The New Live Well Wake Collaborative

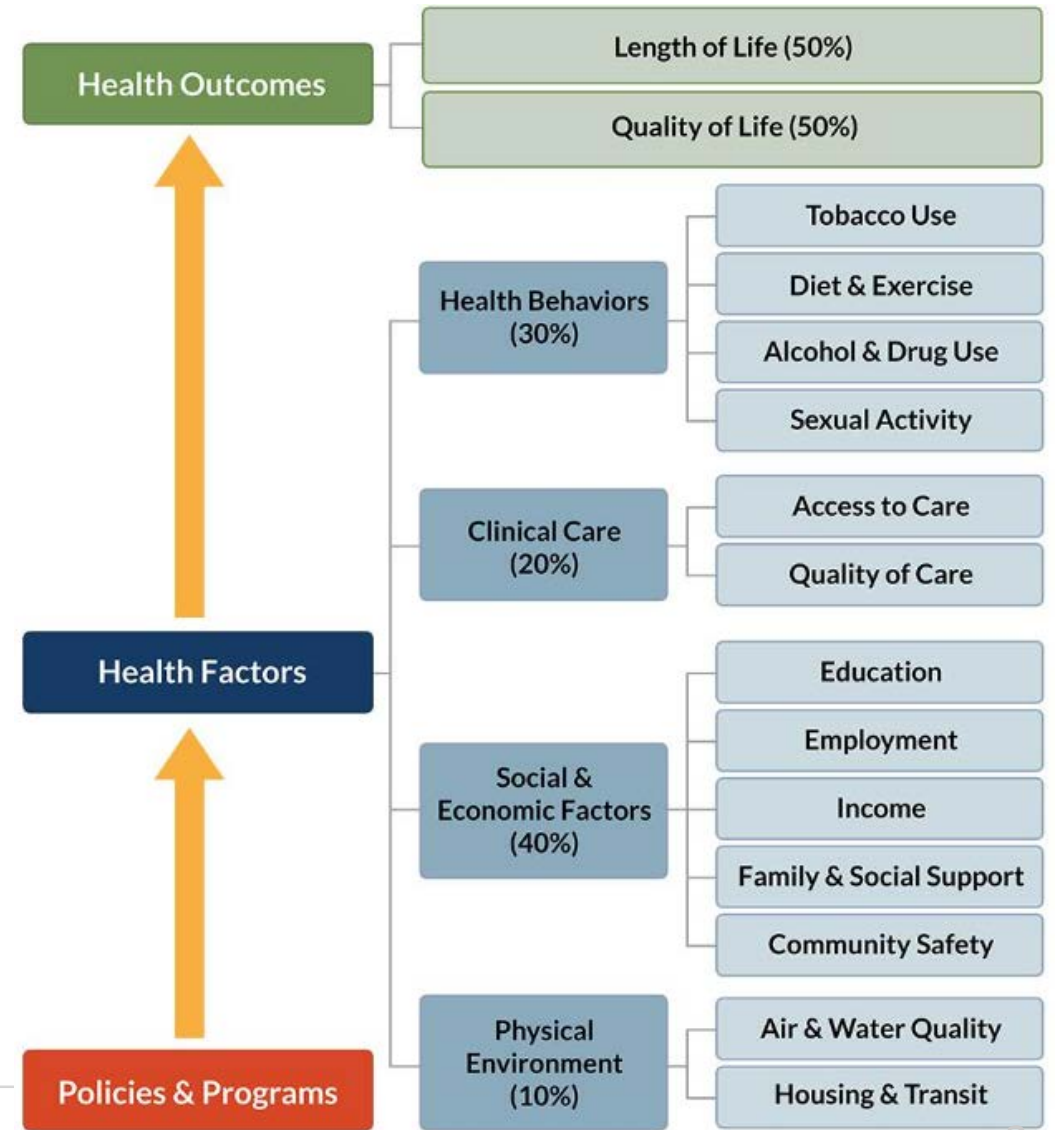

Built on the premise that everyone has a right to live well, Live Well Wake is a community-led initiative bringing people together across sectors to find innovative solutions for our county's biggest challenges.

Population Health Framework

Every Wake County resident, regardless of background or neighborhood, should have equal opportunity for optimal health and well-being.

Board of Commissioners 2019 Objectives

Community Health Objective 2: Improve health outcomes of Wake County residents through a comprehensive approach to population health.

Economic Strength Objective 2: Leverage and collaborate with partners to increase opportunities and support for entrepreneurial ventures and existing businesses.

Board of Commissioners 2019 Objectives

Growth and Sustainability Objective 4: Develop and implement the long range transportation and land use plans.

Social and Economic Vitality Objective 1: Create more affordable housing opportunities and support efforts to reduce or end homelessness.

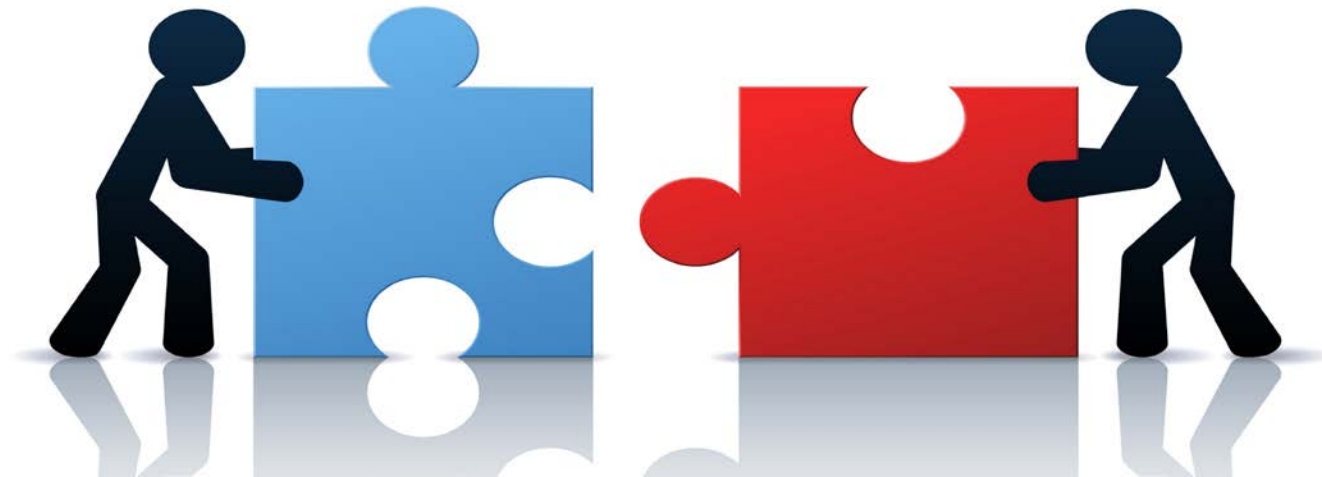

Social and Economic Vitality Objective 2: Develop a comprehensive approach to addressing the needs of Wake County's most vulnerable regions and communities to improve the overall wellbeing of their residents.

Social and Economic Vitality Objective 3: Support collaboration among agencies, nonprofits, governments and the community to deliver more evidence-based services to our citizens.

Who Will Live Well Wake Serve?

- The Entire County (with work on the 5 priorities)
- Vulnerable Populations and Communities
- Familiar Faces - Those who frequently use mental health, hospital, and other services

How will Live Well Wake Be Resourced?

- The Community Health Needs Assessment Team has invested time and resources in the CHNA process for the past 3 cycles. They will continue with their investment in the CHNA.
- Wake County Human Services is hiring a Live Well Wake Program Manager to manage all operations of Live Well Wake.
- In-kind support (space, media and marketing, meeting refreshments, etc.) provided by partners.
- Additional funding and support will be leveraged from community partners once the staff person is hired.

Progress to Date

- Co-Chairs for all workgroups have been selected
- Workgroups have had preliminary meetings
- LWW Program Manager is being hired
- 28 Co-Chairs and selected community members have been trained in the Results-Based Accountability Framework
- Design Day ~ January 15, 2020, McKimmon Center
 - 200 attendees expected
 - Put strategies in place for 2 years

Goals for Design Day ~ January 15, 2020

- Attendees leave with a common knowledge about Live Well Wake's purpose.
- All have meaningful opportunities to contribute towards Live Well Wake's planning process.
- Attendees are informed about existing efforts to improve population health in Wake County.
- All commit to ongoing participation in Live Well Wake through work group or general membership.
- Work group leadership and members are clear about their next steps.

How Will Success Be Measured for the Five Priorities?

- Through a Results Based Accountability Process:
 - Strategies that are actionable in a two to three year period will be selected. Strategies can be at the “population” or “performance” level.
 - Indicators of success will be identified so that progress can be measured.
 - Dashboards will be developed that can be shared with all participants and the public.

How You Can Help

- Please spread the word about Live Well Wake
- If you know specific people you want involved in the workgroups, please send their names to info@livewellwake.org
- Come to all or part of Design Day on January 15th
