Re: Mapping Changes

We have reviewed the proposed mapping changes for the North Region of Wake County and did not identify any issues with the changes that have been presented to us for our review. You may move forward on the approval of these maps by the county commissioners as needed. Once these changes are approved by the commissioners, we will need a copy of the resolution of approval to move forward with making the changes within our records. If there are any questions, please feel free to contact me directly.

Thank you.
