#### Feasibility Study: Small High School with Church Development

#### Due Diligence Information

- MAI Appraisal obtained to establish the price point
- Seller shared previous due diligence information:
  - Geotechnical Subsurface Report.
  - Topography Survey
  - Aqua NC's non-binding commitment for provision of water and sewer services

#### Utilities:

- Water service will be made available at the site by Aqua, subject to dedication of an existing well on site.
- Sewer services will be made available by connection to an existing line that flows to the Wildwood Green private waste water treatment plant.
- A pump station will be necessary, with cost-sharing opportunities with adjacent development

#### Due Diligence Information

#### ■ Collaborative discussions with City of Raleigh and Wake County staff:

- Watershed site review
- Location outside City ETJ and corporate limits
- Unavailability of City-provided water and sewer in the watershed
- Green building and low impact design considerations
- Innovative storm water considerations
- Potential for interest of City Council
- Wake County Special Use Permit requirements

#### Contract Terms and Information
