexchange transactions, in which the Town gives (or receives) value without directly receiving (or giving) equal value in exchange, include property taxes, grants and donations. On an accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenue from grants and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied.

(c) Measurement Focus, Basis of Accounting and Financial Statement Presentation (continued)

Amounts reported as program revenues include 1) charges to customers or applicants for goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all taxes.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the Town's enterprise fund are charges to customers for sales and services. Operating expenses for the enterprise fund include the cost of sales and services, administrative expenses and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

Governmental Fund Financial Statements - Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available. Expenditures are recorded when the related fund liability is incurred, except for principal and interest on general long-term debt, claims and judgments, and compensated absences, which are recognized as expenditures to the extent they have matured. General capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt and acquisitions under capital leases are reported as other financing sources.

The Town considers all revenues available if they are collected within 90 days after year end, except for property taxes. Ad valorem property taxes receivable are not accrued as revenue because the amount is not susceptible to accrual. At June 30, taxes receivable are materially past due and are not considered to be an available resource to finance the operations of the current year. Also, as of September 1, 2013, State law altered the procedures for the assessment and collection of property taxes on registered motor vehicles in North Carolina. Effective with this change in the law, Wake County is responsible for billing and collecting the property taxes on registered motor vehicles on behalf of all municipalities and special tax districts in the County, including the Town of Wake Forest. Property taxes are due when vehicles are registered. The billed taxes in periods prior to September 1, 2013 and for limited registration plates are shown as a receivable in these financial statements and are offset by deferred inflows of resources.

TOWN OF WAKE FOREST, NORTH CAROLINA NOTES TO THE FINANCIAL STATEMENTS

JUNE 30, 2015

Note 1—Summary of significant accounting policies (continued)

Sales taxes and certain intergovernmental revenues, such as the utilities franchise tax, collected and held by the State at year end on behalf of the Town are recognized as revenue. Sales taxes are considered a shared revenue for the Town of Wake Forest because the tax is levied by Wake County and then remitted by the State. Intergovernmental revenues and sales and services are not susceptible to accrual because generally they are not measurable until received in cash. Under the terms of grant agreements, the Town funds certain programs by a combination of specific cost-reimbursement grants, categorical block grants, and general revenues. Thus, when program expenses are incurred, there are both restricted and unrestricted net position available to finance the program. It is the Town's policy to first apply costreimbursement grant resources to such programs, followed by categorical block grants, and then by general revenues.

As a general rule the effect of interfund activity has been eliminated from the government-wide financial statements. An exception to this general rule is charges between the Town's Electric Fund and various other functions. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

TOWN OF WAKE FOREST, NORTH CAROLINA NOTES TO THE FINANCIAL STATEMENTS

JUNE 30, 2015

Note 1—Summary of significant accounting policies (continued)

(d) Budgetary Data

Budgets are adopted as required by North Carolina General Statutes. Annual budget ordinances are adopted for the general, special revenue and enterprise funds. All annual appropriations lapse at fiscal yearend. Project ordinances, which may cover more than one year, are adopted for the capital project and capital reserve funds. All budgets are prepared using the modified accrual basis of accounting, which is consistent with the accounting system used to record transactions. Supplemental appropriations that amend the total expenditures of any fund require an ordinance of the Board of Commissioners. The Town Manager is authorized by the budget ordinance to transfer appropriations between objects of expenditure within a functional area without limitation and without a report being required and may transfer appropriations up to \$25,000 between functional areas within a fund with an official reporting of such transfers to the Board. Any interfund transfer not included in the original budget or any appropriation from a contingency account must be approved by the Board of Commissioners. During the year several immaterial amendments to the original budget were necessary. The budget ordinance must be adopted by July 1 of the fiscal year or the governing board must adopt an interim budget that covers that time until the annual ordinance can be adopted.

(e) Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Fund Equity

Deposits and Investments - All deposits of the Town are made in board-designated official depositories and are secured as required by State law (G.S. 159-31). The Town may designate as an official depository any bank or savings and loan whose principal office is located in North Carolina. The Town may also establish time deposits in the form of NOW and SuperNOW accounts, money market accounts, and certificates of deposit.

State law (G.S. 159-30(c)) authorizes the Town to invest in obligations of the United States or obligations fully guaranteed both as to principal and interest by the United States; obligations of the State of North Carolina; bonds and notes of any North Carolina local government or public authority; obligations of certain non-guaranteed federal agencies; certain high quality issues of commercial paper and banker's acceptances; and the North Carolina Capital Management Trust (NCCMT). The Town's investments are reported at fair value as determined by quoted market prices. The securities of the NCCMT cash portfolio, a SEC-registered (2a-7) money market fund, are valued at fair value, which is the NCCMT's share price.

Cash and Cash Equivalents - The Town pools moneys from several funds to facilitate disbursement and investment and maximize investment income. Therefore, all cash and investments are essentially demand deposits and are considered cash and cash equivalents.

Restricted Assets - The unexpended debt proceeds of the Street Improvements Capital Project Fund, Greenways, Trails and Pedestrian Access and the Electric Fund Capital Project Fund issued by the Town are classified as restricted assets because their use is completely restricted to the purpose for which the debt was originally issued. Money in the Downtown District Special Tax Fund and the Police Department Special Fund is classified as restricted assets because its use is restricted to the Downtown District Special Tax Fund and the Police Department Special Fund per N.C. G.S. Chapter 159, Article 3, Part 2.

TOWN OF WAKE FOREST, NORTH CAROLINA NOTES TO THE FINANCIAL STATEMENTS

JUNE 30, 2015

Note 1—Summary of significant accounting policies (continued)

Governmental Activities	
General Fund	
Rolling Stock	\$ 224,833
Downtown District	243,525
Public Safety	<u>297,346</u>
	<u>765,704</u>
Other Governmental Funds	
Street improvements	194,023
Greenway, Transportation and Pedestrian Access	<u>3,668,977</u>
	<u>3,863,000</u>
Business-Type Activities	
Electric Fund	19,986
Total Restricted Cash	<u>\$ 4,648,690</u>

Ad Valorem Taxes Receivable - In accordance with North Carolina General Statutes (G.S 105-347 and G.S. 159-13(a), the Town levies ad valorem taxes on property other than motor vehicles on July 1st, the beginning of the fiscal year. The taxes are due September 1st (lien date); however interest does not accrue until the following January 6th. These taxes are based on the assessed values as of the previous January 1.

Allowances for Doubtful Accounts - An allowance for doubtful accounts is maintained on the ad valorem taxes receivable and customer accounts receivable for electric operations. The allowance for ad valorem taxes receivable is estimated by analyzing the percentage of receivables that are written off in prior years. The allowance for customer accounts receivable for electric operations is estimated at the amount of accounts receivable that have not been written off that exceeds 120 days. The direct write-off method is used by the Town on all other types of receivables. Under this method, all accounts considered uncollectible at June 30th have been charged against operations.

Inventories - Inventories are maintained for general and enterprise fund supplies. They are at cost (weighted average), which approximates market. The inventories of the Town's General and Enterprise Funds consist of materials and supplies for consumption. In each case the cost is recorded as an expense when the inventory is consumed.

Capital Assets - Capital assets, which include property, plant, equipment and infrastructure assets (roads, bridges, sidewalks and similar items), are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the government as assets with an initial, individual cost of \$5,000 or more. Such assets are recorded at historical cost or estimated historical cost. Donated assets are recorded at their estimated fair value at the date of donation. General infrastructure assets acquired prior to July 1, 2003 consist of the road network that was acquired or that received substantial improvements subsequent to July 1, 1980 and are reported at estimated historical

TOWN OF WAKE FOREST, NORTH CAROLINA NOTES TO THE FINANCIAL STATEMENTS

JUNE 30, 2015

Note 1—Summary of significant accounting policies (continued)

cost using deflated replacement cost. The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are not capitalized.

Capital assets are depreciated on a straight-line method over the following estimated useful lives:

<u>Asset Class</u>	<u>Estimated Useful Lives</u>
Infrastructure	40 years
Equipment and vehicles	3-10 years
Water and sewer systems	30-40 years
Buildings and improvements	10-30 years
Land improvements	10 to 40 years
Furniture and fixtures	5 to 8 years

Deferred Outflows of Resources - In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, Deferred Outflows of Resources, represents a consumption of net position that applies to a future period and so will not be recognized as an expense or expenditure until then. The Town has two items that meet the criterion for this category – portion of pension deferrals and contributions made to the pension plan in the current fiscal year.

Deferred Inflows of Resources - In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period and so will not be recognized as revenue until then. The Town has only four items that meet the criterion for this category - prepaid taxes, property tax receivable, sanitation receivable and deferrals of pension expense.

Long-term Obligations - In the government-wide financial statements and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities or proprietary fund type statement of net position. Bond premiums are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs, except for prepaid insurance costs, are expensed in the reporting period in which they are incurred. Prepaid insurance costs are expensed over the life of the debt.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amounts of debt issuances are reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual net proceeds received, are reported as debt service expenditures.

Compensated Absences - The vacation policy of the Town provides for the accumulation of up to thirty (30) days earned vacation leave with such leave being fully vested when earned, except that police officers may accumulate thirty (30) regular days and twenty-two (22) holidays for a total of fifty-two (52) vested vacation days. The Town's policy for compensatory pay is to pay for unused compensatory time for those employees qualifying for such time in accordance with the Fair Labor Standards Act up to a maximum of 240 hours at a

TOWN OF WAKE FOREST, NORTH CAROLINA NOTES TO THE FINANCIAL STATEMENTS

JUNE 30, 2015

Note 1—Summary of significant accounting policies (continued)

rate of one and one-half hours per hour overtime worked, except that police officers may accumulate a maximum of 480 hours.

For the Town's government-wide and proprietary funds, an expense and a liability for compensated absences and the salary-related payments are recorded as the leave is earned. The Town has assumed a first-in, first-out method of using accumulated compensated time. The portion of that time that is estimated to be used in the next fiscal year has been designated as a current liability in the government-wide financial statements.

The Town's sick leave policy provides for unlimited accumulation of earned sick leave. Sick leave does not vest but any unused sick leave accumulated at the time of retirement may be used in the determination of length of service for retirement purposes. Since the Town has no obligation for the sick leave until it is actually taken, no provision has been made in the accompanying financial statements.

Net Position/Fund Balances

Net Position - Net position in government-wide and proprietary fund financial statements are classified as net investment in capital assets, restricted and unrestricted. Restricted net position represents constraints on resources that are either externally imposed by creditors, grantors, contributors, or laws or regulations of other governments or imposed by law through state statute.

Fund Balances - In the governmental fund financial statements, fund balance is composed of five classifications designed to disclose the hierarchy of constraints placed on how fund balance can be spent.

The governmental fund types classify fund balances as follows:

Nonspendable Fund Balance

This classification includes amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact.

Inventories - portion of fund balance that is not an available resource because it represents the year-end balance of ending inventories, which are not spendable resources.

Restricted Fund Balance

This classification includes amounts of fund balance restricted by or subject to externally enforceable legal restrictions, including, but not limited to creditors, grantors, contributors, or other governments through enabling legislation.

Restricted for Stabilization by State Statute - portion of fund balance that is restricted by State Statute [G.S. 159-8(a)].

TOWN OF WAKE FOREST, NORTH CAROLINA NOTES TO THE FINANCIAL STATEMENTS

JUNE 30, 2015

Note 1—Summary of significant accounting policies (continued)

Restricted for Downtown District - portion of fund balance that is restricted by revenue source for certain downtown district expenditures.

Restricted for Public Safety - portion of fund balance that is restricted by revenue source for certain public safety expenditures.

Restricted for Equipment and Vehicles - portion of fund balance that is restricted by revenue source for certain rolling stock expenditures.

Restricted for Street and Sidewalk Improvements - portion of fund balance that is restricted by revenue source for street construction and maintenance.

Restricted for Greenway Improvements - portion of fund balance that is restricted by revenue source for improvements to greenways.

Committed Fund Balance

This classification includes amounts of fund balance that can only be used for specific purposes imposed by majority vote by quorum of the Town's Board of Commissioners, the highest level of decision making authority. Any changes or removal of specific purpose requires majority action by the Board either through board resolution or ordinance. The governing body approves the appropriation; however the budget ordinance authorizes the manager to modify the appropriations by resource or appropriation with funds up to \$25,000.

The governing body can, by adoption of an ordinance prior to the end of the fiscal year, commit fund balance. Once adopted, the limitation imposed by the ordinance remains in place until similar action is taken (the adoption of another ordinance) to remove or revise the limitation.

Committed for economic development – portion of fund balance committed by the Board for future economic development projects.

Assigned Fund Balance

This classification includes amounts of fund balance that reflect a government's intended use of resources through authority delegated by the Town's Board of Commissioners to the Town Manager or another member of the management team.

Assigned for subsequent year's expenditures - portion of total fund balance that is appropriated in the next year's budget that is not already classified in restricted or committed.

Assigned for recreation improvements - portion of fund balance that has been budgeted by the Board for recreation improvements.

Assigned for cemetery improvements - portion of fund balance that has been budgeted by the Board for cemetery improvements.

TOWN OF WAKE FOREST, NORTH CAROLINA NOTES TO THE FINANCIAL STATEMENTS

JUNE 30, 2015

Note 1—Summary of significant accounting policies (continued)

Unassigned Fund Balance

The portion of fund balance that has not been restricted, committed, or assigned to specific purposes or other funds.

The Town has a revenue spending policy that provides guidance for programs with multiple revenue sources. The Finance Director will use resources in the following hierarchy: bond proceeds, federal funds, state funds, local non-Town funds, Town funds. For purposes of fund balance classification expenditures are to be spent from restricted fund balance first, followed in-order by committed fund balance, assigned fund balance and lastly unassigned fund balance. The Finance Director has the authority to deviate from this policy if it is in the best interest of the Town.

The Town's fund balance policy adopted in September 2004 requires that the Town maintain an available (unreserved/undesignated) fund balance of 35% of general fund expenditures. Amounts in excess of this minimum may be used for construction projects or major capital outlay when the Town wishes to avoid the issuance of debt, purchase of real property, emergency work after disasters or for maintaining a stable tax rate when economically dependent revenues (i.e. sales taxes) are less than budgeted amounts.

(f) Pensions

For purposes of measuring the net pension asset, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Local

Governmental Employees' Retirement System (LGERS) and additions to/deductions from LGERS' fiduciary net position have been determined on the same basis as they are reported by LGERS. For this purpose, plan member contributions are recognized in the period in which the contributions are due. The Town of Wake Forest's employer contributions are recognized when due and the Town of Wake Forest has a legal requirement to provide the contributions. Benefits and refunds are recognized when due and payable in accordance with the terms of LGERS. Investments are reported at fair value.

TOWN OF WAKE FOREST, NORTH CAROLINA NOTES TO THE FINANCIAL STATEMENTS

JUNE 30, 2015

Note 2 Stewardship, compliance, and accountability

Excess of Expenditures over Appropriations – The Schedule of Revenues, Expenditures and Changes in Fund Balances for the Greenway Transportation and Pedestrian Access fund displays multiple projects within the fund for which no project authorization has been assigned. The original budgets were approved at the account classification level. At the account classification level the appropriations exceed the expenditures incurred. The individual project budgets will be amendment in the subsequent fiscal year.

Note 3—Deposits and investments

Deposits - All of the Town's deposits are either insured or collateralized by using one of two methods. Under the Dedicated Method, all deposits exceeding the federal depository insurance coverage are collateralized with securities held by the Town's agent in the Town's name. Under the Pooling Method, which is a collateral pool, all uninsured deposits are collateralized with securities held by the State Treasurer's agent in the name of the State Treasurer. Since the State Treasurer is acting in a fiduciary capacity for the Town, these deposits are considered to be held by the Town's agent in the Town's name. The amount of the pledged collateral is based on an approved averaging method for non-interest bearing deposits and the actual current balance for interest bearing deposits. Depositories using the Pooling Method report to the State Treasurer the adequacy of their pooled collateral covering uninsured deposits. The State Treasurer does not confirm this information with the Town or the escrow agent. Because of the inability to measure the exact amount of collateral pledged for the Town under The Pooling Method, the potential exists for under collateralization, and this risk may increase in periods of high cash flows. However, the State Treasurer of North Carolina enforces strict standards of financial stability for each depository that collateralizes public deposits under the Pooling Method. The Town has no formal policy regarding custodial credit risk for deposits, but relies on the State Treasurer to enforce standards of minimum capitalization for all pooling method financial institutions and to monitor them for compliance. The Town complies with the provisions of G.S. 159-31 when designating official depositories and verifying that deposits are properly secured.

At June 30, 2015, the carrying amount of the Town's deposits was \$5,449,139 and the bank balance was \$5,762,761. Of the bank balance, \$1,250,000 was covered by federal depository insurance and \$4,512,761 was covered under the Pooling Method. At June 30, 2015, the Town had \$1,280 of petty cash on hand.

Investments - At June 30, 2015, the Town had \$18,230,632 invested with the North Carolina Capital Management Trust's Cash Portfolio which carried a credit rating of AAAm by Standard and Poor's. The Town's investment policy states that investment securities purchased by the Town shall be held in third-party safekeeping by an institution designated as primary agent.

Interest Rate Risk - The Town's policy states that all investments shall have maturities not to exceed eighteen (18) months as a means of managing its exposure to fair value losses arising from increasing interest rates.

Custodial Credit Risk – The Town's investment policy states that investment securities purchased by the Town shall be held in third-party safekeeping by an institution designated as primary agent. Generally the Town invests available cash in North Carolina Capital Management Trust's Cash Portfolio or other interest

TOWN OF WAKE FOREST, NORTH CAROLINA NOTES TO THE FINANCIAL STATEMENTS

Construction Commitments - The identification of possible commitments is the responsibility of the finance department. Once identified, the department involved with the project and the finance department evaluates the financial statement impact by evaluating the funding and timing of the contracts.

TOWN OF WAKE FOREST, NORTH CAROLINA NOTES TO THE FINANCIAL STATEMENTS

JUNE 30, 2015

Note 6—

Pension plan obligations

(a) Local Government Employees' Retirement System

Plan Description - The Town is a participating employer in the statewide Local Governmental Employees' Retirement System (LGERS), a cost-sharing multiple-employer defined benefit pension plan administered by the State of North Carolina. LGERS membership is comprised of general employees and local law enforcement officers (LEOs) of participating local governmental entities. Article 3 of G. S. Chapter 128 assigns the authority to establish and amend benefit provisions to the North Carolina General Assembly. Management of the plan is vested by the LGERS Board of Trustees, which consists of 13 members – nine appointed by the Governor, one appointed by the State Senate, one appointed by the State House of Representatives, and the State Treasurer and State Superintendent, who serve as ex-officio members.. The Local Governmental Employee's Retirement System is included in the Comprehensive Annual Financial Report (CAFR) for the State of North Carolina. The State's CAFR includes financial statements and required supplementary information for LGERS. That report may be obtained by writing to the Office of the State Controller, 1410 Mail Service Center, Raleigh, North Carolina 27699-1410, or by calling (919) 981-5454 or at www.osc.nc.gov.

Benefits Provided – LGERS provides retirement and survivor benefits. Retirement benefits are determined as 1.85% of the member's average final compensation times the member's years of creditable service. A member's average final compensation is calculated as the average of a member's four highest consecutive years of compensation. Plan members are eligible to retire with full retirement benefits at age 65 with five years of creditable service, at age 60 with 25 years of creditable service, or at any age with 30 years of creditable service. Plan members are eligible to retire with partial retirement benefits at age 50 with 20 years of creditable service or at age 60 with five years of creditable service. Survivor benefits are available to eligible beneficiaries of members who die while in active service or within 180 days of their last day of service and who have either completed 20 years of creditable service regardless of age or have completed five years of service and have reached age 60. Eligible beneficiaries may elect to receive a monthly Survivor's Alternate Benefit for life or a return of the member's contributions. The plan does not provide for automatic post-retirement benefit increases. Increases are contingent upon actuarial gains of the plan.

LGERS plan members who are LEOs are eligible to retire with full retirement benefits at age 55 with five years of creditable service as an officer, or at any age with 30 years of creditable service. LEO plan members are eligible to retire with partial retirement benefits at age 50 with 15 years of creditable service as an officer. Survivor benefits are available to eligible beneficiaries of LEO members who die while in active service or within 180 days of their last day of service and who also have either completed 20 years of creditable service regardless of age, or have completed 15 years of service as a LEO and have reached age 50, or have completed five years of creditable service as a LEO and have reached age 55, or have completed 15 years of creditable service as a LEO if killed in the line of duty. Eligible beneficiaries may elect to receive a monthly Survivor's Alternate Benefit for life or a return of the member's contributions.

Funding Policy – Contribution provisions are established by General Statute 128-30 and may be amended only by the North Carolina General Assembly. Town of Wake Forest employees are required to contribute six percent of their annual covered salary. The Town is required to contribute at an actuarially determined rate. For the Town, the current rate for employees not engaged in law enforcement and for law enforcement

TOWN OF WAKE FOREST, NORTH CAROLINA NOTES TO THE FINANCIAL STATEMENTS

JUNE 30, 2015

Note 6—Pension plan obligations (continued)

officers is 7.21% and 7.41%, respectively, of annual covered payroll. The contribution requirements of employees and of the Town are established and may be amended by the North Carolina General Assembly. The Town's contributions to LGERS for the years ended June 30, 2015, 2014 and 2013 and were \$897,824, \$869,753, and \$770,777, respectively. The contributions made by the Town equaled the required contributions for each year.

Refunds of Contributions - Town employees who have terminated service as a contributing member of LGERS, may file an application for a refund of their contributions. By state law, refunds to members with at least five years of service include 4% interest. State law requires a 60 day waiting period after service termination before the refund may be paid. The acceptance of a refund payment cancels the individual's right to employer contributions or any other benefit provided by LGERS.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30th the Town reported an asset of \$1,361,017 for its proportionate share of the net pension asset. The net pension asset was measured as of June 30, 2014. The total pension liability used to calculate the net pension asset was determined by an actuarial valuation as of December 31, 2013. The total pension liability was then rolled forward to the measurement date of June 30, 2014 utilizing update procedures incorporating the actuarial assumptions. The Town's proportion of the net pension asset was based on a projection of the Town's long-term share of future payroll covered by the pension plan, relative to the projected future payroll covered by the pension plan of all participating LGERS employees, actuarially determined. At June 30, 2014 the Town's proportion was 0.0023%.

For the year ended June 30, 2015, the Town recognized pension expense of \$92,140. At June 30, 2015, the Town reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ -	\$ 148,715
Changes of assumptions	-	-
Net difference between projected and actual earnings on pension plan investments	-	3,168,415
Changes in proportion and differences between Town contributions and proportionate share of contributions	27,177	-
Town contributions subsequent to the measurement date	897,824	-
Total	<u>\$ 925,001</u>	<u>\$ 3,317,130</u>

\$897,824 reported as deferred outflows of resources related to pensions resulting from Town contributions subsequent to the measurement date will be recognized as an increase of the net pension asset in the year

TOWN OF WAKE FOREST, NORTH CAROLINA NOTES TO THE FINANCIAL STATEMENTS

JUNE 30, 2015

Note 6—Pension plan obligations (continued)

ended June 30, 2016. Other amounts reported as deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year ended June 30:	\$
	(822,565)
2016	(822,565)
2017	(822,565)
2018	(822,258)
2019	-
2020	-
Thereafter	-
	<u>\$</u>
	(3,289,953)

Actuarial Assumptions – The total pension liability in the December 31, 2013 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	3.0 percent
Salary increases	4.25 to 8.55 percent, including inflation and productivity factor
Investment rate of return	7.25 percent, net of pension plan investment expense, including inflation

The plan currently uses mortality tables that vary by age, gender, employee group (i.e. general, law enforcement officer) and health status (i.e. disabled and healthy). The current mortality rates are based on published tables and based on studies that cover significant portions of the U.S. population. The healthy mortality rates also contain a provision to reflect future mortality improvements.

The actuarial assumptions used in the December 31, 2013 valuation were based on the results of an actuarial experience study for the period January 1, 2005 through December 31, 2009.

Future ad hoc COLA amounts are not considered to be substantively automatic and are therefore not included in the measurement.

The projected long-term investment returns and inflation assumptions are developed through review of current and historical capital markets data, sell-side investment research, consultant whitepapers, and historical performance of investment strategies. Fixed income return projections reflect current yields across the U.S. Treasury yield curve and market expectations of forward yields projected and interpolated for multiple tenors and over multiple year horizons. Global public equity return projections are established through analysis of the equity risk premium and the fixed income return projections. Other asset categories and strategies' return projections reflect the foregoing and historical data analysis. These projections are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and

TOWN OF WAKE FOREST, NORTH CAROLINA NOTES TO THE FINANCIAL STATEMENTS

JUNE 30, 2015

Note 6—Pension plan obligations (continued)

best estimates of arithmetic real rates of return for each major asset class as of June 30, 2014 are summarized in the following table:

Asset Class	Target Allocation	Long-Term Expected
		Real Rate of Return
Fixed Income	36.00%	2.50%
Global Equity	40.50%	6.10%
Real Estate	8.00%	5.70%
Alternatives	6.50%	10.50%
Credit	4.50%	6.80%
Inflation Protection	4.50%	3.70%
Total	<u>100.00%</u>	

The information above is based on 30 year expectations developed with the consulting actuary for the 2013 asset liability and investment policy study for the North Carolina Retirement Systems, including LGERS. The long-term nominal rates of return underlying the real rates of return are arithmetic annualize figures. The real rates of return are calculated from nominal rates by multiplicatively subtracting a long-term inflation assumption of 3.19%. All rates of return and inflation are annualized.

A new asset allocation policy was finalized during the fiscal year ended June 30, 2014 to be effective July 1, 2014. The new asset allocation policy utilizes different asset classes, changes in the structure of certain asset classes, and adopts new benchmarks. Using the asset class categories in the preceding table, the new long-term expected arithmetic real rates of return are: Fixed Income 2.2%, Global Equity 5.8%, Real Estate 5.2%, Alternatives 9.8%, Credit 6.8% and Inflation Protection 3.4%.

Discount rate – The discount rate used to measure the total pension liability was 7.25%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rate and that contributions from employers will be made at statutorily required rates, actuarially determined. Based on these assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of the current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the Town's proportionate share of the net pension asset to changes in the discount rate – The following presents the Town's proportionate share of the net pension asset calculated using the discount rate of 7.25%, as well as what the Town's proportionate share of the net pension asset or net pension liability would be if it were calculated using a discount rate that is one percentage point lower (6.25 percent) or one percentage point higher (8.25 percent) than the current rate:

Note 6—Pension plan obligations (continued)

	1 % Decrease (6.25%)	Discount Rate (7.25%)	1 % Increase (8.25%)
Town's proportionate share of the net pension liability (asset)\$	4,619,878\$	(1,361,016)\$	(6,396,736)

Pension plan fiduciary net position – Detailed information about the pension plan's fiduciary net position is available in the separately issued Comprehensive Annual Financial Report (CAFR) for the State of North Carolina.

(b) Law Enforcement Officers Special Separation Allowance

Plan Description - The Town of Wake Forest administers a public employee retirement system (the "Separation Allowance"), a single-employer defined benefit pension plan that provides retirement benefits to the Town's qualified sworn law enforcement officers. The Separation Allowance is equal to .85% of the annual equivalent of the base rate of compensation most recently applicable to the officer for each year of creditable service. The retirement benefits are not subject to any increases in salary or retirement allowances that may be authorized by the General Assembly. Article 12D of G. S. Chapter 143 assigns the authority to establish and amend benefit provisions to the North Carolina General Assembly. All full-time law enforcement officers of the Town are covered by the Separation Allowance. At December 31, 2014 the Separation Allowance's membership consisted of:

TOWN OF WAKE FOREST, NORTH CAROLINA NOTES TO THE FINANCIAL STATEMENTS

JUNE 30, 2015

Note 6—

Pension plan obligations (continued)

Retirees receiving benefits	1
Terminated plan members entitled to but not yet receiving benefits	-
Active plan members	<u>66</u>
Total	<u>67</u>

A separate report was not issued for the plan.

Summary of Significant Accounting Policies - Basis of Accounting: The Town has chosen to fund the Separation Allowance on a pay as you go basis. Pension expenditures are made from the General Fund, which is maintained on the modified accrual basis of accounting. Benefits and refunds are recognized when due and payable in accordance with the terms of the plan.

The Separation Allowance has no assets accumulated in a trust that meets the following criteria which are outlined in GASB Statement 67 and 68:

- contributions to the pension plan and earnings on those contributions are irrevocable
- pension plan assets are dedicated to providing benefits to plan members
- pension plan assets are legally protected from the creditors or employers, nonemployer contributing entities, the plan administrator, and plan members.

Method Used to Value Investments: No funds are set aside to pay benefits and administration costs. These expenditures are paid as they come due.

Contributions - The Town is required by Article 12D of G. S. Chapter 143 to provide these retirement benefits and has chosen to fund the benefit payments on a pay as you go basis through appropriations made in the General Fund operating budget. The Town's obligation to contribute to this plan is established and may be amended by the North Carolina General Assembly. There were no contributions made by employees.

The annual required contribution for the current year was determined as part of the December 31, 2013 actuarial valuation using the projected unit credit actuarial cost method and the level dollar closed amortization method. The actuarial assumptions included (a) 5.00% investment rate of return (net of administrative expenses over a remaining amortization period of 17 years) and (b) projected salary increases of 4.25 – 7.85% per year. The inflation component was 3.00%. The assumptions do not include postemployment benefit increases.

Annual Pension Cost and Net Pension Obligation - The Town's annual pension cost and net pension obligation to the Separation Allowance for the current year were as follows:

TOWN OF WAKE FOREST, NORTH CAROLINA NOTES TO THE FINANCIAL STATEMENTS

JUNE 30, 2015

Note 6—

Annual required contribution	\$ 168,132
Interest on net pension obligation	36,879
Adjustment to annual required contribution	<u>(62,307)</u>
annual pension cost	142,704
Contributions made	<u>4,590</u>
Increased (decrease) in net pension obligation	138,114
Net pension obligation - beginning of year	<u>737,574</u>
Net pension obligation - end of year	<u>\$ 875,688</u>

Pension plan obligations (continued)

Trend Information

	Annual	Percentage	
	Pension of APC Net Pension Year Ended Costs		
(APC) Contributed Obligation			
6/30/15	\$ 142,704	3.22%	\$ 875,688
6/30/14	113,611	0.00%	737,574
6/30/13	108,648	0.00%	623,963

Funded Status and Funding Progress - As of December 31, 2014, the most recent actuarial valuation date, the plan was not funded. The actuarial accrued liability for benefits and the unfunded actuarial accrued liability (UAAL) was \$1,203,060. The covered payroll (annual payroll of active employees covered by the plan) was \$4,157,477, and the ratio of the UAAL to the covered payroll was 28.94%.

The schedule of funding progress presented as required supplementary information following the notes to the financial statements, presents multiyear trend information about whether the actuarial value of plan assets are increasing or decreasing over time relative to the actuarial accrued liability for benefits.

(c) Supplemental Retirement Income Plan for Law Enforcement Officers

Plan Description - The Town contributes to the Supplemental Retirement Income Plan (Plan), a defined contribution pension plan administered by the Department of State Treasurer and a Board of Trustees. The Plan provides retirement benefits to law enforcement officers employed by the Town. Article 5 of G. S. Chapter 135 assigns the authority to establish and amend benefit provisions to the North Carolina General Assembly. The Supplemental Retirement Income Plan for Law Enforcement Officers is included in the Comprehensive Annual Financial Report (CAFR) for the State of North Carolina. The State's CAFR includes the pension trust fund financial statements for the Internal Revenue Code Section 401 (k) plan that includes the Supplemental Retirement Income Plan for Law Enforcement Officers. That report may be obtained by writing to the Office of the State controller, 1410 Mail Service Center, Raleigh, North Carolina 27699-1410, or by calling (919) 981-5454.

TOWN OF WAKE FOREST, NORTH CAROLINA NOTES TO THE FINANCIAL STATEMENTS

JUNE 30, 2015

Note 6—

Funding Policy - Article 12E of G. S. Chapter 143 requires the Town to contribute each month an amount equal to 5% of each officer's salary, and all amounts contributed are vested immediately. Also, the Law Enforcement Officers may make voluntary contributions to the plan. Contributions for the year ended June 30, 2015 were \$264,576, which consisted of \$202,085 from the Town and \$62,491 from the law enforcement officers.

(d) Supplemental Retirement Income Plan for all Other Employees

Plan Description - All other employees of the Town (excluding Law Enforcement Officers) are members of the Town's 401(k) plan, a defined contribution pension plan as described above.

Funding Policy - The Town contributes each month an amount equal to 5% of eligible employee's salary, and all amounts contributed are vested immediately. Also, the employees may make voluntary contributions to the plan. Contributions for the year ended June 30, 2015 were \$600,247, which consisted of \$416,470 from the Town and \$183,776 from employees.

Pension plan obligations (continued)

(e) Other Postemployment Benefit (OPEB) – Healthcare Benefits

Plan Description - Under a Town resolution July 1, 2008, the Town provides healthcare benefits through the Healthcare Benefits Plan (HCB Plan) as a single-employer defined benefit plan to cover retirees of the Town who participate in the North Carolina Local Government Employees' Retirement System (System) and have met certain service requirements with the Town. Employees hired after April 15, 2003 who have 20 or more years of continuous creditable service with the Town at the time of their retirement will receive full benefits; those with 15-19 years of continuous creditable service with the Town will receive one-half of the benefits. Employees hired prior to April 15, 2003 who have 15 or more years of service at retirement will receive full benefits; those with 5-14 years of service will receive one-half of the benefits. Also, the Town's retirees can purchase coverage for their dependents at the Town's group rates. The Town Board may amend the benefit provisions. A separate report was not issued for the plan.

Membership of the HCB Plan consisted of the following at December 31, 2014, the date of the latest actuarial valuation:

	General Employees	Law Enforcement Officers
Retirees and dependents receiving benefits	25	4
Terminated plan members entitled to but not yet receiving benefits	-	-
Active plan members	135	61
Total	160	65

TOWN OF WAKE FOREST, NORTH CAROLINA NOTES TO THE FINANCIAL STATEMENTS

JUNE 30, 2015

Note 6—

Funding Policy - The Board of Commissioners established the contribution requirements of plan members and this may be amended by the Board. Employees pay \$452 per month for dependent coverage and \$1,022 per month for family coverage. The Town has chosen to fund the healthcare benefits on a pay as you go basis.

The current ARC rate is 9.52% of annual covered payroll. For the current year, the Town contributed \$211,555 or 1.80% of annual covered payroll. The Town obtains healthcare coverage through private insurers. The Town's required contributions, under a Board resolution, for employees not engaged in law enforcement and for law enforcement officers represented 10.67% and 5.84% of covered payroll, respectively. There were no contributions made by employees, except for dependent coverage in the amount of \$195,419. The Town's obligation to contribute to the HCB Plan is established and may be amended by the Board of Commissioners.

Summary of Significant Accounting Policies - Postemployment expenditures are made from the General Fund, which is maintained on the modified accrual basis of accounting. No funds are set aside to pay benefits and administration costs. These expenditures are paid as they come due.

Annual OPEB Cost and Net OPEB Obligation - The Town's annual (OPEB) cost (expense) is calculated based on the annual required contribution of the employer (ARC) an amount actuarially determined in accordance with the parameters of GASB Statement 45. The ARC represents a level of funding that, if paid on an ongoing basis is projected to cover normal costs each year and amortize any unfunded actuarial

TOWN OF WAKE FOREST, NORTH CAROLINA NOTES TO THE FINANCIAL STATEMENTS

JUNE 30, 2015

Note 6—Pension plan obligations (continued)

liabilities (or funding excess) over a period not to exceed thirty years. The following table shows the components of the Town's annual OPEB cost for the year, the amount actually contributed to the plan, and changes in the Town's net OPEB obligation for the healthcare benefits:

Annual required contribution \$	1,049,970	Interest on OPEB obligation	
207,452			
Adjustment to annual required contribution			(198,181)
Annual OPEB cost			1,059,241
Contributions made			(211,555)
Increase in net OPEB obligation			847,686
Net OPEB obligation - beginning of year			5,186,300
Net OPEB obligation - end of year			\$ 6,033,986

The Town's annual OPEB cost, the percentage of annual OPEB cost contributed to the HCB Plan, and the net OPEB obligation as of June 30, 2015 were as follows:

	Percentage of Annual Costs	Annual OPEB Net OPEB Year Ended Contributed	OPEB Costs Obligation
6/30/15	\$ 1,059,241	20.00%	\$ 6,033,986
6/30/14	988,679	15.00%	5,186,300
	997,277	15.90%	4,346,317

Funded Status and Funding Progress - As of December 31, 2014, the most recent actuarial valuation date, the plan was not funded. The actuarial accrued liability for benefits and, thus, the unfunded actuarial accrued liability (UAAL) was \$11,855,181. The covered payroll (annual payroll of active employees covered by the plan) was \$11,768,783 and the ratio of the UAAL to the covered payroll was 100.7%. Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and the healthcare trends. Amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The schedule of funding progress, presented as required supplementary information following the notes to the financial statements, presents multiyear trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liabilities for benefits.

Actuarial Methods and Assumptions - Projections of benefits for the financial reporting purposes are based on the substantive plan (the plan as understood by the employer and the plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members at that point. The actuarial methods and assumptions used

TOWN OF WAKE FOREST, NORTH CAROLINA NOTES TO THE FINANCIAL STATEMENTS

JUNE 30, 2015

—
include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value assets, consistent with the long-term perspective of the calculations.

Note 6 Pension plan obligations (continued)

In the December 31, 2014 actuarial valuation, the projected unit credit method was used. The actuarial assumptions included a 4.0% investment rate of return (net of administrative expenses), which is the expected long-term investment returns on the employer's own investments calculated based on the funded level of the plan at the valuation date, and an annual medical cost trend increase of 7.75 to 5.0% for preMedicare and 5.5 to 5.0% for post-Medicare, annually. The investment rate included a 3.00% inflation assumption. The actuarial value, if any, was determined using techniques that spread the effects of shortterm volatility in the market value of investments over a 5-year period. The UAAL is being amortized as a level percentage of projected payroll on an open basis. The remaining amortization period at December 31, 2014 was 30 years.

(f) Other Employment Benefit

The Town has elected to provide death benefits to employees through the Death Benefit Plan for members of the Local Governmental Employees' Retirement System (Death Benefit Plan), a multiple-employer, Stateadministered, cost-sharing plan funded on a one-year term cost basis. Employees who die in active service after one year of contributing membership in the System, or who die within 180 days after retirement or termination of service and have at least one year of contributing membership service in the System at the time of death are eligible for death benefits. Lump sum death benefit payments to beneficiaries are equal to the employee's twelve (12) highest months' salary in a row during the twenty-four (24) months prior to the employee's death, but the benefit may not exceed \$50,000 or be less than \$25,000. All death benefit payments are made from the Death Benefit Plan. The Town has no liability beyond the payment of monthly contributions. Contributions are determined as a percentage of monthly payroll, based upon rates established annually by the State. Separate rates are set for employees not engaged in law enforcement and for Law Enforcement Officers. Because the benefit payments are made by the Death Benefit Plan and not by the Town, the Town does not determine the number of eligible participants. Due to a surplus, a decision was made to temporarily stop employer contributions to the Death Benefit Plan beginning July 1, 2012 for a period of three years. Thus, the Town's required contributions for employees not engaged in law enforcement and for law enforcement officers represented 0.0% of covered payroll. The contributions to the Death Benefit Plan cannot be separated between the post-employment benefit amount and the other benefit amount.

Note 7—Deferred outflows and inflows of resources

Deferred outflows of resources at year-end are comprised of the following:

	Total
	<hr/>
Contributions to pension plan in current fiscal year	
General Fund	\$ 813,934

Prepaid other	-	3,498	3,498
Pension Deferrals	-	3,317,130	3,317,130
Total	<u>\$ 243,403</u>	<u>\$ 3,331,403</u>	<u>\$ 3,574,806</u>

Note 8—Risk management

The Town is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees and natural disasters. The Town participates in two (2) selffunded risk financing pools administered by the North Carolina League of Municipalities (NCLM). Through these pools, the Town obtains general liability coverage in the amount of \$3,000,000 per occurrence, auto liability coverage in the amount of \$2,000,000 combined single limit, property coverage up to the total insurance values of the property policy and workers' compensation coverage up to the statutory limits. The Town contracts with a preferred provider organization (PPO) to provide employee health insurance coverage. The pools are reinsured through commercial companies for single occurrence claims against general liability and auto liability in excess of \$1,000,000. The pools are reinsured through commercial companies for single occurrence claims against property in excess of \$500,000 and statutory limits for workers' compensation in excess of \$1,000,000. The property liability pool has an aggregate limit for the total

TOWN OF WAKE FOREST, NORTH CAROLINA NOTES TO THE FINANCIAL STATEMENTS

JUNE 30, 2015

—
property losses in a single year, with the reinsurance limit based upon a percentage of the total insurance values.

There are exclusions to the town's policy which bar coverage for all risks of loss. There have been no significant reductions in insurance coverage in the prior year, and settled claims have not exceeded coverage in any of the past three (3) fiscal years. The Town does not carry flood insurance because flood plain maps show insignificant property values within flood plains.

In accordance with G.S. 159-29, Town's employees with access to \$100 or more at any given time of the Town's funds are performance bonded through a commercial fidelity bond with limits of \$100,000. The Finance Director and the tax collector are individually bonded for \$100,000 each. Government crime coverage provides \$5,000 per occurrence for theft of money and securities inside or outside the premises.

Note 9—Claims, judgments and contingent liabilities

At June 30, 2015, the Town was a defendant to various lawsuits. In the opinion of the Town's management and the Town's attorney, the ultimate effect of these legal matters will not have a material adverse effect on the Town's financial position.

During fiscal year ended June 30, 2007, the Town issued bonds in the amount of \$9,200,000 that are subject to arbitrage rebate in accordance with Internal Revenue Code Section 148. Arbitrage restrictions limit the ability of governmental units to profit from the investment of tax-exempt bond proceeds. Excess earnings resulting from arbitrage must be rebated to the federal government and is calculated and rebated at the end

Note 9 Claims, judgments and contingent liabilities (continued)

of each five-year period that tax-exempt debt is outstanding and at maturity. There are certain exceptions allowed by the Internal Revenue Service whereby the arbitrage rebate does not have to be paid. Management believes that the Town will not be subject to arbitrage rebate and accordingly, no provision has been made for potential arbitrage rebate in these financial statements.

Note 10—Long-term debt

(a) General Obligation Bonds

The Town's general obligation bonds serviced by the governmental funds were issued for the acquisition of parks and recreation facilities and street improvements. Those general obligation bonds issued to finance the construction of facilities utilized in the operations of the water, sewer and electric systems and which are being retired by its resources are reported as long-term debt in the Water and Sewer Fund and the Electric Fund. In addition, general obligation bonds have been issued to refund general obligation bonds. All general obligation bonds are collateralized by the full faith, credit and taxing power of the Town. Principal and interest requirements are appropriated when due.

Bonds payable at June 30, 2015 are comprised of the following individual issues:

Serviced by the General Fund:

TOWN OF WAKE FOREST, NORTH CAROLINA NOTES TO THE FINANCIAL STATEMENTS

TOWN OF WAKE FOREST, NORTH CAROLINA NOTES TO THE FINANCIAL STATEMENTS

JUNE 30, 2015

The Town has pledged future electric revenues, net of specified operating expenses, to repay \$2,300,000 in electric revenue bonds issued in February 2007 and \$2,500,000 in electric revenue bonds issued in June 2014. Proceeds from the bonds provided financing for an electric substation, substation improvements, and installation of street lights. The bonds are payable solely from electric customer net revenues and are payable through 2019 for the Series 2007 bonds and 2024 for the Series 2014 bonds. Annual principal and interest payments on the bonds are expected to require less than 523 percent of net revenues. The total principal and interest remaining to be paid on the bonds is \$3,463,694. Principal and interest paid for the current year and total customer net revenues were \$517,988 and \$922,638, respectively.

TOWN OF WAKE FOREST, NORTH CAROLINA NOTES TO THE FINANCIAL STATEMENTS

JUNE 30, 2015

Note 10 Long-term debt (continued)

Annual debt service requirements to maturity for revenue bonds at June 30, 2015 are as follows:

	Business-Type Activities

TOWN OF WAKE FOREST, NORTH CAROLINA NOTES TO THE FINANCIAL STATEMENTS

JUNE 30, 2015

(d) North Carolina Water Pollution Control Revolving Fund Loan and Revolving Bond Fund

The Town has \$6,450,000 and \$1,300,105 in promissory notes issued by the North Carolina Department of Environment, Health, and Natural Resources for the construction of additional capacity at the Town's Wastewater Treatment Plant. Future revenues of the sanitary sewer system collateralize the notes. This debt is recorded as long-term debt in the proprietary fund with principal and interest requirements appropriated when due.

Note 10 Long-term debt (continued)

For the \$6,450,000 promissory note, interest is due semi-annually at 3.035% with principal payable in 20 annual installments beginning May 1, 1998 of \$322,500 plus interest. At June 30, 2015 the outstanding balance on this note totaled \$645,000. For the \$1,300,105 total promissory note, \$211,105 is a separate note with an interest rate of 5.85%, due semi-annually with principal payable in 20 annual installments beginning May 1, 1998 of \$11,111 plus interest. The balance of the promissory note of \$1,089,000 has an interest rate of 5.30% due semi-annually with principal payable in not more than 20 annual installments beginning May 1, 1998 of \$54,450 plus interest. At June 30, 2015 the remaining balance on these notes totaled \$11,111 and \$108,900, respectively.

Annual debt service requirements to maturity are as follows:

					\$ 30,419	\$ 51,933	
Transfers In:	Fund	Special Tax	Fund	Reserve	Fund	Reserve	Transfers In

JUNE 30, 2015

Balances due to/from other funds at June 30, 2015, consist of the following:

The amounts payable to the General Fund relate to working capital loans made to the Electric Fund. This loan to the Electric Fund is for the construction of the Electric Substation. The Electric Fund will make payments over the next four (4) years plus interest at 2.5% or it may prepay the loan in full within the five-year period.

The Town is a member of the North Carolina Eastern Municipal Power Agency (the "Agency"). The Agency was formed to enable municipalities that own electric distribution systems to finance, construct, own, operate, and maintain generation and transmission facilities through the Agency. The Town receives power from the Agency and is contractually allocated a .7262% interest in the Agency, with the balance being shared by the thirty-two (32) other local governments. Each participating government appoints one commissioner to the Agency's governing board. The Town is obligated to purchase all of its power supply requirements from the Agency. Except for the power supply purchase requirements, no local government participant has any obligation, entitlement, or residual interest. The Town's gross purchases of power for the fiscal year ended June 30, 2015 were \$13,188,179.

Federal and State Assisted Programs - The Town has received proceeds from several federal and state grants. Periodic audits of these grants are required and certain costs may be questioned as not being appropriate expenditures of grant monies by the grantor agencies. Management believes that any required refunds will be immaterial. No provision has been made in the accompanying financial statements for the refund of grant monies.

65

TOWN OF WAKE FOREST, NORTH CAROLINA NOTES TO THE FINANCIAL STATEMENTS

JUNE 30, 2015

—

The Water and Sewer Utility System of the Town was transferred to the City of Raleigh effective July 1, 2005. Under the terms of the agreement, Raleigh assumed full responsibility for the provision of water and sewer services in Wake Forest, including responsibility for Wake Forest's water and sewer utility systems and related equipment and property rights. Upon the transfer, Raleigh assumed immediate and sole duty and responsibility for financing, operating, maintaining, improving and expanding the water and sewer systems serving Wake Forest's existing and future corporate limits and Urban Services Area. The Town transferred ownership of all facilities, property, land, equipment, financial assets, information and data subject to the agreement with Raleigh.

The accompanying statement of net position shows total notes receivable of \$1,178,339 due from the City of Raleigh related to this merger. The amount due from the City of Raleigh is shown as \$594,728 due within one year and \$583,611 due in more than one year. The City of Raleigh will also pay interest on this balance based on the Town of Wake Forest's interest rates on the associated long term debt. The financial statements include a current account payable amount to the City of Raleigh of \$245,645 related to the merger.

Note 16—Note receivable

The Town entered into an agreement with the Wireless Research Center of North Carolina whereby the Town would advance loan funds to the Wireless Research Center up to \$975,000 for the purpose of economic development. The loan funds are for the purpose of covering operating expenses during the startup period. As of June 30, 2015, the Town had advanced funding in the amount of \$948,950. Under the terms of the loan, interest at the rate of 2.5% per annum began July 1, 2011 with interest only payments beginning January 1, 2012 and continuing on the first day of each calendar month thereafter until December 31, 2016 at such time the entire outstanding principal balance is due. Accordingly the amounts advanced at June 30, 2015 have been recorded as noncurrent assets in the government-wide financial statements.

Note 17 Special item

The Town reached a settlement in an ongoing lawsuit relative to the design and construction of the Town Hall in 2009. The terms and amounts were determined during mediation. The Town received a cash settlement amount of \$300,000. In addition, the Town was not required to remit the retainage payable funds that were being held in the amount of \$205,000 plus interest totaling \$2,768. Therefore, the total settlement for this litigation is equal to \$507,768.

Note 18—Change in accounting principles/restatement

The Town implemented Governmental Accounting Standards Board (GASB) statement 68 and 71, Accounting and Financial Reporting for Pensions (an amendment of GASB Statement No. 27), in the fiscal year ending June 30, 2015. The implementation of the statement required the Town to record beginning net pension liability and the effects on net position of contributions made by the Town during the measurement period (fiscal year ending June 30, 2014). As a result, net position for the governmental and business-type activities decreased by \$1,583,425 and \$253,372, respectively.

TOWN *of* WAKE FOREST

**Report of Independent Auditor on Internal Control over Financial Reporting and
on Compliance and Other Matters Based on an Audit of Financial Statements
Performed in Accordance with *Government Auditing Standards***

To the Honorable Mayor and
Members of the Town Board of Commissioners
Town of Wake Forest, North Carolina

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Town of Wake Forest, North Carolina (the "Town"), as of and for the year ended June 30, 2015, and the related notes to the financial statements, which collectively comprise the Town's basic financial statements, and have issued our report thereon dated November 2, 2015.

Internal Control over Financial Reporting

In planning and performing our audit of the basic financial statements, we considered the Town's internal control over financial reporting ("internal control") to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Town's internal control. Accordingly, we do not express an opinion on the effectiveness of the Town's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Town's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Town's basic financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Town's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Town's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

TOWN *of* WAKE FOREST

TOWN *of* WAKE FOREST

**Report of Independent Auditor on Compliance with Requirements Applicable for Each Major
State Program and on Internal Control over Compliance In Accordance with OMB
Circular A-133 and the State Single Audit Implementation Act**

To the Honorable Mayor and
Members of the Town Board of Commissioners
Town of Wake Forest, North Carolina

Report on Compliance for Each Major State Program

We have audited the Town of Wake Forest, North Carolina (the "Town"), compliance with the types of compliance requirements described in the *Audit Manual for Governmental Auditors in North Carolina*, issued by the Local Government Commission *that* could have a direct and material effect on the Town's major state program for the year ended June 30, 2015. The Town's major state program is identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its state program.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for the Town's major state program based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and applicable sections of OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations* as described in the *Audit Manual for Governmental Auditors in North Carolina*, and the State Single Audit Implementation Act. Those standards, OMB Circular A-133, and the State Single Audit Implementation Act require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major state program occurred. An audit includes examining, on a test basis, evidence about the Town's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major state program. However, our audit does not provide a legal determination of the Town's compliance.

Opinion on Each Major State Program

In our opinion, the Town complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on its major state program for the year ended June 30, 2015.

Report on Internal Control over Compliance

Management of the Town is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the Town's internal control over compliance with the types of requirements that could have a direct and material effect on the major state program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for the major state program and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Town's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a state program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a state program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a state program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133. Accordingly, this report is not suitable for any other purpose.

TOWN OF WAKE FOREST, NORTH CAROLINA
CORRECTIVE ACTION PLAN

FOR THE YEAR ENDED JUNE 30, 2015

Not applicable.

TOWN OF WAKE FOREST, NORTH CAROLINA
SCHEDULE OF PRIOR AUDIT FINDINGS

FOR THE YEAR ENDED JUNE 30, 2015

Finding: 2014-001

It was determined that all contractors and subcontractors had indeed completed the weekly required certified payroll, but it was noted that the Town did not have a monitoring process in place to ensure that contractors and subcontractors were complying with this requirement. During the prior year the Town did not ask any of its contractors or subcontractors to provide evidence that this requirement was met. In the current fiscal year there have been no certified payrolls which need to be reported, as the federal assistance/grants related to the previously reviewed projects have expired. This finding has been cleared in the current year.

Status: Corrected

Notes to the Schedule of Expenditures of Federal and State Financial Awards

Basis of Presentation - The accompanying schedule of expenditures of federal and state awards includes the federal and state grant activity of the Town of Wake Forest and is presented on the modified accrual basis of accounting. The information in this schedule is presented in accordance with the requirements of OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit*

Organizations and the State Single Audit Implementation Act. Therefore some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of the basic financial statements.

To the Honorable Mayor and
Members of the Board of Commissioners
Town of Wake Forest, North Carolina

Dear Board Members:

We have audited the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Town of Wake Forest, North Carolina (the "Town") for the year ended June 30, 2015. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, *Government Auditing Standards*, OMB Circular A133 and the State Single Audit Implementation Act, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated March 10, 2015. Professional standards also require that we communicate to you the following information related to our audit.

SIGNIFICANT AUDIT FINDINGS

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the Town are described in the notes to the basic financial statements. The Town adopted and implemented GASB Statement No. 68, *Accounting and Financial Reporting for Pensions – an Amendment of GASB Statement No. 27*, and GASB Statement No. 71, *Pension Transition for Contributions made Subsequent to the Measurement Date – an Amendment of GASB Statement No. 68*. We have included an emphasis of matter paragraph in our report of independent auditor concerning these matters. We noted no transactions entered into by the Town during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimates affecting the Town's basic financial statements were depreciation expense, unbilled revenues, allowance for doubtful accounts, impairment and useful lives of capital assets, fair value of investments, inventory valuation allowance, sick and vacation leave accruals, the Other PostEmployment Benefits liability, Local Government Employee's Retirement System's pension liability, and the Law Enforcement Separation Allowance liability. These estimates were based on the estimated useful life of capital assets, monthly electric billing estimates, yearend inventory counts, sick and vacation leave banks, market prices of investments at June 30, 2015, payment history, aging of accounts receivable, and actuarial calculations.

We evaluated the key factors and assumptions used to develop these estimates to determine that they seemed reasonable in relation to the financial statements taken as a whole. Based upon our review each of these estimates they appear to be reasonable at this time but there will usually be differences between recorded amounts and actual amounts and these differences may be material.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

To the Honorable Mayor and Members of the Board of Commissioners Page 2

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. We did not propose any adjusting journal entries nor did we have any passed adjusting journal entries.

Disagreements with Management

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated November 2, 2015.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves an application of an accounting principle to the Town's basic financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Town's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

Other Matters

We applied certain limited procedures to the management discussion and analysis and the other required supplementary information, which are required supplementary information ("RSI") that supplements the basic financial statements. Our procedures consisted of inquiries of management regarding the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We did not audit the RSI and do not express an opinion or provide any assurance on the RSI.

We were engaged to report on the individual fund statements and other schedules and the schedule of expenditures of federal and state awards, which accompany the basic financial statements but are not RSI. We made certain inquiries of management and evaluated the form, content, and methods of preparing the information to determine that the information complies with accounting standards generally accepted in the United States of America, the method of preparing it has not changed from the prior period, and the information is appropriate and complete in relation to our audit of the basic financial statements. We compared and reconciled the supplementary information to the underlying accounting records used to prepare the basic financial statements or to the basic financial statements themselves.

We were not engaged to report on introductory and statistical sections, which accompany the basic financial statements but are not RSI. We did not audit or perform other procedures on this other information and we do not express an opinion or provide any assurance on it.

To the Honorable Mayor and Members of the Board of Commissioners Page 3

Restriction on Use

This information is intended solely for the use of the Board of Commissioners and management of the Town and is not intended to be, and should not be, used by anyone other than these specified parties.

Dear Mr. Wester,

It is my pleasure to submit a letter of support for the grant application from The Wake Forest Renaissance Centre for the Arts.

In 2013, the Town of Wake Forest was excited to be able to purchase the Renaissance Centre in order to provide a venue for cultural arts presentations. We very quickly realized that this venue would also serve our community as a venue for meetings, conferences, celebrations, etc. With the addition of the second building, we expanded the possibilities to be the “mini convention center” for northern Wake County.

We have been pleased with the response from the businesses and organizations in the community. We now have a community theater group that is using the Centre as their home. Our programming is attracting people from all of the counties to the north of Wake because it is more convenient than traveling to Raleigh, Cary, and Durham. We have had several multi-day conferences and meetings that had attendees from all over the state. We are also booking wedding receptions and other family events that bring attendees from other towns and states.

In order to continue to provide a space for business meetings, organizational conferences, and family/community celebrations, we must upgrade the facility to make it more suitable for these events. The stage, lighting, and sound systems must be upgraded to continue to attract the regional and even larger theater and musical groups.

We trust that you will recognize the value of this facility to the economic success of Wake County. Thank you for your consideration.

Sincerely,

Vivian A. Jones
Mayor

Raleigh, NC 27601

Dear Mr. Wester,

It is my pleasure to submit this letter of support for funding of the Wake Forest Renaissance Centre for the Arts.

This facility, opened in 2013, has served as a key element in our downtown revitalization efforts. Due to the Town's investments, we have seen citizens from all areas of the state come to our downtown to experience its reawakened vibrancy and experience the many features of the Renaissance Centre.

Our strategic plan lists as its number one priority economic development. The Centre plays a vital role in this endeavor. While it hosts local events such as weddings, family celebrations, etc., its key focus is on attracting people from all over the state. We have hosted a state conference on soil and erosion sedimentation control, regional conferences from the North Carolina Urban Forestry Council, concerts from the North Carolina Symphony and others.

As our attendance continues to grow, so does our needs for the Centre. In order to remain competitive, the Centre needs upgrades and enhancements. This grant will play a key role in addressing those needs.

Thank you for the opportunity to submit and for your consideration.

Sincerely,

Kip Padgett
Town Manager

Mr. Wester:

Please accept this letter in support of the Wake Forest Renaissance Centre's Request for Project funding from Wake County.

As the president of the Wake Forest Area Chamber of Commerce, I have experienced firsthand the impact the Renaissance Centre has had on our business community. The Centre is succeeding in bringing people to our downtown throughout the year, at all times of the day. The increase in foot traffic positively impacts our shops and restaurants and is making a difference in these small businesses. At the same time, the Centre provides a venue for meetings and business-related events. Many of these bring visitors who patronize our restaurants and fill our hotels.

I have worked closely with the staff at the Town of Wake Forest over the years and have been consistently impressed with their efficiency and the high quality of work they produce. Given the opportunity, I know they would use grant money in the best possible way to accomplish their renovation goals.

As a resident of the Town of Wake Forest, the Centre is providing long-needed cultural programming that is being embraced across the community. From concerts to theater to children's events, the Centre is improving the quality of life here in Wake Forest.

The Chamber supports this request for funding for renovations and restoration to the Renaissance Centre. The improved facility can only continue to contribute to our local economy.

Please don't hesitate to contact me if you have any questions.

Sincerely,

Reference: Support of the Wake Forest Renaissance Center for the Arts Request Proposal for Wake County's 2016 Major Facilities Capital Projects Funding Grant

Dear My Fellow Lovers of the Arts and Whom It May Concern:

I, Cynthia Davis of 628 Cala Lilly Lane, Wake Forest, NC 27587, write to you a letter in support of the staff and facility named the Wake Forest Renaissance Center for the Arts. This center has grown tremendously with the management of staff members Cathy Gouge and Debra Horton. There is also an advisory board organized through the Town of Wake Forest that includes in its mission statement the objective of "enhancing the quality of life for residents and visitors to Wake Forest with arts". The Renaissance Center is one of our primary outlets to help fulfill our goals. I am the presiding Chair of the Board. Our board is named the Cultural Resources Advisory Board, otherwise known as CRAB.

The Renaissance Center works tirelessly to provide a diverse variety of programming for all ages and abilities. This is paramount! The Renaissance Center is located downtown Wake Forest, and in the near future, will be the hub for arts and entertainment in northern Wake County. There are many awesome changes and decisions being made that will impact our ability to serve even more citizens and out-of-town visitors alike!

The building is in need of upgrades and repair. It is my hope that the facility along with all the wonderful people it serves will see the changes it needs with the help of Wake County's 2016 Major Facilities Capital Projects Funding Grant. Living in a world in crisis, I am thankful there are people like you, regardless of personal belief, that see true that arts set us free, make us alive and bring us together. The need for the arts, and up to date renovations to our structure where people can attend and artists can grow is right here in Wake Forest, NC! Thank you for your consideration.

Sincerely,

Cynthia Davis

Regarding: Support of the Wake Forest Renaissance Centre for the Arts' Request for Proposal for Wake County's 2016 Major Facilities **Capital Projects Funding Grant** to fund renovations and repair of the Centre buildings.

To Whom It May Concern:

I write as Vice-Chair of the Wake Forest Cultural Resources Advisory Board, a Town-appointed group which advises on municipal cultural arts programming including that offered at the Wake Forest Renaissance Centre for the Arts.

The Renaissance Centre for the Arts is proving to be a fabulous addition to the quality of life in our community. The Centre and its professional and capable staff provide many hours of high-quality programming for the education and enjoyment of regional audiences. The Centre has established itself as a focal point for cultural activities in the greater Wake Forest area.

The Renaissance Centre is located in Downtown Wake Forest where its programming draws thousands. Centre audiences often frequent local restaurants as a part of their entertainment experience. Many return later to eat and shop in the greater Wake Forest area. Those who perform at the Centre eat at area restaurants, stay at local hotels and use area business services.

In addition to its cultural programming, the Centre is available for private rentals. Weddings, a Home & Garden Show, NC DOT services, the WF Farmers Market and many more events draw audiences from around the State and beyond that enjoy restaurants, stay at hotels, purchase at shops, and use local businesses services.

As a member of the Wake Forest Cultural Resources Advisory Board, I hope for a positive response to the Wake Forest Renaissance Centre's Request for Proposal for Wake County's 2016 Major Facilities Capital Projects Funding Grant.

June 7, 2016

Ms. Catherine Gouge
Centre Manager
Wake Forest Renaissance Centre
405 S. Brooks Street
Wake Forest, NC 27587

Dear Ms. Catherine Gouge:

It is my distinct pleasure to write this letter in support of the 2016 Major Facilities Capital Projects Funding – RFP# 16-045, which is being submitted by the Wake Forest Renaissance Centre for the Arts and the Town of Wake Forest.

As the Regional Director of Sales for an established franchised hotel, the Hampton by Hilton located in Wake Forest, NC, I strongly believe the Renaissance Centre fully deserves the additional funding that would be coming from a portion of the revenue generated by the taxes levied on Wake County's accommodations providers and dining facilities. The Renaissance Plan for the Heart of Wake Forest included a vision for an official Arts & Entertainment District, as well as a Town Center South District and a Campus District. The Renaissance Centre fulfills the visions of the town's planners for a cultural attraction that would bring overnight visitors to the town.

Recognizing the overall economic impact that the Arts have on a community, our hotel has been enthusiastically committed to sponsoring the Wake Forest Renaissance Centre's Celebration of the Arts. Comprehensively, the Wake Forest community will greatly benefit from the increased programming at the Renaissance Centre, as its guests will continue to be catalysts not only for increasing occupancy and revenue in the hotel industry, but also in the town's retail and dining establishments. Other localities throughout our state have recognized the importance of supporting artistic attractions through various measures to provide funding and I am assuredly of the opinion that the Wake Forest Renaissance Centre should be included in this.

In closing, I am proud to support the Wake Forest Renaissance Centre and the Town of Wake Forest in the joint application to complete Wake County's Request for Proposal for FY 2016 Major Facilities Capital Projects Funding.

Sincerely,

Michelle Blanchard
