- I. **Approval of the minutes of the Board of Commissioners Human Services Committee meeting on April 11, 2018.**
- II. **Population Health Task Force (PHTF) Report** – *Kevin FitzGerald, Consultant, Big Atlas, LLC, and Regina Petteway, Human Services Director*

**Item Summary:**

On February 2017 the Wake County Board of Commissioners appointed a Population Health Task Force to develop a plan to improve the health and wellbeing of the residents of Wake County, focusing on policies that support healthy communities, active life styles, and thriving residents. The Commissioners charged the Task Force with developing a plan focused on improving the overall health of the community, including recommendations to address the social determinants of health, the built environment, policies and systems changes that may result in positive population outcomes; and making the healthy choice the easy choice.

The Task Force developed a report that includes several recommended ideas to consider. Staff will review the process used to develop these recommendations. The County Manager will also share next steps with the report, including defining outcomes, evaluating feasibility, and prioritizing options.

**Action Requested:** To review and discuss the Population Health Task Force Report and provide feedback.
