I am interested in serving on the Commission for Women because I believe the newly refocused Commission's goal of identifying, developing and implementing strategies that will eliminate discrimination which affects women who reside and/or work in Wake County aligns with my own personal mission to connect people to ideas that advance good in the world. Throughout my life I have participated in women-focused initiatives such as through my involvement in and advocacy with the American Association of University Women and The Boston Club. JENNIFER POPE EDWARDS

Jennifer Edwards sits on the Board of the Lucy Daniels Center—a small non-profit school that serves children who require special attention they cannot get in a traditional school setting—as Board Secretary, Chair of the Marketing Committee, and member of the Board Relations Committee. During her tenure on the Board, The Lucy Daniels Center has, through the efforts of the Board, received a \$750,000 gift and has gained total ownership of the building the school occupies. When she's not working with the Board, Jennifer is training for her 16th half-marathon. Additionally, she is mentoring five men and women to complete their first half-marathon—an endeavor she finds incredibly rewarding.

Until April 2017, Jennifer was the Legislative Affairs Coordinator at the Employers Coalition of North Carolina, a political action committee that is part of Capital Associated Industries. Since 2005, she led ECNC's efforts to impact employment related legislation in North Carolina and managed the entire operation of the 2,500-member organization. In the 12 years Jennifer was with CAI and ECNC, she increased their membership three-fold, changed their fee structure to encourage more member donations, made the group more appealing to less politically minded members by depoliticizing it, and helped make ECNC a driving force in public policy.

Prior to joining ECNC, Jennifer served as a Legislative Assistant to Rep. Leslie Cox and later Rep. Margaret Dickson in the North Carolina General Assembly. In that role, Jennifer managed both members' constituent services programs and legislative agendas. She also assisted both with speech writing, coordinating political events, and caucus responsibilities. During Rep. Cox's time in office, Jennifer was also the recording secretary for the House Pensions and Retirement Committee.

Between legislative sessions, Jennifer worked for Creative Campaign Consultants where she developed, researched, and wrote feasibility studies and Political Action Committee prospectuses for various political campaigns.

Before coming to the North Carolina General Assembly, Jennifer worked for the Triangle United Way, beginning as a Loaned Executive and rising to the post of Vice President of Combined Campaigns. During her time there, Jennifer represented TUW by speaking to groups and businesses, producing support publications, and coordinating employer activities. While Vice President of Combined Campaigns, she was responsible for the direction of the State Employees Combined Campaign and the Combined Federal Campaign. Together, the two campaigns raised more than \$2 million under Jennifer's direction.

Jennifer is a graduate of Meredith College in Raleigh. While attending Meredith, Jennifer paid her way through school working a number of jobs, most in the retail industry. Before finishing her degree, she had risen to be a store manager for multiple stores in The Limited chain. In addition to her degree from Meredith College, Jennifer also holds a Certificate in Brewery Management from Wake Technical Community College.

For over ten years, Jennifer has been the events coordinator for her family's farm in Orange County. Hosting the annual farm dinner, managing the farm's social media accounts, even wrangling a runaway llama have all been part of her responsibilities. She is now helping lead the farm's transition from a sheep farm to raising organic tobacco.

JENNIFER POPE EDWARDS

Jennifer was born in Delaware and raised in Connecticut before moving to North Carolina in 1986. She and her husband Mark live in Raleigh with their two teenage children, and are members of Edenton Street United Methodist Church. In her spare time, Jennifer tends to a flock of six hens and enjoys listening to podcasts.

Interests & Experiences

Why are you interested in serving on a Board or Commission?

I truly believe that it is important for a citizen to get to know their local community by serving on a commission or board because it is the only way that change can happen. As a military spouse for the last ten years, I have been actively involved in that community in many different capacities. Now that my family has stepped away from active military service and settled in Raleigh, I feel that the best way to get to know my new community and be an agent for change is to get involved.

Interests & Experiences

Why are you interested in serving on a Board or Commission?

Commissioner West invited me to apply and explained that his is a newly revised Commission looking to advance representation and opportunities for all women in Wake County. He shared how this group will work to eliminate discrimination, inequalities, and under-representation of women in employment, healthcare, and education. He shared that the group is seeking to build personal and community capacity of diverse groups of women for improved financial, physical, and emotional health. This is of great interest to me and aligns with much of the work I have done in communities over the years. It would be an honor to work alongside other Women to forward a vision and strategy to achieve these purposes for the benefit women in Wake County.

Work Experience

Presently, I am self employed providing consultation and training services primarily to non profit organizations and individuals on a variety of topics. I am the owner and operator of Fiorella Consulting & Training Services. My background is primarily in public health, access to care, community education/mobilization, and diversity/cultural training. I am retired from 25+ years in government. I have worked as a Executive Director for two non-profit organizations and as Program Manager for various state-/nation-wide initiatives seeking to improve quality of life of undeserved and underrepresented populations. I am also a contributing author for various books and curricula.

Volunteer Experience

I am very passionate about volunteerism and try to dedicate time to community service. I presently serve on the Wake County Human Services Board and am entering my 2nd Term. I also am very involved with my church as a Primary (children's) Teacher and Public Affairs Specialist. I also serve as a Merit Badge Counselor (Physician Fitness) for the Boy Scouts of America (Occoneechee Council).

Education

I have a Bachelors in Health Science with a focus on Community Health and hold various health and fitness certifications.

Comments

I am honored to have been invited to apply. I feel that I can bring to the group not only my life experience (both personal and professional) but insights and reach of populations often not represented in decision-making venues. As a Latina, I have had to live a two-world experience that has fueled my sensitivity and passion for inclusion, equity, and resiliency. As a mother, I value the importance of having women who are positive role models and leaders to set the path for upcoming generations. As a professional, I understand the challenges and opportunities women experience as they seek to provide for their homes and make contributions to society. If selected, I would strive to work alongside others on the commission for the better good of all women in Wake County.

Interests & Experiences

Why are you interested in serving on a Board or Commission?

I've dedicated my personal and professional life to supporting and empowering women. Whether serving as legislative aide, advocate, fundraiser or doula, it has always been important for me to connect with organizations and committees whose missions and goals match my own. Serving on the Commission of Women would be an amazing opportunity to expand

Work Experience

Professionally, I have always sought opportunities specifically reaching out to women and children. During my tenure as a legislative aide in the United States Senate, I worked on a variety of policy issues advocating for women and families. Working for Carol Moseley-Braun, the first African-American female Senator, was an amazing experience, but being able to follow that up with working for my very own Senator, John Edwards, was icing on the cake. There is nothing quite like advocating and fighting for citizens from your home state. Nothing compares to talking with constituents about why expanding the Violence Against Women Act would benefit women across the country or hearing concerns about how African Free Trade legislation would affect communities already suffering from trade policies implemented in the early 1990s. It was not listening to lobbyists, but it was meeting with constituents and hearing their stories that moved Senator Edwards. Flexibility, innovation and collaboration are critical. At Planned Parenthood of Central North Carolina, I laid the groundwork to build a diverse base of support among prospective donors, coalition partners, and community leaders with the goal of opening a new health care center. During my time with The Sanctuary New Family Foundation, a non-profit formed to meet the needs of low-income and communities of color seeking natural childbirth options, I worked directly with the Executive Director to build the non-profit and develop a fundraising strategy and marketing plan. While working full-time as a doula, I not only supported my clients through their births, but also through their "fourth trimester" as many struggled to breastfeed their newborns and prepared to return to the workplace.

Volunteer Experience

Most of my volunteer experience has been focused locally. I currently serve on the board of the Apex Farmers Market. I have previously served on the board of the Raleigh City Museum and the Alliance of AIDS Services of North Carolina.

Interests & Experiences

Why are you interested in serving on a Board or Commission?

From a young age, issues relating to or impacting gender equality and discrimination have been of significant interest to me. Beginning with my admiration for Amelia Earhart, I have been intent on demonstrating (to myself and to others) that women are capable of doing anything if just given the opportunity. The idealism of this view has been challenged in my years in the workforce and I would like to apply my talent and energies to easing the path for all women in all walks of life moving forward -- this desire to help and to pave the way for the generations of women coming behind me has only increased as I watch my daughter grow and see her begin to confront the hidden biases and obstacles that remain. I believe the Women's Commission would provide the perfect outlet to effect the kind of change I would like to see in Wake County.

Work Experience

From 2007 through the present I have been employed as a litigation, labor and employment attorney with Williams Mullen in its Raleigh office. During that time I served on the firm's Diversity Committee (the Women's Initiative), have mentored junior associates, and have otherwise served in a volunteer capacity for the YLD's Scholarship Committee (awarding scholarships to the children of slain or disabled law enforcement officers) and for North Carolina Legal Aid. From 2002-2004, I was employed as a political consultant / campaign and opposition research consultant for a variety of state, local, and national elections, including two U.S. Senate Races and two gubernatorial races.

Volunteer Experience

I have served on the Board of Directors for Learning Together, a 501(c)(3) located in South Raleigh that operates a developmental daycare that serves some of Raleigh's neediest and most vulnerable populations, serving as a member of the Executive Committee from 2014-2017. I currently chair the Holly Springs Parks and Recreation Advisory Committee, whose members are appointed by the Holly Springs Town Council (term ending in June 2018), and I serve as a volunteer youth soccer coach for the Holly Springs Parks and Recreation Department.

Education

UNC- Chapel Hill, B.A. in History and Political Science (Class of 2002, graduated with distinction) UNC School of Law, J.D. (Class of 2007, graduated with honors)

I am proud to have served on the Wake County Commission for Women and to serve the state of NC as Executive Director of the Council for Women. There is an opportunity to continue the collaboration and partnerships between the statewide organization and the county commission as we work to uplift and advocate for the under-served, under-represented and under-employed women. I look forward to working on projects that engage more solutions at the policy level and community levels that benefit women seeking pay equity, skills to find and retain employment, housing solutions and childcare solutions for themselves and their families.
