

Item Title: Appreciation of Support for the PNC Mass Vaccination Site

Specific Action Requested:

That the Board of Commissioners will receive the information.

Item Summary:

Wake County Fire & Emergency Management to present Board Members with a photo of appreciation and remembrance of PNC Mass Vaccination.

In the final weeks of January 2021, a Team of individuals from many different departments within Wake County, along with Community Partners put the final pieces together for a Mass Vaccination plan at the PNC Arena. On February 11, Wake County opened the Mass Vaccine site at PNC Arena. During 42 days of operations, 87,029 vaccinations were given at this location. That is an average of nearly 300 shots per hour, with a daily high of 3,801.

This would not have been possible without the support of the Board of Commissioners. Staff and the Board will take this moment to appreciate the challenge and success of the PNC Mass Vaccination site.
