Executive Summary

The Wake County Juvenile Crime Prevention Council (JCPC), in fulfillment of the duties and responsibilities as set forth in the General Statutes of the State of North Carolina, has completed activities required to meet legislative mandates and to develop this County Annual Plan for FY 2021-2022. Wake JCPC has identified issues and factors that have an influence and impact upon delinquent youth, at-risk youth, and their families in Wake County. Further, the JCPC has identified strategies and services most likely to reduce/prevent delinquent behavior in Wake County.

JCPC Action Plan Progress:

The Wake JCPC is a working council with many members who significantly contribute to activities aimed to fulfill the legislative mandates. While it is difficult to attribute the reduction in juvenile crime directly to the work of the JCPC, the progress and accomplishments of the council plays an important role in planning and developing local strategies to prevent and address juvenile delinquency at the county level. The JCPC, in partnership with the Department of Public Safety (DPS), county government, local community agencies, service providers, and other stakeholders work together to coordinate goals, resources, and priorities for prevention and intervention of juvenile delinquency and youth gang involvement.

During the 2020-2021 fiscal year, the Wake JCPC accomplished the following activities and progress including, but not limited to:

- Review of Program Enhancement Plans (PEPs) for currently funded JCPC programs
- Continued participation and enhancement of partnerships and initiatives to reduce delinquency and youth gang involvement
- Updated our By-Laws
- Initiated Racial Equity Trainings for JCPC members

Priorities for Funding:

The *Wake JCPC Data and Annual Planning Committee* reviewed multiple data sources including the risk and needs assessment data along with a review of existing resources for Wake County youth. Based on the data review, it was determined there should be a focus on the development and strengthening of effective and accessible services for youth who may have been exposed to trauma and/or may be serious or violent offenders, including but not limited to services for gang involved youth. Moreover, given the persistence of racial disparities among referrals to court and school suspension, the Wake JCPC aims to prioritize funding for programs demonstrating a commitment to promoting racial equity. The Wake JCPC RFP for FY 2020-2021 outlines proposal preferences that include evidence-based programs for youth and their families to address the risk and needs factors listed on the RFP. Addressing these specific factors are essential to determining the competitiveness of submitted proposals.

The Wake JCPC supports the widely accepted knowledge that the higher the number of juvenile justice system contacts, the higher the rates of delinquent behaviors. This knowledge supports the decision to include diversionary strategies such as Teen Court and The Juvenile Diversion Team program in the Wake service continuum as an approach to effectively reduce and prevent delinquency.

The **NC Gen. Stat. § 143 B-851**, legislatively mandates the JCPC to evaluate the effectiveness of its funded programs, and the Department of Public Safety, Division of Adult Correction and Juvenile Justice, has provided the Standardized Program Evaluation Protocol (SPEP) Instrument to aide JCPCs with this

task. However, the tool cannot be administered to all JCPC funded programs given that some programs are identified as structures or “settings within which program services are delivered.” (Lipsey, 2005).

Another JCPC mandate is to increase public awareness of “causes of delinquency and strategies to reduce the problem.” The Wake JCPC in partnership with Alliance Health, uses existing opportunities to provide education and awareness. These opportunities include Crisis Intervention Teams (CIT) Training for law enforcement (training topics include adolescent brain development, child/adolescent systems models, delinquency risk/protective factors, child/adolescent behavioral health diagnoses, and child/adolescent behavioral health services) and Alliance Health Cross Agency/Systems trainings for youth services partners including schools, child welfare, juvenile justice, behavioral health, and JCPC funded program representatives.

Funding Recommendations:

Having published a Request for Proposals identifying prioritized service needs (for a minimum of thirty (30) days), the JCPC screened the submitted proposals and determined which proposals best meet the advertised needed services. As required by statute, the JCPC recommends allocation of the North Carolina Department of Public Safety (DPS) funds to the following programs in the amounts specified in the Funding Table for FY 2021-2022.

2021-2022 Funding Table

Agency	Program	DPS Funding	County Match	Other Local/ State/Federal	Total
Wake County Human Services	JCPC Administration	\$15,500	\$5,000	-	\$20,500
CORRAL Riding Academy	Equine Assisted Psychotherapy	\$139,344	\$5,081	\$515,852	\$660,277
Family Resource Center	Parenting Wisely	\$136,843	\$4,990	\$44,765	\$186,598
Haven House	Juvenile Diversion Team	\$102,672	\$3,744	\$147,561	\$253,977
	Community Service/Restitution	\$331,496	\$12,088	\$87,361	\$430,945
	Second Round	\$54,000	\$1,969	\$80,730	\$136,699
	Youth Career Options	\$130,000	4,740	\$38,820	\$173,560
	Wrenn House	\$107,000	\$3,902	\$337,658	\$448,560
ReEntry	Teen Court	\$242,746	\$6,970	\$85,887	\$335,603
Triangle Literacy Council	Skills for Academic Success	\$78,358	\$2,857	\$30,297	\$111,512
Wake County Human Services	4H Spaces	\$141,360	\$5,155	\$46,912	\$193,427
Wake County Human Services	SPACESTOO	\$136,755	4,987	\$45,138	\$186,680
Easter Seals Transition	Family Transition Support Services	\$117,465	4,283	\$47,810	\$169,558
Empowered Citizens		116,120	4,234		\$120,354
Totals		\$1, 849,659	\$70,000	\$1,554,095	\$3,473,754

The Wake County JCPC appreciates the ongoing support and funding in past years provided by both the NC General Assembly and the Wake County Board of Commissioners. We appreciate the efforts of the General Assembly and the NC Department of Public Safety to acknowledge the need for both research-based and other effective strategies in approaching juvenile delinquency and youth gang activity. ***We support the notion that juvenile issues should be addressed differently than adults in the criminal justice system.***

Respectfully Submitted,

Chair, _____, Wake County Juvenile Crime Prevention Council

DATA REVIEW SUMMARY REPORT FROM THE WAKE COUNTY JCPC DATA AND ANNUAL PLAN COMMITTEE

- I. (a) Risk Assessment Summary (b) Needs Assessment Summary**
- II. Resource Assessment Summary**
- III. Summary of Gaps and Barriers in the Community Continuum**
- IV. Summary of Proposed Priority Services for Funding**

I(a) - Risk Assessment Summary

Wake County *JCPC Data and Annual Planning Committee* reviewed data gleaned from the Juvenile Risk Assessment instrument administered by Juvenile Court Counselors when juveniles are referred with a complaint alleging that a delinquent act has occurred and prior to adjudication. The Juvenile Risk Assessment is an instrument used to predict the likelihood of the juvenile being involved in future delinquent behavior. *This is completed every 90 days* by Juvenile Court Counselors based on juvenile court records and self-report. In April 2016, JCPC funded programs began administering the Risk Assessment instrument to youth at admission into their programs who are not involved in juvenile court. The data presented in this report includes the first full year of data including youth involved with both Juvenile Court and JCPC funded programs. Many, if not most, of the individual item ratings are heavily dependent upon information self-reported by the juvenile or the parent(s). **For this reason, there is a possibility of under-reporting and the actual incidence of behaviors may be higher than suggested by the data.** As a result, the data should be interpreted as a measure of the minimum level of occurrence.

Risk Factor Observations: Data from Wake County youth assessed in FY 2019-2020

The range in overall risk level among Wake County youth reflects the broad diversity of the county. Wake County youth assessed during FY 2019-2020 were represented in each of the five risk levels. The overall risk levels remained relatively unchanged between FY 2018-2019 and the FY 2019-2020:

- Level 3 and Level 4 youth continue to account for largest group of youth (approximately 60%) represented in the risk data.
- Nearly 30% of youth had overall risk scores of Level 1 or Level 2, with the remaining roughly 10% of youth displaying the highest risk for recidivism.
- *This variability highlights the need for a continuum of services across the county that meet the dynamic needs of Wake County youth.*

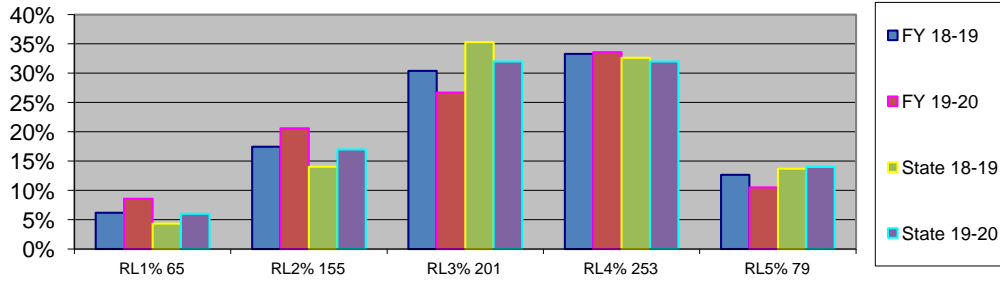

Among the risk factors captured in the risk assessment instrument, the Wake County JCPC is especially interested in trends relative to prior assaults, substance use, school behavioral problems, and gang association.

- Assaultive behavior captured among assessed youth remained relatively infrequent, with 88% of youth having no prior assaults at intake, and 7% of assaults happening without the use of a weapon.
- Over 40% of youth at Juvenile Court Intake were assessed as having at least some substance use concerns needing further assessment or treatment. It should be noted that this figure may be conservative as research regarding youth substance use indicates self-reporting may produce under-reporting.
- Approximately 60% of assessed youth have moderate to serious school behavior problems as defined by unexcused absences, and short and long-term suspensions. Serious problems are notable regarding behaviors in the school setting for students involved with juvenile court.
- In terms of gang involvement, about 8% of youth assessed at intake were identified as gang members or having some gang association.

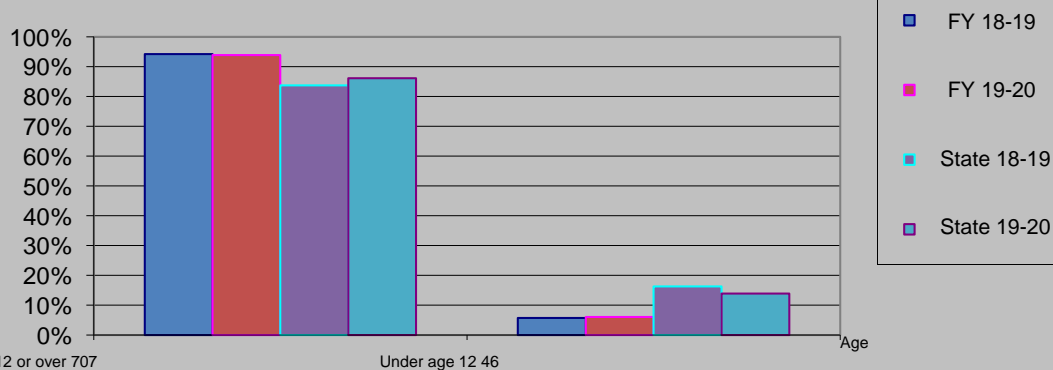

RISK ASSESSMENT COMPARISON DATA

Parent/Guardian/Custodian willing but unable to supervise 83	13%	11%		14%	12%
Parent/Guardian/Custodian unwilling to supervise 6	0%	1%		2%	2%

Observations:

Needs Assessment Summary

The *Wake County JCPC Data and Annual Planning Committee* also reviewed compiled data from the Juvenile Needs Assessment instrument administered by Juvenile Court Counselors prior to court disposition of a juvenile, as well as after adjudication/disposition while the juvenile is on court supervision. The Juvenile Needs Assessment is an instrument used to examine a youth's dynamic needs in the various domains of life: individual, peer, school, and family. This instrument was designed to detect individual service intervention needs as an aid in service planning; for those post-disposition assessments, *they must be completed no less than every 90 days*. The dynamic needs data is based on the last Needs Assessment completed for each juvenile, so this measure includes needs data for juveniles that likely have been referred to programs to meet their needs through the work of the juvenile court counselors, thus the rate of needs per family in the data would decrease. Without knowledge of the number of Needs Assessments for each juvenile included in the data provided, it is difficult to determine an accurate measurement of needs for youth at initial point of entering the juvenile justice system.

Elevated Needs Observations: Data from Wake County youth assessed in FY 2019-2020

Wake County youth assessed during FY 2019-2020 reflected varied levels of needs.

- Historically, most of the youth (approximately 67%) identified in the low Needs category. The current review of data reflects a marked increase in youth classifying in the medium needs category with nearly half of youth (approximately 46%) accounting for low needs youth while 45% of youth now identify in the medium needs category. This data point will be monitored to identify if this increase was an anomaly or representative of a trend.

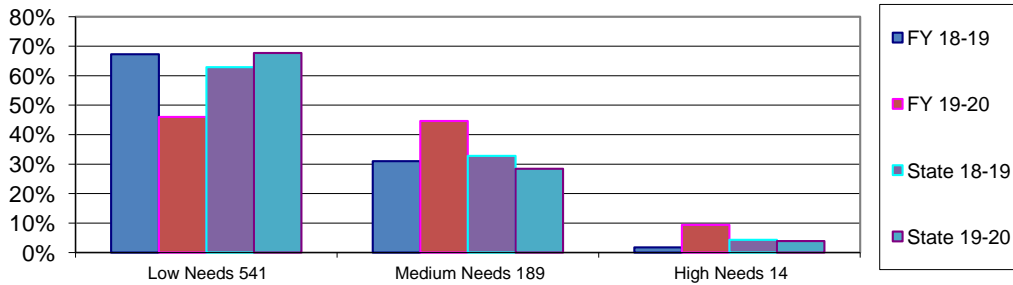

Among the factors captured in the needs assessment instrument, the Wake County JCPC is especially interested in trends relative to *peer relationships, school behavior, substance abuse, and mental health needs, and family supervision skills*.

- Association with delinquent peers remains a prevalent issue in Wake County, as nearly 50% of youth assessed indicated having at least some association with delinquent peers. Among the youth having association with delinquent peers, 8% reported gang association.
- School-based behavioral problems continue to be an issue of concern among Wake County youth, with over 60% of youth assessed reporting moderate to serious school behavioral problems. (School behavior problems as defined by unexcused absences, short and long-term suspensions)
- Relative to substance abuse, approximately 44% of youth assessed indicated they had undergone either substance abuse assessment or treatment. It should be noted that this figure may be conservative due to underreporting.
- Mental health issues continue to be an area of concern in Wake County, as nearly 32% of youth assessed were found to need additional mental health assessment.
- Family supervision skills are also an issue effecting young people, as nearly 60% of assessed youth reflected marginal to inadequate family supervision.

**Wake County Juvenile Crime Prevention Council
Request for Proposals
Fiscal Year 2021-2022**

Available funds: \$1,849,659.00

Date Advertised: January 25, 2021 - February 24, 2021

Required Local Match Rate: 30% (in-kind or cash)

A. PROPOSAL CONTENT

The Wake County Juvenile Crime Prevention Council (JCPC) seeks proposals for community-based programs targeting youth 6-20 years old who are referred from juvenile court services and/or youth ages 6-17 who are at-risk for delinquency and referred by other referral sources in Wake County. The JCPC anticipates an allocation of \$1,849,659.00 for fiscal year 2021-2022 to fund the program types identified below. Applicants must provide a 30% local match (cash or in-kind) to be considered for funding. Contingent on funding availability and in consideration of the reviewed Department of Public Safety (DPS) data and other data provided by community leaders, the JCPC will consider proposals from non-profit and governmental agencies providing the following program types and services:

ASSESSMENT PROGAMS	CLINICAL TREATMENT PROGRAMS	STRUCTURED DAY PROGRAMS	RESIDENTIAL PROGRAMS	RESTORATIVE PROGRAMS	STRUCTURED ACTIVITY PROGRAMS
<ul style="list-style-type: none"> ● psychological and substance abuse assessments 	<ul style="list-style-type: none"> ● home-based family counseling services ● individual, group, or substance abuse counseling services 	<ul style="list-style-type: none"> ● juvenile structured day services 	<ul style="list-style-type: none"> ● temporary shelter services ● temporary run-away services ● independent living services 	<ul style="list-style-type: none"> ● mediation services ● restitution / community service ● teen court 	<ul style="list-style-type: none"> ● vocational / interpersonal / experiential / life / parent & family skill building services ● mentoring services ● academic support

Proposals should describe evidence-based programs for **youth and their families** addressing the risk and needs factors listed below.

Risk Factors

- Aggressive/Assaultive behaviors
- Gang involvement/association
- Substance use/abuse
- Moderate to serious school behavior problems
- Association with delinquent/gang involved peers
- Ineffective parental supervision/skills

Needs Factors

- Positive Peer associations
- Vocational training support
- Substance use treatment
- Effective parenting training
- Mental health services
- Social competencies and problem-solving skills
- School/educational connectedness

Programs must comply with guidelines in the DPS JCPC Policy Manual which is available at the following website: <https://www.ncdps.gov/juvenile-justice/community-programs/juvenile-crime-prevention-councils/jcpc-policies-forms>

B. PRIORITY CONSIDERATION

Programs that address the above referenced risk and needs factors will receive priority consideration. North Carolina General Statute 143B-851(b) states "Each County Juvenile Crime Prevention Council shall ensure that appropriate intermediate dispositional options are available and shall prioritize funding for dispositions of intermediate and community-level sanctions for court-adjudicated juveniles under minimum standards adopted by the Section." Proposals that ensure appropriate community-based intermediate dispositions, per legislative mandate, will receive priority.

The Wake County JCPC recognizes that the rate of referrals to juvenile court and suspensions from school have declined over the past three (3) years, however the disparity between minority and non-minority referrals and suspensions have remained unchanged, evidencing multi-systemic problems with disproportionate minority contacts, juvenile court referrals and school suspensions. To that end, the JCPC is particularly interested in programs that are culturally competent and able to not only provide direct services to youth but also engage with the adults having authority over youth in the home, school and community environments.

C. PROPOSAL SUBMISSION REQUIREMENTS

For proposals to be considered complete, applicants must:

- 1) Submit proposals on-line, via the DPS database, NCALLIES. The submission process can be found on the DPS website at: <https://www.ncdps.gov/juvenile-justice/community-programs/juvenile-crime-prevention-councils/program-agreement-information>
- 2) Upload into NCALLIES (**Non-Profits ONLY**) the following documents that are available at the above DPS website link: 1) *No Over Due Tax Form*, 2) *Notarized DPS Conflict of Interest Statement Template*, 3) the non-profit's conflict of interest policy; and 4) the non-profit's Proof of 501(c)(3) status.
- 3) Supporting Questions: An electronic copy of the attached supporting questions must be submitted to Deborah Andrews (Wake JCPC Coordinator) at deborah.andrews@wakegov.com;
- 4) Submit the above requirements no later than Wednesday, February 24, 2021; and
NOTE: JCPC reserves the right to reject late or incomplete submissions.
- 5) Present their proposal(s) for funding to the Wake County JCPC on a date to be determined. Approved applicants will be notified of the date/time specified by the Council.

D. APPLICANT WORKSHOP

The Department of Public Safety, Community Programs Section, is offering a virtual workshop on February 10, 2021 from 9:30 am – 12:00 noon. This workshop is not mandatory in order to apply for DPS JCPC funding but strongly encouraged because of the application process that will be covered (NCALLIES) and reporting requirements (fiscal and programmatic). **All interested parties must register no later than 5pm on Monday, February 8th by emailing denise.bond@ncdps.gov**

Questions about NCALLIES or the application process may be addressed to Denise Briggs, DPS JCPC Area Consultant at denise.briggs@ncdps.gov.

Wake County JCPC specific questions may be addressed to Eric Johnson, Wake County JCPC Chair at ejohnson@alliancehealthplan.org.

Wake Juvenile Crime Prevention Council Supporting Questions for Fiscal Year 2021-2022 Funding Requests

In addition to the questions presented in the ALLIES application for funding, submit responses to the following questions by the deadline in the Request for Proposals. Space is limited for each question, so please be concise. Additional attachments will not be accepted as responses.

Organization Name:

Program Name:

1. What is the level of court involvement of the primary target population of the youth you serve? (youth-at-risk, pre-adjudicated youth, delinquent Level 1, delinquent Level II, Post-release youth). (Limited to 500 character spaces)

2. Please describe the level of risk of the population you serve and how you determine an individual or family's risk level. (individual, family, community risk factors) (Limited to 1500 character spaces)

3. Describe the outcomes (other than those pre-populated on the ALLIES application) you track on youth served by your program by answering the following questions:

- a. What outcomes do you track? (Limited to 750 character spaces)
- b. How do you measure/evaluate success of these outcomes? (Limited to 750 character spaces)
- c. List specific achievements related to these outcomes from the most recent 12-month period for the youth you serve? (Limited to 1500 character spaces)

4. How does your program directly address one or more of the following needs factors from the Request for Proposals (via evidence-based curriculum)? (Limited to 2000 character spaces)

- * Positive Peer associations
- * Vocational training support
- * Substance use treatment
- * Effective parenting training
- * Mental health services
- * Social competencies and problem-solving skills
- * School/educational connectedness

5. Does your organization have a trauma informed approach to service delivery? (Limited to 1500 character spaces)

- a. If yes, describe how this is addressed in your staff training and personnel policies.
- b. If no, describe your plan for incorporating this into your approach.

6. Collaboration and Partnerships:

- a. Describe your collaborative relationship with Juvenile Court Services and how you will ensure the juvenile court population will be served in your program. (Limited to 1500 character spaces)
- b. What other collaborative relationships/agreements do you have that will ensure the priority populations of JCPC will be served in the manner you are proposing in your application? (ex. MOU with schools, agreement about space to serve the youth, etc.) (Limited to 1500 character spaces)
- c. List significant relationships you have with other organizations key to service provision in

the program presented in your proposal. Include organizations who contribute in some way to your program's implementation or that you are dependent upon for your program's success. Note: This is not asking you to list programs that you send referrals to or receive referrals from.

d. List the role the partner plays in the service provision of the program presented in your proposal (the partner's contribution)

7. List the referral sources of the youth served in your program during the last 12 months of service and how many youth were referred by each source. (organizations, self-referrals, parent referrals)

Submit Responses to:

deborah.andrews@wakegov.com

No later than Tuesday, February 24, 2020 at 4:00 p.m.

Wake JCPC reserves the right to reject late or incomplete submissions.

Juvenile Crime Prevention Council Funding Decisions Summary

Funding Decisions for:	FY 21-22	Date Completed:	6/2/2021
Program(s) Funded	Select 1-year or 2-year funding and reason(s) for Funding (Check all that apply)		
Re-Entry Teen Court	<input type="checkbox"/> 2-year Funding approved for FY and OR <input checked="" type="checkbox"/> 1-year Funding approved for FY21-22 Rationale for 2-year Funding approval: <input type="checkbox"/> Funded in past years <input type="checkbox"/> In good standing with county/JCPC and DPS (following PA, timely reports, reporting to JCPC as requested) <input type="checkbox"/> Favorable JCPC monitoring (recommend for consideration for continued funding) <input type="checkbox"/> In compliance with Consultant Monitoring <input type="checkbox"/> Quality of Service Assessment(QOS) rating is min 70%(min. score of 14) OR progress made on PEP in QOS. <input type="checkbox"/> Provides an essential dispositional option, explain: <input type="checkbox"/> Meets target population as described in Program Agreement (<i>number served, and described target population</i>), with minimal exceptions (i.e. less than 10% variance) <input checked="" type="checkbox"/> Meets funding priority <input checked="" type="checkbox"/> Compatible with research <input type="checkbox"/> Cost efficient <input type="checkbox"/> Addresses reductions of complaints, violations of supervision & convictions <input checked="" type="checkbox"/> Has evaluation component <input type="checkbox"/> Addresses parental accountability <input type="checkbox"/> Addresses use of alcohol/controlled substances <input type="checkbox"/> Addresses restitution to victims <input type="checkbox"/> Addresses gang participation <input checked="" type="checkbox"/> Would increase funding to this service if funds were available <input type="checkbox"/> Other Other

Standardize Program Evaluation Protocol (SPEP)

Program Enhancement Plan (PEP)

Program Name/Component: Parenting Wisely – Family Skill Building

Brief Description: An evidence-based program that teaches parents/their children skills to prevent delinquent behavior and reduce family conflict. Focus is on how to prevent or minimize delinquency/truancy, defiance of authority, stealing, vandalism, bullying, domestic violence, and substance abuse. It addresses the importance of parental supervision and involvement in a child's education and life. It promotes positive and effective communication within the family.

Standardize Program Evaluation Protocol (SPEP) Program Enhancement Plan (PEP)

Program Name/Component: CORRAL-Join the Herd

Brief Description: Join the Herd focuses on teaching healthy relationships with self and others with middle and high school females through equine-assisted psychotherapy.

Category	SPEP Score/ Possible Points	Enhancement Opportunity	Action Steps	Responsible Party	Progress Report
Primary Service ----- Qual. Supp. Services	25 /30 ----- 5 /5	N/A -----	NA -----	NA -----	NA -----
Quality of Service Delivery	20/20	Continue delivering high quality services and program oversight to maintain this score.	To continue and revise agency policies and protocol manuals to reflect any changes as needed; record staff trainings; continue staff and program evaluations with correction actions as needed; retain staff; continue a review of client tracking data for accuracy.	Program Managers	
Amount of Service: Duration and ----- Contact Hours	0 /10 ----- 2 /10	Impact of COVID ----- Increase the attendance of the Join the Herd youth.	We have adapted rigorous COVID protocols to continue Join The Herd outside and we are virtually meeting with families weekly to ensure buy-in and commitment to complete the program even during COVID. ----- It is possible for youth to meet the target number of hours, but requires excellent attendance. We have found this to be a challenge as we serve riskier kids in Join the Herd, as well as we are dealing with a COVID environment. This year we have implemented a plan that engages parents more in Join the Herd to increase the matriculation of youth from Join the Herd to Riding Academy. We expect this will also help increase attendance.	Program Managers	

Standardize Program Evaluation Protocol (SPEP) Program Enhancement Plan (PEP)

Program Name/Component: CORRAL/Riding Academy

Brief Description: The CORRAL Riding Academy uses a multi-faceted program plan in order to serve Wake County teenage girls, at-risk for high school dropouts, teen pregnancy, drug abuse, gang involvement, and adjudication. Program provides wrap-around services to include, horseback riding, academic remediation, vocational training, Equine Assisted Psychotherapy, group therapy, and increased parent/guardian involvement.

Category	SPEP Score/ Possible Points	Enhancement Opportunity	Action Steps	Responsible Party	Progress Report
Primary Service ----- Qual. Supple. Svcs	30 /30 ----- 5 /5	-----	-----	-----	-----
Quality of Service Delivery	20 /20	Continue delivering high quality services and program oversight to maintain this score.	To continue and revise agency policies and protocol manuals to reflect any changes as needed; record staff trainings; continue staff and program evaluations with correction actions as needed; retain staff; continue a review of client tracking data for accuracy.	Program Managers	
Amount of Service: Duration and Contact Hours	2 /10 ----- 4 /10	Impact of COVID ----- Increase percentage of youth with target hours met	Initially, during COVID, we switched to a virtual program for part of the 19-20 year. We also had several new girls join Riding Academy around that time which impacted their target weeks/hours. This year we have increased our service hours for girls to complete their virtual school with us--many are coming 40 hours per week. We expect this will help us increase these scores.	Program Managers	

Risk Level of Youth Risk Tier 1	5 /12	Conducting risk-assessment for non-court involved youth	Our percentage of tier 1 youth has increased from the previous year. We will use motivational interviewing.	Program Managers/ Community Outreach Specialist	
----- Risk Tier 2	----- 0 /13	----- Increase # of Risk Tier 2 youth in program.	----- We will continue to build relationships with high risk referral partners and court counselors to increase the number of tier 2 youth in our program. We have identified a barrier of this level risk youth coming to Join the Herd, but not into the Riding Academy. COVID has impacted this higher risk population more so than others. We are currently implementing a parent plan in Join the Herd to increase engagement in order to increase Riding Academy matriculation of this population. While this is more difficult to do during COVID, we will continue to monitor this and implement action steps as is appropriate in the current environment. We also have a task force right now that is doing anti-racism work in our organization so that we can ensure our programs are a safe and equitable place for all youth.	----- Program Managers/ Community Outreach Specialist
