Work Session Agenda

Wake County Justice Center, Conference Room 2800

MEETING CALLED TO ORDER: Chair Jessica Holmes

I. Presentations from Organizations Receiving FY2019 Agency Funding *Agency Staff*

Wake County partners with many nonprofit agencies to complement or enhance County services, or fill in gaps in County services and community needs. Some agencies receive funding from multiple County sources, including Human Services contracts. Today's work session will focus on agency programming that is supported by Board-directed public agency funding.

The organizations presenting today received public agency funding in FY2019. Each agency will update the Board of Commissioners on how it uses current year funding to support specific programs, and the expected client outcomes. Agencies will also briefly share their FY2020 funding requests and the outcomes additional funding would support. County staff will analyze requests for FY2020 funding in the context of the budget process and the Board's top goals for the next year.

Each agency has prepared a short presentation and been asked to limit their time to no more than 10 minutes.
