

# Board of Commissioners Work Session Agenda

**Monday, October 26, 2020 - 2:00 PM**

**Meeting Held Remotely**

---

MEETING CALLED TO ORDER: Chairman Greg Ford

**I. Update on 2019-2020 Behavioral Health Plan**

*Denise Foreman, Assistant County Manager*

Wake County partners with other organizations to provide an array of behavioral health and substance abuse services. With input from stakeholders, staff develops a Behavioral Health Plan that lays out priorities and goals in such service areas as crisis services, criminal justice, access and coordination, housing, and familiar faces. The Board of Commissioners reviews and approves the plan. In this work session, staff will review the existing plan and progress made on established goals. Staff will also highlight recent service initiatives to respond to the COVID-19 crisis. Commissioners will receive the information, ask questions, and offer feedback.

2. 2019-2020 Behavioral Health Plan
3. October 2020 Report on Behavioral Health Plan

**II. Results from Open Space and Greenways RFP Process**

*Chris Snow, Parks Recreation and Open Space Director*

With funding from the 2018 bond referendum, staff administered a Request for Proposals (RFP) process to identify properties for open space and greenway uses. In this presentation, staff will summarize the history of the open space and greenway program, describe the RFP approach, and share results from the RFP process. Commissioners will receive the information, ask questions, and offer feedback.
