State Traffic Engineering Lead

Job Title

If you live in an Extraterritorial Jurisdiction Area, select Yes:

☐ Yes ☐ No

In order to assure countywide representation, please indicate your place of residence:

None Selected

Interests & Experiences

Why are you interested in serving on a Board or Commission?

I have spent 5 years of my career presenting and testifying to Planning and Zoning Boards and Boards of Adjustment across central and eastern NC on behalf of private developers. I understand the implications of adding traffic to the roadway network and reasonable mitigation for impacts. The last 3 years of my career have been dedicating to serving public sector clients and their traffic engineering needs including the completion and review of various traffic and parking studies.

Work Experience

The last seven years I have worked for a traffic engineering consulting firm, most recently as the State Traffic Engineering Lead. For 3.5 years before joining RKA, I worked at the NCDOT Transportation Planning Branch developing multi-modal transportation studies for municipalities and counties. I was with a different private engineering consulting firm prior to my time at NCDOT.

Volunteer Experience

I volunteer as the administrator of the Future Leaders course for American Council of Engineering Companies / North Carolina.

Education

MCE - Transportation (NCSU)
