Interests & Experiences

Why are you interested in serving on a Board or Commission?

To improve the fire services for the unincorporated areas of the county. Since a large portion of calls are EMS related, my knowledge of Healthcare Informatics may serve to be useful. Though retired, I still have access to people and resources that could be useful in understanding HIPAA and other arenas, as they relate to Fire Services.

Work Experience

Extensive experience in developing and growing medical software companies. Have been an equity partner, working internally to grow and develop these companies, to be leaders in the industry. Three of these companies have been grown to nine figure valuations. During retirement I have developed a company specializing in real estate development. I have experience in zoning, variances, special use, vested rights, local government authority, and quasi-judicial boards.

Volunteer Experience

Have worked with YMCA of the Triangle, in their Y Guides Program and also with Camp Seagull and Camp Seafarer. Have worked with the Inter-Faith Food Shuttle. Have assisted the Junior League with their Bargain Box Thrift Store. Served on the Board of Advisors for the Western Carolina University School of Business.

Education

Bachelor of Science Business Administration with a concentration in Management, Western Carolina University, Class of 1973, Graduated cum laude with 3.43 out of 4.0 GPA.

Comments

I would appreciate the opportunity to serve the citizens of Wake County. When I take something on, I don't do it half way. I will devote the time, effort, and resources to achieve success.
