Interests & Experiences

Why are you interested in serving on a Board or Commission?

Most of my volunteer work to this point has been indirect, at this point in my life I'm looking to have a more direct impact on my community and on policy. Volunteering for a citizens advisory commission seems like a natural fit.

Work Experience

I've worked for Microsoft for the past 13 years, during that period I've worked on some of the toughest and most complex areas in the company. Currently I work on the backend code generation team for the C++ compiler, and before that I worked on the database storage engine for Microsoft Outlook, mostly on performance related issues.

Volunteer Experience

I currently serve on my communities HOA board and am a member of the Council of Review board for NCDP.

Education

MBA (with a concentration in IT Management) and a BS in Computer Science

Comments

Also of note; I'm a remote employee with a flexible schedule.
