Darrell,

I have reviewed this area and you can move forward with the changes for Board approval.

Let me know when it is approved as I will need a new resolution of approval and also a new set of shapefiles to send to ISO highlighting these changes.

Thank you.

Tony,

Please see attached map for the Alert district. Wake GIS inadvertently left off the City of Raleigh Waste Water Treatment Plant and areas surrounding on the map that was approved a few months ago. The only changes, is the addition of the properties on Battle Bridge Road at that property. Please send me an email of approval,. So we can get BOC approval

Subject: Alert ISO Map

Marvin,

Please correct the issue we discussed with the Alert map this morning in regards to the Battle Bridge Road area. Since these maps have been approved by NCOSFM and Wake County BOC, we must get the new map approved by the same governing bodies.
