Interests & Experiences

Why are you interested in serving on a Board or Commission?

I am interested in serving on the Wake County Energy Advisory Commission because as a practicing architect I feel we have the unique opportunity, and responsibility, to influence the design of facilities that utilize best practices in sustainable design that conserves energy in every facility. This position is an opportunity to help influence and promote the conservation of energy throughout our community - in government, business and in our homes. I am a North Carolina native, attended NC State University School of Design graduating in 1977 and again in 1979 and returned to Raleigh in 2007 to run our firm's Raleigh Office. It is my intent to retire here and help this community grow, in anyway that I can, into the best community in the United States.

Work Experience

I've been a practicing architect for over 40 years and have supported Sustainable Design Practices throughout my entire career . I've been involved with the design of a variety of project types throughout the Southeast US including Corporate Commercial, Retail, Higher ED and K-12 education, Healthcare, Religious and Mixed-Use project types with a special interest in Museums and Science Centers. Sustainable Design Practices have always been a core value of the firm that I am a Partner with. Our firm has designed over 140 LEED Certified Projects accounting for over 14 million square feet of LEED construction. Additionally, in 2006 our firm supported and fully indorsed The American Institute of Architect's AIA 2030 Challenge which stated that ... "all new buildings, developments, and major renovations shall be carbon-neutral by 2030".

Volunteer Experience
