

Dear Wake Tech Faculty and Staff,

On behalf of the Board of Trustees, I want to thank you for all you do to make Wake Tech one of the best and most highly-respected community colleges in our state and the country.

As you know, Dr. Scott is retiring after 15 years of exceptional leadership and service to this phenomenal institution. We have retained AGB Search to assist us in the search for Wake Tech's next president. AGB Search is a nationally-recognized firm that has successfully assisted hundreds of clients in presidential and other executive searches.

One of the firm's principal tasks is to develop a search profile that will showcase our outstanding offerings and articulate the qualities we seek in our new president, along with the opportunities and challenges that await our next leader. You can help by providing input and feedback as we prepare to build the search profile.

Accordingly, we have scheduled listening sessions for employees at most of our locations. Please see the schedule below and come to the session that's right for you. Staff and faculty at the Western Wake Campus are invited to sessions at Southern Wake; employees at the Eastern Wake Education Center are invited to sessions at Northern Wake.

If you cannot attend a listening session, I invite you to offer your perspective on the search via [this online survey](#). The survey will be open from August 10 – August 29.

Thank you for participating in this very important process.

Thomas F. Looney
Chair, Wake Tech Board of Trustees
