District 3
mailto:tjanhut@gmail.com

I am a(n) 55-year old Caucasian, Male. I am currently employed by Anhut Properties, LLC as a(n) President. My choices of boards on which to serve, in order of preference, are:

1. Wake County Steering Committee on Affordable Housing

Township: Cary

Work Experience: 30 years in the construction industry; 9 in the Army, 21 in the private sector running homebuilding divisions for Toll Brothers and Ashton Woods. Ended as Toll's regional president overseeing 4 divisions in the southeast. Currently running my own company developing several residential communities, all in Wake County.

Volunteer Experience: Raleigh Chamber of Commerce Board of Directors (2007-2010); Current Raleigh Wake Homebuilders Association Board of Directors (12 years); current Vice-Chair of the Triangle Community Coalition (12 years overall); Current Vice Chair of the Raleigh Development Services Advisory Commission (10 years); Member Raleigh Watershed Protection Task Force (2015); Member Raleigh Chamber of Commerce Blue Ribbon Committee for the Future of Wake County (2005).

Education: Bachelor of Architecture (5 year degree) University of Notre Dame (1984). Various military courses and schools.

Other Comments: As the Vice Chair of the Triangle Community Coalition, the TCC established a Housing Affordability Task Force and has also hosted two Luncheon Learns focused on the issue of housing affordability in the Triangle. We will host another in the spring. Addressing this issue is crucial to the continued vibrancy and growth of our area and I believe that those of us who work in the land development field are uniquely qualified to be involved as the cost of improved land is the single most important and expensive factor in the cost of housing.

Prior to entering the housing world, I designed and sold computer accounting/costing systems to contractors and managed a sales force and installation division.

Other Comments: I would be honored to serve on this committee. I come from a small farming community in Eastern North Carolina where helping out in the community was valued and expected. I am raising my two boys here and want to give them the best living environment possible - a community that takes care of its citizens, values all community members and makes strategic decisions to ensure we meet our incredible potential as a county. In Wake County we are truly blessed with rich natural resources, higher education, wonderful medical facilities and a thriving arts environment. We need to harness all these tools to deliver to our children a thriving, inclusive community that is a model for the rest of the country.

Other Comments: I offer this committee: 1) my experience as a municipal government leader in Morrisville working with land use, zoning, public safety, and administration; 2) my experience as a project manager leading enterprise global projects with diverse teams and complex issues; 3) my first hand experience as someone who grew up in a working class family on a farm outside of a regional city. I understand first hand, the challenges of affordable housing.

Affordable Housing has been a passion of mine for many years. Chapel Hill, Durham, and Raleigh have all started programs to fund affordable housing programs. However, smaller towns, like Morrisville with a smaller tax base do not have financial tools, expertise, or experience to launch affordable housing projects.

As a Morrisville Town Council member, I have seen a tremendous wave a development in Western Wake County. Every year, less of our town staff lives in Morrisville. In our local schools, our teachers travel great distances to work in Western Wake County. Realtors say there is a housing supply issue. Developers say that it is very difficult to build affordable housing because of land costs. Morrisville, like many towns across Wake County are developing rapidly and housing prices are steeply climbing.

An Affordable Housing strategic plan and framework will help all towns and cities across Wake County. We have the opportunity to demonstrate leadership to our state and our nation. If we fail to plan, then we may miss our window of opportunity to build a strong foundation for our region.

Thank you for your consideration.

Other Comments: I grew up in affordable and rent regulated housing for the better part of my life. Three years ago, with the help of the City of Raleigh's Homeownership program, I was able to purchase my first home. I feel my experiences, as one who has gained from affordable housing programs, makes me uniquely qualified for the appointment specifically due to my personal understanding of the great benefits affordable housing can provide if done right.
